

CITY OF LA MARQUE, TEXAS

ADOPTED BUDGET — FY 2019-2020

**City of La Marque, Tx
Fiscal Year 2019-20
Adopted Budget
Cover Page**

This budget will raise more revenue from property taxes than last year's budget by an amount of \$1,067,494, which is a 24 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$200,538.

The members of the governing body voted on the adopted budget were as follows:

FOR: Bobby Hocking, Mayor
Keith Bell, Mayor Pro-Tem/District A
Chris Lane, District B
Robert Michetich, District C
Casey McAuliffe, District D

AGAINST: 0

PRESENT and not voting: 0

ABSENT: 1

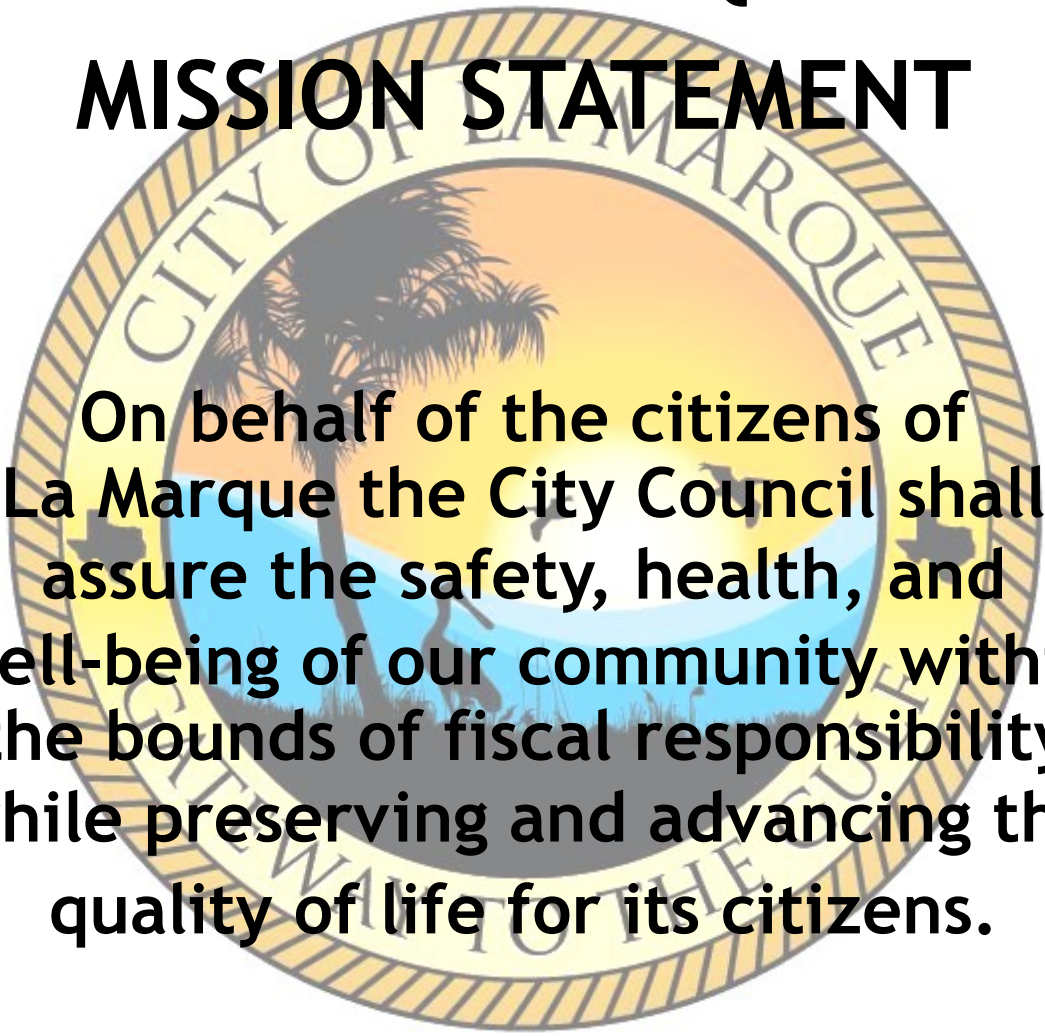

PRESENT: 4

Property Tax Rate Comparison

	2019-20	2018-19
Property Tax Rate:	\$0.550764/100	\$0.490764/100
Effective Tax Rate:	\$0.464697/100	\$0.485918/100
Effective Maintenance & Operations Tax	\$0.552871/100	\$0.606633/100
Rollback Tax Rate:	\$0.553554/100	\$0.561158/100
Debt Rate:	\$0.094190/100	\$0.075362/100

Total debt obligation for City of La Marque, Texas secured by property taxes:
\$14,437,000.

CITY OF LA MARQUE MISSION STATEMENT

The seal of the City of La Marque is a circular emblem. It features a palm tree in the center, set against a background of a rising sun over water. The words "CITY OF LA MARQUE" are inscribed around the top inner edge of the seal, and "A NEW WAY TO THE FUTURE" is inscribed around the bottom inner edge. The seal is rendered in a light, semi-transparent style behind the mission statement text.

On behalf of the citizens of La Marque the City Council shall assure the safety, health, and well-being of our community within the bounds of fiscal responsibility while preserving and advancing the quality of life for its citizens.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of La Marque
Texas**

For the Fiscal Year Beginning

October 1, 2018

Christopher P. Merrill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of La Marque, Texas, for its Annual Budget for the fiscal year beginning October 1, 2018. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements and we are submitting it to GFOA to determine its eligibility for another award.

July 15, 2019

Honorable Mayor and Councilmembers:

Please find attached for your consideration the proposed Fiscal Year 2019-2020 City of La Marque Budget. As has been the topic of so many of our conversations since I arrived, you will see that the focus has been placed on Public Works. Although the City must always consider public safety a high priority when allocating resources during the budget planning process, the infrastructure that we all take for granted requires funding and staffing resources to maintain the health, safety, and welfare of our citizens and businesses. Without water, sewer, drainage, and streets, we have no City. The infrastructure in our city has experienced long term "deferred maintenance" and our Public Works Department has done a stellar job in attempting to keep things patched together. Our City is at a tipping point now where many of the deferred items must be addressed. Thus, the focus on infrastructure and the Public Works Department in this proposed budget.

City staff was directed to establish a balanced budget that only considered utilization of reserve funds for one-time purchases and capital projects. No recurring items were to be considered from reserve funds. The continued decrease in revenues from uncollected ambulance and fire service fees, franchise fees for electricity and gas, and an anticipated increase in insurance costs for general liability (due to weather events around the state), Texas Windstorm (TWIA), Workers' Compensation, unemployment, animal services, and healthcare, required cutting budget requests substantially to achieve a balanced proposed budget. An attempt has been made to reach pay equity within the proposed budget by including an across the board 5% pay increase for all employees not covered by a Collective Bargaining Agreement. Major capital projects have been separated from department budgets and will be addressed as stand-alone proposals to make the budget easier to understand and streamline discussions.

During the past five fiscal years, the City continued to improve its financial position over the previous fiscal year. The recently presented audit for FY 2017-2018 indicated a fund balance of

\$5,562,100, again exceeding the minimum required 90 days for the General Fund. Consideration must be given to increasing the minimum required fund balance as our City continues to grow.

GENERAL FUND

SB2 passed by the Texas Legislature this year, has significantly altered the ability of cities to address major issues that occur via property taxes. In the previous two (2) state budget cycles, the state formula for assessing property tax values has been adjusted in a manner that benefited the state while being extremely detrimental to cities. As citizens demanded property tax relief, the state blamed the problems on cities while they continued to reap the financial benefits of claw backs through school districts, which were funded by their automatic property valuation increase legislation. SB2 reduces the property tax revenue cap for cities from 8.0% to 3.5% annually, while allowing cities a one year window to address issues they face through property tax increases. The tax rate proposed for this budget is \$0.550764. The increase is necessary to balance the budget while meeting some needs without bringing reserves below the required levels. The property tax rate has not been increased in the City of La Marque in 14 years. To the contrary, the rate has been reduced twice in that period of time. The lack of an increase is assumedly the primary factor in the deferred maintenance issues in our infrastructure. The City is awaiting calculation of the effective tax rate (based on current and previous fiscal years) by the Galveston County Tax Assessor Collector's office. The effective tax rate reflects a community's economic health, which can affect decisions of anyone considering locations for quality of life and business opportunities.

The City of La Marque continues to see growth with new families moving into the community, taking advantage of brand new housing opportunities. This growth assists in offsetting property tax exemptions and frozen values already in place for senior citizens and veterans. To help citizens understand how the tax rate relates to our levels of services, last year's budget included a pie chart of the current tax rate as allocated to each category of operations. And a \$1.00 bill graphic divided by the number of cents allocated to operations to provide citizens a visual of how each tax dollar is spent. This graphical descriptors are included again this year.

This year, sales tax received overall (2¢) is slightly higher than 2018. Sales tax collection estimates for the next 5 years will have to be very conservative as the I-45 expansion project reaches our city limits and may potentially have a negative impact on sales within our city. Because citizens rely on sales tax to the General Fund (1 ¢ of 2¢) to offset their property tax, the Economic Development Corporation (EDC) continues actively recruiting commercial activity to generate both sales and property tax to maintain La Marque's economic health.

UTILITY FUND

The Utility Fund maintains a positive fund balance, although the operations portion indicates a deficit due to capital projects. Modeling projects a complete depletion of the fund balance by 2024 without revenue adjustments. Grants and availability of additional disaster recovery funds from

Hurricanes Ike and Harvey have enabled the City to replace limited damaged infrastructure. The City continues seeking grant opportunities to assist in funding improvements to our aging infrastructure.

The City has exceeded our allocation of water from the Gulf Coast Water Authority (GCWA) three (3) of the last fourteen (14) months. Securing additional water for current and future use is extremely critical in this fiscal year. GCWA has made 7.0 mgd of water available to be apportioned between all of its users in the immediate future. Staff has requested up to 1.0 mgd be allocated to the City of La Marque. We are awaiting notification of the actual amount we will be allocated. Additionally, 7.0 mgd have been assigned to the GCWA for appropriation in 7 years (2026) for which they will be requiring the purchase of "options" or "futures" within the next year to be able to receive that water in 2026. Without the purchase of those "options", no more water will be available for users of GCWA water ever. Acquiring "options" thus is also extremely critical. The proposed budget includes "options" payments for 2.0 mgd of future water as well.

Additionally, the Texas Commission of Environmental Quality (TCEQ) issued a 75% Notice to the City of La Marque related to volumes of waste water at our waste water treatment plant in 2016. Failure to begin design and construction of an expansion to the waste water treatment plant during this fiscal year could lead to TCEQ enforcement actions being issued against the City. Initial discussions with engineers show the proposed necessary expansion costing approximately \$18.0 million.

The proposed budget includes a proposed increase in water and waste water rates for 2019-2020. The current rates have not been increased in eleven (11) years. The lack of a rate increase has seen the reserve fund for water and waste water reduced consistently over time. Current projections are that this reserve fund will be depleted by 2024. Municipal utility rates must be set in a manner that allows for administration of the utility to be completed each year. Administration includes everything from billing to repairs. The current rate has not allowed sufficient funding to administer and maintain our systems, nor allowed for any necessary expansion projects. Our citizens have paid less than our system services cost for many years. The results of that are depleted reserve funds and failures in infrastructure that we have been bandaged rather than repaired. The proposed rates are competitive with neighboring communities and will help to begin the process of fixing our infrastructure needs.

SPECIAL REVENUE FUNDS

The Keep La Marque Beautiful (KLMB) Commission and Parks Board receive donations to their respective funds through utility bills. Donations have increased slightly over last fiscal year, but not to previous levels. Clean City Commission is considering fund raising projects to supplement their fund. Recent articles for "Inside La Marque" highlighted benefits to the community of KLMB and Parks Board projects.

The Hotel Occupancy Tax (HOT) Fund remains fairly steady for revenues and expenditures. This fund exists based on occupancy taxes paid by visitors to hotels / motels in La Marque. The fund is state regulated and expenditures must meet very strict criteria. You will notice new line items to account for Magical Winter Lights, Wreaths Across America, and the Crawfish Bash, annual events that continue to grow and attract many visitors to La Marque.

Additionally, the City Council will be considering a Parks User Fee Ordinances in the August meeting. This user fee would require every utility account holder to pay \$2.00/month that would be designated to a Parks Development Fund. This special fund will allow the City the capacity to bond approximately \$2.0 million every 15 years for the development and maintenance of our city parks. In conjunction with this Fund, we have included \$30,000 in this year's budget (\$15,000 from general fund and \$15,000 from the Parks Board), for the completion of a Parks Master Plan for the City of La Marque. Completion of this Master Plan will allow the City to actively seek out and receive grant funding to further assist in development of new parks and renovation of existing parks.

GENERAL PERSONNEL

Currently, all departments are operating with the minimum number of staff to perform basic functions. Eight departments requested additional personnel or funding of previously authorized positions: utility billing, fire, police, public works, finance, municipal court, information technology and development services.

Firefighters/Paramedics -Part-time position previously approved were deferred allowing the new Fire Chief an opportunity to reorganize and assess needs. We anticipate looking at staffing in the 2020-2021 budget for this department.

Police Officers -Five additional sworn officers are requested plus an additional records clerk. *The additional sworn officers were deferred.* The records clerk previously approved by Council was funded and included.

Public Works – Three (3) additional employees from the general fund were requested. Five (5) additional positions from the utility fund were requested. All of these positions were previously approved by Council but were funded from reserves. An additional request for a receptionist from the Utility Fund was also included in the proposed budget.

Finance Department –A previously approved and unfunded position was funded in the proposed budget.

Development Services – Two new positions were requested. A Planner/Inspector and a permit clerk. The addition of these two will more than offset contract fees being paid out to contractors that are providing substandard services to the City and they are included in this proposed budget.

Utility Billing -One part-time position was requested. The purpose of this position is to assist with customer service.

Municipal Court -One part-time juvenile case worker position was requested. The purpose of this position is to work assist in alleviating recidivism of juveniles within the municipal court system.

Information Technology - One full time position was requested. The purpose of this position is to assist with building maintenance issues and minor IT repairs.

COMPENSATION AND BENEFITS

City Council will be asked to continue contributing 100% of the cost of medical and dental plans for employees, only. Police Collective Bargaining follows separate contract terms agreed to by both the City of La Marque and La Marque Police Association (LMPA).

An across the board pay increase of 5% is proposed in this year's budget for all employees except Police and Fire. A proposed salary plan was included in the 2018 budget which was not approved by Council. Due to the timing of my hiring, there was insufficient time to complete a salary plan for 2019. The across the board proposed increase will help to ensure that we do not fall behind the market in our classifications until a new salary plan can be completed for the 2020 budget.

As the City of La Marque moves forward, it is imperative that market driven salaries be adopted and utilized for the retention of our top employees and recruitment of the best employees we can hire.

COLLECTIVE BARGAINING

Results of the three-year agreement for both collective bargaining groups was effective October 2018. For fiscal year starting October 1, 2019, a 2.5% Cost of Living Adjustment (COLA) for the Firefighters Union Local 3282 IAFF and La Marque Police Association will be reflected in the proposed budget. In addition, the City absorbs 50% of medical and 100% of dental and vision insurance for dependents of La Marque Police Association (LMPA) members and to outfit uniforms fully.

CAPITAL PROJECTS

A revised multi-year Capital Improvements Plan is included in the budget to fund heavy equipment in addition to infrastructure projects. As indicated earlier, Capital Outlay for equipment and projects, Capital Improvements Program (CIP), and Capital Leases (vehicle debt) will be presented as non-recurring requests, and proposed pay adjustments will be presented as part of the operating budget for 2020. Reserved fund balances are restricted in the type expenditures that qualify, which allows non-recurring capital purchases debt, but not recurring personnel costs. Restricted funds provide only the City Council with discretion to evaluate and rank capital projects.

According to the 2015-2022 Strategic Plan, not less than 20 substandard structures should be demolished each year through FY 2021. City Council will be asked to fund at least 20 more substandard structures for the upcoming fiscal year.

NEW FOR 2019-2020

The Proposed Budget also includes some new items for the coming year.

- \$10,000 proposed allocation for the 2020 La Marque Juneteenth celebration
- \$10,000 proposed for Certified Public Manager (CPM) scholarships for two employees to complete the program at the University of Houston
- \$15,000 one-time payment for completion of the Parks Master Plan in conjunction with the Parks Board
- \$5,000 proposed continuation of Hurricane Huddle event
- A 5% Cost of Living Adjustment (COLA) for all non-collective bargaining employees
- A list of equipment, potential purchase of a building, new personnel and capital projects are included in Capital section of the budget binder for Council's consideration.

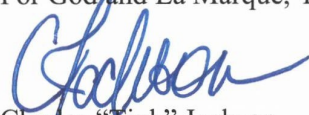

CONCLUSION

As instructed by me, each City department presented well-planned, conservative budget requests to provide the level of services our citizens have indicated they desire and require. Prior to budget workshop sessions, the Finance Director and I reduced budget requests by several hundred thousand dollars to meet the Charter requirement of submitting a balanced budget to City Council. As in all budget workshops rather prior to or following public hearings, City Council will have an opportunity to propose additional requests or remove additional requested items and staff will adjust the budget according to items ultimately approved by a vote of Council. I again recommend to City Council that the budget not reflect new anticipated revenues or any unexpected revenues such as donations, rebates, refunds, previous uncollectible liens and warrants, etc. until dollars actually are realized in City accounts.

City Council and staff are cognizant of limited resources and must maintain a fiscally responsible approach to provide the most services at the least possible costs to our citizens. I believe citizens will agree that Public Works is an essential component to providing public services.

Our citizens will see numerous positive results from the proposals made in this budget.

For God and La Marque, Texas!

Charles "Tink" Jackson

City Manager

Executive Summary

General Fund

For the first time in 14 years, the City is including a 6 cents property tax increase in the proposed and adopted budget for fiscal year 2019-20. Property tax and sales tax have been showing steady growth during the last 5 years. To accommodate the growth and inflationary cost of providing city services, the additional revenues will allow the City to accomplish the following:

- Two fire trucks

Current issue: The City currently has two operational trucks: the newest one already has 75,000 miles and is over 10 years old. The second one has 175,000 miles and is 28 years old. The third one was totaled when struck by another driver.

Goal: The first new truck can be funded from General Fund fund balance. The second truck will be financed in fiscal year 2019-20. The City will seek grant opportunities to purchase a ladder truck within the next two years to accommodate growth.

- Parks

Current issue: The city currently does not have a completed parks comprehensive plan in place. To qualify for grants, the City needs to have a comprehensive plan.

Goal 1: Budget 2019-20 Parks Fund includes a parks master plan consultation of \$15,000. Another \$15,000 will be funded from the General Fund.

- Equipment

Current issue: Due to limited resources, maintenance has been “deferred” in past years. Each year, we budgeted funds for equipment rental to fix problems temporarily until the next time when they break, then we would rent equipment again and fix other problems temporarily, etc.

Goal: Budget 2019-20 includes a hydraulic vehicle lift, playground equipment, landscape and dump trailer, articulating bucket/boom truck, front-end loader. Hydraulic vehicle lift and dump trailer will be funded from General Fund fund balance. The remainder will be funded by lease purchase financing.

- City facilities

Current issue: Certain city facilities are aged and unsafe which can pose a liability on the City.

Executive Summary

Goal:

- Public Works Service Center- We budgeted renovation of \$100,000 to ensure equipment stored and staff working inside are safe.

- Employees

Current issue 1: City's current pay plan has not been competitive with the region and neighboring cities of similar size. Certain positions have been experiencing a high turnover rate.

Goal 1: Budget 2019-20 includes a 5% cost of living adjustment to all non-collective bargaining full time employees. In addition, the City will be updating the current pay plan based on survey data collected from HGAC (Houston Galveston Area Council) and neighboring cities in 2020.

Current issue 2: Due to limited resources, City staff level has not been meeting the higher demands resulting from growth.

Goal 2: Budget 2019-20 includes the following new positions:

- Development Services department- Permit file clerk (1)
- Development Services department- Planner/Examiner Inspector (1)
- Code Enforcement department- Code Enforcement Officers (2)
- Finance department- Finance Specialist (1)
- IT department- Building Maintenance Technician (1)
- Public Works department- Maintenance Technicians (3)
- Court Juvenile Case Manager (1)
- Fire department - EMS Coordinator (1)

- Streets

Current issue: Many of city streets have not been maintained over the years. Under the "deferred maintenance" philosophy practiced, until a problem occurs, the city would repair at the minimum cost to get through one year at a time.

Goal: The City is working together with Galveston County under the City's Street Rehabilitation Program. Estimated city's matching cost is \$1,000,000 for a list of high priority streets determined by Council. Funding has been reserved in the City's Revitalization Fund.

- Drainage

Current issue: The city has been experiencing flooding problems due to aging drainage system especially during Harvey in 2017.

Goal: The city is waiting for HUD to approve two grant projects:

Executive Summary

- Merry Lane, Melody, and Westlawn Subdivision flood control and drainage improvement project.
- Regional detention pond-Phase I at I-45 Gulf Freeway project.
- Growth

Current opportunity: Texas Department of Transportation (TxDOT) offers the City an enhancement opportunity under their Interstate 45 expansion project which includes (1) FM 1764 intersection, (2) FM 1764 to Main Street, and (3) FM 519 to Texas City WYE.

Goal: The City will include this project as part of a bond issuance within the fiscal year 2019-20 to improve long term growth to our community the next few years.

Anticipated growth impact:

- Increased sales tax revenues as more businesses are investing into our community.
- Relief of burden on property taxpayers due to growth.
- Provide additional job opportunities to local economy.
- Improved home values within the city.

Utility Fund

For the first time in 11 years, the City is including a water and sewer rate increase with a tier structure relating to residential and commercial customers in the proposed and adopted budget for fiscal year 2019-20. Due to growth, utility revenues have shown a slight increase. However, operating cost on an aged system have exceeded additional revenues from growth over the past 11 years. With limited resources, capital needs to maintain the current system plus additional capacity to accommodate new demands have been deferred. Each future fiscal year, the City will assess the rates to ensure there is sufficient capital to resolve necessary critical issues timely and to prevent any violation fines by TCEQ (Texas Commission of Environmental Quality). Highlights in fiscal year 2020 budget include the following:

- Employees

Current issue 1: City's current pay plan has not been competitive with the region and neighboring cities similar size. Certain positions have been experiencing a high turnover rate.

Goal 1: Budget 2019-20 includes a 5% cost of living adjustment to all non-collective bargaining full time employees. In addition, the City will be updating current pay plan based on survey data collected from HGAC (Houston Galveston Area Council) and neighboring cities in 2020.

Executive Summary

Current issue 2: Due to limited resources, City staff level has not been meeting the higher demands resulting from growth.

Goal 2: Budget 2019-20 includes the following new positions:

- Public Works department Water and Sewer Lines Maintenance - Maintenance Technicians (5).
- Utility Billing department- Customer Service Representative (part time).

- Equipment

Current issue: Due to limited resources, maintenance has been “deferred” in past years. Each year, we budgeted funds for equipment rental to fix problems temporarily until the next time they break, then we would rent equipment again and fix other problems temporarily, etc.

Goal: Budget 2019-20 includes a vac truck, skid steers (2), and additional AMI meters.

- Water supply

Current issue: The city, along with other cities in the region, purchase our fresh water supply from Gulf Coast Water Authority (GCWA). Our daily allocation has been 2.78 MGD (million gallons per day). The city exceeded our allowance during 3 of the last 14 months. We must have sufficient water supply to develop our City.

Goal: Projection at full growth is at 5.2 MGD. For fiscal year 2019-20, the requested supply is an additional 1MGD (estimated cost of \$500,000) to protect us from drought condition and to keep us from exceeding the threshold. The budget also includes a purchase of a 2 MGD option, to reserve additional annual supplies that will become available within the next 5-7 years. Estimated cost for this option is an additional \$50,000 each year per 1 MGD.

- Water Storage

Current issue: In 2016, the City received TCEQ notice requiring maintenance of our water storage at Gulf Greyhound to certain level.

Goal: All water storage tanks including Gulf Greyhound must be cleaned and will require rehab during the next few years to meet TCEQ requirement.

- Wastewater Treatment Plant

Current issue: Per Texas Commission on Environmental Quality (TCEQ) notice three years ago, the City exceeded 75% use for 3 consecutive months. In 2018, we reached the 90% level. To comply with TCEQ requirement, we must expand our plant.

Executive Summary

Goal: To expand our current plant capacity, headworks cost is estimated at \$1.077 million, design phase is estimated at \$1.075 million, project construction cost is estimated at \$18-\$20 million. The City did a plant expansion feasibility study. Proposed Phase I will get the city to comply with TCEQ requirement at an estimated cost of \$14.2 million. Proposed Phase II is contingent upon future development of the University of Houston property of approximately 939 acres which can wait until later years.

Current year's additional revenues can only fund for the design phase. Subsequent years' assessment and future growth will be used to fund for the remainder.

- Infrastructure

Current issue: Most of the city's systems are 70 years old. Due to "deferred maintenance", we have been spending more time repairing and band-aiding leaks and lift stations over the years where many have reached their maximum repairs before collapsing.

Goal: Budget 2019-20 includes plan to replace a list of lift stations and water/sewer lines under a proposed debt issuance. If possible, the City intends to pursue grants to meet this goal.

Current year can only fund for approved list of lift stations. Remaining lift stations will be funded in future years.

FUND BALANCE

General Fund

Fund balance remains strong with revenues exceeding expenditure of \$1,022,591 at year end 2017, \$880,848 at year end 2018, and projected \$502,244 at year end 2019. As of fiscal year 2018, fund balance was at \$5,443,902. Fund balance fiscal year 2019 is projected at \$5,946,146. Current policy requires 90 days of contingency or \$2,782,140 in fund balance.

Utility Fund

Unrestricted net position increased by \$202,981 with \$2,664,778 in 2017 and \$2,867,759 in 2018. Both years 2017 and 2018 expenses exceeded revenues by \$308,898 and \$351,977 mainly due to high depreciation. Net operating cash flow has been positive \$726,380 in 2017 and positive \$405,714 in 2018.

Executive Summary

Projected Revenues

General Fund

Property tax

Certified roll shows an increase of \$97,092,353 taxable values between tax year 2018 (fiscal year 2019) and 2019 (fiscal year 2020). With a new tax rate of .550764 per \$100 of assessed value, an increase of 6 cents from fiscal year 2019, current tax revenue is budgeted at \$4,334,507 at 97% collection rate. Projected tax revenues for fiscal year 2019 continues to be slightly less than previous years due to additional allocation to Debt Service fund for debt payments.

Sales Tax

Average increase during the recent 5 years has been around 5%. Fiscal year 2018 shows a 6.38% increase and fiscal year 2019 is projected to be at 4% increase or \$4,073,763. Due to anticipated I-45 TxDOT project widening of the freeway during upcoming months, budget for fiscal year 2020 shows a conservative 1% increase due to anticipated congested traffic and inconvenience from road closures.

Franchise

Franchise revenues have shown an increase of 5% in fiscal year 2017 and 3% in fiscal year 2018. Fiscal year 2019 is projected to decrease by 3% due to first two quarters of the fiscal year lagging behind previous years. Budget for fiscal year 2020 reflects a 3% increase based on historical trend during the past 5 years.

Ambulance Services

Due to TxDOT road construction project of widening the I-45 freeway, budgeted revenues in fiscal year 2020 is at \$600,000 based on anticipated increased accident occurrences. Fiscal year 2019 is projected at 30% increase.

Parks Surcharge Fee

To enhance the City's parks, fiscal year 2020 budget includes a \$2 Parks surcharge fee on each water and sewer account per month. This seed money is used to pay for future debts on parks projects. Projected revenue for fiscal year 2020 is \$163,000.

Rental Registration Permit Fee

In June 2018, Council passed an ordinance requiring all rental properties to pay a \$100 for the first rental unit and \$20 per additional rental unit annually. Fiscal year 2020 budget includes a \$50,000 projected revenue.

Executive Summary

Building Permits Revenue

From fiscal year 2015 to fiscal year 2019, the average change is 34% or an average \$70,510 revenue increase per year. Below chart reflects past three fiscal years' data:

Fiscal Years	Revenues Collected		New Commercial	New Residential	Total Permits
2017	\$ 308,364.40		12	84	96
2018	\$ 569,075.78		8	254	262
2019	\$ 562,723.00		12	216	228

Note: Fiscal year 2019 \$ is projected

Revenues collection in first half of fiscal year 2019 has been slow. Therefore, 2019 building permits revenue is projected to end the year around -1% from 2018. Fiscal year 2020 revenue is budgeted at 1% increase anticipating activities will pick back up at a steady pace.

Utility Fund

Water and sewer revenues have been showing increases of 2% in 2017 and 3% in 2018. Projected increase for fiscal year 2019 is flat. Since 2008, the City has not increased water and sewer rates. In fiscal year 2020, a new tier structure and segregation between residential and commercial is budgeted with total revenues of \$6,226,960. The new rates are more in line with regional average and are more equitably billed based on customer categories.

Sanitation Fund

Per contract, the City is obligated to an annual 3% cost of living increase to contractor. Budgeted in 2020 reflects a 3% increase. Projected revenue reflects a 3% increase from billing accounts fiscal year 2019.

Other Considerations in budget 2020

Senate Bill 2, Texas Property Tax Reform and Transparency Act of 2019 - Passed by Texas Legislature in 2019. This Bill lowered the tax rate a city can adopt without voter approval from current 8% to 3.5% effective January 2020 and requiring mandatory election to go above the lowered rate. It limits a city's ability to set appropriate tax rate for needed services in the community. This will be a major impact on future budgets starting fiscal year 2021.

Executive Summary

- Grants - the City will be pursuing grant opportunities to fund multiple parks and drainage projects.
- Impact Fees - In February 2019, Council passed an ordinance regarding impact fees. Collections should begin January 2020. Per City ordinance, this impact fee can be used to pay debts on projects related to new growth.
- Fleet- Due to new positions to fiscal year 2020 budget, additional vehicles are needed:
 - Code Enforcement Officers (2)
 - Planner/Examiner/ Inspector (1)
 - Building Maintenance Technician under IT (1)
 - Public Works (Streets and Utilities) Maintenance Technicians (5)

Note: New vehicles can be shared among employees in Public Works between the 8 new positions.

- Equipment lease purchase - The city is anticipating adding the following equipment to a lease purchase financing:
 - Bucket truck
 - Front end loader
 - Fire truck (2nd one)
 - Playground equipment
 - Vac truck

The following equipment will be funded from fund balances:

- Hydraulic vehicle shop lifts-General Fund
- Landscape and dump trailer-General Fund
- Lexipol policy implementation for Police-General Fund
- Cellebrite cell phone extraction equipment for Police-General Fund
- Panic alarm system-Court Security Fund
- Skid steer with hydraulic hammer-Utility Fund
- Skid steer loader with attachments-Utility Fund
- Trench/shoring box-Utility Fund
- AMI meters and additional related equipment-Meters Replacement Fund
- Revitalization - Each year, the city budget \$100,000 to demolish around 15 substandard structures to achieve multiple objectives:
 - Safer community
 - Economic development
 - Property value appreciation
 - Cleaner and healthier community
 - Improved neighborhood environment

The City of La Marque is committed to a productive year with record-breaking achievements and to deliver the highest level of services with pride and confidence to serve our community for many years to come.

City of La Marque

City Council Vision & Goals

2019 - 2020

Vision

For the City of La Marque to be a clean, safe, vibrant, innovative and inclusive community which provides residents and businesses a high quality of life and that all are proud to call "home". We will:

- Promote Residential and Commercial Growth
- Be Welcoming – Promote Unity – Build Trust
- Demonstrate Integrity
- Celebrate Cultural Diversity
- Expand Transparency
- Develop Human Assets / Relations
- Be Forward Thinking
- Respect Our Natural Environment

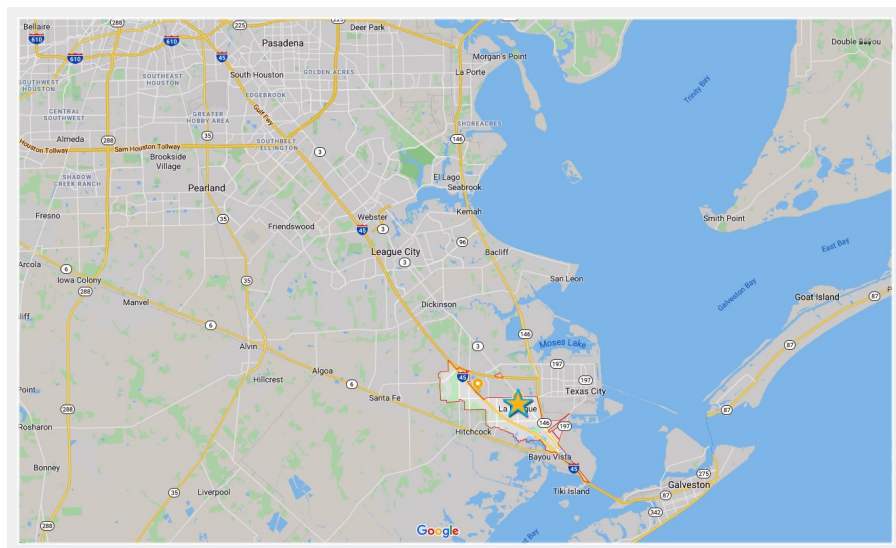

Role of the City Council

- Achieve solvency through fiscal responsibility
- Promote open and honest communication with our citizens to foster a fully informed and engaged citizenry
- Be transparent in conducting city business
- Promote a spirit of cooperation and collaboration between local government entities
- Lead by example
- Develop necessary policies that are timely and effective
- Promote the City of La Marque
- Improve efficiency of city services
- Steer the vision of the City of La Marque
- Advocate for our citizens

City Council Goals

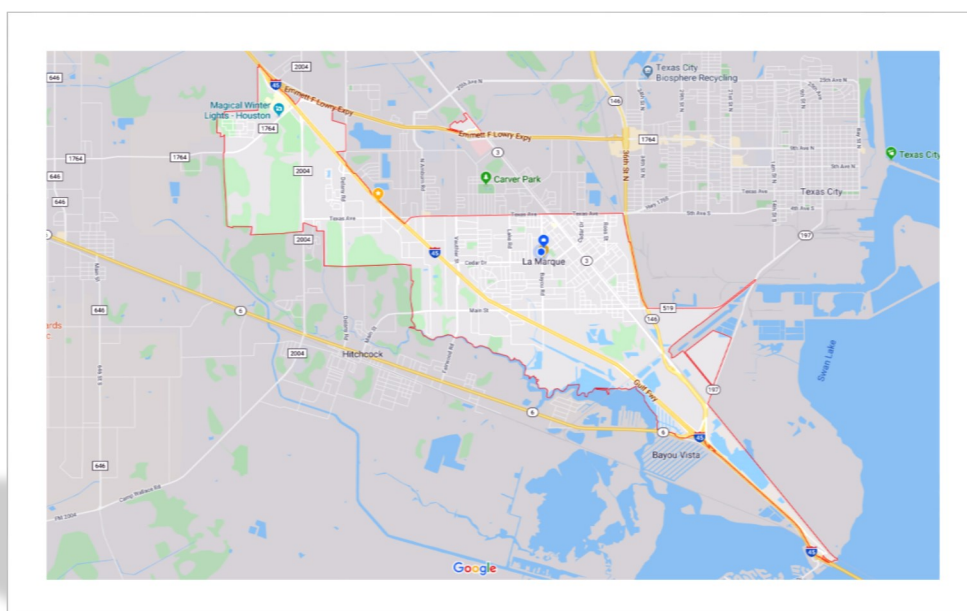

- La Marque will be a place where people are proud to live, work and engage in the community
- To develop a vibrant, well maintained and welcoming downtown business district
- To make La Marque attractive to local stakeholders and outside investors
- To effectively and efficiently manage city resources while maintaining and enhancing city services
- Maintain and improve infrastructure
- Creatively promote a positive image of the City of La Marque
- Keep La Marque schools in La Marque
- Stimulate responsible residential and commercial growth
- Cultivate green and recreational spaces for future generations
- Develop a vibrant, robust, well maintained, welcoming I-45 Corridor

Location

The City of La Marque is located 38 miles south east from Houston, TX and 14 miles north west of Galveston, TX.

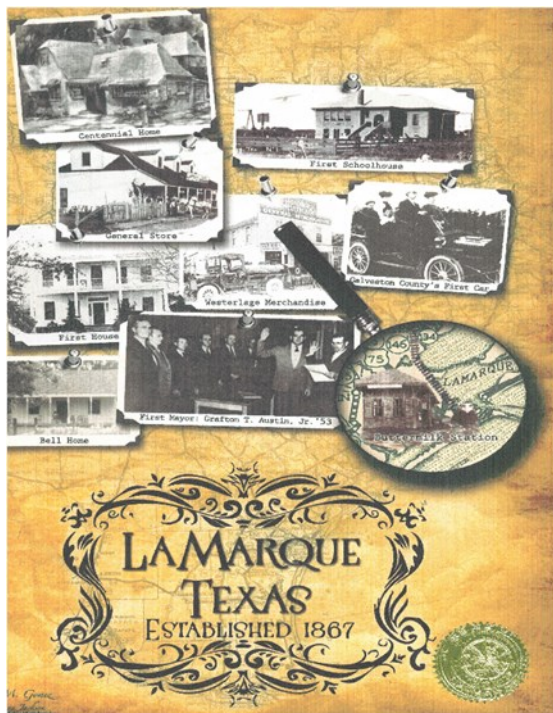

La Marque is the Gateway to the Gulf and the Hub of the Mainland.

History

La Marque, also known as Highlands and as Buttermilk Station, is an incorporated residential community on Interstate Highway 45, State Highway 3, and Farm Roads 519, 1765, 1764 and 2004, some twelve miles northwest of Galveston in northwestern Galveston County. The community was originally known as Highlands, probably for its location near Highland Creek, and was renamed in the 1890s when residents learned of another mainland community of the same name. Madam St. Ambrose, postmistress, chose the new name, which in French means "the mark."

The community's post office operated from 1887 until the 1930s. During the Civil War, the town was known as Buttermilk Station after the soldiers' practice of purchasing buttermilk there on the trip between Galveston and Houston. In 1867, the town had 6 families and its residents raised cattle or rice. The local population rose from 100 in 1890 to 175 in 1896, when the community had a Baptist church and several fruit growers. A school with fourteen students existed before 1895, when Amos Stewart gave land for a larger facility. By 1909, two teachers served an enrollment of fifty-five students, and in 1913, further construction began.

By 1914, the community had been reached by four railroads: the International and Great Northern; the Galveston, Houston and Henderson; the Missouri, Kansas and Texas; and the Interurban. At that time, La Marque had both a railroad station and general store located in a private home. The town's population reached 500 in 1914 and 1,500 by 1952, when it had ninety businesses. As it grew together with nearby Texas City, La Marque served as a residential community for employees at nearby Union Carbide plant and other plants in the La Marque-Texas City area, as well as the Galveston Island Medical Center.

The Budget Process

The City of La Marque's Home Rule Charter provides for the submission of the budget to the City Council by the City Manager by August 1st. The City's Fiscal Year runs from October 1 to September 30.

The following information provides a brief overview of the steps taken to prepare the City's annual budget. Please keep in mind that this is a simplified version of a complex process that is a combined effort of members of each of the City's departments and requires an extensive period of time to complete. Both revenues and expenditures are subject to change until the meeting when the City Council officially adopts the budget. Likewise, the budget calendar serves as an approximate timeline and the events may not always occur at the exact time indicated.

The annual budget is prepared under the direction of the City Manager. Each department Director formulates a base budget for each of the departments included in their division. Base budgets include costs related to all existing general services, contractual services and other expenses. Directors also prepare supplemental requests that provide a separate set of expenditures required to provide a new service, increase staffing levels, or purchase new equipment. Once base and supplemental requests are prepared, the directors submit their budgets to the Finance department. The Finance Director calculates personnel related budgets.

The Finance department compiles the information submitted, along with the revenue estimates, for review by the City Manager. Meetings are then held with the department directors to review and revise. The proposed budget document is prepared and then submitted to the City Council by August 1st. Shortly thereafter, a budget workshop is held for the Staff and City Council to review and discuss the proposed budget. Tax rate calculations and all of the related notice publications and public hearings, if necessary, occur throughout August and into September. A Public Hearing on the Budget is held in early September and revisions continue. The final budget is reviewed by the City Council and adopted in late September.

ORDINANCE NO. O-2019-0017

AN ORDINANCE MAKING APPROPRIATIONS FOR THE SUPPORT OF THE CITY OF LA MARQUE FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2019 AND ENDING SEPTEMBER 30, 2020 APPROPRIATING MONEY TO A SINKING FUND TO PAY INTEREST AND PRINCIPAL DUE ON THE CITY'S INDEBTEDNESS; AND ADOPTING THE ANNUAL BUDGET OF THE CITY OF LA MARQUE FOR 2019-20 FISCAL YEAR

WHEREAS, the budget, appended here as Exhibit "A", for the fiscal year beginning October 1, 2019 and ending September 30, 2020 was duly presented to the City Council by the City Manager and a public hearing was ordered by the City Council and a public notice of said hearing was caused to be given by the City Council and said notice was published in the Galveston County Daily News and said public hearing was held according to said notice and City Charter requirements; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LA MARQUE:

SECTION 1. That the appropriations for the fiscal year beginning October 1, 2019 and ending September 30, 2020 be fixed and determined for said terms in accordance with the expenditures shown in the City's fiscal year 2019-20 budget, a copy of which is appended hereto as Exhibit "A"

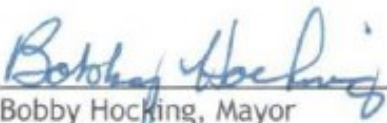

SECTION 2. That the budget, as shown in words and figures in Exhibit "A", is hereby approved in all respects and adopted as the City's budget for the fiscal year beginning October 1, 2019 and ending September 30, 2020.

SECTION 3. That there is hereby appropriated the amount shown in said budget necessary to provide for a sinking fund for the payment of the principal and interest of the bonded debt of said City.

PASSED AND APPROVED by the City Council of the City of La Marque on this the 9th day of September 2019 on the First Reading.

PASSED, APPROVED AND ADOPTED by the City Council of the City of La Marque on the 16 day of September, 2019 for the Second and Final reading.

CITY OF LA MARQUE, TEXAS

 acting City Attorney
Ellis J. Ortego, City Attorney

ORDINANCE NO. O-2019-0018

AN ORDINANCE LEVYING AD VALOREM TAXES FOR USE AND OPERATION OF THE MUNICIPAL GOVERNMENT OF THE CITY OF LA MARQUE, TEXAS FOR THE 2019 TAX YEAR; PROVIDING FOR APPORTIONING EACH LEVY FOR SPECIFIC PURPOSES; AND, PROVIDING WHEN TAXES SHALL BECOME DUE AND WHEN SAME SHALL BECOME DELINQUENT IF NOT PAID

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LA MARQUE;

SECTION 1. That there is hereby levied and there shall be collected, for use and operation of the municipal government of the City of La Marque and to provide an Interest and Sinking Fund for the 2019-2020 fiscal year, upon all property, real, personal and mixed within the corporate limits of said City subject to taxation here set forth:

1. For the maintenance and operation of the general government 0.456574 on each \$100.00 taxable valuation of property; and
2. For the interest and sinking fund, 0.094190 on each \$100.00 taxable valuation of property.

For a total tax rate of 0.550764 on each \$100.00 taxable valuation of property tax being so levied and apportioned to the specific purposes here set forth above.

SECTION 2. All taxes shall become a lien upon the property against which assessed, and the assessor and collector for the City of La Marque is hereby authorized and empowered to enforce the collection of such taxes according to the Constitution and laws of the State of Texas and ordinances of the City of La Marque and shall, by virtue of the tax rolls, fix and establish a lien by levying upon such property, whether real or personal, for the payment of said taxes, penalty and interest and, the interest penalty collected from such delinquent taxes shall be apportioned to the general fund of the City of La Marque. All delinquent taxes shall bear interest from date of delinquency at the rate as prescribed by state law.

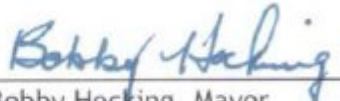

SECTION 3. That this ordinance shall take effect after the second and final reading.

PASSED AND APPROVED on the First reading on this 9th day of September 2019, at a Special Meeting of the City Council of the City of La Marque, Texas, there being a quorum present, by 5 AYES and 0 NAYES and approved by the Mayor on the date above set.

PASSED, APPROVED and ADOPTED on the Second and Final reading on this the 17th day of September, 2019, at a Special Meeting of the City Council of the City of La Marque, Texas, there being a quorum present by 3 AYES and 0 NAYES and approved by the Mayor on the date above set.

Governmental Funds are used to account for most of the City's activities.

General fund receives revenue from property taxes, sales taxes, franchise fees, licenses & permits, fines and forfeitures and charges for services. Expenditures include general government, public safety, public works, capital outlay, and debt service. MAJOR FUND FOR REPORTING PURPOSES

Debt Service fund receives most its revenue from local property taxes and is used to account for the payment of interest and principal on all general obligation bonds and other long-term debt of the City. MAJOR FUND FOR REPORTING PURPOSES

Special Revenue funds are used to account for and report proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. Special revenue funds include Comcast PEG fees fund, hotel/motel fund, drug seizure fund, home grant fund, PID funds, parks fund, court security fund, child safety fund, LEOSE training fund, Keep La Marque Beautiful fund, library grants fund and the CDBG disaster Recovery Round 2 fund. NONMAJOR FUND FOR REPORTING PURPOSES

Capital Projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. MAJOR FUND FOR REPORTING PURPOSES

EDC fund is mainly financed by their allocated portion of the city's sales tax revenue. The restricted purpose of the funds is to encourage retention of businesses within the City of La Marque and the promotion and development of new and expanded businesses which encourages the economic growth of the City. MAJOR FUND FOR REPORTING PURPOSES

Proprietary Funds are used to report on activities financed primarily by revenues generated by the activities themselves.

Enterprise funds are financed and operated in a manner similar to private business enterprises where the costs of providing goods or services will be financed or recovered primarily through user charges. Enterprise funds consist of Utility and Sanitation funds. MAJOR FUNDS FOR REPORTING PURPOSES

Internal Service fund is used to account for services provided to other departments on a cost reimbursement basis. NONMAJOR FUNDS FOR REPORTING PURPOSES

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government.

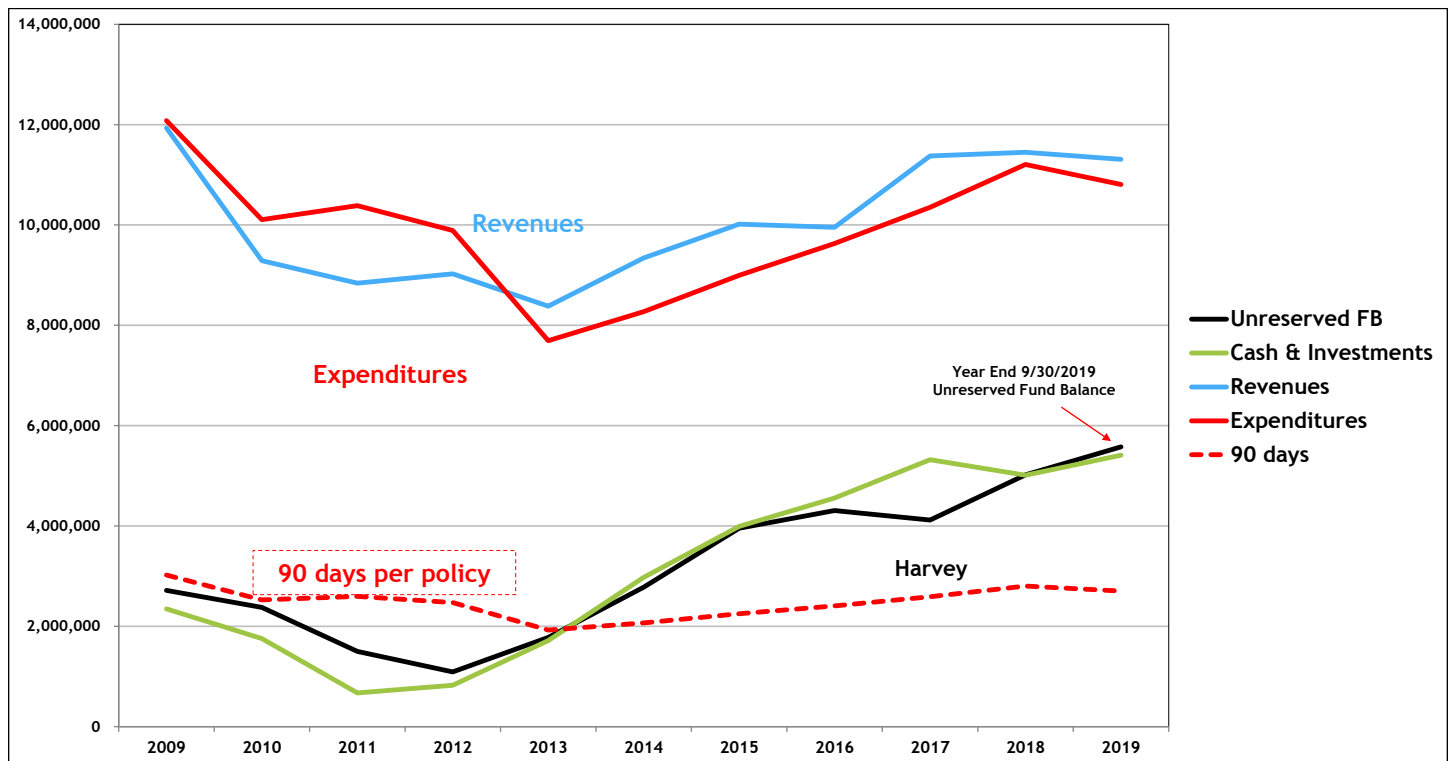

Library Memorial fund is a private-purpose trust fund and is used to account for contributions legally held in a trust for the purchase of library books. NONMAJOR FUND FOR REPORTING PURPOSES

City Council

The City of La Marque's City Council consists of a Mayor and 4 Council Members. The City Council provides leadership and policy direction to the City. The City Council is responsible for representing the best interests of the entire community, ensuring all duties and responsibilities of the elected officials and appointed staff are executed, approving the annual budget, and representing the City of La Marque community before the citizens and governmental agencies.

Fiscal Year 2019-2020 Objectives

- Create a city wide Parks Master Plan
- Implement a parks user fee and begin funding appropriate parks maintenance and new construction
- Assessing utility fees and implementing tiered fee structures to ensure fees provide for proper maintenance of city utility infrastructure
- Fund and complete design for expansion of the waste water treatment plant
- Acquire and place into service two additional fire trucks in the La Marque Fire Department
- Increase city allocations of water from the Gulf Coast Water Authority and secure additional water for future growth
- Complete and implement a City Council Code of Conduct
- Assess drainage issues and implement planning to begin addressing those issues
- Maintain active participation in the I-45 Expansion Project and utilize opportunities for beautification of La Marque through the project
- Work diligently to advocate for the citizens of La Marque that new schools within the Texas City ISD that are built to replace existing schools currently in the City of La Marque are built within the City of La Marque
- Develop City Facility Master Plan
- Serve the citizens of La Marque honestly, morally and ethically

City Manager

The City Manager is the Chief Executive Officer of the City. It is his/her duty to develop and manage the City's budget, execute and implement policies established by the City Council, establish and promote a positive working relationship with the community leaders, and provide management and leadership to staff and organization.

Fiscal Year 2019-2020 Objectives

- Develop and implement a Professional Development Plan focused on succession planning. Provide expanded training opportunities for city employees
- Continue evaluating city infrastructure and provide City Council with realistic alternatives to address aging infrastructure issues
- Evaluate and update Employee Personnel Policies and Procedures by the end of the year
- Evaluate current compensation scales and establish equity between departments
- Continue to bring innovative ideas, modern administration policies and cutting edge programs to the City
- Develop strategies for modernization of city departments, update departmental policies
- Completion of Parks and City Facilities Master Plan
- Serve the citizens of La Marque honestly, morally and ethically

Information Technology

The Information Technology department is dedicated to the support and advancement of all technology services. It is responsible for providing the highest quality technology-based services in the most cost effective manner to the City, administration of software applications and providing technical assistance to all users of the City's systems.

Fiscal Year 2019-2020 Objectives

- Upgrade all workstation and server operating system to the current version
- Install new camera and door access systems for the entire city
- Review and negotiate all city technology services to look for possible savings
- Install new customer/staff portal ticket tracking system for communicating with utility billing, public works, building maintenance, city shop, and possibly other departments
- Research, implement and create a city-wide program and documentation on going paperless that meets all state-regulated requirements for open records and assist all departments with going paperless

Fiscal Year 2018-2019 Accomplishments

- ✓ Installed & setup all new access control locks in new Fire Building, Council Room, EDC Building.
- ✓ Install & Setup new fire station paging system and control system to be triggered by PD Dispatch
- ✓ Configure & Install new time clocks both badge and figure print in CM requested locations
- ✓ Install new cameras in select city buildings
- ✓ Assist departments in state technology audits and ensure we stay up to date to ensure compliance
- ✓ Convert LMPD CAD/RMS/Mobile (OSS) over to League City OSS Network
- ✓ Installed new internet connections at different sights for better service and lower communication cost
- ✓ Started FirstNet implementation for Public Safety users
- ✓ Currently maintain a total of 153TB+ of data storage usage by all city servers, department data, and backups
- ✓ Currently have 148+ Office 365 accounts utilized by various city staff
- ✓ Overseen, monitor, maintain GPS data and devices in all city vehicles
- ✓ Found and introduced new ways and technologies to ensure check and balances along with help city staff better serve the citizens
- ✓ Continue to upgrade city network infrastructure to ensure redundancy and efficiency

City Clerk

*“To uphold constitutional government and the laws of my community;
 To conduct my public and private life as to be an example to fellow citizens and co-workers;
 To never disclose confidential information gained by reason of my position nor use such
 information for personal gain;
 To be ever mindful of my neutrality and impartiality, rendering equal service to all and to ex-
 tend the same treatment I wish to receive myself;
 To impart my profession those standards of equality and integrity that the conduct of the affairs
 of my office shall be above reproach and to merit public confidence in our community;
 To record that which is true and preserve that which is entrusted to me as if it were my own;
 and
 To strive constantly to improve the administration of the affairs of my office through independ-
 ent study, courses, meetings and seminars, and through sound management practices to produce
 continued progress and so fulfill my responsibilities to my community.”*

Fiscal Year 2019-2020 Objectives

- Set up a meeting with the department liaisons to reeducate the Department Records on the Records schedules and the importance of maintaining records up to their retention period as required by law
- Continue working towards achieving an Athenian Dialogue Society Fellow status through the International Institute of Municipal Clerks (IIMC)
- Assist Galveston County in the conduction of our election (s) to make them run as smoothly as possible - May 2020 for City Council Districts B and D
- Continue maintaining all of the City's records, agreements and providing an easier channel for other departments to gather this information, via website or through the "F" Drive
- Codification of the City's adopted ordinances and also updating our Code of Ordinances Book to ensure our ordinances are also in compliance with State and Federal laws

Fiscal Year 2018-2019 Accomplishments

- ✓ Utilized the shred truck, purging records according to the adopted Records Retention Schedules
- ✓ Involved in the hiring of a Deputy City Clerk and created projects for her to accomplish
- ✓ Enrolled Deputy City Clerk in Texas Municipal Clerks Certification Program and the local chapter (Salt-Grass) - for her to obtain her certification status
- ✓ Scanning of all of the Ordinances, Resolutions and City Council minutes since incorporation Deputy City Clerk has almost completed this task as one of her projects
- ✓ Continue updating an Agreement/ Contract system so that upcoming agreements and contracts that will be expiring are placed on agendas in a timely manner
- ✓ Scanned and emailed all of the adopted ordinances during 2019 and sent to Municode for codification. Supplement #11 was successfully codified. Working on Supplement #12
- ✓ Deputy Clerk is reorganizing all electronic files in the City Clerk Folder
- ✓ Attended Annual Election Law Seminar in January 2019
- ✓ Attended Ethics Seminar in League City in June 2019 as required for my second recertification as a Texas Registered Municipal Clerk

Accounting

The mission of the Finance Department is to safeguard the city's assets, to provide transparency to the general public, and to ensure city compliance with all regulations and policies.

Fiscal Year 2019-2020 Objectives

- Prepare and submit fiscal year 2020 budget book to GFOA for Distinguished Budget Presentation award
- Prepare and submit fiscal year 2020 CAFR to GFOA for Certificate of Achievement for Excellence in Financial Reporting Program
- Improve credit rating for the city
- Continue developing a standard departmental procedural manual
- Standardize Chart of Accounts
- Establish internal audit programs and procedures
- Improve efficiency to system data flows and daily process and procedures

Fiscal Year 2018-2019 Accomplishments

- ✓ Updated budget documents to meet requirements to qualify for GFOA Distinguished Budget Presentation Award.
- ✓ Recouped \$303,344.29 in funds from FEMA/TDEM for Hurricane Harvey damages, with an estimated \$477,615 more to be received by FYE.

Municipal Court

The Mission of the Municipal Court is to accurately, expeditiously, and courteously perform the clerical and ministerial duties required in the due process adjudication of misdemeanor violations of the law and ordinances filed in the Municipal Court of the City of La Marque. To impartially administer justice in a fair and efficient manner so that trust and accountability are exemplified to the public we serve.

Fiscal Year 2019-2020 Objectives

- Bring traffic safety awareness to the community by: participating in National Night Out and Municipal Court Week, handing out traffic safety brochures throughout the community, and post more information on Court's webpage
- Enhance court security by: using the existing radio system to notify dispatchers, police officer, fire/EMS of emergencies at the courtroom. This system also has the ability to e-mail and text City Administrators
- Implement new collection program by following up on warrants/FTA by letters and phone calls.
- Installation of Video Magistrate: Judge's can connect anywhere to arraign prisoners which is a big benefit for anyone with medical issues. It is very user friendly and eliminates any judicial security concerns for a Judge.
- Provide services in cases involving juvenile offenders before a court consistent with the court's statutory powers by hiring a Juvenile Case Manager
- Review and make changes to the Zoning Ordinance to change all Thoroughfare Overlay Streets to Zone C-1 General Commercial
- Review and make changes to the allowed uses within the Zoning Ordinance

Fiscal Year 2018-2019 Accomplishments

- ✓ Established Court Security Committee to comply with Senate Bill 42: Section 29.014. This section created a new requirement that the presiding municipal court judge should establish a court security committee within the City. The presiding judge established policies and procedures necessary to provide an adequate court security
- ✓ Proclamation was given by the Mayor in recognizing Municipal Court Week
- ✓ Brought Traffic Safety Awareness to the community by: participating in National Night Out & Municipal Court Week, distributed handouts to members of the community & employees, handed out stickers and safety brochures to individuals at the court window
- ✓ City Marshal participated in the Traffic Stop Safety Video that the police department/city initiated. Presented seminars to the citizens of patrol about municipal court proceedings
- ✓ Participate in the 2019 Great Texas Warrant Roundup using CTY calling system/Launch press release. By teaming up with local law enforcement to enforce Texas Warrant Roundup the City of La Marque was able to clear 384 warrants with a gross of \$83,442.74
- ✓ Purchase and utilized metal detector for added protection and safety that will aid in Legislative Senate Bill 42 - Court Security.
- ✓ Received a new vehicle for the City Marshal

Development Services

The Development Services Department's main function is to continually ensure the quality of life in the City of La Marque through community development, administration of programs for the revitalization of the community and protecting the public from the loss of property or life through efforts related to property maintenance, fire prevention, electrical, mechanical, plumbing and environmental quality.

Fiscal Year 2019-2020 Objectives

- Expansion of the office foot print of the permitting department
- Construct an area within the EDC building for a location to review construction plans and develop a plat library
- The employment of a Plans Examiner/ Licensed MEPs Inspector to review plans and perform city inspections
- Review and make changes to the Thoroughfare Overlay Ordinance by adding all TxDOT streets to the street listings and adding some city owned streets on the listings as well
- Review and make changes to the Zoning Ordinance to change all Thoroughfare Overlay Streets to Zone C-1 General Commercial
- Review and make changes to the allowed uses within the Zoning Ordinance

Fiscal Year 2018-2019 Accomplishments

- ✓ Honed and stream lined the online permitting process which resulted in less walk in traffic into the permitting office. This process has resulted in happier contractors; as a trip to La Marque is not needed when submittals can be emailed into the office, where credit card phone payments are available
- ✓ Set up a user name with the Census Bureau for faster and direct reporting the number of new housing, commercial builds
- ✓ Organized and stream lined the filing systems in permitting department
- ✓ Held 79 pre development meetings, several which have resulted in new commercial developments in La Marque
- ✓ Platted 999 new residential subdivisions
- ✓ Permitted 300 new residential homes resulting in \$68,071,757.49 valuation
- ✓ Permitted 190 Residential - Repair / Remodel resulting in \$2,041,837.28
- ✓ Permitted 17 new commercial construction resulting in \$7,327,612.29 valuation
- ✓ □ Permitted 42 Commercial Repair / Remodel construction resulting in \$2,104,836.00 valuation

Police Department

The City of La Marque Police Department, in cooperation with the citizens of La Marque through community policing, and provides general and specialized law enforcement services to the community of La Marque. The department enforces all local, state, and federal statutes, as well as those adopted by its own governing Council. The City of La Marque Police Department is dedicated to the protection of life and property, the

Fiscal Year 2019-2020 Objectives

- Revise the LMPD Written Directive Manual: This has been a goal carried over from previous years. The La Marque Police Department's Policy manual contains remnants of past administrations. It is necessary to ensure that LMPD Personnel have a clear understanding of the direction that this Department is headed. It is the goal of the La Marque Police Department to contract with a provider to publish the La Marque Police Department's Written Directives manual as well as maintain the manual based on case law and legislative changes. This provider will also provide regular training bulletins that will allow officers to apply the policies to practical scenarios
- Implementation of a weekly briefing disseminated through a video presentation. This project will allow the staff to be regularly apprised of upcoming department events and will keep the staff informed with a uniform message
- The acquisition of high-end video production equipment for the purpose of follow-up informational videos pertaining to traffic stops and other police-citizen interactions
- Finalization and execution of the Cadet program. In FY 2018-2019, the Police Department began working toward the sponsorship of police cadets which would allow us to increase diversity within the police applicant pool. The process has been finalized and we hope to have cadets in the police academy as early as the end of fiscal year 2018-2019

Fiscal Year 2018-2019 Accomplishments

- ✓ The La Marque Police Department accomplished a goal that has been in the works for more than a year. In partnership with the La Marque High School Theater Department, we produced a public information video for publication on the city's Social Media pages as well as on YouTube. The video was produced as an information campaign about traffic stops. The video was designed as an introduction and subsequent videos will dive deeper into the specifics of traffic stops to dispel misconceptions and misunderstandings about traffic stops
- ✓ The La Marque Police Department acquired two surplus military vehicles for use as high-water rescue vehicles. The vehicles were obtained through the Department of Defense's 1033 Program. Access to high-water rescue vehicles has been needed for many years. Tropical Storm Harvey's impact in 2017 highlighted the City's need for the resource. After a thorough search of the DOD database, we were able to locate and acquire one 2015 High Mobility Multipurpose Wheeled Vehicle (commonly known as 'Humvee') with an ambulance enclosure and one M939 5-Ton flatbed cargo truck
- ✓ Even though the La Marque Citizen's Police Academy Alumni Association is independent from the La Marque Police Department, we still work together to benefit the city and the citizens of La Marque through our partnership. The La Marque CPAAA reached a milestone by hosting, for the first time ever, a Region 1 meeting. The meeting brought CPAAA members from across South-East Texas to La Marque and highlighted the great work that is being done through the partnership. We hear comments and accolades that validated the positive steps being made in La Marque. The La Marque Police Department is so very proud of the work being done by the La Marque CPAAA

Fire/EMS Department

The City of La Marque Fire Department is a multi-faceted agency providing varied fire suppression and attendant functions, multi-faceted rescue services, advanced life support, emergency medical services (EMS) pre-hospital care, MICU emergency medical transport service, fire prevention (code enforcement), plans examination and occupancy permitting, hazardous materials mitigation and abatement, public education and community outreach programs. The La Marque Fire Department is a member of a Texas Regional Response Team providing emergency services to the greater Houston area and beyond, in addition to the Galveston County Fire Fighter Mutual Aid System.

Fiscal Year 2019-2020 Objectives

- Continue the ongoing development and continued implementation of an aggressive and comprehensive employee recruitment initiative to afford the selection of the most qualified and suitable applicants while assertively recruiting, attracting and sustaining a multi-cultural and gender diversified “workforce” reflective of our community
- Continue the ongoing development and programmatic expansion of a comprehensive Life Safety Bureau inclusive of inspections, permitting, plans review, investigations, public education and outreach efforts
- Continue the pursuit of enhanced education and vocational training opportunities for all personnel ensuring the best educated, trained and skilled employees in a highly complex and dynamic environment
- Coordinate with ISO Engineers to integrate the previously approved ISO Improvement Plan within the parameters of the newly adopted 2012 ISO Grading Schedule
- Rebuild and promote Community relations throughout the city by implementing a modern Customer Service based program

Fiscal Year 2018-2019 Accomplishments

- ✓ Construction completed and opened a new “Fire Administrative Headquarters, Central Fire Station, and Emergency Operations Center Complex” on the northwest side of La Marque in the amount of \$5.25M
- ✓ Nine (9) new permanent Fire Fighters to partially staff the new fire station. An additional nine (9) Fire Fighters necessary to properly staff the facility will be employed through alternative staffing measures later in 2019
- ✓ Applied for and received a conditional variance from the impending increase to our ISO Insurance Classification from our Class 3 to a Class 4 or 5. Continuation of our present Class 3 rating is dependent on completion and appropriate staffing of our new facility and the acquisition of a new fire apparatus to meet their requirements for three (3) Class A Pumpers capable of delivering 3,500 GPM
- ✓ Continued the placement of new employees in the “Fire Fighter Internship” program to provide for the employment of non-certified personnel to enhance diversity within our workforce by enlarging the universe of qualified and suitable applicants from which to choose
- ✓ Implemented Phase 2 and 3 of the LMFD Leave and Staffing initiative to ensure predictability of staffing patterns and regimented leave consumption which will be followed by Leave Management Directive during 2017
- ✓ Greatly improved the quality and quantity of our public education and awareness functions and, existing commercial properties inspected, plans reviewed for new construction, and permits issued subsequent certificates of occupancy

Library

La Marque Public Library provides materials and services to help community residents obtain information to meet their needs: personally, educationally, and professionally. Special emphasis is placed on supporting students at all academic levels and stimulating the minds of young children in reading and learning. “The Library serves as a learning and educational center for all residents of the community.” (ALA Planning and Role Setting for Public Libraries, 43)

Fiscal Year 2019-2020 Objectives

- Implement updates and revisions to department policies and procedures, including revisions to Library strategic plan
- Establish an in-house training manual, focusing on Library specific guidelines and procedures for new employees
- Continued pursuit of continuing education opportunities both online and in person for all staff to stay updated on public library issues and developments
- Upgrades/improvements to library technology to meet changing community needs
- Devise method for making best use of the space by arranging and maintaining the collection in a way that most effectively connects customers with the information they seek

Fiscal Year 2018-2019 Accomplishments

- ✓ Khambrel Foundation—Library helped with their Kindness Rocks community art project. They also were active participants at several literary events and Fall Festival
- ✓ Animal Alliance of Galveston County—Veterinarians gave programs on responsible pet ownership
- ✓ A&A—Alan Hutchins talked to Lit Club about engineering and helped children build windmills
- ✓ TMNP—Diana Vasquez arranged for a lineman to educate children on safety around electricity
- ✓ Galveston County Community Action Council Head Start—Librarian visited and read stories and shares nursery rhymes with children twice per month
- ✓ Friends of La Marque Library—Provided volunteers and donated funds for library programs
- ✓ La Marque Fire Department—Staff were regular guest presenters at programs on science and safety throughout the year
- ✓ La Marque Lions Club—Donated and served food at Spring Read
- ✓ Texas Parks and Wildlife—Scheduled to give a program on constellations in summer 2019
- ✓ La Marque Garden Club—Led an herb-ology class during Spring Read; maintained garden and flowers at library entrance
- ✓ Galveston County Food Bank—Partnered with the library for their Kidz Pacz program to help alleviate food concerns for children during the summer
- ✓ Galveston Community Band—Performed at the library for the kick-off of summer reading
- ✓ Gulf Coast Center—Led yoga class for Lit Club and talked to teens about positive self-image
- ✓ College of the Mainland—Presented educational program on rocks and minerals
- ✓ 216 registered for the library’s summer reading program—a 42% increase from the previous year
- ✓ There was a 63% increase in summer reading participants who logged at least 10 hours of reading/listening time
- ✓ The library offered 19 programs for children and families this summer with an average attendance per program of 40. This average reflects a 51% increase from the previous year
- ✓ Teen Advocacy Group (TAG) now has regular monthly meetings and a small group of active participants. Teens discuss books and also get experience as leaders by helping plan and coordinate library programs
- ✓ Homeschool Meet and Greet (Living is Learning) is an active group that now meets monthly at La Marque Library. A story about this group was featured in the August 23 edition of The Galveston Daily News
- ✓ Fall Festival in October was a success and continues to grow in popularity each year. Approximately 300 participated in pumpkin painting, a costume contest and trunk-or treat despite muddy conditions from heavy rain the night before
- ✓ LIT Club on Wednesday afternoons now has a regular group of school age attendees who read together, do a group experiment or hear from a guest speaker from the La Marque community
- ✓ An Art Club for all ages that was added to the weekly Tuesday evening calendar. Regular volunteer and local artist, Jerry Steph, leads this program
- ✓ Cooking Club was a series of volunteer-led programs demonstrating how to create fast, healthy meals
- ✓ For the second year, the library held Festive Fun, a series of three holiday-themed craft programs for families on Saturdays in December
- ✓ Library Director, Amy Miller attended Texas Library Association’s Annual Conference in Austin where she participated in a variety of workshops and networked with other library professionals from around the state. She hopes to be a program presenter at next year’s conference
- ✓ Along with other City of La Marque supervisors, Amy participated in a year-long leadership training series with The Management Connection
- ✓ Youth Services Librarian, Terri Walker was a graduate of 2018’s Leadership Mainland program, sponsored by Texas City/La Marque Chamber of Commerce
- ✓ All staff took part in Active Shooter training as well as a half-day class on safety and security in public libraries at Rosenberg Library in Galveston
- ✓ The Career Transitions database was added to our bank of online reference resources, giving cardholders access to resume and cover letter templates, interview simulations and other valuable career assessment tools
- ✓ One AWE Early Learning Literacy station was added in the youth room, allowing children a chance to experience a variety of preloaded, interactive, educational games
- ✓ A new Apple TV was installed in the youth room, enhancing programming and making movie nights easier and more efficient
- ✓ Green screen was added, enhancing the library’s programming and technology options.
- ✓ By using the library instead of purchasing books, audio and DVDs, cardholders saved a total of \$461,146 in fiscal year 2018. As of April 2019, cardholders have saved \$202,877

Public Works

The City of La Marque Public Works Department is entrusted with improving the quality of life of our citizens through, administration, construction, maintenance and operation of existing and development of new, water and sanitary sewer utilities, streets, parks, and storm drainage facilities.

Fiscal Year 2019-2020 Objectives

Shop/Service Center:

- Provide adequate training and personnel to meet the needs of City vehicle & equipment maintenance
- Renovate the Service Center at 1500 Municipal Dr. - Public Works Yard

Streets, Parks & Drainage:

- Develop a rating system (Street Assessment) to prioritize street improvements and create a multi-year funding program to implement improvements (Street- Overlay Project)
- Complete a City-wide Drainage Assessment
- Engineer and construct a project for the Westlawn Subdivision which will relieve the entire neighborhood of its Drainage concerns. (Merry/ Melody)
- Request funding for revitalization of City parks, baseball and football fields

Water and Sewer Line Maintenance Division:

- Complete TGLO water line rehabilitation project, JTM Construction, 40% complete to date
- Initiate and implement a program (Assessment) with repairing and replacing Fire Hydrants, Manholes, Valves (City-wide)
- Initiate multi-year program of water/sewer line rehabilitation and/or replacement. In conjunction with state "Sanitary Sewer Overflow" program, and funds provided, administer the sewer collection system repair/replacement program

Fiscal Year 2018-2019 Accomplishments

- ✓ Completed the Assessment & Feasibility Study for the (2.25MGD) WWTP Expansion
- ✓ Developed a true Capital Improvement Plan "CIP" for the Public Works Department along with Short-term and Long-term goals to achieve
- ✓ Developed crew members into Equipment Operators without hiring outside the organization - Organization Chart is fully staffed to date
- ✓ Developed and implemented projects for the remaining funds of the Hurricane Ike Disaster Recovery Fund
- ✓ Service Center crew members completed the breakdown of all the brass from the AMI Meter Project saving the City money
- ✓ Renovation of Building "C", the new PW - Administration Office has commenced and will be completed in a few months
- ✓ The PW Yard- 1500 Municipal is now clear of debris. For decades, the yard has been utilized as a so-called "Landfill" for the City
- ✓ Emergency repairs: booster pump at 1764 Well Site, 75 hp pump at Mark 45 LS, repaired "guide rails" a 8" Pump at Cedar LS, pumps at WWTP Headworks LS replaced (TCEQ NOI), 6th ST LS manhole removed and replaced
- ✓ UT-22 repaired: 650 Water Leaks, 4,800 LF of sanitary (collection) lines, 848 Sewer back-ups, installed 15 water taps, 12 sewer taps

Emergency Management

The City of La Marque Emergency Management division is responsible for the planning, preparation, and reductions of the impact of any type of disaster that could strike the city. The city periodically performs different types of emergency response exercises in order to meet the state and federal guidelines and measure the preparedness level of all departments.

Code Compliance

The mission of the Code Compliance division is threefold in nature: Work to protect the public's health, work to improve the quality of life and work to create a safer community for the citizens of La Marque. These goals are achieved through the consistent enforcement of our adopted codes to increase public safety and awareness, by adjusting to the needs of our community, by staying abreast of the latest information, through continuing education, and by providing the best possible customer service.

Fiscal Year 2019-2020 Objectives

- Safeguard the public health, safety and welfare through comprehensive and timely permit plan reviews, extensive building inspections, issuance of Certificates of Occupancies, in addition to continued education of employees
- Ensure public health, safety and welfare insofar as they are affected by the continued occupancy along with maintenance of structures as well as premises
- Stop, prevent and correct neglected, deteriorated property as to its effects on the appearance, quality of life within the neighborhood and overall property value. Sustain a clean, habitable city environment through an all-inclusive commitment to inspect and maintain a healthy community
- Assist and educate the community with questions and concerns about public health, safety and welfare within the built environment through open informal neighborhood meetings, public announcements, and informative handouts

Utility Billing

The Utility Billing Department provides the billing services for water, sewer, garbage, and contributions for the Keep La Marque Beautiful Commission and Parks Board. The office provides customer service for the citizens of La Marque. The department is also responsible for billing and collection of the sanitation service provided by a contracted service. Our department establishes new service accounts, receives deposits, obtains and processes bank draft applications, collection of insufficient fund checks, penalty processing and collection of overdue accounts.

Fiscal Year 2019-2020 Objectives

- Create new website for department
- Update Operating Procedures
- Create Utility Billing Manual
- Implement Sensus AMI Reporting to help minimize water loss by establishing internal audit procedures to capture discrepancies in a timely manner
- Begin collection on all outstanding utility billing debt

Fiscal Year 2018-2019 Accomplishments

- ✓ Completion of the AMI Project
- ✓ Document Imaging for customer records
- ✓ New procedures for customer service via phone & email services
- ✓ Implemented new cash handling procedures

Economic Development Corporation

One of the primary goals of the EDC is to help create wealth for the City of La Marque. This can be accomplished with a multi-faceted approach that primarily consists of business expansion, business retention, business recruitment, infrastructure improvement, job creation, capital investment, and retail and industrial development.

Fiscal Year 2019-2020 Objectives

- One of the primary goals is to help create wealth for the City of La Marque. This can be accomplished with a multifaceted approach that partially consists of efforts that assist business expansion, business retention, business recruitment, infrastructure improvement, job creation, capital investment, retail and industrial development. Economic diversity will help create sustainable wealth for the City of La Marque

Fiscal Year 2018-2019 Accomplishments

- ✓ None of the following accomplishments would be possible without the dedication and support of city council, city staff, and the community as a whole
- ✓ Since 2012, sales tax revenues have risen roughly 70%. The City of La Marque currently receives more revenue via sales tax than property tax
- ✓ For the second year in a row, the EDC received a certificate of achievement for economic excellence from the Texas Economic Development Council
- ✓ The La Marque Economic Development Corporation has aggressively targeted retailers that are not adequately represented in our retail trade area. An effort to aggressively recruit another grocery store and additional hotels are in the works as well
- ✓ Also, over the past year, the EDC has successfully worked to recruit new business to the City of La Marque and continues to work with prospects. Business retention efforts are also ongoing
- ✓ The number one critical issue identified in the 2015 strategic plan was blight reduction. As a result, the EDC budgeted funds to help start a blight reduction pilot program. A city employee was hired to help increase efficiency in an effort to aggressively address blight. The EDC also purchased the vacant building at 1130 1st Street and moved its offices to this location. This was done in part to potentially serve as the cornerstone of a larger revitalization effort in our business district. Texas A&M University, through the Texas Coastal Watershed Program worked with residents, staff, and business owners to develop a customized plan for our business district. The long-term goal is for this area to be renewed so it can continue to be a stable, but more vibrant economic engine for our city

Legal Debt Margin

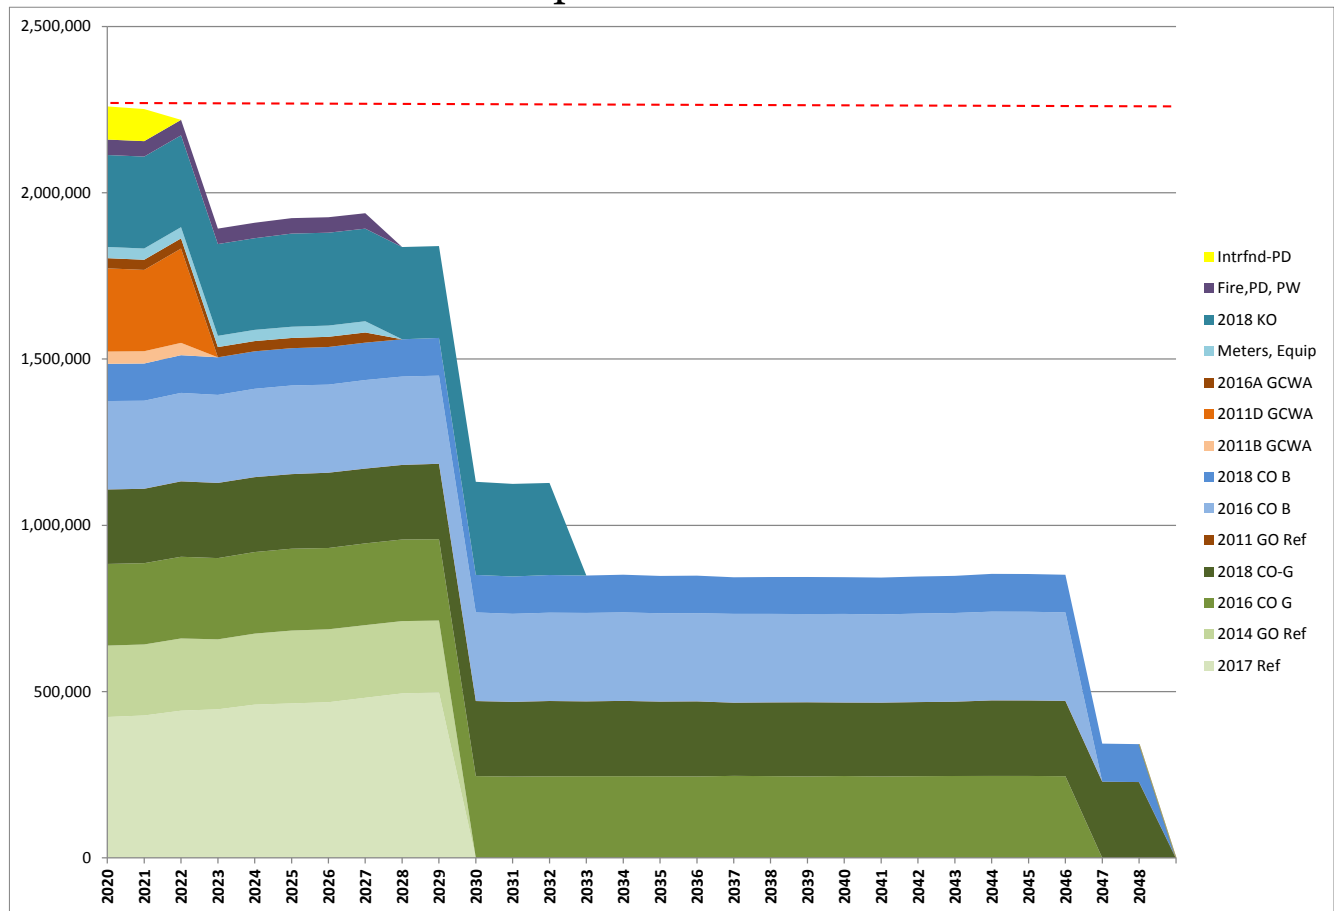

Article XI, Section 5 of the Texas Constitution applicable to cities of more than 5,000 population limits ad valorem tax rates to \$2.50 per \$100 assessed valuation for cities operating under a Home Rule Charter.

The legal debt margin amount is important in that it represents the net amount of external financing resources that is available to the City through the issuance of debt whose repayment is guaranteed through a pledge of a full faith and credit of the City's ad valorem taxes.

The legal debt margin is calculated at any point in time by deducting the amount of the current outstanding tax-supported debts from the statutory debt limit. The purpose for determining this calculation is to determine the maximum amount of new debt that could be legally issued should the need arise. As provided by law, the issuance of revenue bonds does not count against the legal debt margin.

Allowable levy per \$100 valuation:	\$2.50
Portion of tax rate for debt service:	.094190
Total tax rate:	.550764
Debt percentage of assessed valuation:	17.1%
Legal debt margin:	\$23,697,229

Financial Policies

Introduction

The Financial Policies are a result of the desire of the City Council and staff to establish a basic framework for the fiscal management of the City. The policies encompass requirements of the City Charter and the Texas Local Government Code. The policies provide a format to evaluate the City's operations and the authoritative procedures by which the City conducts its financial affairs.

Fiscal Year

The City operates on a fiscal year beginning on October 1 and ending on September 30 of the succeeding year. The fiscal year will also be established as the accounting and budget year in compliance with the City's charter.

Budget Administration

The City uses a program/project based budget approach to operating expenditures. Each year every activity, program, and project is evaluated as new; and costs are analyzed on a line by line basis.

The Annual Budget includes appropriations for all City operating funds. Capital projects funds are presented separately in a dedicated section. Appropriations for the annual operating budget lapse at the end of each fiscal year. Appropriations for capital projects carry over until projects completion.

Budget appropriation shall NOT exempt buyer departments from following procurement statutes and Council adopted Purchasing policy requirements.

Under the City's budgetary process, outstanding encumbrances at the end of the fiscal year are reported as reservations of fund balances; they do not constitute expenditures or liabilities.

Control and Accountability - Each Director, appointed by the City Manager, will be responsible for the administration of his/her departmental budget. This includes accomplishing the Goals and Objectives adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Directors may transfer funds within the operations and maintenance or capital line items other than personnel related line items category within a departmental budget with additional approval of City Manager and Finance Director. Only City Manager and Finance Director can transfer Personnel line items within each fund. All agenda items impacting City budget including those requiring budget amendments must be approved by City Manager and verified by Finance Director before submission to City Clerk for Council packets.

Under Article VIII Section 8.07, the city manager may at any time transfer any unencumbered appropriation balance or portion thereof between general classifications of expenditures within an office, department or agency. At the request of the city manager and within the last three months of the budget year, the council may by resolution transfer any unencumbered appropriation balance or portion thereof from one office, department or agency to another. In addition, the City Council adopted Resolution R-2015-0025 Which clarifies "agency" to mean "fund" whereby the City Manager may transfer any unencumbered appropriated funds across departments, programs, and divisions within the same fund any time during each fiscal year.

Basis of Accounting and Budgeting

The City of La Marque's annual budgets shall be prepared and adopted on a basis consistent with generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB) for all governmental and proprietary funds.

Accordingly, all governmental fund budgets are presented using the current resource measurement focus and modified accrual basis of accounting. Under this method of accounting, revenue and other governmental fund resources are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both "measurable and available" to finance current operating expenditures for the fiscal period.

Property tax revenue recognition, "available" means property tax revenue is recognized currently if levied before the fiscal year end and collected within 60 days after the fiscal year end (considered the availability period).

Sales taxes, franchise fees, hotel occupancy taxes, permit fees, fines and forfeitures, charges for services, and miscellaneous revenue are recorded as revenue when cash is received.

Revenues

For every annual budget, the City will levy two property tax rates: maintenance & operations and debt service. The debt service levy shall be sufficient for meeting all principal and interest payments associated with the City's outstanding tax-supported debt for that budget year. The debt service levy and related expenditures shall be accounted for in the General Debt Service fund. The maintenance & operations levy shall be accounting for in the General Fund.

Revenues are budgeted conservatively using an objective approach to analyze historical data and inherent trends. Adjustments are made to account for known events and projected economic activity within the city and surrounding areas. Revenue from "one-time" or limited duration sources will not be used to pay for recurring expenditures within the City's budget.

Restricted revenue shall only be used for the purposes legally permissible and in a fiscally responsible manner.

On an annual basis, the City will set fees and rates at levels to recover total direct and indirect operating costs, including capital outlay and debt service.

The City will follow an aggressive policy of collecting all revenues by reviewing its receivables annually and implementing collection procedures to obtain all revenues due to the City in a timely manner.

Expenditures/Expenses

The City will budget, account, and report detailed expenditures in the following categories: Personnel, Supplies, Maintenance, Services, Debt Service, Capital Outlay, Transfers, and Other Financing Uses.

The City will constantly strive to improve the level of service for its citizens without an increased level of cost. The City will also seek to reduce the cost of the current level of services provided through innovative programs and initiatives.

Personnel expenditures will reflect the minimum staffing necessary to maintain the established quality and scope of city services. The City will maintain a market-competitive compensation and benefit package to attract and retain quality employees.

The City will provide for adequate maintenance of capital assets and for their timely replacement. Each division shall project future capital requirements for a minimum of five years in order to accommodate the acquisition of capital outlay while maintaining a consistent level of expenditures for each budget year.

Cash Management/Investment Policies

Investments and cash management will be the responsibility of the Director of Finance.

City funds will be managed in accordance with the prudent person standard with an emphasis on safety of principal, liquidity, and yield, in that order.

Investments of the City will be made in accordance with the City's adopted Investment Policy.

The City will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Cash is combined into one pooled operating account to facilitate effective management of the City's resources and to maximize yield from the overall portfolio.

The Director of Finance shall present reports of the City's investments and cash position quarterly to the Mayor and City Council.

Accounting, Auditing, and Financial Reporting Policies

The City's accounting system will be maintained in accordance with generally accepted accounting principles. The City places continued emphasis on the maintenance of an accounting system that provides strong internal budgetary and accounting controls designed to provide reasonable, but not absolute, assurances regarding the safeguarding of assets.

Monthly, the Finance Director shall submit to the City Council, a report covering the financial condition of the City. The financial report will compare actual revenues and expenditures to budgeted amounts for all major funds.

The City of La Marque issues a Comprehensive Annual Financial Report (CAFR) within six months of the close of the previous fiscal year. The CAFR will be submitted to the Government Finance Officers Association for peer review as part of the Certificate of Achievement for Excellence in Financial Reporting program. All reports prepared by the auditors, and management's response to those reports, will be presented to the Mayor and Council at a regularly scheduled Council meeting.

An independent audit of the City of La Marque is performed annually. The auditor's opinion will be included in the City's CAFR. The City will strive for an unqualified auditor's opinion.

Fund Balance/Reserve Policies

The City's Fund Balance Policy in compliance with Governmental Accounting Standards Board Statement 54. Included in the policy are the following provisions:

The City Council is the government's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Council at a City Council meeting. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The City Council may assign fund balance to a specific purpose in relation to this fund balance policy. By resolution, the Council has also authorized the City Manager and the Director of Finance to assign fund balance. Assignments of fund balance by the City Manager and Director of Finance do not require formal action by the City Council; however, each assignment must be approved by both authorized officials before the item can be presented in the financial statements.

The City will strive to maintain an unassigned fund balance of not less than 25% of the budgeted operational expenditures in all City funds. Due to the volatile nature of a majority of its revenues, it is not deemed excessive for the City to maintain fund balance in the General Fund at levels greater than 33% of the budgeted operational expenditures. The purpose of this unassigned balance is to alleviate significant unanticipated budget shortfalls and to ensure the orderly provisions of services to citizens. Should unassigned fund balance fall below the goal or has a deficiency, the City will seek to reduce expenditure prior to increasing revenues to replenish fund balance within a reasonable time frame.

The City will try to avoid using fund balances for recurring operational expenditures. To the extent that the unassigned fund balance exceeds the minimum target, the City may draw upon the fund balance to provide cash financing for capital projects or other one-time purchases.

BUDGET CONTINGENCY PLAN

This policy is designed to establish general guidelines for managing revenue shortfalls resulting from local and national economic downturns that adversely affect the City's revenue streams.

Immediate Action - Once a budgetary shortfall is projected, the City Manager will take the necessary actions to offset any revenue shortfall with a reduction in current expenses. The City Manager may:

1. Freeze all new hire and vacant positions except those deemed to be a necessity.
2. Review all planned capital expenditures.
3. Delay all “non-essential” spending or equipment replacement purchases.

The City Manager shall report in a timely manner to the City Council the projected shortfall and the actions taken to resolve it.

Further Action -. If the actions identified in subsection “A” are insufficient to offset the projected revenue deficit for the current fiscal year, the City Council may approve the following actions, in the order listed:

1. Apply unspent, unobligated surplus funds from prior fiscal years to fund one-time costs in the current fiscal year budget.
2. Authorize a reduction in the unobligated fund balance in the General Fund for contingency reserve from 90 to 75 days.
3. Direct other reductions in services, including workforce reductions.

Replenish Fund Balance - As soon as practicable, without placing undue strain on city services, the City Council shall increase the unobligated fund balance in the General Fund, up to the 90-days for contingency.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category—spending those funds first—before moving down to the next category with available funds.

Debt Management Policies

The City will maintain debt management practices that will provide for the protection of bond ratings; the maintenance of adequate debt service reserves; compliance with debt covenant provisions; and appropriate disclosure to investors, underwriters and rating agencies.

The term of any City debt issue, including lease purchases, shall not exceed the useful life of the assets being acquired by the debt issue.

All debt issuance shall comply with Federal, State and City charter requirements and adhere to Federal arbitrage regulations.

Capital Projects

Capital Projects shall be submitted to the City Council for approval and shall include the following items:

- ⇒ A summary of the proposed programs;
- ⇒ A list of all capital improvements which are proposed
- ⇒ The cost estimates, method of financing, and time schedules for each such improvement; and
- ⇒ The estimated annual cost of operating and maintaining the facilities to be constructed or acquired.

The City will develop a multi-year capital projects plan and update it annually. The City will estimate the costs and potential funding sources for each capital project included in the plan.

The City shall utilize the most beneficial method of financing capital projects from the following sources: cash, bonds, short-term notes, joint financing with other governmental entities, special assessments, and federal and state grant programs or any financing mechanisms.

The City will carry out the capital improvements plan and fund the capital project budgets in accordance with the capital projects plan.

The City will include the cost of operations of the capital project in the operating budget during the year of completion. Future operating costs associated with the new capital projects will be projected and included in the operating forecasts.

Long-Term Financial Plan

The City Council establishes long-term financial plan that projects futures revenues, expenditures, fund balances, and cash flow needs. The projections shall be updated as changes occur during this year.

The plan is reviewed on an annual basis and adjusted, if necessary, to meet the needs of the City.

The annual budget shall be prepared in conjunction with the long-term financial plan's goals and objectives.

GLOSSARY OF TERMS

ACCOUNT - A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control or fund balance.

ACCRUAL ACCOUNTING - The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether or not cash disbursements are made at that time).

AD VALOREM TAXES - Real estate and personal property taxes. Ad Valorem is defined by Webster's New World Dictionary as "in proportion to the value". The taxes are assessed on a portion of the value of the property based on actual taxable value received from the property appraiser and millage rate set by City Council.

APPROPRIATION - Authorization granted by a legislative body (City Council) to incur obligations for specific purposes. An appropriation is limited in amount to the time it may be expended.

ASSESSMENT - The value for tax purposes determined by the property appraiser for a given piece of real or personal property.

ASSETS - Property owned by the city government, which has monetary value.

BALANCED BUDGET - A balanced budget occurs when the total sum of money a government collects in a year is equal to or more than the amount it spends on goods, services, and debt interest.

BOND - A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

BONDED DEBT - The portion of indebtedness covered by outstanding bonds which includes general obligation promissory notes that are backed by approved, irrevocable future tax levies for debt service.

BOND ISSUE - Bonds sold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period, and the proposed means of financing them.

BUDGET CALENDAR - The schedule of key dates which the City Council follows in the preparation and adoption of the budget.

BUDGET ORDINANCE - The official enactment by the City Council establishing the legal authority for officials to obligate and expend resources.

BUDGETARY ACCOUNTS - Those accounts necessary to reflect budget operations and conditions, such as estimated revenues, appropriations, and encumbrances, as distinguished from proprietary accounts.

BUDGETARY CONTROL - The control or management of the business affairs in accordance with an approved budget, with a view toward keeping expenditures within the authorized amount.

CAFR - An acronym meaning Comprehensive Annual Financial Report.

CDBG - An acronym meaning Community Development Block Grant.

CPR - An acronym meaning Cardiopulmonary Resuscitation.

CAPITAL IMPROVEMENTS PROGRAM - A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount and the method of financing.

CAPITAL OUTLAY - An expenditure that results in the acquisition of fixed assets or additions to fixed assets, which are presumed to have benefits for more than one year. Includes expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, and major fixed or movable equipment costing more than \$5,000 per unit or set.

CAPITAL PROJECT FUND - The fund used to record resources and expenditures for the acquisition and improvement of sites, for acquisition, construction, equipping, and renovation of plant assets and for the purchase of fixed or movable equipment.

CERTIFICATE OF OBLIGATION - A debt instrument that is issued by the City and has the same legal status as a general obligation bond. However, certificates of obligation are not authorized by the voters.

CHART OF ACCOUNTS - The classification system used by a city to organize the accounting for various funds.

CITY MANAGER'S MESSAGE - A general discussion of the proposed budget, as presented in writing by the budget-making authority, to the legislative body.

CLASSIFICATION - A systematic arrangement of items into classes or related groups for analytical or control purposes.

CONTINGENCY - Funds that are not earmarked for a specific purpose and may be used for emergency expenses or to make up cost overruns during a budget year.

CURRENT ASSETS - Cash and other assets that are available to be used in operations within the next twelve months.

CURRENT LIABILITIES - Short-term liabilities whose liquidation is reasonably expected to require the use of assets or the creation of additional liabilities within the next twelve months.

DEBT - An obligation resulting from borrowing of money or from the purchase of goods or services.

DEBT LIMIT - The maximum amount of gross or net debt legally permitted.

DEBT SERVICE - The expense of retiring such debts as loans and bond issues.

DEBT SERVICE FUND - A fund established to finance and account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Also called a SINKING FUND.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DEPRECIATION - The periodic expiration of a plant asset's useful life. There are several methods for computing depreciation. Straight line, which is the most common, divides the value of the asset at acquisition by its estimated useful life. This amount is then charged to expense until the asset is fully depreciated.

EMS - An acronym meaning Emergency Medical Services.

ENCUMBRANCES - Commitments related to unperformed contracts for goods or services used in budgeting. Encumbrances are not expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUND - A fund established to finance and account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Examples of Enterprise Funds are those of water and sewer service.

EXPENDITURES - (Used for General Fund Types) Total charges incurred, whether paid or unpaid, which are assumed to benefit the current fiscal year.

EXPENSES - (Used for Non General Fund Types) the cost of goods or services incurred in the operation which cannot be charged to asset accounts.

FEMA - An acronym for the Federal Emergency Management Agency.

FISCAL YEAR - A twelve-month period of time to which the annual budget applies and at the end of which a city determines its financial position and results of operations.

FULL FAITH AND CREDIT - A pledge of the General Taxing power of a government to repay debt obligations (typically used in reference to bonds).

FUND - An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE - The difference between governmental fund assets and liabilities.

GAAP - An acronym for Generally Accepted Accounting Principles. GAAP provides uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

GASB - An acronym for the Government Accounting Standards Board.

GFOA - An acronym for the Government Finance Officers Association.

GENERAL FUND - The fund that is available for any legal authorized purpose and which is therefore used to account for all activities except those required to be accounted for in another fund. Note: The General Fund is used to finance the ordinary operations of a governmental unit.

GENERAL OBLIGATION BONDS - Bonds, for whose payments, the full faith and credit of the issuing body are pledged. More commonly, but not necessarily, general obligation bonds are considered to be those payable from taxes and other general revenues.

GOVERNMENTAL FUND - A fund established to account for the sources, uses and balances of a Government's expendable "general government" financial resources (and the related current liabilities). Examples include the General, Special Revenue, Capital Projects and Debt Service Funds.

GRANT - A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function.

INCOME - This term is used in accounting for governmental enterprises and represents the excess of the revenues earned over the expenses incurred in carrying on particular phases of an enterprise's activities. The excess of the total revenues over the total expenses of the utility for a particular accounting period is called "net income."

INTERFUND TRANSFERS - Transfer among funds. These are utilized to track items for management purposes. They represent a "double counting" and, therefore, are subtracted when computing a net operating budget.

INTERNAL SERVICE FUND - Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

LEVY - The total of taxes or special assessments imposed by a governmental unit.

LOCAL TAX LEVY REVENUE - Revenue of a district, which is derived from taxes levied on, equalized property value within a district.

MIS - An acronym for Management Information Systems.

MODIFIED ACCRUAL - The method of accounting under which revenues are recognized when they are both measurable and available to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.

NON-OPERATING INCOME - Income of governmental enterprises of a business character which is not derived from the operation of such enterprises. An example is interest on investments or on bank deposits.

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending,

and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING EXPENSES - As used in the accounts of governmental enterprises of a business character, the term means such costs that are necessary to the maintenance of the enterprise, the rendering of services for which operated, the sale of merchandise, the production and disposition of commodities produced, and the collection of the revenues.

OTHER FINANCIAL SOURCES - Governmental fund general long-term debt proceeds, operating transfers-in and material proceeds of fixed asset dispositions. Such amounts are classified separately from revenues.

OTHER FINANCIAL USES - Governmental fund operating transfer-out. Such amounts are classified separately from revenues.

PFIA - An acronym meaning Public Funds Investment Act.

PERSONAL PROPERTY - Livestock, commercial equipment and furnishings, attachments to mobile homes, railroad cars and similar possessions that are taxable under state law.

PERSONAL SERVICES - Costs related to compensating employees including salaries, wages and benefit costs.

PID - Acronym for Public Improvements District.

PRINCIPAL OF BONDS - The face value of the bonds.

PROPERTY APPRAISER - Elected county official responsible for setting property valuations for tax purposes and preparing the annual tax roll.

PROPRIETARY FUND - A fund established to account for a government's continuing business-type organizations and activities. All assets, liabilities, equities, revenues, expenses and transfers pertaining to these business organizations and activities are accounted for through proprietary funds. Both enterprise and internal service funds are classified as proprietary funds.

PURCHASE ORDER - A written request to a vendor to provide material or services at a price set forth in the order and is used as an encumbrance document.

RFP - An acronym for Request for Proposal.

RFQ - An acronym for Request for Qualification.

REAL PROPERTY - Land and the buildings and other structures attached to it that are taxable under state law.

REVENUE - An increase in (source of) fund financial resources other than from interfund transfers or debt issue proceeds.

REVENUE SHARING - Federal and State money allocated to local governments.

SETTRAC - An acronym meaning Southeast Texas Trauma Regional Advisory Council.

SOURCE OF WORKING CAPITAL - A transaction that results in net increase in working capital.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

STEP - An acronym for Speed/Traffic Enforcement Program.

TEEX - An acronym meaning Texas Engineering Extension Service.

TIRZ - An acronym meaning Tax Increment and Reinvestment Zone.

TxDOT - An acronym meaning Texas Department of Transportation.

TAX BASE - The total property valuations on which each taxing agency levies its tax rate.

TAX LEVY - The total amount to be raised by general property taxes for purposes specified in the Tax Levy Ordinance.

TAX RATE - The amount of tax levied for each \$100 of assessed valuation.

TAX ROLL - The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority.

UASI - An acronym meaning Urban Area Homeland Security.

WORKING CAPITAL - The amount by which total current assets exceed total current liabilities.

AAA GRANT - Proceeds from the Area Agency on Aging (AAA) grant which is used to provide meals to senior citizens.

CHART OF REVENUE ACCOUNTS

ACCIDENT REPORT FEES- Proceeds from a fee charged to individuals for copies of police accident reports.

ALARM PERMITS - Proceeds from citizens for a permit that allows them to have a security alarm at the residence or business.

ALCOHOLIC BEVERAGE PERMIT- Proceeds from the license process for establishments selling alcoholic beverages within the City limits.

BINGO TAXES - Proceeds from the assessment of taxes on bingo operations held within the City limits.

BUILDING PERMITS - Proceeds from individuals for a permit which allows them to construct a structure.

BURIAL PERMIT-Proceeds from city owned cemetery.

CHARGES TO DEPARTMENTS - Proceeds from a charge to various City Departments to cover the cost of providing health care coverage for City employees.

COBRA CONTRIBUTIONS - Proceeds from individuals who elect to receive health insurance under the Comprehensive Omnibus Benefits Reconciliation Act.

COIN OPERATED MACHINE LICENSE-Proceeds from the licensing of coin operated machines.

COMMERCIAL SOLIDWASTE - Proceeds from a user fee for the provision of solidwaste pickup and disposal for commercial customers located in the City limits.

COMMUNITY ROOM RENTAL-Proceeds from the rental on City Community Room.

COMPREHENSIVE REHABILITATION FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CONTRACT FIRE PROTECTION - Proceeds from a contract with industries located outside the

CONTRIBUTIONS TO VICTIMS OF CRIME - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CRIMINAL JUSTICE PLANNING FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CURRENT PROPERTY TAXES - Proceeds from the assessment of ad valorem taxes on taxable property located in the City Limits of the City. These proceeds are used for operations and maintenance in the General Fund and to service debt in the Debt Service Fund.

DELINQUENT TAXES - Proceeds from property taxes assessed in prior years but were not collected until the current year.

DEMOLISHING PERMITS - Proceeds from individuals desiring a permit to demolish a structure.

DOCUMENT REPRODUCTION - Proceeds from individuals who have requested certain information that had to be reproduced by City Employees.

ELECTRICAL PERMITS - Proceeds from individuals who are having electrical installations or modifications performed within the City limits.

ELECTRICIANS LICENSES - Proceeds from the licensing process of individuals desiring to perform electrical work within the City limits.

EMPLOYEE CONTRIBUTIONS - Contributions made by City employees who desire to have their eligible dependents covered by the City's health plan.

EMS CONTRACT REVENUE - Proceeds from a contract with industries located outside the City limits for assistance in Emergency Medical Services.

EMS PATIENT REVENUE - Proceeds from a user fee for services rendered by the City's Emergency Medical Services operation.

FINGER PRINTING-Proceeds from fingerprinting individuals.

FRANCHISE FEES/CABLE TV (TCI) - Proceeds from a franchise fee on cable television companies operating within the City limits.

FRANCHISE FEES/ELECTRICAL (CENTERPOINT) - Proceeds from a franchise fee on electric service within the City limits.

FRANCHISE FEES/GAS (CENTERPOINT) - Proceeds from a franchise fee on gas service within the City limits.

FRANCHISE FEES/TELEPHONE - Proceeds from a franchise fee on telephone service within the City limits.

GRANT REIMBURSEMENTS - Proceeds from reimbursements from federal agencies as their portion of preapproved projects.

HOTEL/MOTEL OCCUPANCY TAX - Proceeds from the collection of taxes imposed on a person who pays for a room which used for sleeping in a hotel.

INMATE TELEPHONE RECEIPTS-Proceeds from inmates making telephone calls.

INTEREST INCOME - Proceeds received on the investment of idle City funds.

LAW ENFORCEMENT OFFICERS EDUCATION FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

LEASE OF CITY PROPERTY - Proceeds from the leasing of City facilities not covered elsewhere in the revenue structure.

MECHANICAL PERMIT- Proceeds from individuals who are having heating and or air conditioning installations or modifications performed within the City limits.

MISCELLANEOUS LICENSES, PERMITS & FEES - Proceeds from individuals for licenses, permits or fees that do not have separate revenue accounts.

MISCELLANEOUS REVENUE - Proceeds for miscellaneous items that are not accounted for in other revenue accounts.

MUNICIPAL COURT FINES- Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

MOBILE HOME PARK LICENSES - Proceeds from the licensing process of mobile home parks.

MOWING & DEMOLITION - Proceeds from property owners who have had their property mowed by the City because of the property owner's failure to comply with City ordinances regarding high weeds.

MUNICIPAL COURT JUDGES TRAINING TAX - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

MUNICIPAL COURT FINES - Proceeds from a state imposed charge to individuals who violate certain municipal ordinances or state laws.

PARK RENTAL-Proceeds from park rental

PENALTIES - Proceeds from the assessment of late charges for water, sewer, and garbage customers and/or taxpayers who are late in paying their bills.

PIPELINE APPLICATION PERMITS - Proceeds from application permits for installation of pipelines in one of the City's pipeline corridors.

PIPELINE ASSESSMENTS - Proceeds from an annual assessment fee for companies that have pipelines in one of the City's pipeline corridors.

PLUMBING PERMITS - Proceeds from individuals who are having plumbing installations or modifications performed within the City limits.

PUBLIC INFORMATION REQUEST-Proceeds from public that request information on public open records.

PUBLIC SAFETY GRANTS - Proceeds from grants that relate to Public Safety (Police Department activity).

RESIDENTIAL SOLIDWASTE - Proceeds from customers for the pickup of residential solid waste.

REZONING FEES - Proceeds from an application fee from individuals desiring to rezone certain areas within the City limits.

SALE OF EQUIPMENT - Proceeds from the sale of surplus or obsolete items at the annual City auction.

SALE OF GARBAGE BAGS - Proceeds from the sale of garbage bags to the City's residential solid waste customers.

SALE OF SEWER - Proceeds from the receipt and treatment of sanitary sewage in the City's Utility Fund.

SALE OF WATER - Proceeds from the sale of potable water in the City's Utility Fund

SALES TAX - Proceeds from the one percent local option sales tax on taxable goods sold or consumed in the City of La Marque. This tax is collected by the State of Texas on behalf of the City and is forwarded to the City each month.

SERVICE FEES - Proceeds from an assessment to individuals or companies who have submitted to the City a check that has been rejected by their bank.

TAX PENALTY AND INTEREST - Proceeds collected, in accordance with state law, from late taxpayers for penalty and interest on current year amounts outstanding.

TEMPORARY CONNECTS - Proceeds from a user fee for temporary connections to the City's water and sewer system.

TRANSFER FROM GENERAL FUND - Transfer of funds from the City's General Fund.

TRANSFER FROM HOTEL/MOTEL FUND - Transfer of funds from the City's Hotel/Motel Fund.

TRANSFER FROM GCWA FUND - A transfer from the Gulf Coast Water Authority to the General Fund. This amount represents cost recovery for services rendered the fund by other City operations.

TRANSFER FROM UTILITY FUND - A transfer from the Utility Fund to the General Fund. This amount represents cost recovery for services rendered the fund by other City operations as well as a payment in lieu of ad valorem taxes.

WARRANT FEES - Proceeds from fees that may be imposed for the issuance and service of arrest warrants issued out of municipal court.

WATER METERS - Proceeds from the installation of water meters.

WATER RECONNECT FEES - Proceeds from a charge to utility customers to have their water reconnected after service has been temporarily disconnected for non-payment of services rendered.

WATER TAPS - Proceeds from a user fee charged to utility customers who desire to be connected to our water system at a location that did not previously have service.

WRECKER PERMITS - Proceeds from individuals desiring a permit to operate a wrecker service in the City.
