TENTATIVE AGREEMENT

ATTACHMENT [TBD] of SEIU MOU – September 19, 2024 – September 18, 2027

SIDELETTER OF AGREEMENT

BETWEEN

THE COUNTY OF SANTA CRUZ

AND

SERVICE EMPLOYEES INTERNATIONAL UNION, LOCAL 521

Countywide Study of In-Person Overnight Work

To meet government mandates and operational needs, some employees in several County departments are working in-person during the night. This work may be a part of an employee's regular work schedule, or it may be required only during emergencies or on an on-call basis. To better understand the extent and impact of in-person overnight work requirements Countywide, the County and the Union agree that during the first year of the contract, the Personnel Department will conduct a Countywide study of the County's use of in-person overnight work. This study will include but will not necessarily be limited to the following:

1. Which departments use in-person overnight work;
2. Which job classifications in those departments are required to perform in-person overnight work;
3. Number of County employees in each department and classification who are required to report to work in person at night;
4. What type of work is performed in person at night;
5. How often the employees are required to work in-person at night, and how many hours of work they perform in person in a typical night shift;
6. What compensation the employees receive for their in-person overnight work;
7. What systems and processes County departments utilize to ensure that employees who work in person at night have appropriate rest opportunities as needed to prevent fatigue and ensure employee safety.

Personnel shall commence this study within 90 days of Union ratification and Board of Supervisors approval. The County will collect and analyze the above-described data to identify best practices and any areas in which employees' needs for rest following in-person overnight work are not being properly addressed. The analysis for the Health Services Agency will also include a review of the nature of the work of the employees assigned to the Homeless Persons Health Project (HPHP). Although HPHP employees do not perform overnight work, the parties agree to study the issues and concerns they have raised.

The Union will be provided with the data and analysis and within 30 days thereafter the County and the Union shall meet to review that information. A maximum of three County management representatives and three Union representatives (Union staff and/or employees) may participate in this meeting.
