BUDGET MESSAGE & EXECUTIVE SUMMARY

April 8, 2019

The Honorable Larry D. Bagwell
Members of City Council
City of Easley, South Carolina

Dear Mayor Bagwell and Members of City Council:

I am pleased to present to the citizens of Easley, members of City Council, City employees, and other interested readers the 2019-20 operating budget for the City of Easley, South Carolina.

The projected revenues for all funds are \$17,843,284 including a General Fund budget of \$14,505,784. This represents an overall budgetary increase of 2.5% and a General Fund increase of 4.4% over the adopted 2018-19 operating budget, respectively. A summary of all funds outlining the changes is included at the end of the Executive Summary.

The City of Easley completed a Strategic Plan in 2018 and it is serving as guide the future growth and direction of the city. The 2019-20 Budget addresses three (3) Themes that council have identified during this process:

- Quality Services
- Quality Places
- Quality Community

The FY 18-19 budget period was the start to a transformative period for the citizens, businesses, and organizations of Easley. The City of Easley completed the funding of three (3) Bond issuances and have either implemented projects from these bonds or in the design process. The projects funded through these bonds will continue through the FY 19-20 budget.

Tax Increment Finance Bond

The City of Easley was able to partner with Pickens County and the School District of Pickens County to extend the Downtown Tax Increment Finance District for ten (10) additional years. The bond tied to the extension, and fund balance from the expiring bond payments, provided the City with approximately \$1.8 million to invest in the Downtown. Several projects have been completed to date. These include improvements to the public parking lots, replacement of downtown trees, placement of benches and trash receptacles, and stage covering for the amphitheater. We also recently closed on the silos on Folger Street and are working on their redevelopment. There are several additional projects that will be completed during FY 19-20. These include the railroad fencing, completion of City Green/Doodle trailhead, renovations for Westend Hall, and new wayfinding signage.

General Obligation Bond

The City of Easley has experienced growth of almost 40% over the last 25 years and is anticipating an additional 10% growth over the next 5 years. This has added demand to service delivery and created challenges to delivering quality services. Fire Station #1 and the Public Works facilities have both aged, maxed out space requirements, and are located in areas that provide challenges to service delivery. Council has approved DP3 Architects as the architects and J Davis Construction as the Construction Manager at Risk on the project. The schedule shows construction starting in May 2019 and completion in late Spring 2020.

The City issued \$5.5 million in General Obligation Bonds in FY 18-19 for the construction of a new Operations and Maintenance Facility and Renovation/Addition to Fire Station #1. The Operations and Maintenance Facility will be located on property we own next to J.B. "Red" Owens Park. It will house Public Works and Parks and Recreation. This facility will provide ample space of our current operations and provide room for

growth over the next few decades. The City leveraged 3 mills of the tax rate for the bond issuance. These 3 mills equate to over \$210,000 in additional revenue and covers our GO Bond payment.

One additional result of a new Operations and Maintenance Facility is that over 12 acres of land in downtown will become available for development. The City has issued a Request for Proposals for the redevelopment of this land and plan to have a partner contracted this summer. This would help to increase our downtown residents and increase our tax base with in-fill development instead of annexation development.

Hospitality Bond

The City of Easley completed a Parks and Recreation Master Plan in 2017 and is now looking at the implementation of the plan's recommendations. The top priorities that were identified in the plan were to update/improve the current facilities, increase the amount of passive recreation throughout the City, and improve the maintenance facilities.

Projects like the Brushy Creek Greenway and Nalley Brown Nature Preserve are in progress to create additional passive recreation. The parks and recreation maintenance will also be part of the new Operations and Maintenance Facility being designed. Renovations to the current parks are being designed and should begin shortly. All of these projects will continue into the FY 19-20 budget. Currently, there will be over \$1,000,000 of funds left from the Bond, and Council and Staff will discuss future projects for these funds.

There are indeed exciting projects underway and opportunities on the horizon, but we are also tasked with providing quality services day to day. This requires us to address the major aspects of our operations - Employees and Equipment.

Employees

Employees are the backbone of the City and help to dictate the quality of services provided to our residents. One of the goals in this budget is to ensure that the City can compete for the highest quality of candidates, and then continue to keep them. To this end, the 2019-20 budget includes:

- A 2% cost-of-living adjustment (COLA) for all full and part-time employees effective July 1, 2019. All pay bands will be increased to reflect.
- Continues with the State Health Plan to keep the City's and employees cost lower than in previous years.
- Absorbing the proposed 1% increase to the employer's contribution portion of the State Retirement System.
- Continues our Police and Fire pay bands to help to ensure that we keep the highest trained and tenured employee at the City.

There were two topics that need to be discussed in the future:

- A City-wide longevity policy and corresponding one-time bonus or pay increase to recognize those that dedicate their career to the City.
- An education reimbursement policy to help employees that seek to further their education by covering a portion of their costs.

It is recommended that we implement an Education Reimbursement Program for all City employees. Employee compensation for completion of a degree program would also be part of this program but would only be for those that are not covered by a pay scale. The goal is to have this drafted and presented to Council by the end of 2019 for review and input. The longevity compensation is planned to be drafted as well and then be implemented over the next 2-3 budget years if Council approves. The longevity program would only be for none pay scale employees. These programs would allow all employees to have chances to move within their pay scales.

Health Insurance / Wellness

In January 1, 2017 the City moved to the State Health Insurance Plan through SC PEBA. This has improved the benefits offered to employees and provided an even larger savings to the City in the long run. The City is looking at a .05% increase in January 2020. This is a negligible increase and pales in comparison to the 20-30% increases we were looking at before changing.

The budget recommends continuing funding the gym membership reimbursement initiative for full-time employees wishing to participate. The plan states that any full-time employee that visits a participating gym (as approved by the wellness committee) 36 times a quarter (January – March, April – June, July – September, and October – December) will receive up to \$75 per quarter depending on the gym they chose. \$7,500 is budgeted for this initiative.

The City is continuing to see the benefit of an on-site Nurse Practitioner 8 hours a week. This partnership with Greenville Hospital System has provided the basis for our wellness screenings and counseling. Employees have someone on site to visit for minor ailments, and this has saved numerous lost hours of productivity. They also provide flu shots and annual screenings for employees.

New Positions

The FY 19-20 budget requests included request for 15 additional Full-time Employees:

- Public Works – 4 Full-time Employees
- Fire Department – 4 Full-time Employees
- Police Department – 2 Full-time Employees
- Parks and Recreation – 4 Full-time Employees
- Codes and Enforcement – 1 Full-time Employee

The City does not have the funding to increase staffing for all of these requests. The FY 19-20 Budget does recommend the addition of 4 Full-time employee positions in 3 departments. It is recommended that the Police receive 2 Full-time police officer positions to allow them to restructure and handle their increased call volume during peak times. It is also recommended that Public Works and Parks and Recreation each receive 1 additional Full-time employee to handle the increased demand added to these departments.

There are 2 additional positions that were tough to leave out, but funding could not be found for them. If funding is available at a later date, it would be recommended to fund the additional Building Inspector positions and a Fire Training Officer.

Equipment Needs***Police***

The Police Department began an Operating Lease program for all of their vehicles in FY 18-19. The lease program works on a 3-year replacement program to recover the highest available return on the sale of the vehicles. 17 vehicles were on-boarded in FY 18-19 and 17 additional will be included in FY 19-20 for a total of 34 to date.

The Police Department are in the process of changing out all body cameras to Axion. This is due to lawsuits between Axion and our current contactor. The body cameras are being funded through the confiscated drug fund and state reimbursement funds. The Police Department is also wanting to change in car cameras to Axion so that the software and storage are the same for evidence retention and sharing. This is about a \$325,000 cost over a 5-year agreement. Funding of \$115,000 was requested for 1/3 of the camera systems but removed to balance the budget.

Fire Department

There is \$575,000 in the FY 19-20 budget for the purchase of a new Fire Engine. This will replace a 1989 Custom Spartan Chassis Fire Engine. It is recommended that this be a 10-year lease purchase. There is a \$46,000/year lease purchase that will expire in FY 18-19 that will almost cover the payment amount of this truck. They also have a \$62,000 lease purchase payment expiring in FY 19-20. It was originally included in the FY 18-19 Budget for purchase, but the delivery schedule for the truck was 15 months. This means that the truck will be received in FY 19-20 for financing purposes

Due to an increased number of non-fire calls, the Fire Department is also in need of smaller vehicles to better get staff to these calls. It is recommended that the Chief's and Fire Marshall's vehicles be assigned to stations for calls, and then replaced on our operating lease program through Enterprise.

The Fire also has integral equipment about to expire. The Fire's self-contained breathing apparatuses (SCBAs) are coming up for expiration over the next few years. Their request for \$325,000 to replace all SCBA gear was reduced to \$100,000, and we will stagger their replacement over 3 fiscal years. They are also hoping to find grant or exterior funding to assist with this cost.

Public Works/Stormwater

Public Works is in need of frontline trucks to transport staff and equipment to projects sites. It is recommended in the budget that the Administrative vehicles be pushed down to frontline and that we move their vehicles to our operating lease program. This would include the Public Works Director, Assistant Director, and Stormwater Director.

The budget also recommends the purchase of a pothole and crack seal machine. This will allow us to better maintain our roads and extend their life. We will also begin taking maintenance of our roads back from the County and need to better handle potholes and other minor maintenance.

Public Works also requested \$113,500 to purchase a used boom truck that can be used for multiple projects around the City. This piece of equipment was not funded in the budget.

Parks and Recreation

The Parks and Recreation budget reflects the same as Public Works and Fire related to vehicles. It is recommended that 2 administrative level vehicles move to the Operating Lease program and their current vehicles get pushed to front line vehicles.

Park and Facility improvements have been approved as part of the Hospitality Tax Funds. These have been reviewed by Council after recommendation from the Parks and Recreation Committee.

Other item of interest

The budget includes:

- \$135,000 for special events throughout the year including Part of Pendleton, Trunk or Treat, Fourth of July Festivities, and others.
- \$15,000 to replace aging Christmas Decorations in the Downtown
- \$36,575 for tourism related activities and events throughout the community
- \$130,000 for Stormwater system improvements throughout the community
- \$30,000 to continue the demolition of derelict properties throughout the City.

I would like to take this opportunity to personally thank all the department leaders and their staffs for their assistance in preparing this budget, and for the job they do to serve the citizens on Easley. I feel that this budget provides the City an opportunity to set a positive path for the future while not over extending our finances. It also provides better options to beautify, enhance, and restore pride in the community.

EXECUTIVE SUMMARY

The projected revenues for all funds are \$17,843,284 including a General Fund budget of \$14,505,784. This includes revenues from ten (10) municipal funds including Hospitality Tax, Storm water Fund, Accommodations Tax, and other funds with restrictive uses.

GENERAL FUND

The General Fund accounts for the revenues and expenditures necessary to carry out basic governmental activities of the City such as police and fire protection, recreation, refuse disposal, and legal and administrative services. All financial transactions not accounted for in other funds are recorded in the General Fund.

General Fund Revenues

General Fund Revenues in 2019-20 are projected to increase by 4.44% from the current year's adopted budget.

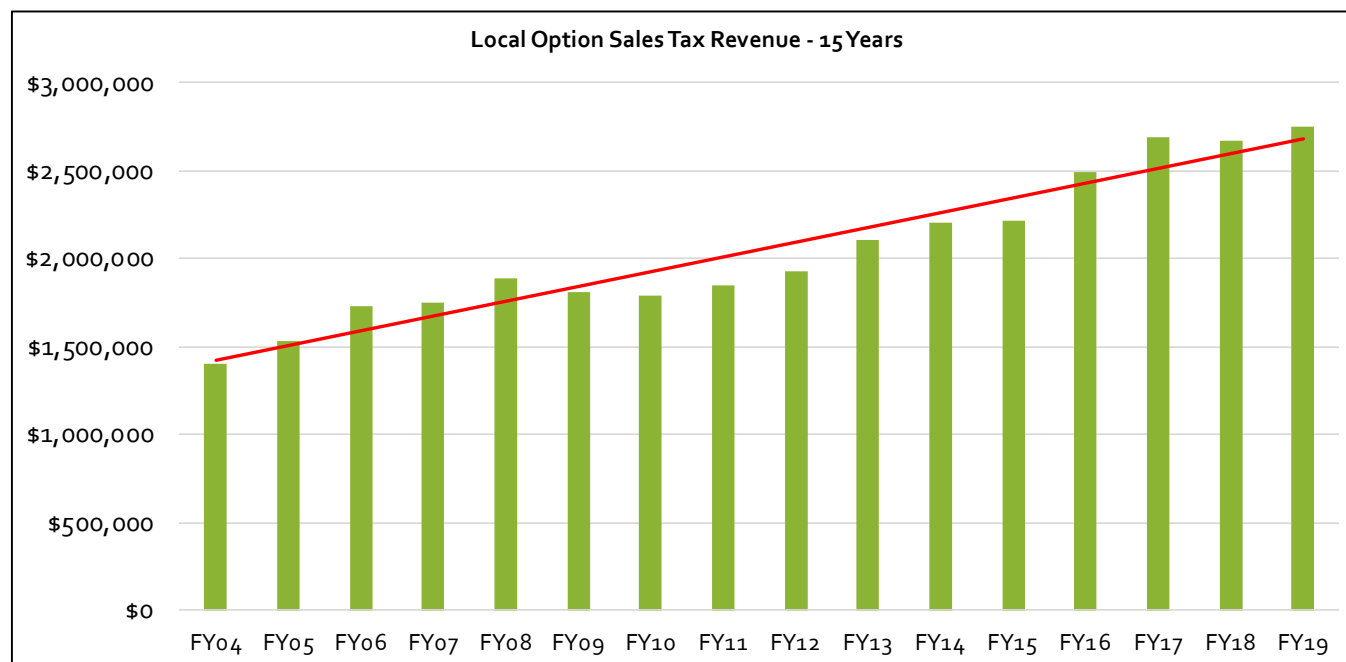

General Fund Revenues	FY 18-19 Budget	FY 19-20 Proposed	Percent Change
Property Tax (68 mills)	\$2,609,000	\$3,099,000	18.78%
Sales Tax	\$2,750,000	\$2,700,000	-1.82%
Franchise & Other Fees/Taxes	\$2,543,500	\$2,603,500	2.36%
License & Permits	\$3,092,500	\$3,347,500	8.25%
Intergovernmental	\$729,990	\$869,534	19.12%
Charges for Service	\$535,500	\$544,000	1.59%
Public Safety	\$20,000	\$20,000	0.00%
Fines	\$402,500	\$402,500	0.00%
Interest	\$1,000	\$1,000	0.00%
Rental Income	\$25,000	\$20,000	-20.00%
Other Income	\$8,000	\$8,000	0.00%
Transfers	\$357,750	\$157,750	-55.90%
Sale of Fixed Assets	\$50,000	\$30,000	-40.00%
Lease Purchase	\$740,000	\$575,000	-22.30%
Miscellaneous Income	\$25,000	\$28,000	12.00%
Fund Balance Appropriated	\$0	\$100,000	100.00%
	13,889,740	14,505,784	4.44%

Property taxes comprise about 21% of all General Fund revenues. The tax levy on a piece of property is determined by market value, assessment ratio, and millage rate. Market value is determined by the Pickens County Tax Assessor's Office using a variety of factors such as size, condition, location, and recent selling prices of comparable properties. Assessment ratio is a percentage which is multiplied by the appraised market value of a property to determine the assessed value. Owner-occupied residences are assessed at 4%, commercial properties at 6%, motor vehicles at 6%, personal property at 10%, and industrial and utilities at 10.5%. The Property tax rate for FY 19-20 is proposed to remain at 68 mills. The table below shows the tax calculations for the 2017-2019 tax years. Pickens County completed county-wide reassessment in 2018, and we will find out the change to assessed values and tax estimation later in 2019.

Tax Analysis Residential					
		2016 tax	2017 tax	2018 tax	2019 tax
Property Value		\$ 200,000	\$ 200,000	\$ 200,000	\$ 200,000

Local Option Sales Tax (LOST) is received monthly via a statement from the South Carolina Department of Revenue for the 1% Local Option Sales Tax collected. 100% of the LOST revenues are used to defray property taxes. The proposed property tax millage increase for FY 19-20 will result in a small increase to property tax bills due to the increase in the discount provided by Local Option Sales Tax (LOST) decreasing. The LOST multiplier decreased from .1826 to .1706 for FY 19-20. This reduces the amount of discount a property owner receives. The LOST income is expected to account for 19% of the General Fund budget in FY 19-20.

The chart below outlines how the LOST has rebounded from the recession and has continued to mirror population growth in and around the City.

Licenses, permits and fees represent the City's revenue source comprising approximately 23% of all General Fund revenues. The most significant source is the business license tax, which a levy is based upon each \$1,000 of gross receipts, sales, or premiums of business conducted within the corporate limits of the City. The projection of \$3,347,500 in business license receipts (excluding franchise fees) is a 8% increase from FY 18-19. This is based on an increase in Business License revenues and Insurance tax collected by the MASC coming in higher than expected in FY 17-18. The Insurance collection for FY 17-18 was over \$250,000 higher than budgeted, but it was not known until the last few days of the Fiscal Year after we had adopted our FY 18-19 budget. Business Licenses exceeded budget by close to \$150,000 in the same period. Both of these items are reflective of the increase in construction in the City and businesses that have open in the last few years.

Franchise fees comprise about 18% of all General Fund revenues. Revenues in this category include franchise fees for electric, gas, and cable television. The rate structure is based upon a certain percentage of gross receipts in each case, and the basis of each forecast is trend analysis along with current market conditions. Projected revenues from all franchise fees for FY 19-20 are \$2,603,500 and represents this revenue source increasing about 2% from FY 18-19. The primary reason for the increase is revenue from Easley Combined.

Intergovernmental revenue includes grants and allocations from county, state, and federal governments. State-shared revenue is generally distributed on a pro-rata basis per population or other set formula. The Aid to Subdivision revenue is distributed quarterly from the Local Government Fund and funded by a transfer of 4.5% of state general fund revenues. Counties receive 83.28% and municipalities 16.72% of the distribution. The revenue forecast from Aid to Subdivisions is expected to be \$472,500 for 2019-20. This reflects the city receiving over \$150,000 less than what is mandated by statute. The budget for the State has not been completed, but this budget assumes that the State will fund at the House of Representatives budget level. The State is in the process of setting new guidelines that will use this year as a new baseline for funding and allow it to increase/decrease based on the State budget. The State does not plan to address the underfunding from the past decade and will leave Easley underfunded by close to \$2,000,000 during this time.

Other Revenues make up the remainder of the General Fund revenues. They consist of transfers from other city funds. The City transfers a formula transfer from Accommodations Tax and \$130,000 from Stormwater to cover the cost of the Stormwater Engineer and support staff for this service.

The City is also budgeting for \$575,000 in financing to cover the cost of a new fire engine that was approved and ordered in FY 18-19.

There is also a Fines revenue source that is made up almost entirely of Court Fine and Fees. The number used for Court Fines has been changed to reflect the City's actual revenue. The State of South Carolina uses the city's court revenues to suggest that we are profiting from operating a municipal court. The City does not get to keep all of these fees, as almost 60% of the revenue is earmarked to the State of South Carolina. We are budgeted to make \$400,000 after adjusting for what we send to the State, and the Court expenses are budgeted at \$366,000.

General Fund Expenditures

A summary of General Fund expenditures for 2019-20 is shown in the following table along with the percent change from the adopted 2019-20 operating budget. Total expected expenditures for FY 19-20 are expected to increase by 4.44%.

General Fund Expenditures	FY 18-19 Budget	FY 19-20 Budget	% Change
General Government	\$866,271	\$998,100	15.22%
Council	\$94,450	\$150,719	59.58%
Administration	\$398,068	\$508,023	27.62%
Municipal Court	\$401,440	\$366,054	-8.81%
Finance	\$378,587	\$352,525	-6.88%
Police	\$4,388,883	\$4,642,964	5.79%
Fire	\$2,932,155	\$3,207,469	9.39%
Planning & Development	\$423,511	\$335,606	-20.76%
PW-Streets	\$1,553,270	\$1,623,785	4.54%
PW-Solid Waste & Recycling	\$1,405,188	\$1,253,852	-10.77%
PW-Cemetery	\$122,732	\$47,760	-61.09%
Recreation	\$925,183	\$1,018,927	10.13%
	\$13,889,740	\$14,505,784	4.44%

Funding Highlights

General

The City of Easley has seen growth in our Revenue sources over the last few years, and the trend appears to be continuing in FY 18-19 and FY 19-20. The increase in the budget for FY 19-20 recognizes this growth and puts it to use in addressing positions and capital needed to accommodate the growth and resulting demand.

Personnel Changes

This budget includes four (4) new positions throughout 3 departments in the City. There are 2 new police officers, 1 Public Works Maintenance Worker, and 1 Parks and Recreation Maintenance Worker included in the budget for FY 19-20. Even though there are 4 new positions in the budget there were requests for 15 total positions.

Departmental Highlights

- The *General Government Budget* includes \$565,967 in funding for annual debt and lease purchase payments. This is an increase of \$215,000 from FY 18-19. This reflects the GO Bond that was approved in FY 18-19 and that the City leveraged 3 mills of our tax revenue. The General Government also has \$140,000 in IT services as we continue to upgrade our systems and connect all city facilities with fiber, phones, and security systems. The total cost for retiree insurance is also located under this section to identify the true cost of our Post-Employment Benefits in the budget.
- The *Finance Department* has \$20,000 funded for our annual external audit.
- The *Court* budget reflects the decision to move from 2 Full-time Judge positions to 2 Part-time Judges. Some of the savings from this change will be used to fund a Part-time administrative position to assist the Clerk of Court. The budget also assumes that the \$25,000 for indigent defense that was an unfunded mandate from the State in FY 15-16 will continue in FY 19-20.
- The *Fire Department* budget includes \$575,000 for the lease/purchase of a new Fire engine to replace a 1988 Engine. They also have \$25,000 in Equipment to purchase a new battery powered extrication system (jaws of life). They also have \$100,000 for the purchase of new SCBA gear.
- In the *Streets Division*, \$450,000 is funded for utilities such as street and stop lights. This has decreased over the last few years as Easley Combined Utilities has continued to replace old halogen lights with more energy efficient LED fixtures, but has level off the past couple of years. There is one (1) Full-time position funded in this budget as well. There is also \$14,000 budget for street maintenance equipment.
- The *Sanitation Department* did not have any major capital requests in this year's budget. They show a decreased cost for vehicle maintenance that reflects the upgrade in major equipment that has occurred the past few years.
- In the *Police Department*, the budget continues with the Operating Lease for their fleet. We will move to 34 total vehicles under the lease program during FY 19-20.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted by law or administrative action to expenditures for specific purposes. Annual budgets are established for the following special revenue funds: Community Development Administration, Hospitality Tax, Accommodations Tax, Local Accommodations Tax, Victim Rights, Law Enforcement Fund, Fire Fund and Recreation Fund.

Community Development Administration

The Community Development Fund is used to record receipts and expenditures of Community Development Block Grant funds. \$12,500 in revenue is budgeted for 2019-20 and \$38,000 in expenses are budgeted. The largest part of expenses is \$24,000 to pay for a BS&A software module to allow the billing and payments for our CDA loans to be handled within our enterprise software versus a spreadsheet. \$25,500 of Fund Balance is recommended to offset the overage in funding.

Hospitality Tax

Through an Ordinance passed in 2000, the City enacted the levy of one percent (1%) local hospitality tax on prepared meals and beverages in the City. In 2005 through an amendment the City increased the levy to a maximum two percent (2%). The proceeds are to be used for tourist related improvements and facilities. The collection and use of the tax is governed by Article 7, "Local Hospitality Tax," of Chapter 1, Title 6 of the South Carolina Code of Laws.

The 2019-20 budget estimates revenue of \$2,060,000 and includes \$984,701 in eligible Parks and Recreation expenditures to assist in funding maintenance, operations, and upkeep of all of our Parks and Recreation Facilities throughout the City. These funds also include the costs associated with putting on the City's Athletics and Recreational events. In addition, \$962,983 is budgeted for debt service on the 2010 Bagwell Gym and new 2018 Bond. The 2018 Bond is an interest only payment and the 2010 Bond will expire in FY 19-20. After this year the bonds will level off around 740,000 for the remainder of the 2018 Bond. The 2018 Bond will be expended during FY 19-20 to complete the construction of the Operations and Maintenance Facility and on improvements to City parks as approved by Council.

There is also \$135,000 budgeted for the community events and programming.

Accommodations Tax

The Accommodations Tax Fund is used to record the proceeds and allocations of a 2% tax imposed on all accommodations by the State. Revenue collected from the tax is divided among localities based on the amount of revenue generated within each jurisdiction.

The proceeds must be spent for tourism promotion and related expenditures. Revenues of \$80,000 are estimated for 2019-20. Following transfers of \$27,750 to the General Fund and \$15,675 to the Easley Chamber of Commerce, the remaining balance is estimated to be \$36,575. Of this discretionary amount, the Accommodations Tax Advisory Committee will make a recommendation to the City Council for the allocation of these funds. This recommendation usually comes to Council in November in the form of a Budget Amendment.

Local Accommodations Tax

The Accommodation Fee represents a 1.5% levy that is collected from accommodation facilities located within the City's jurisdiction. This tax is very similar to the State Accommodations Tax and is levied on every person engaged in the business of furnishing accommodations for transients within the jurisdiction of the City. The

uses of the money are very similar to the State Accommodations Tax and Hospitality Taxes in that the monies can only be used for tourism related purposes.

The City is budgeting \$75,000 in revenue and \$75,000 in expenditures to help advertise, promote, and market the City with focus on the Recreation Department and City Events that bring people into the City. The goal is to attract tournaments, promote our programs, and increase use of our facilities.

Law Enforcement Fund

The Law Enforcement Fund is separated into two portions, a restricted holding account and an unrestricted account. Funds in the restricted holding account are monies that the City has secured through arrests and must hold until the case in question is disposed. If the defendant is found to be innocent or not guilty the monies in question will be returned. If the defendant is found guilty the monies may be transferred to the unrestricted account and can be used by the Police department for law enforcement activities with approval from City Council. Monies in the Law Enforcement Fund must be used for Police related activities.

The 2019-20 budget includes \$200,000 in funding to assist in purchases to support the drug enforcement of the Police Department. The funds can potentially be used for vehicles, body cameras, equipment, or other items to support operations. This funding reflects \$190,000 coming from fund balance to cover the cost of equipment.

Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the costs of providing goods or services to the general public and other local governments on a continuing basis will be financed or recovered primarily through user charges. Annual budgets are established for Stormwater Management.

Stormwater Management

Stormwater fees are levied to support the stormwater management program. The fee is based on impervious surface areas of residential and commercial property. The flat rate structure is proposed to be \$28 per year for both developed residential and for equivalent residential units of developed commercial/industrial property. The 2019-20 revenue estimate from these fees is \$410,000.

Budgeted expenditures for 19-20 are \$410,000, with \$130,000 budgeted to be transferred to the General Fund. These funds include \$75,000 to cover the cost of the city's Stormwater Engineer position that is under the Street Department. \$55,000 goes to offset the staff and equipment cost to work on the stormwater projects and issues throughout the year. There is also \$135,000 funded for drainage improvements and projects, \$2,100 in permit fees, and \$5,000 for public education.

Debt Service Funds

Debt Service Funds are established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest payments. Under state law, municipalities can only issue two forms of long-term debt: general obligation bonds and revenue bonds. The City of Easley has used tax increment bonds as a means of financing capital improvements, and these debt instruments are also classified as a form of revenue bonds.

General Debt Service

General Debt Service in the 2019-20 budget is \$565,967. This includes \$192,119 for interest and \$316,229 is for reduction of principal. This reflects the addition of the Leaf Truck that was funded in FY 18-19 and the new GO Bond funded in FY 18-19 for the Operations and Maintenance facility. FY 19-20 shows the financing of a Fire Engine that will have payments beginning in FY 20-21. This will be offset by the expiration of the 2004 and 2014 Fire Leases. A debt chart is shown below.

Principal	FY 18-19	FY 19-20	FY 20-21	FY 21-22	FY 22-23	FY 23-24

Tax Increment Fund

The Downtown Tax increment bonds expired in FY 18-19. The City worked with the County and School District to extend this for ten (10) additional years. This City completed the TIF Bonds in 2018 and begin projects funded from this source. The TIF District and Bonds will expire in FY 28-29.

The City of Easley had a second TIF District that covered the Town Center development. The City was the only participating jurisdiction in this District and never issued any Bonds against this District.

SUMMARY OF ALL FUNDS

General Fund Revenues	FY 18-19 Budget	FY 19-20 Proposed	Percent Change

GENERAL FUND

The General Fund is used to account for all revenues and expenditures applicable to general operations of the City and is used to record all financial transactions not required to be accounted for in other funds.

The General Fund accounts for the revenues and expenditures necessary to carry out basic governmental activities of the City such as police protection, fire protection, recreation, refuse disposal, and administrative services. Appropriations are made from the fund annually. The fund will exist indefinitely.

MAYOR AND COUNCIL

Under the Mayor-Council form of government, Section 5-9-10 et seq., of the South Carolina Code, the City Council is the governing body of the City of Easley. Its membership includes the Mayor, elected at large, and six Council members elected to staggered four-year terms. The Mayor serves as the presiding officer at City Council meetings. The Mayor and members of City Council represent the City in a variety of functions; they hold positions and powers as provided by City code, they exercise political leadership to develop consensus and form coalitions on issues of community interest. Legislative policy direction is provided to the City Administrator who is responsible for the operations of City government. Open City Council meetings are held on the second Monday of each month.

MUNICIPAL COURT

The municipal court has jurisdiction of all offenses which may be subject to the penalty of a fine not exceeding five hundred dollars or 30 days or both, with the exception of criminal domestic violence and driving under suspension cases. Criminal domestic violence carries a maximum penalty of 30 days or \$5,237; driving under suspension violations carries a maximum penalty of \$2,100 and up to 180 days in jail. The court also issues search warrants, bench warrants and arrest warrants. Arrest warrants are issued for any traffic or criminal case which occurs within its jurisdiction. Preliminary hearings are also held for general session court cases.

FY 2019-20 BUDGET HIGHLIGHTS

The Municipal Court budget reflects:

- The transition from 2 Full-time Judges to 3 Part-time Judges and the addition of 1 Part-time Clerk position
- \$15,000 is budgeted for jury trials
- \$25,000 is budgeted for the unfunded Indigent Defense mandate that requires us to contract for this service.

PLANNING & DEVELOPMENT

The Planning and Development Department is responsible for the enforcement of building and property codes as adopted by ordinances, and statutes adopted by the City and the State. Codes are enforced by this department through permit issuance, and inspections. Codes enforced include the International Building Code, International Residential Code, International Fuel/Gas Code, International Mechanical Code, International Plumbing Code, International Property Maintenance Code, and National Electrical Code. Other codes and ordinances include the American National Standards for Accessibility, South Carolina General Contractor's law, South Carolina Residential Builder's law, and the City of Easley's Zoning Ordinance.

FY 2019-20 BUDGET HIGHLIGHTS

The General Government budget reflects:

- \$543,404 in debt service includes the new GO Bond issued in FY 18-19 for the construction of the Operation and Maintenance Facility
 - \$416,679 is for Debt
 - \$126,726 is for Lease Purchases
- \$150,000 is budgeted for technology enhancements (replacement PC's, servers, phone system upgrade, Wi-Fi upgrade, etc.)
- \$25,000 is budgeted for community promotions.
- \$15,000 is budgeted to replace aging Christmas Decorations and expand our current decorations
- \$107,616 has been budgeted to show the total cost of Retiree Insurance
- \$49,000 is budget to run our Employee Wellness Program and on-site Nurse

FINANCE DEPARTMENT

The Finance Department includes the functions of City Administration, Treasury Management, City Clerk, Risk Management, Business Licenses, Budget Administration, Human Resource Administration, Marketing, and Special Events.

The City Administrator prepares the City's operating budget, monitors expenditures to help ensure compliance with appropriated funding levels, and prepares operating budget status reports. The internal auditor conducts financial compliance audits that examine the adequacy and effectiveness of financial and operational controls, determine the extent of compliance with established policies and procedures, and recommend improvements.

The Finance Department budget reflects:

- \$20,900 for annual audit contract

POLICE DEPARTMENT

The Easley Police Department is the primary provider of law enforcement services for the City. The department follows conventional police practice by investing the majority of its efforts in routine patrol and investigation activities with smaller commitments to specialized divisions. Over 147 street miles are patrolled on a 24-hour, 365-day basis, using a patrol schedule that divides the City into sectors or beats.

The Police Department's budget reflects:

- Includes 2 new Full-time Officer positions to allow them to create a third shift to cover peak times and better handle increased call volume
- Includes \$135,000 for our Operating Lease Program for vehicles
- Includes \$25,000 in Overtime
- Includes \$5,000 for Drug Buy Funds

FIRE DEPARTMENT

The City of Easley Fire Department primarily provides fire suppression, rescue, fire code enforcement, and fire prevention services. The Fire Suppression Division consists of three shifts which are staffed with seven personnel per shift. The Fire Department is responsible for all code enforcement, fire and life safety/new building inspections and pre-plans for the City. These forces operate from three strategically located fire stations located within the City. The Fire Chief also serves as the Emergency Management Coordinator for the City.

The Fire Department budget reflects:

- Includes \$15,000 to purchase lower level turnout gear to use for medical and accident call
- Includes \$95,000 for protective equipment and firefighting equipment
- Includes \$575,000 for the purchase of new Fire Engine to replace a 1989 Fire Engine
- Includes \$25,000 for 1 new battery powered extrication machine
- Includes \$100,000 to purchase SCBA gear to replace equipment that is expiring

PUBLIC WORKS – STREETS & CEMETERY

The Public Works Street Division maintains 88 miles of City streets, performs construction/rehabilitation work on sidewalks, curb and gutter sections, and storm drainage systems. Repairs also include maintenance activities such as roadway patching, driveway repairs and improving sight distances at intersections. Pavement maintenance activities include roadway patching and driveway tie-ins. This Division is also responsible for the general maintenance of the City's cemetery.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are restricted by law or administrative action to expenditures for specified purposes.

Annual budgets are established for the following Special Revenue Funds:

Community Development Administration

Hospitality Tax / Recreation

Accommodations Tax

Local Accommodations Tax

Victim Rights Fund

Law Enforcement Fund

Fire Insurance Fund

COMMUNITY DEVELOPMENT ADMINISTRATION

Special Revenue Fund

The Community Development Administration Fund is a special revenue fund used to record the receipt and expenditure of Community Development Block Grant (CDBG) monies. The Community Development program strives to upgrade the living conditions of low- and moderate-income persons in targeted areas within the City of Easley. A number of projects are funded by Community Development grant monies, including low-interest rehabilitation loans, new home ownership, housing assistance programs, and the offering of financial and administrative support to various public improvements.

HOSPITALITY TAX / RECREATION

Special Revenue Fund

By City Ordinance, the City of Easley enacted the levy of a two percent (2%) local hospitality tax on prepared meals and beverages in the City. The proceeds are to be used for tourist related improvements and facilities. The collection of the tax is governed by Article 7, Local Hospitality Tax, of Chapter 1, Title 6 of the South Carolina Code of Laws.

FY 2019-20 BUDGET HIGHLIGHTS

- \$962,983 for debt service
 - This is due to the new Hospitality Bond that was approved in FY 18-19.
 - This amount will reduce to closer to \$750,000 on FY 20-21 and remain there for future years.
- \$135,000 is budgeted for Special Events
- \$90,000 for staff and officials needed to put on our recreational sports
- \$222,400 for Building and Grounds Maintenance
- \$15,000 for NCCAA World Series expenses and \$5,000 for Big League World Series expenses

ACCOMMODATIONS TAX

Special Revenue Fund

By a 1984 Act of the General Assembly, a two percent (2%) tax is imposed on all accommodations in the State of South Carolina. These monies are collected by the State and distributed to counties and municipalities. The proceeds must be spent for tourism promotion and tourism related expenditures. Projects are reviewed by an Accommodations Tax Advisory Committee.

State law provides that (a) the first \$25,000 must be allocated to the City's General Fund for general purpose use; (b) five percent (5%) of the balance must also be allocated to the City's General Fund; (c) thirty percent (30%) of the balance must be allocated for the purpose of advertising and promotion of tourism; and (d) the remaining balance must be used for tourism related expenditures.

LOCAL ACCOMMODATIONS TAX

Special Revenue Fund

By City Ordinance, The City of Easley enacts an accommodations fee of 1.5% of gross receipts of businesses engaged in providing accommodations for transients within the jurisdiction of the City.

All fees collected under this ordinance are used to defray the cost of tourism marketing services subject to annual appropriations by City Council. The appropriation provides for the distribution of accommodations fees to tourism marketing services.

- \$15,000 is budgeted for the continued implementation of branding, marketing, and wayfinding for the City.

VICTIM RIGHTS FUND

Special Revenue Fund

The Victim Rights Fund is used to record receipts from special court revenue and expenditures associated with the Victim Assistance program mandated by the State of South Carolina. The funds are used to support one staff member in the Police Department who provides support to victims of violent crime. A staff member is on call 24 hours a day. Victims are educated about the process of the criminal justice system and victims are referred to counseling if necessary.

LAW ENFORCEMENT FUND

Special Revenue Fund

The Law Enforcement Fund is used to record receipts from arrests where monies were confiscated as evidence. By law the monies must be held in a holding account until the case is disposed. If the defendant is found innocent, not guilty, or the case is dismissed the monies being held are returned to the defendant. If the defendant is found guilty the monies are transferred to the unrestricted account and must be used on law enforcement activities.

FIRE INSURANCE FUND

Special Revenue Fund

The Fire Insurance Fund is used to record receipts from the one percent (1%) of premiums the State collects from insurance agencies. State law stipulates that these monies can be used for items such as retirement and insurance, training and education, and recruitment and retention. The funds cannot be used to offset normal operating or capital expenses.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that costs of providing goods or services to the general public and other local governments on a continuing basis be financed or recovered primarily through user charges.

Annual budgets are established for the following Enterprise Fund:

Stormwater Management

STORMWATER MANAGEMENT

Enterprise Fund

In 1991, under the Storm Water Management and Sediment Reduction Act, authority was granted to local governments to establish a stormwater utility to fund such activities as watershed master planning, facility retrofitting and facility maintenance. In 2004 Easley City Council adopted a permanent fee, with the rate structure based on impervious surface areas of individual parcels. A stormwater management fund was established in FY 2003-04 to record the receipts and expenditures related to the stormwater management program. The fund is classified as an Enterprise Fund to comply with GASB 34 reporting standards.

Stormwater Administration and Planning is responsible for developing watershed master plans, coordinating improvements to the City's watershed basins, and complying with state/federal mandates related to stormwater management and water quality design.

FY 2019-20 BUDGET HIGHLIGHTS

The Stormwater Management budget reflects:

- Leaving the Annual Stormwater Rate at \$28/unit.
- The Stormwater Engineer position including; salary/benefits, equipment, and training becoming part of the transfer to the General Fund to reimburse the position cost. This is done to make annual auditing of the account smoother.
- \$135,000 is included for stormwater repairs and improvements
- \$10,000 is included for supplies and equipment and \$6,000 is included for fuel for the Street Sweeper
- \$2,500 is included for DHEC fees

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the repayment of principal and interest on bonds issued for specified purposes. Annual budgets are established for the following debt service funds:

General Debt Service Fund, to account for general long-term debt principal, interest, and related costs.

Tax Increment Fund, to account for the retirement of principal and interest on tax increment revenue bonds issued for various improvements in the downtown redevelopment area.

GENERAL DEBT SERVICE FUND

Direct Debt Service Fund

The General Debt Service Fund is used to record resources for, and payment of, general long-term debt, debt principal, interest, and related costs. Provisions are made in the City's annual operating budget to transfer sufficient funds to meet the general obligation requirements.

- 2019 Fire Truck Lease will be completed in FY 19-20 and start payments in FY 20-21

TAX INCREMENT FUND

Debt Service Fund

The Tax Increment Fund was established in 2003 to account for the retirement of principal and interest on tax increment revenue bonds issued by the City for various improvements in the downtown redevelopment area. The bonds are repaid from the incremental taxes produced by the incremental increase in assessed property values within the tax increment district. In 2004, a \$640,000 tax increment improvement bond was issued to finance improvements in the downtown redevelopment area. In 2006, a \$1,050,000 another tax increment improvement bond was issued to finance additional improvements. In 2010, a \$1,203,000 tax increment improvement bond was issued to defease the 2004 and 2006 issues respectively. This bonding expired in FY 17-18.

During FY 17-18 the City worked with Pickens County and the School District of Pickens County to extend the TIF for ten (10) additional years. The payments will run from FY 18-19 through FY 28-29.

ORDINANCE NO. 2019-

**AN ORDINANCE
TO PROVIDE FOR THE ADOPTION OF A CITY OPERATING BUDGET,
ITS EXECUTION AND EFFECT, FOR THE FISCAL PERIOD
JULY 1, 2019 THROUGH JUNE 30, 2020**

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF EASLEY, SOUTH CAROLINA:

SECTION 1. In accordance with Section 34-01 of The Code of the City of Easley, South Carolina, there is hereby adopted for the fiscal period July 1, 2019 to June 30, 2020, an operating budget for the City of Easley, South Carolina, based on budget estimates of various funds as prepared by the City Administrator and incorporated into the FY 2019-20 operating budget document, and as modified by the attached adjustment schedule.

SECTION 2. The total revenues and expenditures for the fiscal period are estimated as follows:

	<u>Revenues</u>	<u>Expenditures</u>	<u>Surplus/Deficit</u>
General Fund	\$14,505,784	\$14,505,784	0
Special Revenue Funds			
Community Development Admin.	12,500	38,000	(25,500)
Hospitality Tax / Recreation Fund	2,295,000	2,295,000	0
Accommodations Tax	80,000	80,000	0
Local Accommodations Tax	75,000	75,000	0
Victim Rights Fund	55,000	59,952	(4,952)
Law Enforcement Fund	10,000	200,000	(190,000)
Fire Insurance Fund	65,000	65,000	0
Enterprise Funds			
Stormwater Management	410,000	410,000	0
Debt Service Funds			
Tax Increment Fund	335,000	335,000	0
Totals (memorandum only)	\$17,843,284	\$18,063,736	(220,452)

SECTION 3. Within each department, the City Administrator shall have the authority to transfer appropriated funds within any of the designated expenditure categories, and such transfers shall be entered on the books of account of the City.

SECTION 4. A bound copy of the budget containing detailed schedules which support the appropriations set forth in Section 2, above, shall be attested by the City Administrator and maintained as an official record in the office of the City Administrator.

SECTION 5. The sums appropriated and set forth in the detailed schedules for personnel services shall be paid in accordance with the current pay plan, or as shown in the budget for those positions not classified under the pay plan.

SECTION 6. All sums received by the City of Easley from any source whatsoever, unless by law designated for some special fund or purpose, may be used in meeting disbursements from the General Fund, as described in Section 2, above.

SECTION 7. The City Administrator is authorized to inform the County Tax Collector, or such other officer of the County as may be appropriate, to levy such ad valorem millage as will be reasonable and appropriate to raise the ad valorem revenue reflected in the approved budget, provided such millage does not exceed the millage rate of 68 mills that is levied in the operating budget document.

SECTION 8. This Ordinance shall become effective upon date of passage, designated as Ordinance No. 2019- .

DONE, RATIFIED, AND PASSED this day of , 2019.

MAYOR

ATTEST:

City Clerk

APPENDIX – B

Glossary

Accrual Accounting - A basis of accounting in which revenues are recognized when earned and expenses when incurred.

Activity - The smallest unit of budgetary accountability which defines specific and distinguishable lines of work performed by a department or division for the purpose of accomplishing a particular service.

Appropriation - An authorization made by City Council to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one year period, except in the instance of capital projects where they are granted for the duration of the project.

Assessed Valuation - A valuation set upon real estate or other property by the County Assessor as a basis for levying taxes.

Assessment Ratio - A percentage which is multiplied by the appraised market value of a property to determine the assessed value.

Budget - A plan of financial operation embodying an estimate of proposed expenditures for a given period of time and the proposed means of financing them.

Capital Improvement Program (CIP) - A schedule of capital expenditures to be incurred over a five-year period to carry out the City's program of public improvements.

Capital Budget - The first year of the CIP as approved by City Council.

Capital Improvement Project - An item whose construction or other acquisition represents a physical improvement to the community and adds to the total physical worth of the City. The improvement should have a useful life of not less than 15 years, and normally will exceed \$200,000 in total cost.

Capital Outlay - In the operating budget, refers to any item which has an expected useful life of greater than 3 years and an estimated unit cost of \$500 or more.

CBD - Central Business District.

CDA - Community Development Administration.

CDBG - Community Development Block Grant.

CPI - Continuous Process Improvement.

Debt Service - Payment of interest and principal on an obligation resulting from the issuance of bonds.

DHEC - Department of Health and Environmental Control.

DOT - Department of Transportation.

ECU – Easley Combined Utilities.

Encumbrance - Funds not yet expended, but which are obligated or set aside in anticipation of expenditures.

Enterprise Fund - An accounting entity used to account for operations in which the cost of providing services to the public on a continuing basis is financed primarily through user charges.

Fiscal Year - 12 month period beginning with July 1 and ending with June 30 of the fiscal year designated.

Full Time Position - Employee who receives full fringe benefits and whose salary is calculated on the basis of 2,080 hours per year.

Fund - A fiscal and accounting tool with a self balancing set of accounts to record revenues and expenditures.

Fund Balance - The excess of an entity's assets over its liabilities, which may include reserves and designations.

GAAP - Generally Accepted Accounting Practices

GASB - Governmental Accounting Standards Board

General Fund - An accounting entity used to account for all revenue and expenditures applicable to general operations of governmental agencies of the City, and to record all financial transactions not properly accounted for in another fund.

GFOA - Government Finance Officers Association.

GGS - General Government Services Department.

GIS - Geographic Information Systems.

G. O. Bonds - General Obligation Bonds.

HUD - Federal Department of Housing and Urban Development.

ISO - Insurance Services Office

ISTEA - Intermodal Surface Transportation and Enhancement Act.

Mill - A unit of value calculated at one dollar per one thousand dollars of assessed value.

Millage - A term used to describe the rate of taxes levied.

Modified Accrual Accounting - A basis of accounting in which revenues are recognized when they become measurable and available as net assets, and expenditures are recognized when the related fund liability is incurred. Modified accrual accounting is recommended as the standard for most governmental funds.

NFPA - National Fire Protection Association.

Object of Expenditure - A specific type of expenditure for which a unique identification number and title is given; represents the most detailed level of budgeting and recording expenditures. Also referred to as a line item.

Objective - A clearly described, output oriented target or accomplishment which can be measured and achieved within a given timeframe. Achievement of the objective advances the organization toward a corresponding goal.

Operating Expense - General category of expense that includes fixed costs (e.g., insurance and utilities) and non fixed costs (e.g., materials and contractual services) of a recurring nature.

Performance Measure - The quantitative determination of the efficiency, effectiveness, and quality of municipal services.

Personnel Service - General category of expense that includes full time and part time salaries, overtime, supplemental pay, and fringe benefits.

Productivity - A measure of service output compared to the per unit of resource input invested.

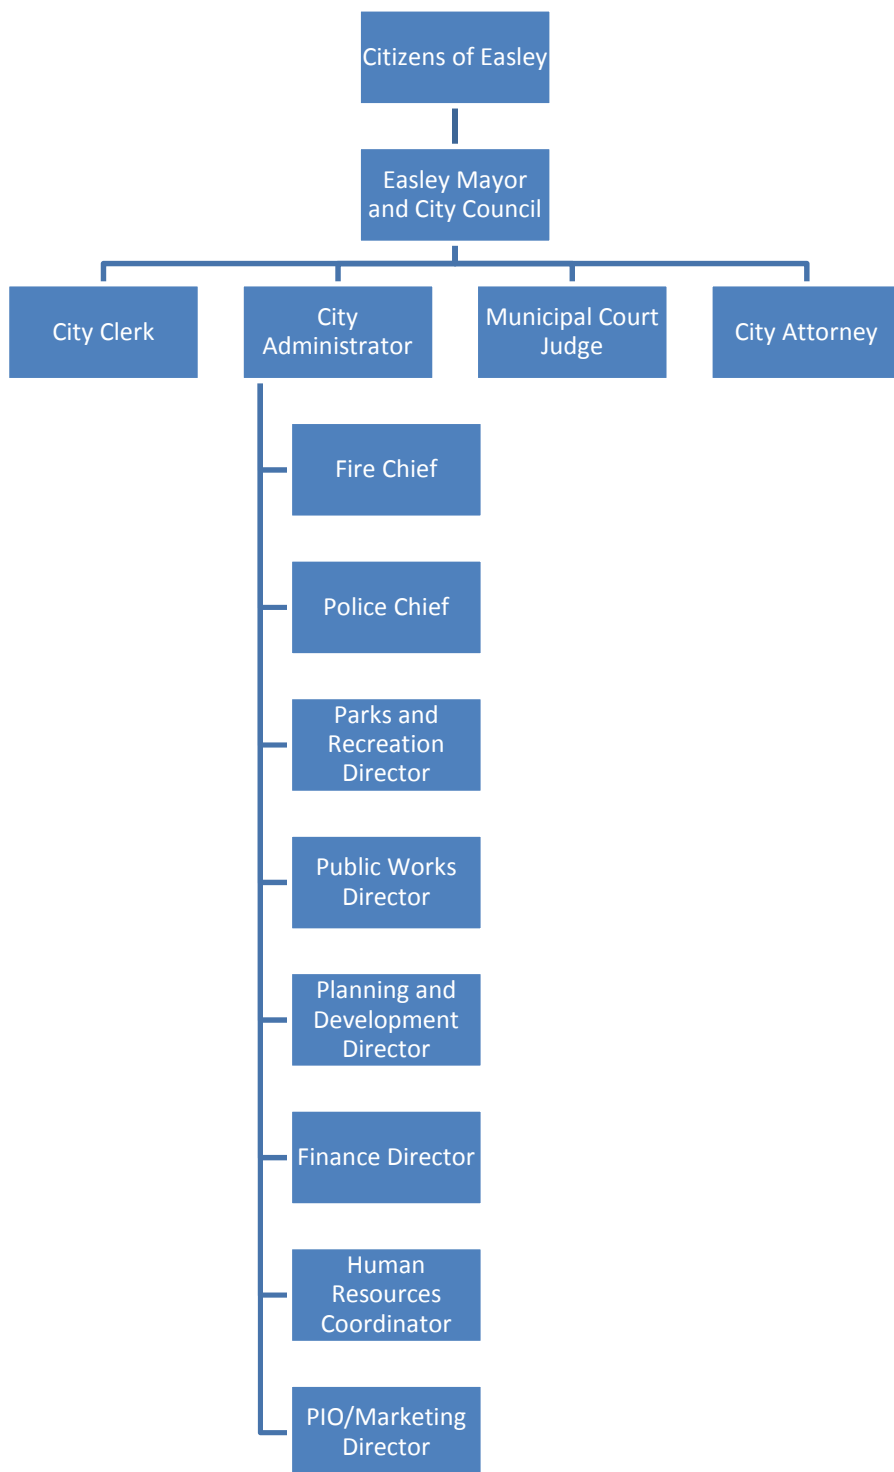

SEA Indicators - Service efforts and accomplishments indicators.

Tax Rate - The amount of tax levied for each \$1,000 assessed valuation.

User Fee - Payment of a fee for direct receipt of a public service by the party benefiting from the service.

APPENDIX – C

Organization Chart

APPENDIX – D

Capital Items Excluded

The following items/equipment/vehicles were requested but were excluded in the Proposed Budget:

Administration/Finance:

- Purchase of Trash Cans and Retrofit of Trash Trucks - \$500,000
 - This would allow for every resident in the City to have a 90-gallon trash bin and included the cost to retrofit our trucks to be able to dump them. Whole City coverage requires 8500 trash cans.

Planning and Development:

- None

Police Department:

- Replacement of In-car Cameras - \$325,000 for 5 years.
 - Was requested as a 3-year phase-in program with \$115,000 requested for Year 1.

Fire Department:

- SCBA Equipment - \$325,000
 - Was requested to replace all gear at one. \$100,000 budgeted for Year 1 of a 3-year replacement schedule
- Battery Powered Extrication Equipment - \$75,000
 - Would replace the hydraulic ones we currently use with one per station to ensure coverage during accidents that require the “Jaws of Life”. This was reduced to 1 piece at \$25,000 for FY 19-20.

Public Works:

- Used Boom Truck - \$113,500
 - Was requested to allow Public Works to complete tasks that we have to contract out.

Parks and Recreation:

- Renovation of Bagwell Gym - \$75,000
 - Was requested to upgrade lighting to LED, resurface the walking trail, resurface the gym floors. These items will be added to the Hospitality Bond renovations for J.B. Red Owens complex. We are also applying for County Park Funds to complete.

Vehicles:

- Eight (8) vehicles were requested between Fire (2), Public Works (3), and Parks and Recreation (3). No vehicle purchases were included in the budget. Instead, it is recommended that the Administration level of vehicles get added to our Lease Operating Program through Enterprise. This will allow the Admin vehicles to be pushed down to frontline duty. The Admin vehicles will be able to hold their value to make the Lease profitable versus purchase. The Police Department also provided Public Works and Parks and Recreation one truck each that they have replaced with their Operating Lease program.
