Public Notices are very important...

Did you know that only the property owners who about a tract which is asking for a rezoning are required to get a letter from the planning commission? And there is no requirement to keep posting signs on the property in question if they are stolen or knocked down by weather. Zoning notices are run from 7-21 days prior to the county planning commission hearing in The Pioneer News.

A subscription and looking at the legal section could be a whole lot cheaper than getting into a legal battle over a zoning case later.
