

City of La Marque Adopted Budget

FY 2018-19

City of La Marque, Tx

Fiscal Year 2018-19

Adopted Budget

Cover Page

This budget will raise more revenue from property taxes than last year's budget by an amount of \$185,240.68, which is a 4 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$113,594.

The members of the governing body voted on the adopted budget were as follows:

FOR: Bobby Hocking, Mayor
 Keith Bell, Mayor Pro-Tem/District A
 Chris Lane, District B
 Robert Michetich, District C
 Casey McAuliffe, District D

AGAINST: 0

PRESENT and not voting: **0**

ABSENT: 0

Property Tax Rate Comparison

	2018-19	2017-18
Property Tax Rate:	\$0.490764/100	\$0.490764/100
Effective Tax Rate:	\$0.485918/100	\$0.471807/100
Effective Maintenance & Operations Tax Rate:	\$0.606633/100	\$0.577924/100
Rollback Tax Rate:	\$0.561158/100	\$0.550912/100
Debt Rate:	\$0.075362/100	\$0.048531/100

Total debt obligation for City of La Marque, Texas secured by property taxes: \$14,527,000.

CITY OF LA MARQUE MISSION STATEMENT

On behalf of the citizens of La Marque the City Council shall assure the safety, health, and well-being of our community within the bounds of fiscal responsibility while preserving and advancing the quality of life for its citizens.

July 16, 2018

Honorable Mayor and Councilmembers:

Every year I determine a theme as an introduction to Council's intentions to allocate funding for services to our citizens. For Fiscal Year 2018-2019, I propose "Paving the Way to Quality-of-Life Amenities" to continue improvements within the La Marque community. Our citizens will be invited to participate in determining quality-of-life amenities they desire and deserve, which will make La Marque even more attractive to families who wish to live in small, but progressive and energetic cities.

Each of the previous seven years has been focused on setting the foundation for eventual "fun" quality-of-life projects in anticipation of this growth, beginning with:

- re-establishing solid accounting practices including responsible forecasting and controlled spending;
- improving department functions required to provide basic services to the community;
- renewing a balance of revenues and expenses, needs of the community and delayed needs of the employees;
- continuing to provide essential services within a tax rate rollback of \$0.02;
- focusing funds and efforts to implement projects identified in a new Strategic Plan; and
- improving efficiency and effectiveness of the wastewater treatment plant; which brings the City to the current budget year.

Fiscal Year 2017-2018 has been one of high energy activity needed for improving the City's infrastructure. This category involved extensively repairing and replacing deteriorated aged water and sewer lines, which were exacerbated by Hurricane Harvey in August, followed by a harsh January of multiple below freezing days; installing water meters to assist in locating and resolving lost revenue water; constructing the City's first brand new facility for Public Safety as a Fire Station / Emergency Operations Center, with space allocated for Police as a temporary sub-station.

La Marque, as the second fastest growing city in Galveston County, has seen a growth rate of 10.9% from 2010-2017. This growth rate impacts existing City infrastructure and work load on existing City staff. Due to the increased requests for services by La Marque citizens, staff requested increased funds for operations, staffing, Capital Outlay (equipment, vehicles, projects, programs) and for Capital Improvements Projects (CIP). To assist City Council with determining requests to fund, I have included an additional category on each department's/fund's summary page. The "Excluded from FY 2019," column indicates the amount removed by the City Manager and Finance Director in order to balance the budget, (although requested by departments as essential to operations), in addition to "CM Proposal FY 2019," and "Supplemental FY 2019," (indicates requests that are new to Fiscal Year 2018-2019).

Even with growth to date, revenues from ambulance and fire service fees are proposed as flat, indicative of La Marque's aging population. Franchise fees for electricity, gas, and cable either are being audited or will be audited in the upcoming fiscal year as fees appear flat or reduced, contrary to current growth. The City still is awaiting insurance rates for general liability (due to weather events around the state), Texas Windstorm (TWIA), Workers' Compensation, and unemployment. Animal services, and healthcare, will show only a modest increase in costs which is positive.

For the seventh consecutive budget year, City Council directed me to propose a balanced budget with no property tax increase and no utility rate increase. City staff again has eliminated reliance on one-time, non-recurring revenues, which are reserved in the fund balance for City Council approved purchases. I foresee increased property tax revenues received by the City in 2019 once new homes and businesses, currently under construction, are realized on Galveston County tax rolls. Fortunately, the Finance Director has been able to devote quality time to investing the City's funds actively such that the City gained several thousand dollars in interest revenue. The recently presented audit for FY 2016-2017 indicated a positive fund balance again exceeding the minimum 90 days required for the General Fund.

GENERAL FUND

For the fifth consecutive budget year, the tax rate is proposed as \$0.490764, which remains the lowest since 1992, except for 1994 and 1995, based on research of previous years' tax rates. As in previous years, the City still awaits Certified Tax Rolls and calculation of the effective tax rate (based on current and previous fiscal years) by the Galveston County Tax Assessor Collector's office. The effective tax rate reflects a community's economic health, which can affect decisions of anyone considering locations for quality of life and business opportunities. In addition, national bond rating agencies (i.e., Moody's and Standard & Poor's) determine the City's credit rating, based on their perceptions of La Marque's economic health, for bonds to finance Capital Improvements Projects.

Overall, sales tax (2¢) received by the City maintains a positive but flat trend. Because citizens rely on sales tax to the General Fund (1½¢ of 2¢) to offset their property taxes, the Economic Development Corporation (EDC) is recruiting commercial activity to generate both sales and property tax to maintain La Marque's economic health. Not only is the EDC focusing efforts along the I-45 commercial corridor, the Board also is marketing to small businesses for the City's downtown revitalization area. However, in anticipation of the I-45 expansion project projected to begin in 2019 by the Texas Department of Transportation (TxDOT), and the potential for several businesses along the corridor to be affected negatively, I propose keeping anticipated sales tax revenues the same as the current fiscal year.

UTILITY FUND

Currently, the Utility Fund maintains a positive but declining fund balance due to operations expenditures, as well as, capital projects. By the end of 2018, the City should deplete total allocated grant and disaster recovery funds for damaged infrastructure due to Hurricane Ike. With the addition of damage caused by Hurricane Harvey in August 2017 and the extreme freeze conditions in January 2018, the City continues seeking grant opportunities to assist in funding improvements to our aging infrastructure.

Installation of the AMI water meter technology equipment should be complete by the fall of 2018. Once training and full implementation is complete, staff will begin tracking and analyzing data to identify where the City can reduce overall water loss and calculate lost revenue. By providing not only, City staff, but also citizens with the ability to detect water issues timely, the City should be able to limit unknown and long-term water loss. Initially funded through Contractual Obligation financing, this project should become self-funding over time.

SPECIAL REVENUE FUNDS

Hotel Occupancy Tax (HOT) Fund exists due to occupancy taxes paid by visitors to hotels / motels within La Marque. The fund is state regulated and expenditures must meet very strict criteria. Not only have financial commitments by the City for events to attract tourists to local motels increased, but also substantial one-time donations from various organizations have increased, allowing this fund's activity to remain fairly steady for revenues and expenditures.

Donations Fund accounts for funds received from external organizations to help offset expenditures for City events and operations of various departments. Due to the nature of donations, they should not be relied on as recurring revenue for any event or department operations.

The Keep La Marque Beautiful Commission (formerly known as Clean City Commission) and Parks Board receive donations to their respective funds through utility bills. The General Fund already funds major projects requested by the Parks Board. KLMBC has been able to supplement their donations slightly through fund raising efforts in conjunction with City events. However, due to KLMBC's aggressive goals for the upcoming year compared to dollars anticipated from donations and fund raising, the General Fund may need to subsidize this fund, also.

GENERAL PERSONNEL

The City needs to accommodate increased activity resulting from additional growth that is occurring, both to perform basic functions and to oversee new projects that City Council will be requested to fund. To handle this current and proposed growth for the next few years, several departments have had to hire temporary staff during the current budget year, which usually is an indicator of the need for new staffing. Several departments requested additional personnel to handle activities related to the growth.

Code Compliance

Code Compliance Officers – two (2) positions are requested to handle increased code issues in the field based on increased activity (building without permits and inspections, junk vehicles, high weeds and grass) to gain compliance with the new Rental Registration Ordinance and the existing Sign Ordinance registration and numbering system. The Code Compliance Supervisor and Revitalization Specialist would continue to serve as staff liaisons to the Building Standards and Keep La Marque Beautiful Commissions to assist with increased projects for both.

Public Services

Superintendent – one (1) position is requested to assist the assistant public services director with oversight of utility technician crews in the field on a daily basis. The public services director would have more time for oversight of streets and drainage technician crews, reports required for daily operations of the department, customer service to citizens, and serve as staff liaison to the Cemetery Board. The director still would oversee partnerships with other governmental agencies, new and existing contracts, manage the department budget, and serve as staff liaison to the Parks Board.

Maintenance Technicians – eight (8) positions are requested that have been unfunded in divisions for streets and drainage (3), as well as, for utility line maintenance (5). However, with the new minimum pay rate approved by City Council during the current budget year, more individuals are interested in applying for positions in the public services department.

Receptionist – one (1) position is requested to share with Development Services once they relocate to the newly purchased buildings. This position also will take over responsibility for managing reservations for the pavilion at Highland Bayou Park.

City Clerk's Office

Shared Clerk – one (1) position is requested to share, with the City Manager's Office, the load added by duties and special projects. This position also would relieve the City Receptionist during lunch break and vacation leave.

Utility Billing

Customer Service Representative – one (1) position is requested to assist with customers on a daily basis. The ability to pay by phone, internet, in addition to face-to-face interaction offers more convenient options for citizens to pay utility bills, but the increased number of citizen accounts has increased requests for customer service assistance.

Municipal Court

Juvenile Case Manager – one (1) position is requested as a local strategic measure to help prevent children from becoming further involved in the justice system and to curb juvenile crime at the local level. This position is self-funded by a separate fee assessed solely for this function.

Police

Records Clerk – one (1) position is requested due to increased video evidence requests from District Attorney and Municipal Court.

Fire

Part-time Paramedics/Firefighters – nine (9) part-time positions are requested to supplement the nine (9) additional full-time positions already approved by City Council for the current fiscal year to operate two (2) Fire Stations.

COMPENSATION AND BENEFITS

City Council approved the updated compensation plan based on a regional study through the Houston-Galveston Area Council (H-GAC), which satisfied one of the final goals of the 2015-2022 Strategic Plan. The results were analyzed and adjusted for City of La Marque's budget allocation. During the current fiscal year, salary adjustments were given to many positions substantially below the market rate compared to neighboring cities in the region. Remaining positions slightly below market rate were deferred until later in the same fiscal year. Based on a formal performance appraisal, various employees may be eligible to receive salary adjustments during the current and proposed fiscal years, which are not reflected in the proposed regular payroll line item of each department. For FY 2018-2019, departments will follow the approved compensation plan which will be monitored and reviewed in each future budget year for external and internal equity. Additionally, the City continues to focus efforts and funding on a desired benefits package to attract and retain qualified employees.

COLLECTIVE BARGAINING

Both Police and Fire three-year Collective Bargaining Agreements end September 30, 2018. Due to the timing of scheduled negotiations, agreements will be presented to City Council for approval following budget workshop sessions but prior to adopting the 2018-2019 budget.

v

CAPITAL PROJECTS

For the Fiscal Year 2018-2019 budget, I have added a historical chart of completed Capital Improvements Projects since 2013 to show the value of vital infrastructure projects that already have contributed to improving La Marque's quality of life. I also added a more comprehensive five-year Capital Improvements Plan to indicate already identified funding dollars and sources for current projects and potential dollars and funding sources for projects specifically requested by citizen groups, City Council, and City staff. The proposed list of projects is to be considered a living document and to be adjusted from time to time to reflect the wishes of the community in time.

To provide further guidance to City Council to assist with planning future debt, the Finance Director and I will be presenting a formal Debt Policy. To satisfy requirements of credit rating agencies for evaluation and scoring purposes, the policy will outline a structure to follow for issuing debt.

CERTIFICATES OF OBLIGATION 2018 CAPITAL PROJECTS

City Council will be asked to approve Certificates of Obligation 2018 to complete costs for the new Fire Station / Emergency Operations Center; purchase the complex on the west side of La Marque to house Public Services staff, create a La Marque Community Center, establish a location for youth and/or education activities as identified in the 2015-2022 Strategic Plan; and to upgrade City facilities (entire Council Chambers building and City Hall).

CONCLUSION

The City Charter requires the City Manager to present a balanced budget to City Council. Each year's budget is not to rely on any surplus fund balances remaining from the previous budget year, but must begin anew with proposed expenditures offset by anticipated revenues from taxes and fees collected in the upcoming budget year. Reserved fund balances are restricted in the type expenditures that qualify, which allows non-recurring capital purchases debt, but not recurring operating or personnel costs. Only City Council has discretion to evaluate and rank capital projects for funding from restricted fund balances. Although City departments presented well-planned budget requests to provide the level of services our citizens have indicated they desire and require, prior to budget workshop sessions, the Finance Director and I reduced budget requests by over \$1 million to meet the Charter requirement.

As in all budget workshops rather prior to or following public hearings, City Council will have an opportunity to propose additional requests or remove additional requested items and staff will adjust the budget according to items ultimately approved by a vote of Council. As always, I recommend to City Council that the budget not reflect new anticipated revenues or any unexpected revenues such as donations, rebates, refunds, previous uncollectible liens and warrants, etc. until dollars actually are realized in City accounts.

My hope is that City Council will remain visionaries to implement the citizens' ideas for services and projects that will attract new families to La Marque and will retain those families who already call La Marque home. I foresee City Council providing resources necessary to maintain the momentum created in recent years towards "Paving the Way to Quality-of Life-Amenities".

Respectfully submitted,

Carol J. Buttler

City Manager

Executive Summary

The Executive Summary has been prepared to provide an overview of the 2018-2019 budget, its challenges and achievements over the past years, as well as its priorities based on community input. The budget document is served as a policy document, a financial plan, an operations guide, and a communication device to the public. We hope that it is being used to its fullest extent benefiting all interested readers learning about our community.

Community Goals and Priorities

During the past six years, the City has been able to maintain a fund balance above the minimum policy requirement (90-days working capital) and ended each year with a surplus. Recovering from less than 45 days fund balance was toughest especially in 2013 and 2014. A few vacant positions and salaries were frozen during those two years. Citywide expenditure was trimmed to absolute needs. Finally, the goal of reaching 90 days fund balance was achieved at end of fiscal year 2014. In 2015, the City conducted a community study to identify current issues. During budget 2016, Council and staff began our commitment to the following goals delineated in the 2015-2022 Strategic Economic and Community Development Plan:

1. Infrastructure improvement plan
2. Blight reduction
3. Interstate 45 plan
4. Communication plan
5. Community center plan
6. Grocery store plan
7. Tax base expansion strategy
8. Economic development plan
9. Compensation improvement plan
10. Youth recreation program development
11. La Marque Lemonade Day plan

During the past three budget years, the City accomplished projects that align with the established long-term goals including:

Infrastructure improvement:

- Completion of Phase I of the Wastewater Treatment Plant upgrade.
- Replacement of aged Badger water meters to new smart AMI meters with more accurate reads of water usage.
- Council approval of \$2.5 million to improve our sanitary sewer overflow (SSO) citywide.
- Construction of a new public safety building.
- Development and utilization of an Infrastructure Improvement Plan is ongoing

Executive Summary

Blight reduction:

- With assistance from the Economic Development Corporation, the City added a new position dedicated to help with blight reduction.
- Council allocated \$100,000 each budget year for structure demolition. In 2016, 28 structures were demolished; In 2017, 30 structures; In 2018, 37 structures.
- Council allocated over \$50,000 for mowing and lot maintenance each budget year in areas with vacant lots, high weeds and unkept grass.
- Code Enforcement ordinances have been updated and specific programs, such as the Rental Registration Program, have been implemented.

Interstate 45:

- The City's Planning and Zoning Commission is working to refine and implement zoning, as well as the thoroughfare overlay district and ordinances that protect and enhance development along Interstate 45.
- As the I-45 expansion continues to move south, City of La Marque and La Marque Economic Development Corporation have been working to retain businesses impacted by Texas Department of Transportation right of way acquisitions and create opportunities for future commercial development.
- City of La Marque is working with TxDOT's utility team to survey impact the widening project will have on city services.
- Council approved a landscape architecture study to investigate opportunities for branding City of La Marque along the 14.3 miles of I-45 frontage that stretches through the city.

Communication plan:

- With combined effort of the City and Economic Development Corporation (EDC), a Public Relations position was created to improve communication between government and the community.
- The City's quarterly community newsletter, "Inside La Marque", is published to share La Marque's latest news with businesses and citizens in our city limits.
- City's website and presence in social media has been significantly improved.
- Media relations and community perception continue to improve.
- Comprehensive communication strategy, including local, regional and national promotion through social media, print, guerrilla and programmatic tactics is implemented each year.

Expanded tax base strategy:

- City's tax base has been increased due to number of new subdivisions with completed residential homes built, and more on the way.
- City resources are dedicated to the Development Services Department and pre-development meetings are held to identify and address barriers for developing in La Marque.

Executive Summary

The City continues to move forward with the same established direction identified in the Strategic Economic and Community Development Plan. As part of Budget 2019, and assuming no unanticipated decrease in revenues during the year, Council approved eight new Police vehicles, one new vehicle for City Marshal, one vehicle for Emergency Management, a 1-ton truck for Public Works, GIS map services, playground equipment, park restroom upgrades, and citywide drainage projects.

Overview of City Funds

The City has 38 funds with total budgeted revenues of \$21,245,862 in fiscal year 2018-2019. Of the 38 funds, General Fund is the largest fund with total budgeted revenues of \$11,084,117. Second largest fund is Utility Fund with budgeted revenues of \$4,859,679. Eighteen out of the 38 funds are Special Revenue Funds which are restricted to specified expenditure. In addition, the City has Capital Projects Funds which capture major projects and a Debt Service Fund which captures all the tax-supported debt payments. The Economic Development Corporation Fund receives one-half cent of sales tax through the Texas State Comptroller's office. The City also has trust funds, where it serves as a trust agent. These funds include the Library Memorial Fund and the Drug Seizure pending final Court decision Fund.

General Fund

Major Revenue Sources

Sales Tax

Sales tax is the largest revenue source in the General Fund. Sales tax accounts for 36% of General Fund total revenues. City's sales tax rate is 8.25 cents collected through the state. The city receives 2 cents and the state keeps 6.25 cents. Of the 2 cents the city receives, .5 cent is allocated to Economic Development Fund with restricted purposes. 1.5 cent is allocated to General Fund where .5 cent is for property tax relief and the remaining 1 cent is for general operations of the city. Sales tax revenue comes from sales transactions within the city limits. Sales tax revenue has been increasing steadily the past few years. The City budgeted conservatively for fiscal year 2019 with a slight 1% decline due to possible construction project on IH 45 by TxDOT. In fiscal year 2016, the City received windfall revenues from a special audit. For fiscal year 2018, sales tax revenue is projected to increase by 6%.

Property Tax

Property tax is the second-largest revenue source in General Fund. Ad valorem tax accounts for 33% of total General Fund revenues. There are two components to the ad valorem tax rate per \$100 of taxable assessed valuation: (1) Maintenance and Operations; and (2) Debt Service. The General Fund captures the Maintenance and Operations component of the tax rate. The Debt Service Fund captures the Debt Service component of the tax rate. Property tax values are set by the Galveston County Appraisal District each year. The City adopts a tax rate, which is based on taxable values and needed expenditure, to carry out city operations as well as paying off debts during the fiscal year. Property tax revenues have been growing steadily over the years except for 2016. During August 2017, the City experienced Hurricane Harvey with minimal damage and very little impact on value depreciation. In fiscal year 2017, tax revenue increased by 9%. Due to new subdivisions and growth, fiscal year 2018 revenue is projected to increase by 15%. In August 2018, the city issued new debts for capital acquisition and capital projects, additional funds are needed for debt service allocation. To maintain the same tax rate, additional Debt Service allocation caused Maintenance and Operation portion to decrease. Revenues generated from new values on the roll is projected to partially offset the lower Maintenance and Operation rate in General Fund. Total General Fund Current Tax revenue for fiscal year 2019 is budgeted at slightly less than 2018 assuming a 98% collection rate.

Executive Summary

Property tax rate remained at .490764 cents since 2015 after a rollback from .514360. Tax benefits the city currently provides include: Homestead exemption, Disabled Veterans exemption of \$10,000, Over 65 exemption of \$20,000, and Over 65 Freeze which means during the lifetime of a qualified taxpayer, he/she or his/her surviving spouse will never pay more than the frozen tax amount starting from the year he/she becomes qualified for this freeze.

Franchise

Franchise is third-largest revenue source in General Fund. It accounts for 8% of total General Fund revenues. Franchise derives from authority given to city government to grant permission for the use of public right-of-way for purposes referred to as “utilities” such as gas, electricity, cable, and communications. In fiscal year 2017, franchise revenues increased by 5% due to growth. Fiscal year 2018 is projected to increase by 3%. Fiscal year 2019 budget reflects a conservative 1% increase pending negotiations on cable franchise agreement.

- Gas franchise-3% of gross revenues
- Cable franchise-5% of gross revenues
- Electricity franchise-3.5779% of gross revenues
- Communications- based on number of access lines since 1999 due to HB 1777 and Chapter 283 of Texas Local Government Code.

Licenses and Permits Revenues

Licenses and Permits are user fees to compensate for services provided to end users. This category of revenues account for 7% of total General Fund revenues. In fiscal year 2017, revenues increased by 22%. In addition, the city received a one-time pipeline permit fee of \$264,015. In fiscal year 2018, revenues are projected to increase by 37% mainly due to new subdivision growth. Building permits reflect a huge increase from \$308,364 to \$569,076 (85%). Another area showing signs of growth is Plan Review Fees with a projected increase from \$44,136 to \$57,224 (30%). Budget 2019 reflects a conservative projection assuming growth rate returns to average level.

Fine/Forfeitures

Fine and forfeiture revenues come from violations in the community. This category also accounts for 7% of total General Fund revenues. Fiscal year 2017 shows a slight decline of 1%. Fiscal year 2018 is projected to increase by 14% mainly due to a combination of (1) having an active City Marshal on warrants; (2) code and police officers active on citations. Budget 2019 reflects a conservative average level based on historical trends.

Fire/EMS

Fire/Ambulance is also a form of user fees to partially compensate for services provided. Ambulance revenue is heavily impacted by health care legislation changes as well as industry trends in health insurance and Medicare. The fluctuations follow changes that pass at any point in time. Fiscal year 2016 showed a huge decline, however, fiscal year 2017 revenue resumed with an increase of 10%. Fiscal year 2018 projected revenue shows a decline of 25%. Budget 2019 assumes an average level based on historical trends.

Executive Summary

Expenditures

The City's biggest expenditure function is Police followed by Fire/EMS, General Government, Other Requirements (legal fees, liability insurance, etc.), Public Works, Court, and Library.

Police

City's certified police officers, except for the Chief of Police, follow Civil Service laws and are under Collective Bargaining agreement with the City. Each budget year, personnel related expenditure increases based on terms and conditions agreed from negotiations. To ensure Police maintains an efficient fleet, each year the City has been budgeting for batched vehicles replacement. This concept relieves placing too much burden on any one budget year for capital outlay. Over the years, it has been a challenge to recruit and retain telecommunicators. Council has approved different pay incentives as well as rate increases, but the challenge remains.

Fire/EMS

Fire/EMS personnel, except of the Fire Chief and the Administrative Assistant, function under terms of Collective Bargaining agreement with the City. During fiscal year 2018, the city increased nine additional full-time Fire/EMS staff due to our new public safety building. In addition, supplies, insurance, training, equipment, etc. increased with anticipation to occupy the new facility. Budget 2019, the City is increasing nine additional part-time staff upon completion of the facility. To relieve heavy burden on any budget year, the City allocates around \$40,000 for SCBA to ensure the department continues to function efficiently.

Other governmental functions

During August 2018, Council approved to purchase three buildings of which one is to house our Public Works department staff, the others are planned to be used as community center for different community events including some youth activities. In addition, Council also approved to renovate other municipal facilities to enhance space utilization. During fiscal year 2019, the City plans to participate with the Galveston County streets project program to improve certain city streets under poor condition. More detailed information will be available once the County releases additional information to the City.

Utility Fund

Due to aged infrastructures over number of years, unaccounted water usage has been a severe issue causing large sum of revenue loss each year. In 2016, the City hired an independent consultant to analyze and recommend a solution. The study result reflected 60% nonbillable water loss. Part of the recommendation was to replace the aged water meters with AMI smart meters to read more accurately so we can be more accountable for true usage. In addition to meters replacement, Council allocated some funds to repair waterlines and to minimize leakages citywide.

Since 2010, the City's water and sewer rates remained the same. The city's budget for purchased water from Gulf Coast Water Authority (GCWA) continues to increase each year due to infrastructure cost. Upon completion of the AMI meters project, it is anticipated that some of the unaccounted lost revenue will be captured to offset some of the increased water expenditure, however, La Marque's Wastewater Treatment plant requires additional upgrades to comply to state requirements. The City plans to continue seeking grants to help with this project.

Executive Summary

One of the biggest challenges experienced by our Utilities department has been recruiting licensed and experienced personnel to operate and maintain the water, sewer, and wastewater system to meet state guidelines. For budget year 2019, assuming no unanticipated decrease in revenues or increase in expenses, Council approved five new positions and one new position in Utility Billing department during the year.

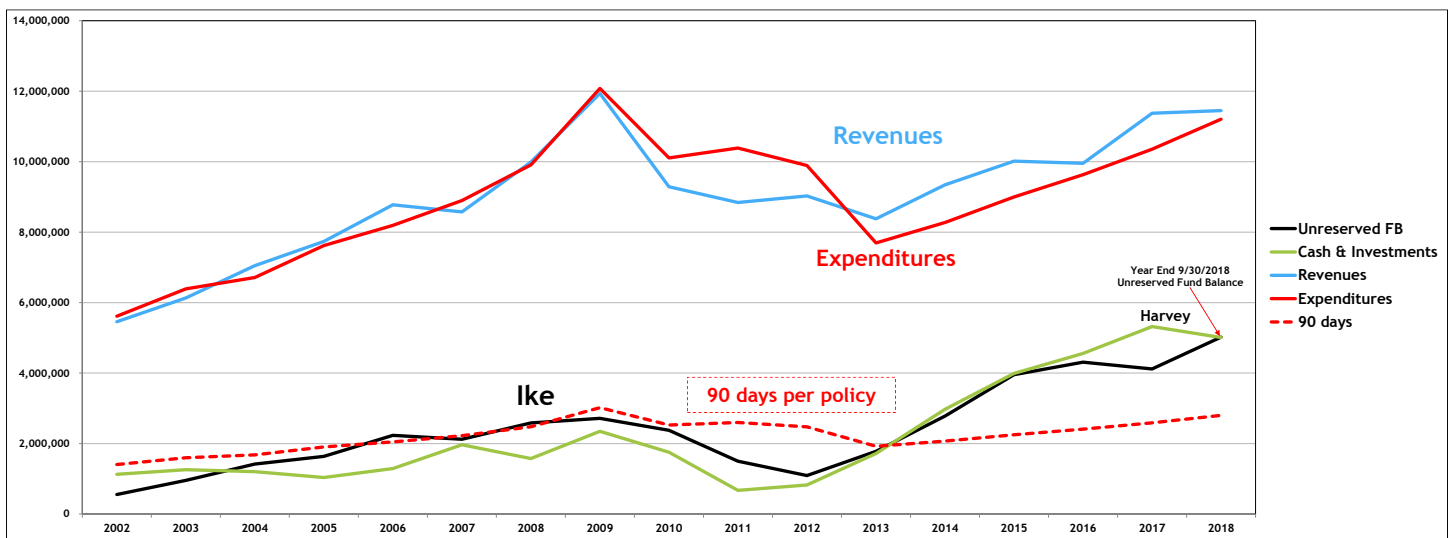

Conclusion

Every year, the City recognizes the challenge balancing community demands with limited resources while maintaining compliance to Federal and State laws as well as City Charter and City policies. Staff and Council have been very conservative to ensure all residents continue to receive quality services throughout the year at minimum cost.

History of General Fund Fund Balances

General Fund Revenues and Expenditures

General Fund Revenues by Types

General Fund Expenditure by Categories

Major Goals by Department

City Council

- Create Citizen Tasks Forces to Complete Final Goals of 2015-2022 Strategic Plan (Pocket Parks, Community Center, Youth Recreation, Both Large Community Parks)
- Create a Neighborhood Empowerment Zone for Revitalization Efforts
- Design and Construct a Pocket Park in Saltgrass Crossing next to New Fire Station
- Begin a 5-year Implementation to Design and Construct Splash Pads in Pocket Parks (Martin Luther King/Memorial Bayou, Jaycee, Westlawn, Lagana)
- Create a Tax Increment Re-Investment Zone (TIRZ) and Public Improvement District (PID) to Fund Omega Bay Streets Improvements
- Re-Zone I-45 Corridor Both Sides from North to South City Limits as Outlined in Strategic Plan
- Implement a Contracted Mowing Program for Drainage Ditches
- Design and Construct Expansion of the Library also to Museum
- Establish an Open Space and Tree Preservation Program
- Establish a Sidewalk Program for Construction, Repair, and Replacement Purposes

City Manager

- Open and market new Community Center
- Continue Succession Planning through Leadership Development Program
- Coordinate review and revisions of city ordinances
- Monitor Formal Compensation Plan to maintain equity internally and externally
- Upgrade city facilities

City Clerk

- Continue working towards achieving an Athenian Dialogue Society Fellow status through the International Institute of Municipal Clerks (IIMC).
- Continue educating the Department Records liaisons on the Records schedules and the importance of maintaining records up to their retention period as required by law.
- Update the City Clerk's website, by providing more information relating to Boards and Commissions (pictures), petitions, election information
- Continue working with Municode on the codification of the City's adopted ordinances and also updating our Code of Ordinances Book to ensure our ordinances are also in compliance with State and Federal laws
- Continue to work with the County in the conduction of our election (s) to make them run as smoothly as possible

Code Enforcement

- Building Code Compliance: Safeguard the public health, safety and welfare through comprehensive and timely permit plan reviews, extensive building inspections, issuance of Certificates of Occupancies, in addition to continued education of employees
- Rental Housing Compliance: Ensure public health, safety and welfare insofar as they are affected by the continued occupancy along with maintenance of structures as well as premises

Major Goals by Department

- Property Maintenance Compliance: prevent and correct neglected, deteriorated property as to its effects on the appearance, quality of life within the neighborhood and overall property value. Sustain a clean, habitable city environment through an all-inclusive commitment to inspect and maintain a healthy community
- Public Awareness: Assist and educate the community with questions and concerns about public health, safety and welfare within the community by public announcements, and informative handouts

Development Services

- Develop a visual color-coded notification system within the Street Files to denote the Base Flood Elevations of each address for partial preparation of CRS requirements needed by the (NFIP) National Flood Insurance Program
- Develop a Desk Manual for Commercial & Subdivision Construction Plan Review.
- Develop an electronic Street Filing System.

IT

- Establish a formal in-house training program led by the IT Assistant to improve employees' use of standardized software; prepare a follow-through plan to ensure employees are proficient
- Improve equipment and transmission of City Council / Boards / Commissions meetings for public education

EDC

- Implement streetscapes for the Renaissance District
- Finish renovation and façade improvements on first building identified in the business plan for La Marque's Renaissance District
- Utilizing the Public Relations Specialist along with the Inside La Marque quarterly to improve community perception and media perception

Finance

- Develop internal audit programs to improve reconciliation process and to minimize year end audit procedures
- Establish financial policies
- Develop a standard departmental procedural manual

Fire Department

- Continue the ongoing development and continued implementation of an aggressive and comprehensive employee recruitment initiative to afford the selection of the most qualified and suitable applicants while assertively recruiting, attracting and sustaining a multi-cultural and gender diversified "workforce" reflective of our community

Major Goals by Department

- Continue the ongoing development and programmatic expansion of a comprehensive Life Safety Bureau inclusive of inspections, permitting, plans review, investigations, and public education and outreach efforts
- Continue the pursuit of enhanced education and vocational training opportunities for all personnel ensuring the best educated, trained and skilled employees in a highly complex and dynamic environment
- Coordinate with ISO Engineers to integrate the previously approved ISO Improvement Plan within the parameters of the newly adopted 2012 ISO Grading Schedule
- Promulgate the final phase of a thoughtful, equitable, and manageable "Leave Management Policy" with an emphasis on "sick leave consumption" to more effectively manage, audit, and redress where warranted, the consumption of 'ON DEMAND' leave accruals, creating more efficient and cost-effective service delivery

Human Resources

- Provide an innovative and responsive employment system for recruitment, selection, support, and development of a diverse, talented and engaged workforce
- Implement an outreach program for Civil Service Administration and other departments
- Protect the City's resources by minimizing exposure to legal liabilities and associated risks
- Proactively build trust and capacity to increase visibility and enhance relationships with all City departments
- Emphasize to committee members and employees the importance of safety programs/webinars within their department

Library

- In an effort to maintain internal and external customer service, staff will participate in one library or customer service-related training once per month. They will share what they learn with staff at monthly meetings. (Monthly)
- Staff will be trained on essential job duties of their co-workers for easier transition when someone is on vacation or medical leave. (Target Date: February 2019)
- Increase number of summer reading participants who read a minimum of ten hours by from 20% to 50%. (Target Date: July 2019) Establish system for tracking and increasing return participation in monthly teen and adult programs. (Target Date: March 2019)
- Implement at least ten programs in partnership with other La Marque/Galveston County groups and organizations. (Target Date: September 2019)

Major Goals by Department

Municipal Court

- New Court Personnel - Juvenile Case Manager -Provides services in cases involving juvenile offenders before a court consistent with the court's statutory powers
- Metal Detector- Purchase and utilized metal detector for added protection and safety that will aid in Legislative Senate Bill 42 - Court Security
- Implementing New Collection Program- Scottlaw Program- Following up on Warrants/FTA by letters and phone calls (better in-house collection program)
- Bring Traffic Safety Awareness to the community

Police Department

- Revise and update the La Marque Police Department written Directives Manual helping the Department understand the direction it is headed
- Create a recruiting program for prospective Telecommunicators which emphasizes the role as not just a job, but a career that is essential to Public Safety
- Achieve a full staff of sworn peace officers
- La Marque COP officers will administer trainings on active shooter situations to public institutions for the safety of their employees and clients

Public Works

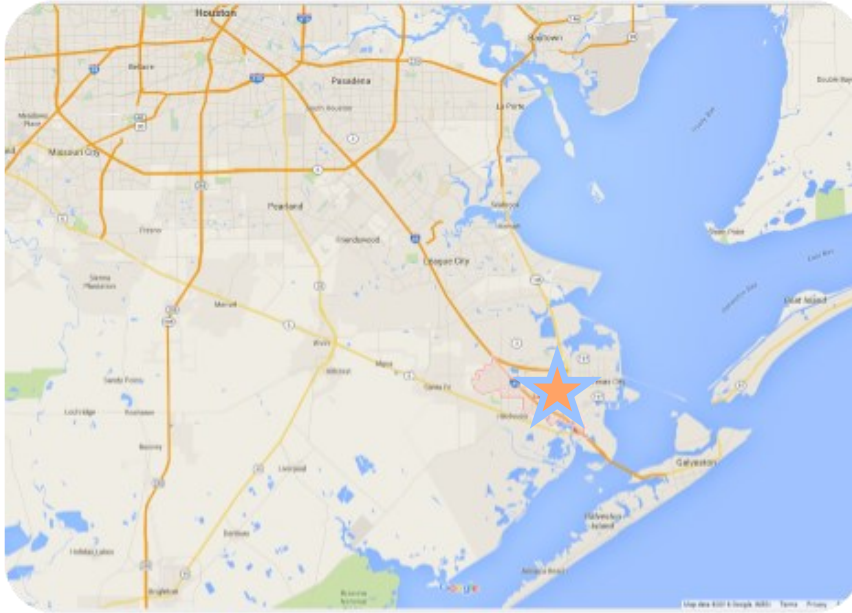

- Implement plan and design of WWTP expansion to meet the growing population demands
- Outfit personnel with the necessary equipment and provide the licensing and training necessary
- City-wide drainage study in conjunction with DD2
- Water Audit, after AMI meters are installed
- Working with Gulf Coast Water Authority, and utility City-wide generated conservation measures, provide adequate water supply to meet ever-growing demands

Utility Billing

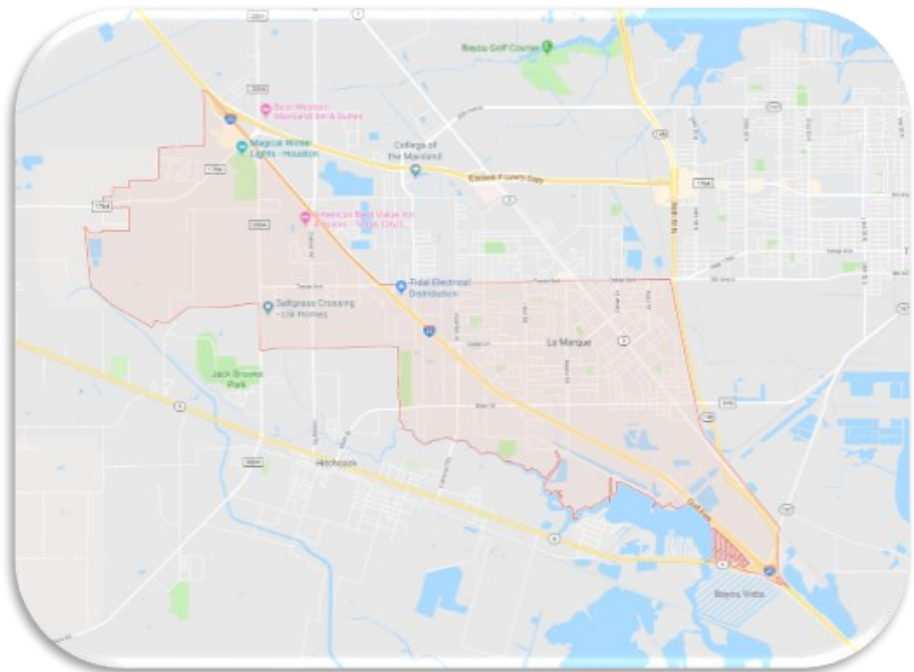

- Create Utility Billing Manual
- Develop ways to minimize water loss by establishing internal audit procedures to capture discrepancies in a timely manner
- Begin implementation of document imaging for customer records
Implementing new procedures for customer service via phone & email services

Location

The City of La Marque is located 38 miles southeast from Houston and 14 miles northwest of Galveston, TX.

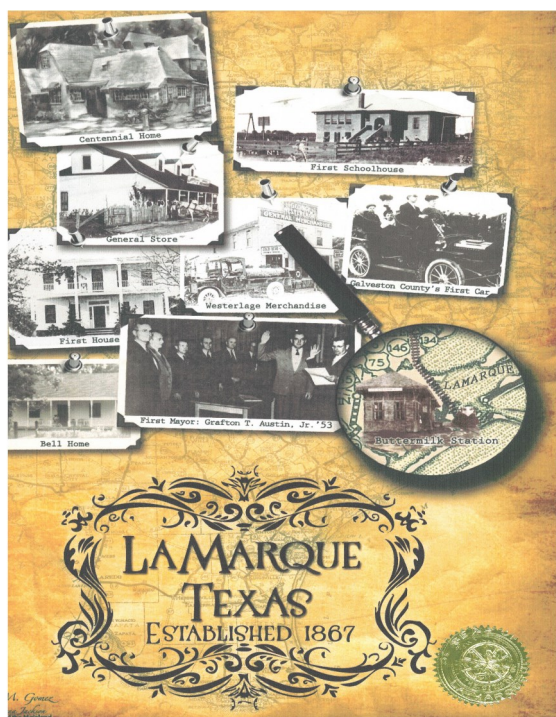

History

La Marque, also known as Highlands and as Buttermilk Station, is an incorporated residential community on Interstate Highway 45, State Highway 3, and Farm Roads 519, 1765, 1764 and 2004, some twelve miles northwest of Galveston in northwestern Galveston County. The community was originally known as Highlands, probably for its location near Highland Creek, and was renamed in the 1890s when residents learned of another mainland community of the same name. Madam St. Ambrose, postmistress, chose the new name, which in French means "the mark."

The community's post office operated from 1887 until the 1930s. During the Civil War, the town was known as Buttermilk Station after the soldiers' practice of purchasing buttermilk there on the trip between Galveston and Houston. In 1867, the town had 6 families and its residents raised cattle or rice. The local population rose from 100 in 1890 to 175 in 1896, when the community had a Baptist church and several fruit growers. A school with fourteen students existed before 1895, when Amos Stewart gave land for a larger facility. By 1909, two teachers served an enrollment of fifty-five students, and in 1913, further construction began.

By 1914, the community had been reached by four railroads: the International and Great Northern; the Galveston, Houston and Henderson; the Missouri, Kansas and Texas; and the Interurban. At that time, La Marque had both a railroad station and general store located in a private home. The town's population reached 500 in 1914 and 1,500 by 1952, when it had ninety businesses. As it grew together with nearby Texas City, La Marque served as a residential community for employees at nearby Union Carbide plant and other plants in the La Marque-Texas City area, as well as the Galveston Island Medical Center.

Governmental Funds are used to account for most of the City's activities.

General fund receives revenue from property taxes, sales taxes, franchise fees, licenses & permits, fines and forfeitures and charges for services. Expenditures include general government, public safety, public works, capital outlay, and debt service. MAJOR FUND FOR REPORTING PURPOSES

Debt Service fund receives most its revenue from local property taxes and is used to account for the payment of interest and principal on all general obligation bonds and other long-term debt of the City. MAJOR FUND FOR REPORTING PURPOSES

Special Revenue funds are used to account for and report proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. Special revenue funds include Comcast PEG fees fund, hotel/motel fund, drug seizure fund, home grant fund, PID funds, parks fund, court security fund, child safety fund, LEOSE training fund, Keep La Marque Beautiful fund, library grants fund and the CDBG disaster Recovery Round 2 fund. NONMAJOR FUND FOR REPORTING PURPOSES

Capital Projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. MAJOR FUND FOR REPORTING PURPOSES

EDC fund is mainly financed by their allocated portion of the city's sales tax revenue. The restricted purpose of the funds is to encourage retention of businesses within the City of La Marque and the promotion and development of new and expanded businesses which encourages the economic growth of the City. MAJOR FUND FOR REPORTING PURPOSES

Proprietary Funds are used to report on activities financed primarily by revenues generated by the activities themselves.

Enterprise funds are financed and operated in a manner similar to private business enterprises where the costs of providing goods or services will be financed or recovered primarily through user charges. Enterprise funds consist of Utility and Sanitation funds. MAJOR FUNDS FOR REPORTING PURPOSES

Internal Service fund is used to account for services provided to other departments on a cost reimbursement basis. NONMAJOR FUNDS FOR REPORTING PURPOSES

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government.

Library Memorial fund is a private-purpose trust fund and is used to account for contributions legally held in a trust for the purchase of library books. NONMAJOR FUND FOR REPORTING PURPOSES

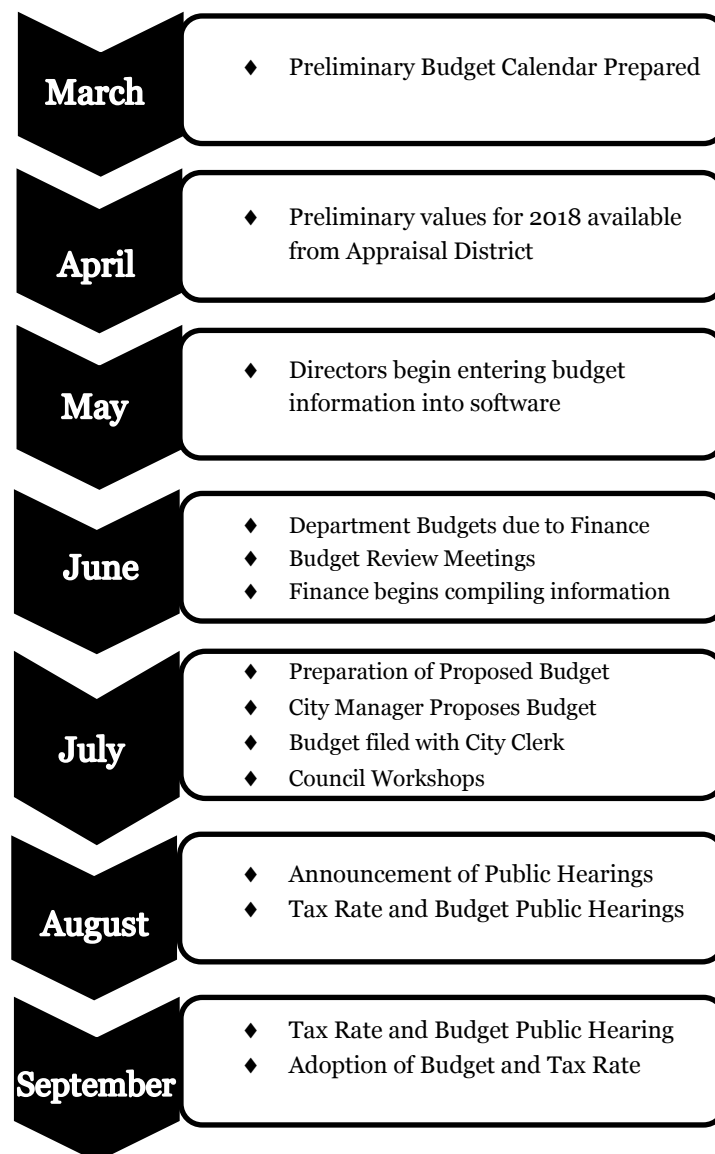

The Budget Process

The City of La Marque's Home Rule Charter provides for the submission of the budget to the City Council by the City Manager by August 1st. The City's Fiscal Year runs from October 1 to September 30.

The following information provides a brief overview of the steps taken to prepare the City's annual budget. Please keep in mind that this is a simplified version of a complex process that is a combined effort of members of each of the City's departments and requires an extensive period of time to complete. Both revenues and expenditures are subject to change until the meeting when the City Council officially adopts the budget. Likewise, the budget calendar serves as an approximate timeline and the events may not always occur at the exact time indicated.

The annual budget is prepared under the direction of the City Manager. Each department Director formulates a base budget for each of the departments included in their division. Base budgets include costs related to all existing general services, contractual services and other expenses. Directors also prepare supplemental requests that provide a separate set of expenditures required to provide a new service, increase staffing levels, or purchase new equipment. Once base and supplemental requests are prepared, the directors submit their budgets to the Finance department. The Finance Director calculates personnel related budgets.

The Finance department compiles the information submitted, along with the revenue estimates, for review by the City Manager. Meetings are then held with the department directors to review and revise. The proposed budget document is prepared and then submitted to the City Council by August 1st. Shortly thereafter, a budget workshop is held for the Staff and City Council to review and discuss the proposed budget. Tax rate calculations and all of the related notice publications and public hearings, if necessary, occur throughout August and into September. A Public Hearing on the Budget is held in early September and revisions continue. The final budget is reviewed by the City Council and adopted in late September.

**ORDINANCE NO. O-2018-0010**

AN ORDINANCE MAKING APPROPRIATIONS FOR THE SUPPORT OF THE CITY OF LA MARQUE FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2018 AND ENDING SEPTEMBER 30, 2019 APPROPRIATING MONEY TO A SINKING FUND TO PAY INTEREST AND PRINCIPAL DUE ON THE CITY'S INDEBTEDNESS; AND ADOPTING THE ANNUAL BUDGET OF THE CITY OF LA MARQUE FOR 2018-19 FISCAL YEAR

WHEREAS, the budget, appended here as Exhibit "A", for the fiscal year beginning October 1, 2018 and ending September 30, 2019 was duly presented to the City Council by the City Manager and a public hearing was ordered by the City Council and a public notice of said hearing was caused to be given by the City Council and said notice was published in the Galveston County Daily News and said public hearing was held according to said notice and City Charter requirements; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LA MARQUE:

SECTION 1. That the appropriations for the fiscal year beginning October 1, 2018 and ending September 30, 2019 be fixed and determined for said terms in accordance with the expenditures shown in the City's fiscal year 2018-19 budget, a copy of which is appended hereto as Exhibit "A"

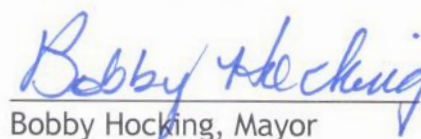

SECTION 2. That the budget, as shown in words and figures in Exhibit "A", is hereby approved in all respects and adopted as the City's budget for the fiscal year beginning October 1, 2018 and ending September 30, 2019.

SECTION 3. That there is hereby appropriated the amount shown in said budget necessary to provide for a sinking fund for the payment of the principal and interest of the bonded debt of said City.

PASSED AND APPROVED by the City Council of the City of La Marque on this the 10th day of September, 2018 on the First Reading.

PASSED, APPROVED AND ADOPTED by the City Council of the City of La Marque on the 17th day of September, 2018 for the Second and Final reading.

CITY OF LA MARQUE, TEXAS

Bobby Hocking, Mayor

Ordinance No. O-2018-0010
Adoption of 2018-2019 Budget

ATTEST:

Robin Eldridge, TRMC, City Clerk

APPROVED AS TO FORM:

Ellis J. Ortego, City Attorney

ORDINANCE NO. O-2018-0011

AN ORDINANCE LEVYING AD VALOREM TAXES FOR USE AND OPERATION OF THE MUNICIPAL GOVERNMENT OF THE CITY OF LA MARQUE, TEXAS FOR THE 2018 TAX YEAR; PROVIDING FOR APPORTIONING EACH LEVY FOR SPECIFIC PURPOSES; AND, PROVIDING WHEN TAXES SHALL BECOME DUE AND WHEN SAME SHALL BECOME DELINQUENT IF NOT PAID

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LA MARQUE;

SECTION 1. That there is hereby levied and there shall be collected, for use and operation of the municipal government of the City of La Marque and to provide an Interest and Sinking Fund for the 2018-2019 fiscal year, upon all property, real, personal and mixed within the corporate limits of said City subject to taxation here set forth:

1. For the maintenance and operation of the general government 0.411281 on each \$100.00 taxable valuation of property; and
2. For the interest and sinking fund, 0.079483 on each \$100.00 taxable valuation of property.

For a total tax rate of 0.490764 on each \$100.00 taxable valuation of property tax being so levied and apportioned to the specific purposes here set forth above.

SECTION 2. All taxes shall become a lien upon the property against which assessed, and the assessor and collector for the City of La Marque is hereby authorized and empowered to enforce the collection of such taxes according to the Constitution and laws of the State of Texas and ordinances of the City of La Marque and shall, by virtue of the tax rolls, fix and establish a lien by levying upon such property, whether real or personal, for the payment of said taxes, penalty and interest and, the interest penalty collected from such delinquent taxes shall be apportioned to the general fund of the City of La Marque. All delinquent taxes shall bear interest from date of delinquency at the rate as prescribed by state law.

SECTION 3. That this ordinance shall take effect after the second reading.

PASSED AND APPROVED on the First reading on this 11th day of September, 2018, at a Special Meeting of the City Council of the City of La Marque, Texas, there being a quorum present, by 5 AYES and 0 NAYES and approved by the Mayor on the date above set.

PASSED, APPROVED and ADOPTED on the Second and Final reading on this the 17th day of September, 2018, at a Special Meeting of the City Council of the City of La Marque, Texas, there being a quorum present by 4 AYES and 0 NAYES and approved by the Mayor on the date above set. (Councilmember Mc Auliffe absent)

Municipal Court

The Municipal Court is the Judicial Branch of government for the City of La Marque. The Municipal Court provides a fair, independent and impartial forum for the adjudication of fine-only criminal cases arising within the city limits. The court conducts adult and juvenile hearings, collects fine, processes alternative methods of disposition, issues warrants of arrest and other sanctions of the court.

Library

La Marque Public Library provides materials and services to help community residents obtain information to meet their needs: personally, educationally, and professionally. Special emphasis is placed on supporting students at all academic levels and stimulating the minds of young children in reading and learning. “The Library serves as a learning and educational center for all residents of the community.” (ALA Planning and Role Setting for Public Libraries, 43)

Emergency Management

The City of La Marque Emergency Management division is responsible for the planning, preparation, and reductions of the impact of any type of disaster that could strike the city. The city periodically performs different types of emergency response exercises in order to meet the state and federal guidelines and measure the preparedness level of all departments.

Code Compliance

The mission of the Code Compliance division is threefold in nature: Work to protect the public's health, work to improve the quality of life and work to create a safer community for the citizens of La Marque. These goals are achieved through the consistent enforcement of our adopted codes to increase public safety and awareness, by adjusting to the needs of our community, by staying abreast of the latest information, through continuing education, and by providing the best possible customer service.

Utility Billing

The Utility Billing Department provides the billing services for water, sewer, garbage, and contributions for the Keep La Marque Beautiful Commission and Parks Board. The office provides customer service for the citizens of La Marque. The department is also responsible for billing and collection of the sanitation service provided by a contracted service. Our department establishes new service accounts, receives deposits, obtains and processes bank draft applications, collection of insufficient fund checks, penalty processing and collection of overdue accounts.

EDC Fund

One of the primary goals of the EDC is to help create wealth for the City of La Marque. This can be accomplished with a multi-faceted approach that primarily consists of business expansion, business retention, business recruitment, infrastructure improvement, job creation, capital investment, and retail and industrial development. Economic diversity will help create sustainable wealth for the City of La Marque.

Legal Debt Margin

Article XI, Section 5 of the Texas Constitution applicable to cities of more than 5,000 population limits ad valorem tax rates to \$2.50 per \$100 assessed valuation for cities operating under a Home Rule Charter.

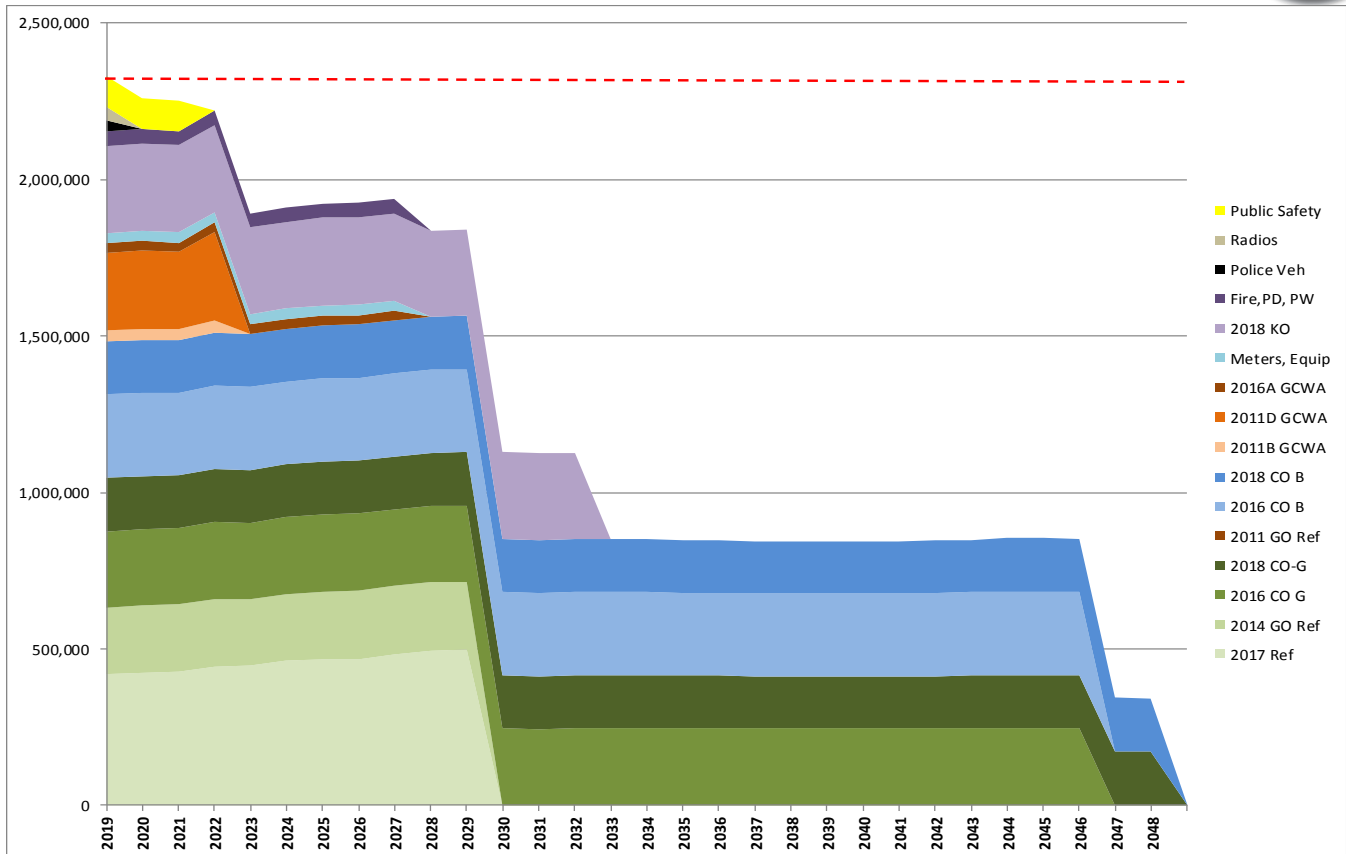

The legal debt margin amount is important in that it represents the net amount of external financing resources that is available to the City through the issuance of debt whose repayment is guaranteed through a pledge of a full faith and credit of the City's ad valorem taxes.

The legal debt margin is calculated at any point in time by deducting the amount of the current outstanding tax-supported debts from the statutory debt limit. The purpose for determining this calculation is to determine the maximum amount of new debt that could be legally issued should the need arise. As provided by law, the issuance of revenue bonds does not count against the legal debt margin.

Allowable levy per \$100 valuation:	\$2.50
Portion of tax rate for debt service:	.079483
Total tax rate:	.490764
Debt percentage of assessed valuation:	14.8%
Legal debt margin:	\$17,793,271

SUPPLEMENTAL

Financial Policies

Introduction

The Financial Policies are a result of the desire of the City Council and staff to establish a basic framework for the fiscal management of the City. The policies encompass requirements of the City Charter and the Texas Local Government Code. The policies provide a format to evaluate the City's operations and the authoritative procedures by which the City conducts its financial affairs.

Fiscal Year

The City operates on a fiscal year beginning on October 1 and ending on September 30 of the succeeding year. The fiscal year will also be established as the accounting and budget year in compliance with the City's charter.

Budget Administration

The City uses a program/project based budget approach to operating expenditures. Each year every activity, program, and project is evaluated as new; and costs are analyzed on a line by line basis.

The Annual Budget includes appropriations for all City operating funds. Capital projects funds are presented separately in a dedicated section. Appropriations for the annual operating budget lapse at the end of each fiscal year. Appropriations for capital projects carry over until projects completion.

Budget appropriation shall NOT exempt buyer departments from following procurement statutes and Council adopted Purchasing policy requirements.

Under the City's budgetary process, outstanding encumbrances at the end of the fiscal year are reported as reservations of fund balances; they do not constitute expenditures or liabilities.

Control and Accountability – Each Director, appointed by the City Manager, will be responsible for the administration of his/her departmental budget. This includes accomplishing the Goals and Objectives adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Directors may transfer funds within the operations and maintenance or capital line items other than personnel related line items category within a departmental budget with additional approval of City Manager and Finance Director. Only City Manager and Finance Director can transfer Personnel line items within each fund. All agenda items impacting City budget including those requiring budget amendments must be approved by City Manager and verified by Finance Director before submission to City Clerk for Council packets.

Under Article VIII Section 8.07, the city manager may at any time transfer any unencumbered appropriation balance or portion thereof between general classifications of expenditures within an office, department or agency. At the request of the city manager and within the last three months of the budget year, the council may by resolution transfer any unencumbered appropriation balance or portion thereof from one office, department or agency to another. In addition, the City Council adopted Resolution R-2015-0025 which clarifies "agency" to mean "fund" whereby the City Manager may transfer any unencumbered appropriated funds across departments, programs, and divisions within the same fund any time during each fiscal year.

Basis of Accounting and Budgeting

The City of La Marque's annual budgets shall be prepared and adopted on a basis consistent with generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB) for all governmental and proprietary funds.

Accordingly, all governmental fund budgets are presented using the current resource measurement focus and modified accrual basis of accounting. Under this method of accounting, revenue and other governmental fund resources are recognized in the accounting period in which they become susceptible to accrual – that is, when they become both "measurable and available" to finance current operating expenditures for the fiscal period.

Property tax revenue recognition, "available" means property tax revenue is recognized currently if levied before the fiscal year end and collected within 60 days after the fiscal year end (considered the availability period).

Sales taxes, franchise fees, hotel occupancy taxes, permit fees, fines and forfeitures, charges for services, and miscellaneous revenue are recorded as revenue when cash is received.

Revenues

For every annual budget, the City will levy two property tax rates: maintenance & operations and debt service. The debt service levy shall be sufficient for meeting all principal and interest payments associated with the City's outstanding tax-supported debt for that budget year. The debt service levy and related expenditures shall be accounted for in the General Debt Service fund. The maintenance & operations levy shall be accounting for in the General Fund.

Revenues are budgeted conservatively using an objective approach to analyze historical data and inherent trends. Adjustments are made to account for known events and projected economic activity within the city and surrounding areas. Revenue from "one-time" or limited duration sources will not be used to pay for recurring expenditures within the City's budget.

Restricted revenue shall only be used for the purposes legally permissible and in a fiscally responsible manner.

On an annual basis, the City will set fees and rates at levels to recover total direct and indirect operating costs, including capital outlay and debt service.

The City will follow an aggressive policy of collecting all revenues by reviewing its receivables annually and implementing collection procedures to obtain all revenues due to the City in a timely manner.

Expenditures/Expenses

The City will budget, account, and report detailed expenditures in the following categories: Personnel, Supplies, Maintenance, Services, Debt Service, Capital Outlay, Transfers, and Other Financing Uses.

The City will constantly strive to improve the level of service for its citizens without an increased level of cost. The City will also seek to reduce the cost of the current level of services provided through innovative programs and initiatives.

Personnel expenditures will reflect the minimum staffing necessary to maintain the established quality and scope of city services. The City will maintain a market-competitive compensation and benefit package to attract and retain quality employees.

The City will provide for adequate maintenance of capital assets and for their timely replacement. Each division shall project future capital requirements for a minimum of five years in order to accommodate the acquisition of capital outlay while maintaining a consistent level of expenditures for each budget year.

Cash Management/Investment Policies

Investments and cash management will be the responsibility of the Director of Finance.

City funds will be managed in accordance with the prudent person standard with an emphasis on safety of principal, liquidity, and yield, in that order.

Investments of the City will be made in accordance with the City's adopted Investment Policy.

The City will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Cash is combined into one pooled operating account to facilitate effective management of the City's resources and to maximize yield from the overall portfolio.

The Director of Finance shall present reports of the City's investments and cash position quarterly to the Mayor and City Council.

Accounting, Auditing, and Financial Reporting Policies

The City's accounting system will be maintained in accordance with generally accepted accounting principles. The City places continued emphasis on the maintenance of an accounting system that provides strong internal budgetary and accounting controls designed to provide reasonable, but not absolute, assurances regarding the safeguarding of assets.

Monthly, the Finance Director shall submit to the City Council, a report covering the financial condition of the City. The financial report will compare actual revenues and expenditures to budgeted amounts for all major funds.

The City of La Marque issues a Comprehensive Annual Financial Report (CAFR) within six months of the close of the previous fiscal year. The CAFR will be submitted to the Government Finance Officers Association for peer review as part of the Certificate of Achievement for Excellence in Financial Reporting program. All reports prepared by the auditors, and management's response to those reports, will be presented to the Mayor and Council at a regularly scheduled Council meeting.

An independent audit of the City of La Marque is performed annually. The auditor's opinion will be included in the City's CAFR. The City will strive for an unqualified auditor's opinion.

Fund Balance/Reserve Policies

The City's Fund Balance Policy in compliance with Governmental Accounting Standards Board Statement 54. Included in the policy are the following provisions:

The City Council is the government's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Council at a City Council meeting. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The City Council may assign fund balance to a specific purpose in relation to this fund balance policy. By resolution, the Council has also authorized the City Manager and the Director of Finance to assign fund balance. Assignments of fund balance by the City Manager and Director of Finance do not require formal action by the City Council; however, each assignment must be approved by both authorized officials before the item can be presented in the financial statements.

The City will strive to maintain an unassigned fund balance of not less than 25% of the budgeted operational expenditures in all City funds. Due to the volatile nature of a majority of its revenues, it is not deemed excessive for the City to maintain fund balance in the General Fund at levels greater than 33% of the budgeted operational expenditures. The purpose of this unassigned balance is to alleviate significant unanticipated budget shortfalls and to ensure the orderly provisions of services to citizens. Should unassigned fund balance fall below the goal or has a deficiency, the City will seek to reduce expenditure prior to increasing revenues to replenish fund balance within a reasonable time frame.

The City will try to avoid using fund balances for recurring operational expenditures. To the extent that the unassigned fund balance exceeds the minimum target, the City may draw upon the fund balance to provide cash financing for capital projects or other one-time purchases.

BUDGET CONTINGENCY PLAN

This policy is designed to establish general guidelines for managing revenue shortfalls resulting from local and national economic downturns that adversely affect the City's revenue streams.

Immediate Action - Once a budgetary shortfall is projected, the City Manager will take the necessary actions to offset any revenue shortfall with a reduction in current expenses. The City Manager may:

1. Freeze all new hire and vacant positions except those deemed to be a necessity.
2. Review all planned capital expenditures.
3. Delay all "non-essential" spending or equipment replacement purchases.

The City Manager shall report in a timely manner to the City Council the projected shortfall and the actions taken to resolve it.

Further Action -. If the actions identified in subsection "A" are insufficient to offset the projected revenue deficit for the current fiscal year, the City Council may approve the following actions, in the order listed:

1. Apply unspent, unobligated surplus funds from prior fiscal years to fund one-time costs in the current fiscal year budget.
2. Authorize a reduction in the unobligated fund balance in the General Fund for contingency reserve from 90 to 75 days.
3. Direct other reductions in services, including workforce reductions.

Replenish Fund Balance - As soon as practicable, without placing undue strain on city services, the City Council shall increase the unobligated fund balance in the General Fund, up to the 90-days for contingency.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category – spending those funds first – before moving down to the next category with available funds.

Debt Management Policies

The City will maintain debt management practices that will provide for the protection of bond ratings; the maintenance of adequate debt service reserves; compliance with debt covenant provisions; and appropriate disclosure to investors, underwriters and rating agencies.

The term of any City debt issue, including lease purchases, shall not exceed the useful life of the assets being acquired by the debt issue.

All debt issuance shall comply with Federal, State and City charter requirements and adhere to Federal arbitrage regulations.

Capital Projects

Capital Projects shall be submitted to the City Council for approval and shall include the following items:

- A summary of the proposed programs;
- A list of all capital improvements which are proposed
- The cost estimates, method of financing, and time schedules for each such improvement; and
- The estimated annual cost of operating and maintaining the facilities to be constructed or acquired.

The City will develop a multi-year capital projects plan and update it annually. The City will estimate the costs and potential funding sources for each capital project included in the plan.

The City shall utilize the most beneficial method of financing capital projects from the following sources: cash, bonds, short-term notes, joint financing with other governmental entities, special assessments, and federal and state grant programs or any financing mechanisms.

The City will carry out the capital improvements plan and fund the capital project budgets in accordance with the capital projects plan.

The City will include the cost of operations of the capital project in the operating budget during the year of completion. Future operating costs associated with the new capital projects will be projected and included in the operating forecasts.

Long-Term Financial Plan

The City Council establishes long-term financial plan that projects futures revenues, expenditures, fund balances, and cash flow needs. The projections shall be updated as changes occur during this year.

GLOSSARY OF TERMS

ACCOUNT - A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control or fund balance.

ACCRUAL ACCOUNTING - The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether or not cash disbursements are made at that time).

AD VALOREM TAXES - Real estate and personal property taxes. Ad Valorem is defined by Webster's New World Dictionary as "in proportion to the value". The taxes are assessed on a portion of the value of the property based on actual taxable value received from the property appraiser and millage rate set by City Council.

APPROPRIATION - Authorization granted by a legislative body (City Council) to incur obligations for specific purposes. An appropriation is limited in amount to the time it may be expended.

ASSESSMENT - The value for tax purposes determined by the property appraiser for a given piece of real or personal property.

ASSETS - Property owned by the city government, which has monetary value.

BALANCED BUDGET - A balanced budget occurs when the total sum of money a government collects in a year is equal to or more than the amount it spends on goods, services, and debt interest.

BOND - A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

BONDED DEBT - The portion of indebtedness covered by outstanding bonds which includes general obligation promissory notes that are backed by approved, irrevocable future tax levies for debt service.

BOND ISSUE - Bonds sold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period, and the proposed means of financing them.

BUDGET CALENDAR - The schedule of key dates which the City Council follows in the preparation and adoption of the budget.

BUDGET ORDINANCE - The official enactment by the City Council establishing the legal authority for officials to obligate and expend resources.

BUDGETARY ACCOUNTS - Those accounts necessary to reflect budget operations and conditions, such as estimated revenues, appropriations, and encumbrances, as distinguished from proprietary accounts.

BUDGETARY CONTROL - The control or management of the business affairs in accordance with an approved budget, with a view toward keeping expenditures within the authorized amount.

CAFR - An acronym meaning Comprehensive Annual Financial Report.

CDBG - An acronym meaning Community Development Block Grant.

CPR - An acronym meaning Cardiopulmonary Resuscitation.

CAPITAL IMPROVEMENTS PROGRAM - A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount and the method of financing.

CAPITAL OUTLAY - An expenditure that results in the acquisition of fixed assets or additions to fixed assets, which are presumed to have benefits for more than one year. Includes expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, and major fixed or movable equipment costing more than \$5,000 per unit or set.

CAPITAL PROJECT FUND - The fund used to record resources and expenditures for the acquisition and improvement of sites, for acquisition, construction, equipping, and renovation of plant assets and for the purchase of fixed or movable equipment.

CERTIFICATE OF OBLIGATION - A debt instrument that is issued by the City and has the same legal status as a general obligation bond. However, certificates of obligation are not authorized by the voters.

CHART OF ACCOUNTS - The classification system used by a city to organize the accounting for various funds.

CITY MANAGER'S MESSAGE - A general discussion of the proposed budget, as presented in writing by the budget-making authority, to the legislative body.

CLASSIFICATION - A systematic arrangement of items into classes or related groups for analytical or control purposes.

CONTINGENCY - Funds that are not earmarked for a specific purpose and may be used for emergency expenses or to make up cost overruns during a budget year.

CURRENT ASSETS - Cash and other assets that are available to be used in operations within the next twelve months.

CURRENT LIABILITIES - Short-term liabilities whose liquidation is reasonably expected to require the use of assets or the creation of additional liabilities within the next twelve months.

DEBT - An obligation resulting from borrowing of money or from the purchase of goods or services.

DEBT LIMIT - The maximum amount of gross or net debt legally permitted.

DEBT SERVICE - The expense of retiring such debts as loans and bond issues.

DEBT SERVICE FUND - A fund established to finance and account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Also called a SINKING FUND.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DEPRECIATION - The periodic expiration of a plant asset's useful life. There are several methods for computing depreciation. Straight line, which is the most common, divides the value of the asset at acquisition by its estimated useful life. This amount is then charged to expense until the asset is fully depreciated.

EMS - An acronym meaning Emergency Medical Services.

ENCUMBRANCES - Commitments related to unperformed contracts for goods or services used in budgeting. Encumbrances are not expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUND - A fund established to finance and account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Examples of Enterprise Funds are those of water and sewer service.

EXPENDITURES - (Used for General Fund Types) Total charges incurred, whether paid or unpaid, which are assumed to benefit the current fiscal year.

EXPENSES - (Used for Non General Fund Types) the cost of goods or services incurred in the operation which cannot be charged to asset accounts.

FEMA - An acronym for the Federal Emergency Management Agency.

FISCAL YEAR - A twelve-month period of time to which the annual budget applies and at the end of which a city determines its financial position and results of operations.

FULL FAITH AND CREDIT - A pledge of the General Taxing power of a government to repay debt obligations (typically used in reference to bonds).

FUND - An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE - The difference between governmental fund assets and liabilities.

GAAP - An acronym for Generally Accepted Accounting Principles. GAAP provides uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

GASB - An acronym for the Government Accounting Standards Board.

GFOA - An acronym for the Government Finance Officers Association.

GENERAL FUND - The fund that is available for any legal authorized purpose and which is therefore used to account for all activities except those required to be accounted for in another fund. Note: The General Fund is used to finance the ordinary operations of a governmental unit.

GENERAL OBLIGATION BONDS - Bonds, for whose payments, the full faith and credit of the issuing body are pledged. More commonly, but not necessarily, general obligation bonds are considered to be those payable from taxes and other general revenues.

GOVERNMENTAL FUND - A fund established to account for the sources, uses and balances of a Government's expendable "general government" financial resources (and the related current liabilities). Examples include the General, Special Revenue, Capital Projects and Debt Service Funds.

GRANT - A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function.

INCOME - This term is used in accounting for governmental enterprises and represents the excess of the revenues earned over the expenses incurred in carrying on particular phases of an enterprise's activities. The excess of the total revenues over the total expenses of the utility for a particular accounting period is called "net income."

INTERFUND TRANSFERS - Transfer among funds. These are utilized to track items for management purposes. They represent a "double counting" and, therefore, are subtracted when computing a net operating budget.

INTERNAL SERVICE FUND - Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

LEVY - The total of taxes or special assessments imposed by a governmental unit.

LOCAL TAX LEVY REVENUE - Revenue of a district, which is derived from taxes levied on, equalized property value within a district.

MIS - An acronym for Management Information Systems.

MODIFIED ACCRUAL - The method of accounting under which revenues are recognized when they are both measurable and available to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.

NON-OPERATING INCOME - Income of governmental enterprises of a business character which is not derived from the operation of such enterprises. An example is interest on investments or on bank deposits.

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending,

and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING EXPENSES - As used in the accounts of governmental enterprises of a business character, the term means such costs that are necessary to the maintenance of the enterprise, the rendering of services for which operated, the sale of merchandise, the production and disposition of commodities produced, and the collection of the revenues.

OTHER FINANCIAL SOURCES - Governmental fund general long-term debt proceeds, operating transfers-in and material proceeds of fixed asset dispositions. Such amounts are classified separately from revenues.

OTHER FINANCIAL USES - Governmental fund operating transfer-out. Such amounts are classified separately from revenues.

PFIA - An acronym meaning Public Funds Investment Act.

PERSONAL PROPERTY - Livestock, commercial equipment and furnishings, attachments to mobile homes, railroad cars and similar possessions that are taxable under state law.

PERSONAL SERVICES - Costs related to compensating employees including salaries, wages and benefit costs.

PID - Acronym for Public Improvements District.

PRINCIPAL OF BONDS - The face value of the bonds.

PROPERTY APPRAISER - Elected county official responsible for setting property valuations for tax purposes and preparing the annual tax roll.

PROPRIETARY FUND - A fund established to account for a government's continuing business-type organizations and activities. All assets, liabilities, equities, revenues, expenses and transfers pertaining to these business organizations and activities are accounted for through proprietary funds. Both enterprise and internal service funds are classified as proprietary funds.

PURCHASE ORDER - A written request to a vendor to provide material or services at a price set forth in the order and is used as an encumbrance document.

RFP - An acronym for Request for Proposal.

RFQ - An acronym for Request for Qualification.

REAL PROPERTY - Land and the buildings and other structures attached to it that are taxable under state law.

REVENUE - An increase in (source of) fund financial resources other than from interfund transfers or debt issue proceeds.

REVENUE SHARING - Federal and State money allocated to local governments.

SETTRAC - An acronym meaning Southeast Texas Trauma Regional Advisory Council.

SOURCE OF WORKING CAPITAL - A transaction that results in net increase in working capital.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

STEP - An acronym for Speed/Traffic Enforcement Program.

TEEX - An acronym meaning Texas Engineering Extension Service.

TIRZ - An acronym meaning Tax Increment and Reinvestment Zone.

TxDOT - An acronym meaning Texas Department of Transportation.

TAX BASE - The total property valuations on which each taxing agency levies its tax rate.

TAX LEVY - The total amount to be raised by general property taxes for purposes specified in the Tax Levy Ordinance.

TAX RATE - The amount of tax levied for each \$100 of assessed valuation.

TAX ROLL - The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority.

UASI - An acronym meaning Urban Area Homeland Security.

WORKING CAPITAL - The amount by which total current assets exceed total current liabilities.

AAA GRANT - Proceeds from the Area Agency on Aging (AAA) grant which is used to provide meals to senior citizens.

CHART OF REVENUE ACCOUNTS

ACCIDENT REPORT FEES- Proceeds from a fee charged to individuals for copies of police accident reports.

ALARM PERMITS - Proceeds from citizens for a permit that allows them to have a security alarm at the residence or business.

ALCOHOLIC BEVERAGE PERMIT- Proceeds from the license process for establishments selling alcoholic beverages within the City limits.

BINGO TAXES - Proceeds from the assessment of taxes on bingo operations held within the City limits.

BUILDING PERMITS - Proceeds from individuals for a permit which allows them to construct a structure.

BURIAL PERMIT-Proceeds from city owned cemetery.

CHARGES TO DEPARTMENTS - Proceeds from a charge to various City Departments to cover the cost of providing health care coverage for City employees.

COBRA CONTRIBUTIONS - Proceeds from individuals who elect to receive health insurance under the Comprehensive Omnibus Benefits Reconciliation Act.

COIN OPERATED MACHINE LICENSE-Proceeds from the licensing of coin operated machines.

COMMERCIAL SOLIDWASTE - Proceeds from a user fee for the provision of solidwaste pickup and disposal for commercial customers located in the City limits.

COMMUNITY ROOM RENTAL-Proceeds from the rental on City Community Room.

COMPREHENSIVE REHABILITATION FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CONTRACT FIRE PROTECTION - Proceeds from a contract with industries located outside the

CONTRIBUTIONS TO VICTIMS OF CRIME - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CRIMINAL JUSTICE PLANNING FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

CURRENT PROPERTY TAXES - Proceeds from the assessment of ad valorem taxes on taxable property located in the City Limits of the City. These proceeds are used for operations and maintenance in the General Fund and to service debt in the Debt Service Fund.

DELINQUENT TAXES - Proceeds from property taxes assessed in prior years but were not collected until the current year.

DEMOLISHING PERMITS - Proceeds from individuals desiring a permit to demolish a structure.

DOCUMENT REPRODUCTION - Proceeds from individuals who have requested certain information that had to be reproduced by City Employees.

ELECTRICAL PERMITS - Proceeds from individuals who are having electrical installations or modifications performed within the City limits.

ELECTRICIANS LICENSES - Proceeds from the licensing process of individuals desiring to perform electrical work within the City limits.

EMPLOYEE CONTRIBUTIONS - Contributions made by City employees who desire to have their eligible dependents covered by the City's health plan.

EMS CONTRACT REVENUE - Proceeds from a contract with industries located outside the City limits for assistance in Emergency Medical Services.

EMS PATIENT REVENUE - Proceeds from a user fee for services rendered by the City's Emergency Medical Services operation.

FINGER PRINTING-Proceeds from fingerprinting individuals.

FRANCHISE FEES/CABLE TV (TCI) - Proceeds from a franchise fee on cable television companies operating within the City limits.

FRANCHISE FEES/ELECTRICAL (CENTERPOINT) - Proceeds from a franchise fee on electric service within the City limits.

FRANCHISE FEES/GAS (CENTERPOINT) - Proceeds from a franchise fee on gas service within the City limits.

FRANCHISE FEES/TELEPHONE - Proceeds from a franchise fee on telephone service within the City limits.

GRANT REIMBURSEMENTS - Proceeds from reimbursements from federal agencies as their portion of preapproved projects.

HOTEL/MOTEL OCCUPANCY TAX - Proceeds from the collection of taxes imposed on a person who pays for a room which used for sleeping in a hotel.

INMATE TELEPHONE RECEIPTS-Proceeds from inmates making telephone calls.

INTEREST INCOME - Proceeds received on the investment of idle City funds.

LAW ENFORCEMENT OFFICERS EDUCATION FUND - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

LEASE OF CITY PROPERTY - Proceeds from the leasing of City facilities not covered elsewhere in the revenue structure.

MECHANICAL PERMIT- Proceeds from individuals who are having heating and or air conditioning installations or modifications performed within the City limits.

MISCELLANEOUS LICENSES, PERMITS & FEES - Proceeds from individuals for licenses, permits or fees that do not have separate revenue accounts.

MISCELLANEOUS REVENUE - Proceeds for miscellaneous items that are not accounted for in other revenue accounts.

MUNICIPAL COURT FINES- Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

MOBILE HOME PARK LICENSES - Proceeds from the licensing process of mobile home parks.

MOWING & DEMOLITION - Proceeds from property owners who have had their property mowed by the City because of the property owner's failure to comply with City ordinances regarding high weeds.

MUNICIPAL COURT JUDGES TRAINING TAX - Proceeds from a state mandated pass through fee that is charged with court fines and then remitted to the State.

MUNICIPAL COURT FINES - Proceeds from a state imposed charge to individuals who violate certain municipal ordinances or state laws.

PARK RENTAL-Proceeds from park rental

PENALTIES - Proceeds from the assessment of late charges for water, sewer, and garbage customers and/or taxpayers who are late in paying their bills.

PIPELINE APPLICATION PERMITS - Proceeds from application permits for installation of pipelines in one of the City's pipeline corridors.

PIPELINE ASSESSMENTS - Proceeds from an annual assessment fee for companies that have pipelines in one of the City's pipeline corridors.

PLUMBING PERMITS - Proceeds from individuals who are having plumbing installations or modifications performed within the City limits.

PUBLIC INFORMATION REQUEST-Proceeds from public that request information on public open records.

PUBLIC SAFETY GRANTS - Proceeds from grants that relate to Public Safety (Police Department activity).

RESIDENTIAL SOLIDWASTE - Proceeds from customers for the pickup of residential solid waste.

REZONING FEES - Proceeds from an application fee from individuals desiring to rezone certain areas within the City limits.

SALE OF EQUIPMENT - Proceeds from the sale of surplus or obsolete items at the annual City auction.

SALE OF GARBAGE BAGS - Proceeds from the sale of garbage bags to the City's residential solid waste customers.

SALE OF SEWER - Proceeds from the receipt and treatment of sanitary sewage in the City's Utility Fund.

SALE OF WATER - Proceeds from the sale of potable water in the City's Utility Fund

SALES TAX - Proceeds from the one percent local option sales tax on taxable goods sold or consumed in the City of La Marque. This tax is collected by the State of Texas on behalf of the City and is forwarded to the City each month.

SERVICE FEES - Proceeds from an assessment to individuals or companies who have submitted to the City a check that has been rejected by their bank.

TAX PENALTY AND INTEREST - Proceeds collected, in accordance with state law, from late taxpayers for penalty and interest on current year amounts outstanding.

TEMPORARY CONNECTS - Proceeds from a user fee for temporary connections to the City's water and sewer system.

TRANSFER FROM GENERAL FUND - Transfer of funds from the City's General Fund.

TRANSFER FROM HOTEL/MOTEL FUND - Transfer of funds from the City's Hotel/Motel Fund.

TRANSFER FROM GCWA FUND - A transfer from the Gulf Coast Water Authority to the General Fund. This amount represents cost recovery for services rendered the fund by other City operations.

TRANSFER FROM UTILITY FUND - A transfer from the Utility Fund to the General Fund. This amount represents cost recovery for services rendered the fund by other City operations as well as a payment in lieu of ad valorem taxes.

WARRANT FEES - Proceeds from fees that may be imposed for the issuance and service of arrest warrants issued out of municipal court.

WATER METERS - Proceeds from the installation of water meters.

WATER RECONNECT FEES - Proceeds from a charge to utility customers to have their water reconnected after service has been temporarily disconnected for non-payment of services rendered.

WATER TAPS - Proceeds from a user fee charged to utility customers who desire to be connected to our water system at a location that did not previously have service.

WRECKER PERMITS - Proceeds from individuals desiring a permit to operate a wrecker service in the City.

CHART OF OPERATING EXPENSE (EXPENDITURE) ACCOUNTS

1010 REGULAR EARNINGS - Compensation to employees for work performed up to 40 hours per week. Also includes pay for vacation, sick and other paid time off.

1020 LONGEVITY - Compensation to employees with more than one year of service. The amount is six dollars per month for each year of service after the first year.

1030 EXTRA HELP - Compensation to temporary help.

1040 OVERTIME - Compensation to employees for work performed in excess of 40 hours per week.

1060 PAYROLL TAXES-City's contribution to social security

1065 RETIREMENT - City's contribution to the Texas Municipal Retirement System.

1070 INSURANCE - MEDICAL - Cost to provide employee, retiree and dependents health coverage.

1075 WORKERS COMPENSATION - Workman's compensation coverage for employees.

2010 OFFICE SUPPLIES - Expendable materials used in routine office operations. Included in this account are: calculator tape, folders, purchasing requisition and receiving report books, pens, calendars and copy paper.

2020 FUEL SUPPLIES- Fuel and lubricants used by city vehicles.

2040 UNIFORMS, MAINTENANCE AND SAFETY GEAR- Clothing cost for employee uniforms.

2060-SMALL TOOLS AND EQUIPMENT - Costs associated with purchase of small tools

2070 JANITORIAL SUPPLIES & MAINTENANCE- Expendable materials used in routine cleaning operations. Included in this account are glass and abrasive cleaners, detergents, disinfectants, paper towels, mops and brooms.

3020 REPAIR/MAINTENANCE-BUILDING FURNITURE & FIXTURES-Costs incurred for maintenance and repair of buildings. Included are replacement of existing carpet, paint and electrical repairs. Does not include light bulbs and batteries.

3030 VEHICLE MAINTENANCE - Automotive parts and maintenance by department that elect to perform selective vehicle maintenance.

3040 REPAIR/MAINTENANCE-EQUIPMENT-Cost incurred by the various divisions by the technology fund for the upkeep of computer equipment and phones.

4030 GENERAL INSURANCE

4040 PROFESSIONAL FEES-Cost incurred for professions services.

4050 ADVERTISING-Cost incurred in the advertising of information required by the various city departments.

4060 CONVENTIONS/SCHOOLS/TRAVEL-Cost incurred during conventions and schools including travel and meals.

4071 DUES, SUBSCRIPTIONS, MEMBERSHIPS-Cost associated with fees associated with periodical subscription and dues and memberships to various organizations.

5010 COMMUNICATIONS-Cost associated with providing telephone and cellular phone service.

5020 UTILITIES-Cost of electrical and natural gas services provided to city facilities

5145 REPLACEMENT COST EXPENSE

6091 WEED CONTROL/MOWING/CLEAN CITY-Cost associated with mowing of property which are unkempt and in violation of the City Ordinance.

6092 BUILDING DEMOLITION-Costs associated with the demolition of a condemned building and cleanup of property.

7020 BUILDINGS, FURNITURE, AND FIXTURES-Only assets meeting the City's capital assets policy or for capital reason can be classified in this category.

7030 10 YEARS LIFE ASSETS (VEHICLES)-Only assets meeting the City's capital assets policy or for capital reason can be classified in this category.

7040 5 YEARS LIFE ASSETS (EQUIPMENT)-Only assets meeting the City's capital assets policy or for capital reason can be classified in this category.
