HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL:

On behalf of City Administration and staff, I am pleased to transmit to you the attached Budget for FY 2020. The state of the economy and changing conditions outlined in greater detail in the original transmittal letter presented with the FY 2020 proposed budget presented challenges. Emphasis was placed early in the budget process on the priorities and goals of the Council.

These priorities included:

- Lowering the tax rate from the proposed effective rate of \$0.546243 to the tax rate of \$0.531216 on each \$100 of valuation of property
- Ensuring the Budget included funding to a level sufficient to pay outstanding debt obligations
- Adopting a balanced budget
- Replenishing fund balance reserves

Over the last several weeks, through collaboration and cooperation, I am pleased to announce we have accomplished these priorities. This budget is the premise of our continued commitment to our residents, businesses, and City employees that we will strive to do the very best we can with the resources and tools available to us. We will accomplish this by respecting community values and applying the necessary resources and commitment to meet current and future challenges. The staff of the City of Alice commits itself to the vision of keeping in sight the long term goal of returning the City to financial stability all while maintaining the services to our Citizens.

The Office of the City Manager and the Finance Department sincerely appreciate the cooperation and assistance of Department Directors, and all city staff for their tireless efforts and skill into the production of this document.

On behalf of City of Alice administration and staff, I would like to thank the Mayor, the Council, and the public for their participation in realizing the vision of returning this community to financial stability. As an organization, we look forward to working with the Council and the community over the coming year and providing whatever support is requested.

Respectfully submitted,

Michael Esparza
City Manager

HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL:

On behalf of City Administration and staff, I respectfully present to you the FY 2020 Proposed Budget for the City of Alice, Texas. I offer to you this transmittal letter, which is intended as a summary and overview of the information provided in greater detail within the FY 2020 Proposed Budget Document.

While this budget document includes hundreds of pages full of facts and numbers, it is important to remember that the budget is really about how the City, as an organization, serves our residents, businesses, and visitors.

According to the budgeting standards established by the Government Finance Officers Association of the United States and Canada (GFOA), a municipal budget document should be a policy document, an operations guide, a financial plan, and a communications medium.

This proposed budget document attempts to present and explain each fund separately. Each fund section includes supplemental information which illustrates where the money is being allocated, number of employees compensated from the fund, historical funding information to include ADOPTED, REVISED, PROPOSED, and other pertinent data. Other sections of this document, entitled Statistical Section/Appendices provide additional information, including past results. This information is provided to illustrate to the public the process used by Council to allocate scarce resources to meet the changing and challenging needs in our community of approximately, 19,285. (U.S. Census Bureau, Population Division).

Summary of FY 2020 Proposed Budget

1.) This proposed budget presents a balanced budget for the following funds:

- General Fund – surplus
- Solid Waste Fund – surplus
- Utility Fund – surplus
- Airport Fund – balanced
- Golf Course Fund – balanced
- Multi-Use Complex – balanced

It is important to note that the Airport, Golf Course, and Multi-Use Complex Fund are balanced due to inter-fund transfers from the General Fund.

- 2.) The proposed budget includes a 2.5% adjustment to offset salary reduction for non-civil service employees.
- 3.) Although there are no capital improvements, the individual departments have repairs and maintenance in their respective budgets- Streets in the amount of \$90,000 and Utilities in the amount of \$85,000.
- 4.) This budget is based on the assumption the City will collect the same amount of tax revenues as FY 2019, otherwise known as the effective rate. Please be mindful that the City intends to operate on the same amount of tax revenue as last year. The rate increase is simply due to decrease in valuations.

The sum total of the proposed budget is more than just a compilation of “bottom line” numbers. It is the foundation upon which we annually establish our commitment to the public. It is the single most important document produced by the City, and as you read through the budget, I am sure you will realize the great efforts that have been made by prior City Councils and current members returning this City to Financial Stability.

The City of Alice was a vibrant and growing community five years ago. Dependent on the oil and gas industry, the City suffered severe economic loss with the decline and halt to oil and natural gas drilling in January of 2015. By May 2015, major layoffs occurred throughout the City, resulting in a loss of tax revenue, lower property values, and a higher rate of unemployment. In fiscal year ending 2016, the City collected \$5,612,396 less sales tax than 2015. At that point in time, City leadership was faced with very hard decisions - decisions that were at times unpopular amongst some of their constituents. However, these decisions had to be made. At this point in time, two years ago, the City of Alice revised FY 2016 budget showed a deficit of \$5,397,912; the proposed budget presented to the City Council for FY 2017 included a \$4,026,885 deficit. City Leadership was faced with the challenge of reducing the deficits while at the same time maintaining the services needed for the protection and welfare of our citizens.

The decision by prior Councils to raise the tax rates was not something that was done without strict consideration to reduce expenses. Since measures and initiatives to adjust to the sudden economic decline were not timely implemented, Administration and the City Council had to find ways to immediately minimize the shock. In May of 2016, the salaries of Non Civil Service Personnel were impacted through a 10% reduction in pay. In the proposed FY 2020 budget, there will be a 2.5% salary adjustment to reduction in pay to non-civil service employees.

The state of the economy and changing conditions outlined above ensure that funding is limited for the 2019-20 Budget. Accordingly, emphasis is placed on funding City priorities.

The first priority is to make sure that the Budget includes funding to a level sufficient to pay outstanding debt obligations, and to maintain current levels of service to citizens.

Another essential Budget priority involves retaining and replenishing sufficient fund balance reserves. Adequate fund balances are necessary for cash flow requirements and unforeseen contingencies. The Budget is developed with attention to the concept of long-term sustainability. That is, even though fund balances might be drawn upon to fund a specific one-time project or to fill a temporary need, regular operating expenses should be covered by dependable and consistent sources of revenue. Likewise, any one-time or temporary revenues should be used for one-time projects, and not depended upon for on-going funding of basic City services.

To achieve these priorities requires that we take a strategic look at our organization, establishing revenues to meet budget obligations, reducing expenditures, and streamlining processes.

During the upcoming budget work sessions, we hope the Mayor and City Council will recognize the significant efforts made by all City personnel to curtail spending and to seek cost reductions without affecting City services.

HOW THE CITY BUDGET IS ORGANIZED:

The City of Alice operates on an October 1st to September 30th fiscal year. The Budget is organized into separate and distinct "Funds," each of which is described in detail in the Budget Document.

Budgeting is on a modified accrual basis for all Funds. Under the modified accrual basis of accounting, revenues are recognized only when they become measurable and available to finance expenditures of the fiscal period. Expenditures are recognized when the fund liability is incurred.

SECTION I - GENERAL FUND

The first Fund presented in the Budget Document is the GENERAL FUND. The General Fund accounts for all revenues and expenditures of the City which are not accounted for in other funds. It is the largest of the City's funds thereby receiving a greater variety and number of taxes and other general revenues than any other fund. It is the City's primary tax supported Fund, used to account for all funds not required by standard budgeting practice to be budgeted separately.

The General Fund's resources also finance a wider range of activities than any other fund. Major functions financed by the General Fund include administrative, finance, library, garage, criminal investigation, uniform patrol, fire suppression, park maintenance and street maintenance.

General Fund Balance History

The impact of the Eagle Ford Shale caused the City's General Fund Balance to dramatically fluctuate over the last decade. The actual FYE 2019 estimated fund balance is \$3,515,486. This reflects approximately 3.29 months of operating expenses.

Primary Revenues Impacted

The Primary Revenues that impacted the General Fund were: Ad Valorem Taxes and Sales Tax.

Ad Valorem Taxes for Maintenance and Operation (M&O) are generally a critical component to a City's General Fund. For the City of Alice, the Certified Values has been as follows:

- 2017 \$869,273,005
- 2018 \$805,483,631
- 2019 \$817,215,228

For the City of Alice, these values have generated the following levy:

- 2017 \$2,600,587, reflecting 23% of the General Fund Revenues
- 2018 \$2,797,441, reflecting 22% of the General Fund Revenues
- 2019 \$2,959,006, reflecting 23% of the General Fund Revenues

The certified 2019 Taxable Assessed Valuation for the City of Alice is \$798,556,079. This is a 2.28% decrease from the prior year. Based on this certified assessed value – one penny of taxes raises approximately \$79,856 of revenue for the General Fund.

Impact of Taxable Values on the Effective Tax Rate

As outlined in State Law, an important component for Truth in Taxation requires cities and other entities to calculate the Effective Tax Rate based upon on the New Taxable Assessed Valuation. The effective tax rate creates the foundation to generate the same amount of tax levy as the prior year. The proposed budget presented to you includes revenues equating to the same dollar amount of property tax revenue as adopted in FY 2019. Since the certified 2019 Taxable Assessed Valuation for the City of Alice has decreased, in order to raise the same amount of ad valorem tax revenues as the 2018-2019 year, the City must adopt its effective tax rate.

Primary Revenues Impacted – Sales Tax Revenue

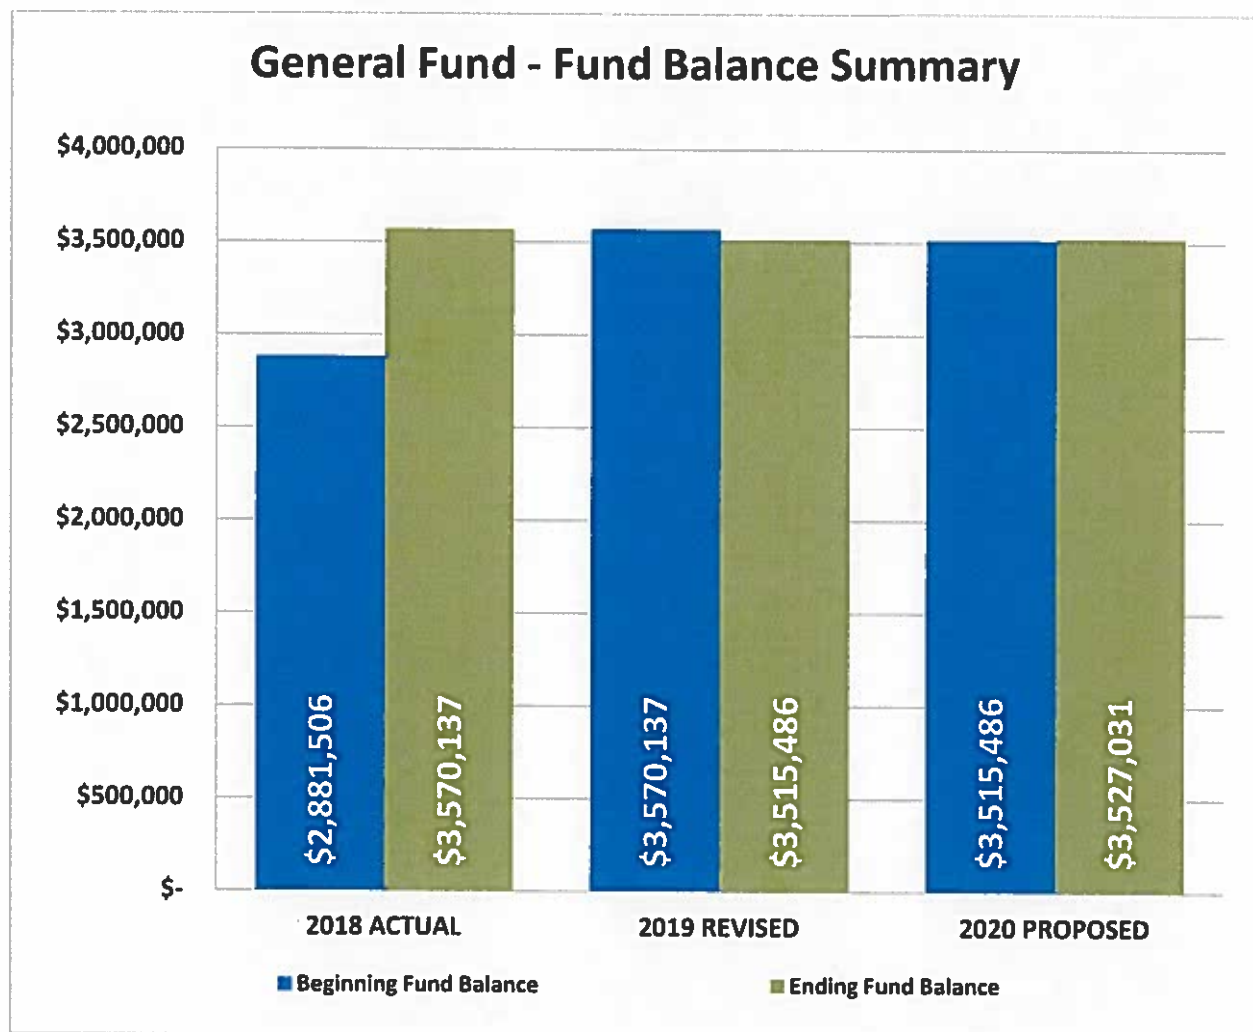

Sales Taxes are also generally a critical component to the City's General Fund. For the first eight (8) months of FY 2019, sales tax collections for the City of Alice decreased 1.37% for the

same time period as the prior year. The City is projected to collect sales tax revenues in FY 2019 at the same rate as FY 2018.

For the City of Alice, sales taxes have generated the following revenues:

- 2017 - \$5,386,210, reflecting 48% of the General Fund Revenues
- 2018 – \$6,441,977, reflecting 50% of the General Fund Revenues
- 2019 - \$6,100,000, reflecting 48% of the General Fund Revenues

The General Fund is the main accounting source for tracking financial transactions for the City. This fund's 2019 projected excess of revenue over expenditures is \$11,545.

ENTERPRISE FUNDS

The City operates five ENTERPRISE FUNDS. These funds are designed to be self-supporting, meaning the funds derive their revenues from fees for services rather than taxes. These

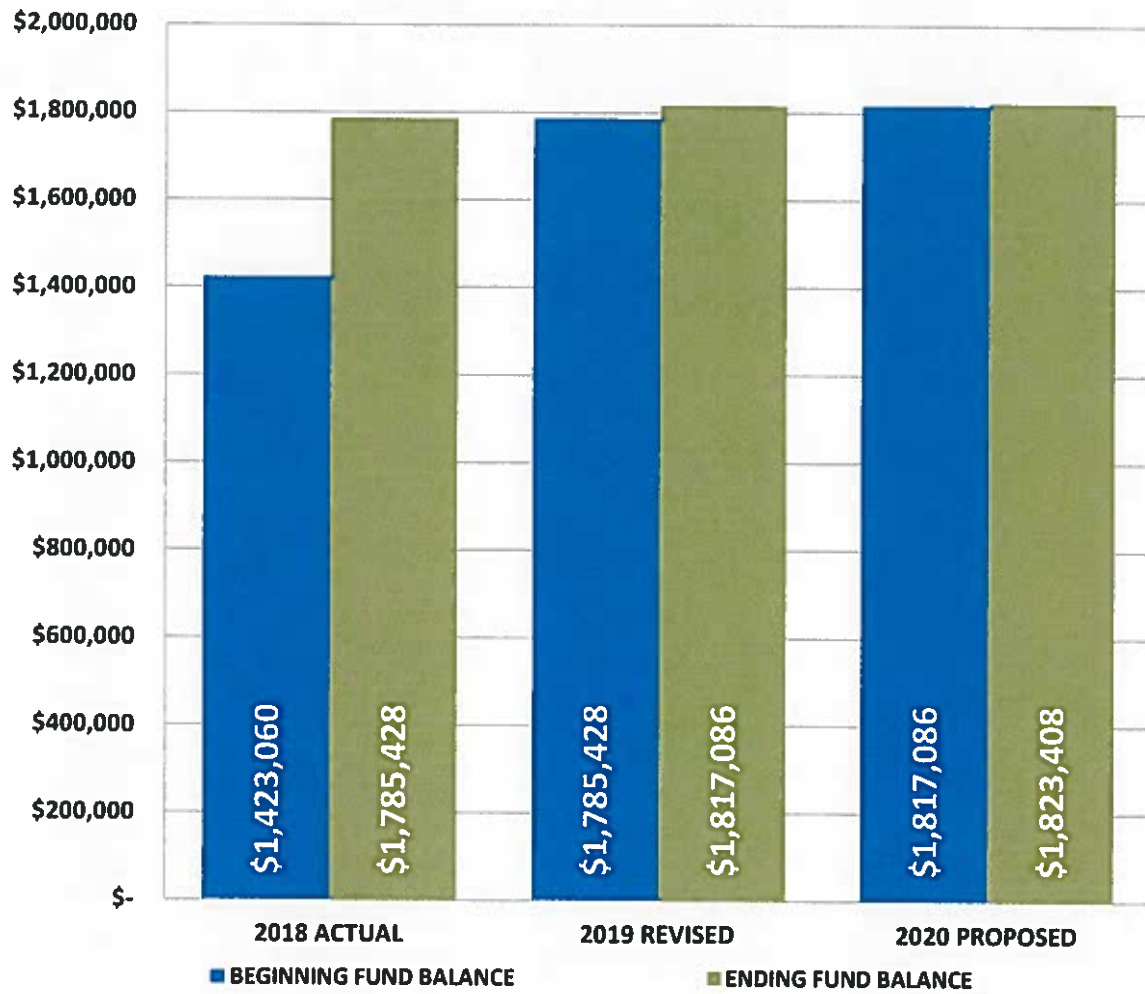

ENTERPRISE FUNDS include: Solid Waste, Utilities, Airport, Golf Course and the Multi-Use Complex. Currently the Airport, Golf Course, and the Multi-Use Complex are operating with deficit spending. A transfer of funds from the General Fund to the Golf Course, Airport and Multi-Use Complex is required to maintain operations.

SECTION II – SOLID WASTE FUND

In FY 2015, Council approved the separation of Solid Waste Operations to its own Enterprise Fund. This was done in an effort to make this operation self-sustaining. The function of the Solid Waste Fund is to provide for the collection of garbage, including brush, and its transportation for disposal at the City's Landfill. This fund is also responsible for remaining in compliance with all applicable statutes and regulations. The projections for the revised budget for FY 2019 show an excess of revenues over expenditures of \$31,658. The proposed budget for FY 2020 projects revenues of \$3,079,675 and expenditures of \$3,073,353, showing an excess of revenues over expenditures of \$6,322. The projected ending fund balance at the close of FY 2020 is estimated at \$1,823,408, equating to approximately 7.12 months of operating expenses.

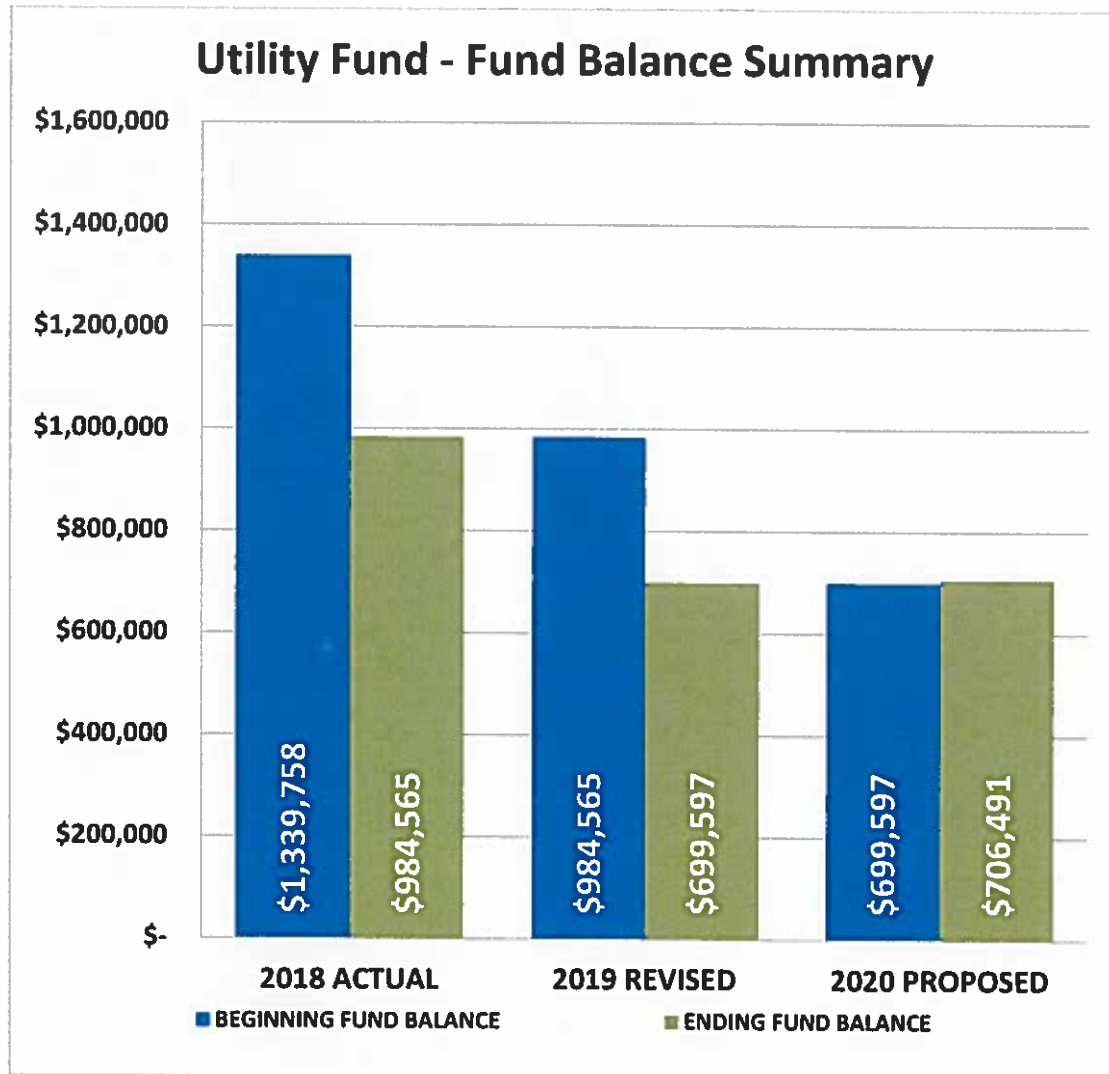

Beginning with FY 2019, the Solid Waste Fund transferred \$490,500 to the General Fund as an Interfund Transfer. An Interfund Transfer is a legally authorized transfer between funds. This transfer is considered an Overhead allocation, which is common for many municipalities. These transfers are to allocate certain costs generally incurred in the General Fund to the respective enterprise funds. Examples of these overhead allocations include City Hall Operations and allocation of Management Staff Time. These transfers are generally calculated on a true cost basis. In an effort to minimize the General Fund deficit, the proposed budget for FY 2020 includes an estimated interfund transfer of \$550,000.

Solid Waste Fund Balance Summary

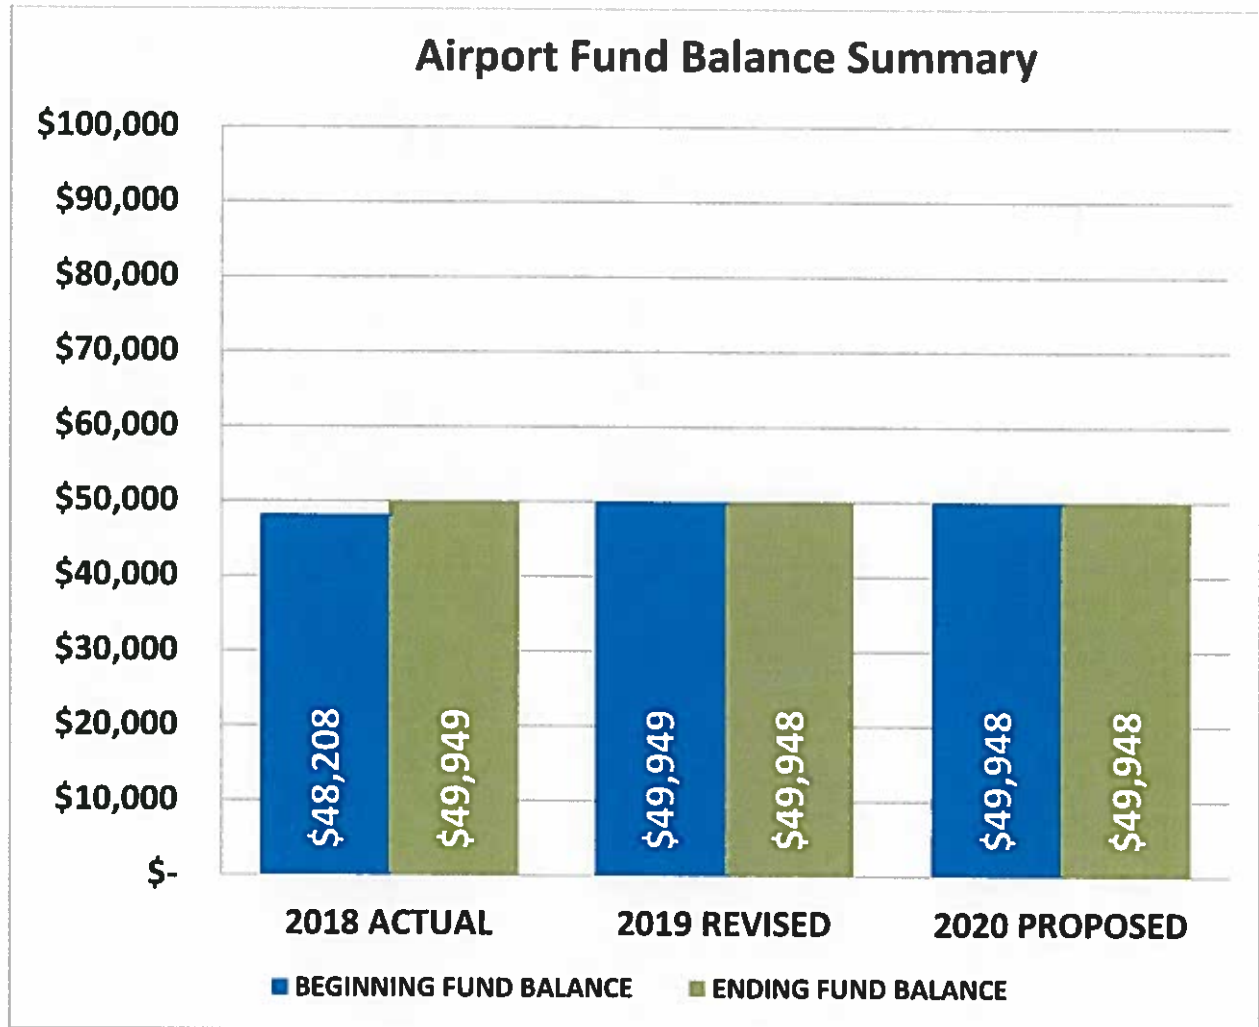

SECTION III – UTILITY FUND

The function of the Utility System Fund is to provide for a source of water supply, its purification, and distribution to customers. The fund also provides for the sanitary collections, treatment and disposal of wastewater on a user fee basis. The projections for the revised budget for FY 2019 show a deficit of revenues over expenditures of \$284,968. The proposed budget for FY 2020 projects revenues of \$7,734,490 and expenditures of \$7,727,596. The projected ending fund balance at the close of FY 2020 is \$706,491, equating to approximately 1.10 months of operating expenses. Similar to the Solid Waste Fund, the City of Alice has historically transferred amounts from the Utility System to the General Fund. For FY 2019, the interfund transfer from the Utility Fund to the General Fund was \$1,300,000. In the proposed budget for FY 2020 an estimated inter-fund transfer from the Utility Fund to the General Fund is at \$1,250,000.

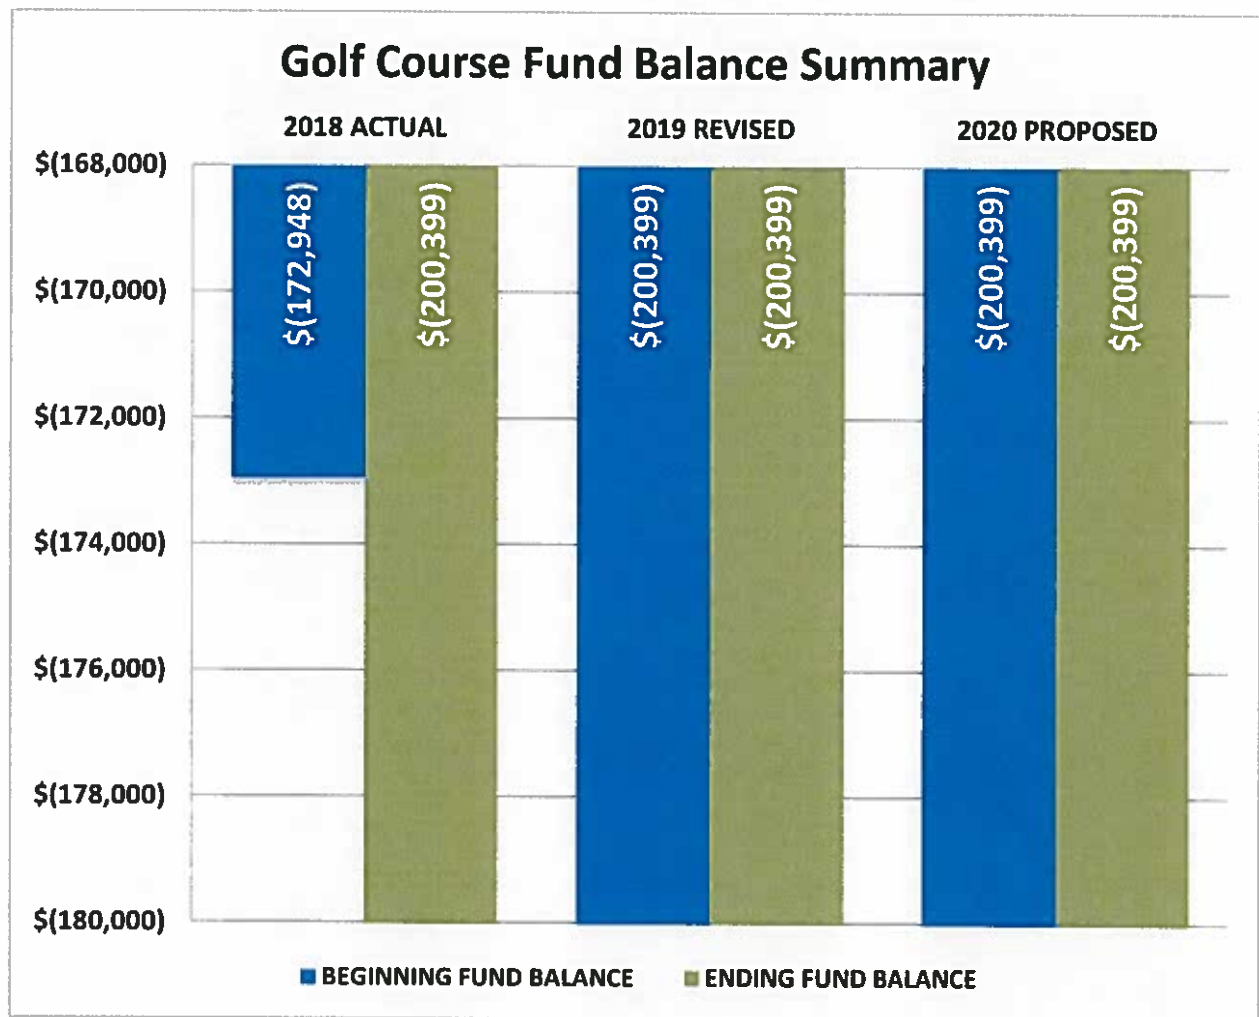

SECTION IV – AIRPORT FUND

This Fund's function is to account for the operations of the Alice International Airport. The City of Alice and Jim Wells County jointly operate the airport and the two parties each hold an undivided interest in the assets and liabilities related to the airport. The City and County are each responsible for reporting separately their one-half share of individual assets, liabilities, revenues and expenses of the airport operations. The Airport Fund is projected to be balanced for FYE 2019. For FY 2019, \$47,650 from the General Fund was budgeted as an inter-fund transfer to the Airport Fund. In 2020, a transfer in the amount of \$86,208 from the General Fund to the Airport Fund is required to maintain operations. Finance Staff is working to develop processes and procedures to make this fund self-sustaining. The proposed budget for FY 2020 includes an estimated inter-fund transfer of \$15,000 to the General Fund for overhead allocations.

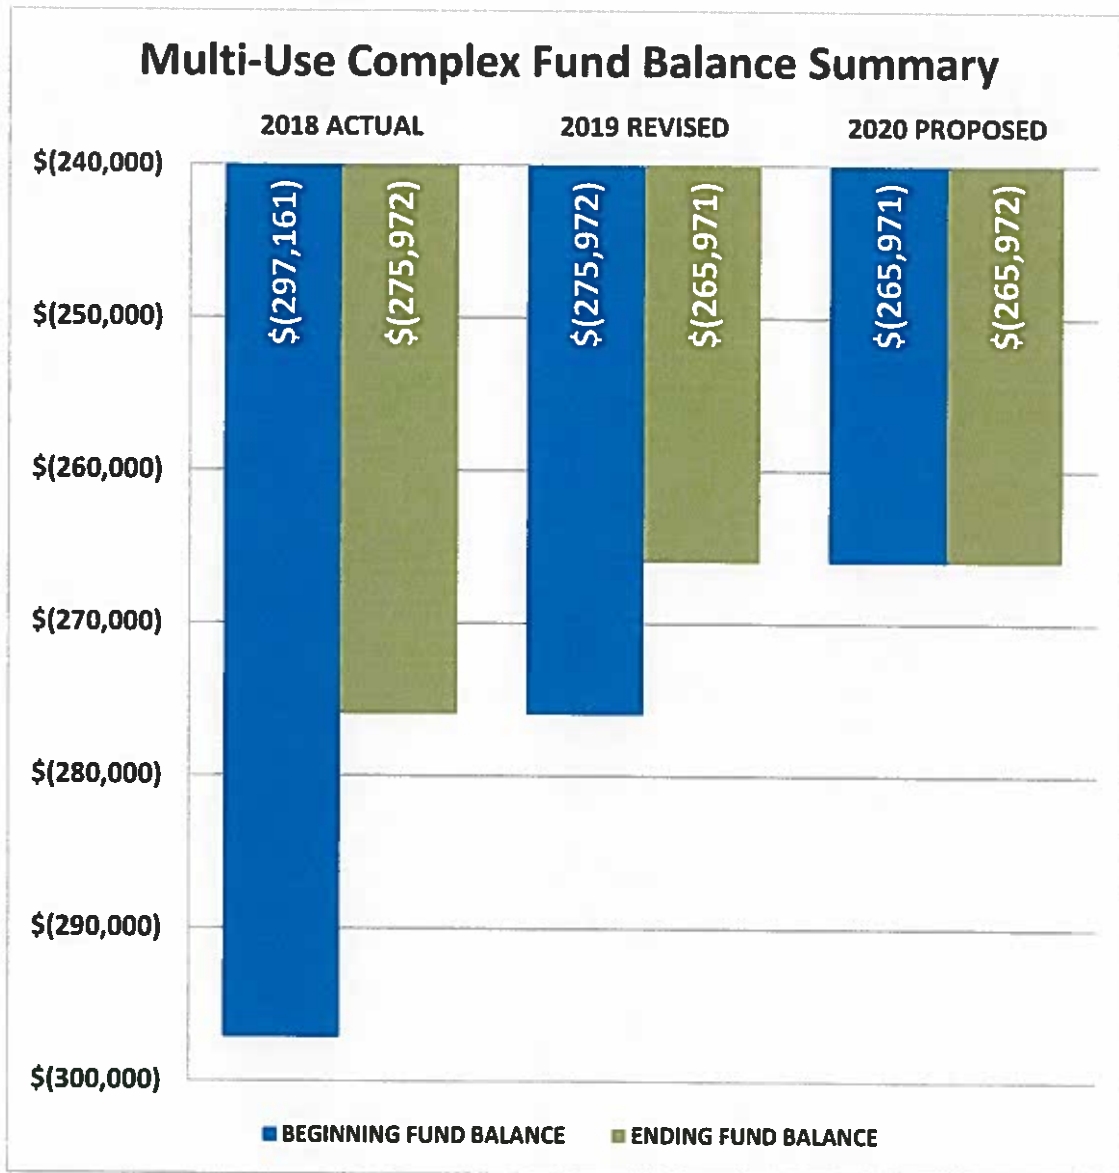

SECTION V – GOLF COURSE FUND

The Golf Course fund accounts for the operations of the Alice Municipal Golf Course. For FY 2019, \$134,067 from the General Fund was budgeted as an inter-fund transfer to the Golf Course Fund. A transfer from the General Fund in the amount of \$137,950 is included in the proposed budget for FY 2020. A transfer from the General Fund to the Golf Course Fund is required to maintain operations. Similar to the Airport Fund, Finance Staff is evaluating existing sources of revenue to achieve self-sustainability. The proposed budget for FY 2020 includes an estimated inter-fund transfer of \$60,000 to the General Fund for overhead allocations.

SECTION VI – MULTI-USE COMPLEX FUND

The Multi-Use Complex includes a Natatorium and Outdoor Leisure Pool. This Fund's function is to account for the operations of the Alice Multi-Use Complex. The facility opened its doors to the public in late June 2016. In December of 2016, the City Council suspended aquatic operations pending further evaluation, and a cost analysis of the facility operating year round vs the facility operating seasonally. On June 22, 2017, aquatic operations resumed. For FY 2019, \$370,513 from the General Fund was budgeted as an inter-fund transfer to the MUC Fund. The proposed FY 2020 budget includes a transfer in the amount of \$357,472 from the General Fund has been included.

SECTION VII – DEBT SERVICE FUND

The City of Alice Budget contains one DEBT SERVICE FUND, which is used to record the annual payments on outstanding debt, including, but not limited to, General Obligation Bonds and Certificates of Obligation. The money needed to make these payments comes from the debt levy and interfund transfers. Similar to the impact the Taxable Assessed Valuation had on Maintenance and Operations (M&O), the City's Debt Service or Interest and Sinking ("I&S") Tax Rate was also affected. With the restructuring of debt undertaken by the City two years ago, the 2020 debt service level is similar to 2019 and significantly reduced from what it would have been without the restructuring. In understanding the Council's goal of trying to minimize the impact of the City's total tax rate, City Staff proposes to utilize \$230,500 of the I&S Fund Balance. It is important to emphasize that by law, monies in the I&S Fund can only be utilized to pay debt service.

SECTION VIII – CAPITAL IMPROVEMENT PROGRAM

Protecting, maintaining, and replacing the City's infrastructure such as: Water and Wastewater Lines, Facilities, Equipment, Municipal Fleet, Technology and Programs are one of the most important aspects of any municipality. Beginning in December 2016, City Staff began the process of identifying areas to include in the Capital Improvement Program (CIP). The criteria used by staff in the development of the CIP included:

- Aging Infrastructure
- Existing facility or system needs rehabilitation/replacement/upgrade
- Aging Equipment and Fleet
- Safety Concerns
- Maintenance efforts are no longer satisfactory
- Maintenance costs exceed projected replacement costs

The City submitted a Project Information Form (PIF) to the Texas Water Development Board (TWDB) for sewer improvements, although, the City did not make the initial invited projects list, we anticipate that we will be invited to apply for our wastewater infrastructure improvement projects in November 2019. In addition, the City of Alice is reviewing alternate funding sources.

SECTION IX – HOTEL OCCUPANCY TAX FUND

The Hotel Occupancy Tax Fund is a SPECIAL REVENUE FUND. Special Revenue Funds are used to account for the process of specific revenue sources that are legally restricted to expenditures for specific purposes. Hotel Occupancy Tax is a tax on the rental of rooms that is required by the City of Alice.

In summary when consolidating all operating funds, the FY 2020 Proposed Budget is a balanced budget dependent upon certain assumptions and the adoption of the effective tax rate.

The revenue in the FY 2020 Proposed Budget includes the same dollar amount of property tax revenues as shown in FY 2019.

- Sales Tax Revenues are stabilizing to pre-oil boom levels. The City is projected to collect the same sales tax revenues in FY 2020 as in FY 2019.
- Staff is evaluating service fees for each individual department and recommending increases in said fees for FY 2020.

This budget was submitted to the Mayor and City Council, and made available to the public on July 23, 2019. We look forward to obtaining the feedback and input from City leadership and our citizens.

Working together to make the City of Alice a fiscally healthy government is critical during this budgeting process. I am under no illusion that this will be easy, but I am confident we can get there. This budget is the premise of our continued commitment to our residents, businesses, and City employees that we will strive to do the very best we can with the resources and tools available to us.

On behalf of the City of Alice administration and staff, I would like to thank the Mayor, the Council, and the public for their participation in realizing the vision of returning this community to financial stability.

Respectfully submitted,

INTRODUCTION

SECTION I

GENERAL FUND

SECTION I

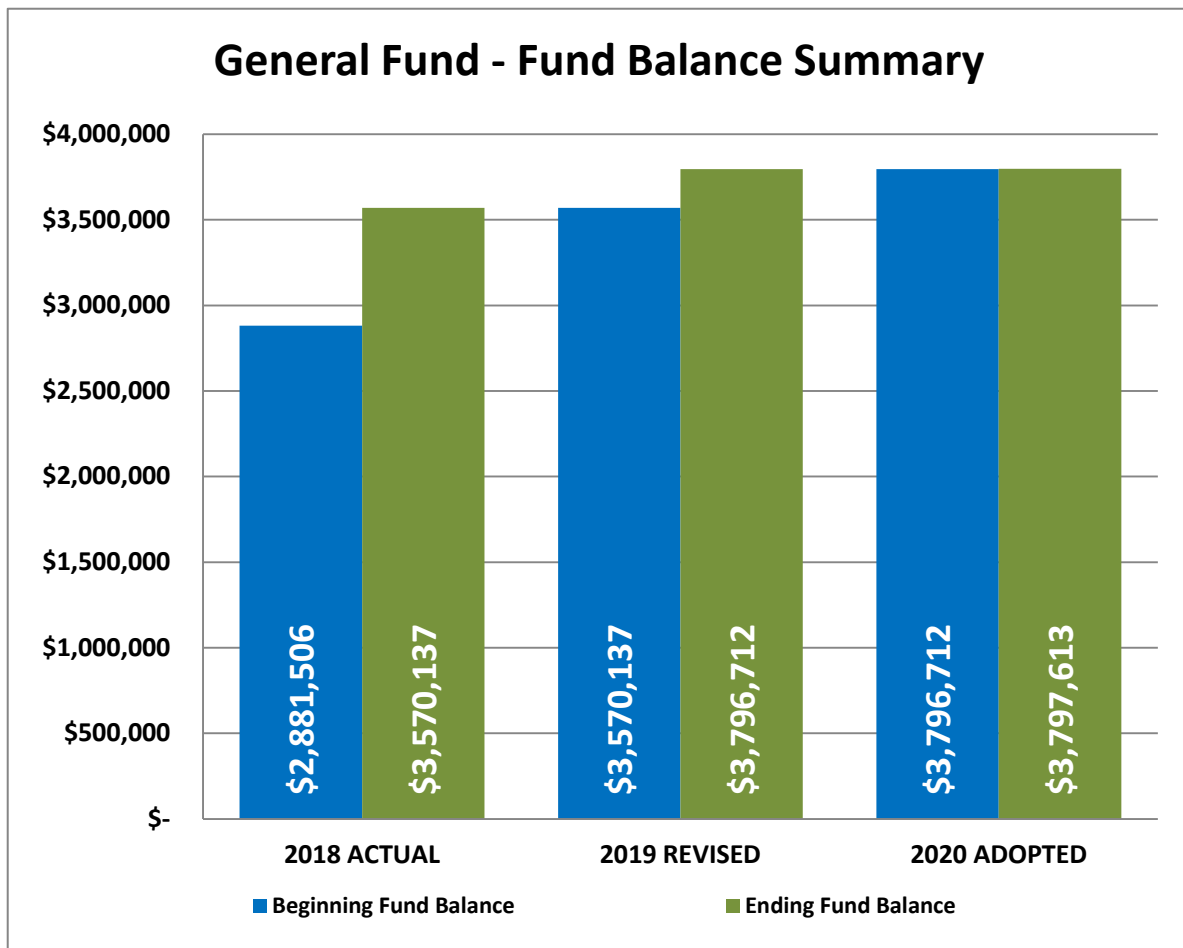

GENERAL FUND

The General Fund accounts for all revenues and expenditures of the City which are not accounted for in other funds. It is the largest of the City's funds and receives a greater variety and number of taxes and other general revenues than any other fund. The General Fund's resources also finance a wider range of activities than any other fund. Major functions financed by the General Fund include administrative, finance, library, garage, criminal investigation, uniform patrol, fire suppression, park maintenance and street maintenance.

AIRPORT FUND

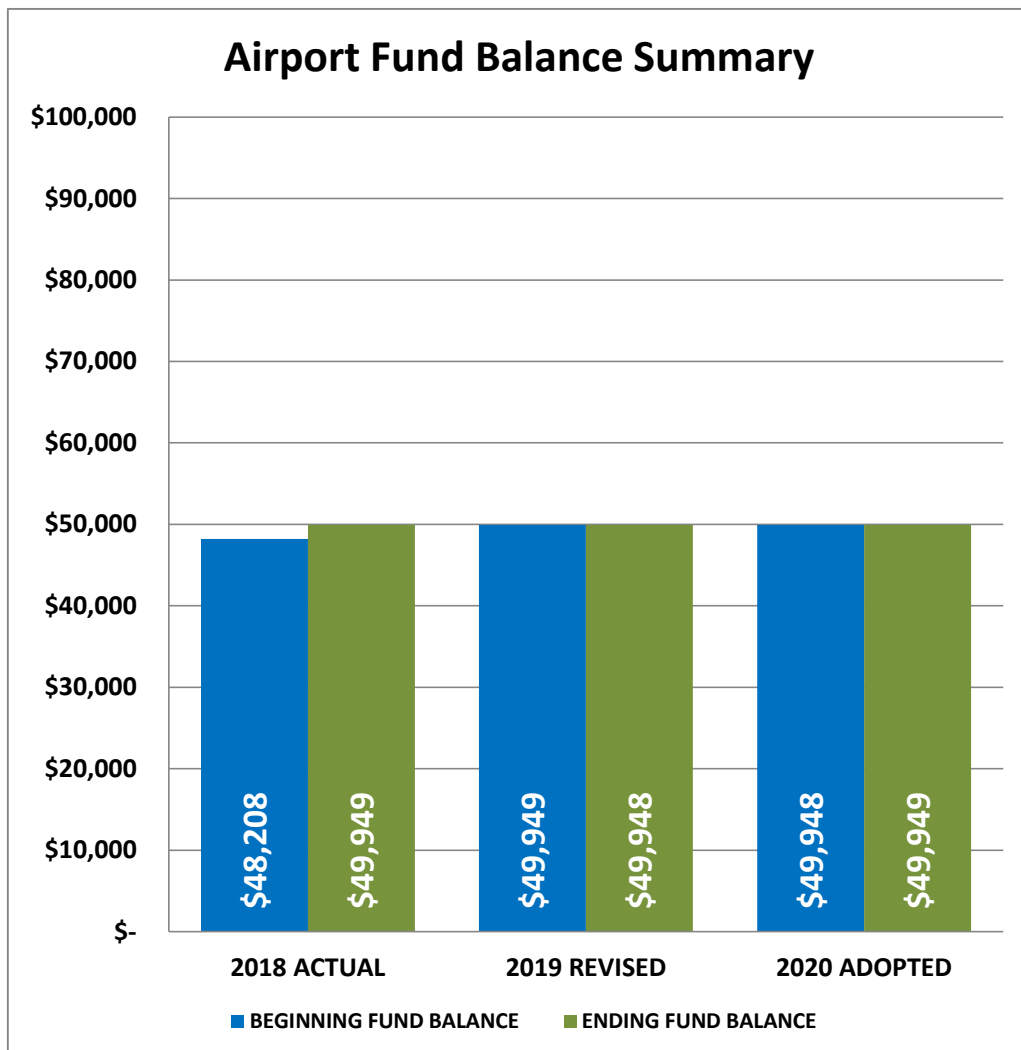

SECTION IV

AIRPORT FUND

This Fund's function is to account for the operations of the City-County Municipal Airport. The City of Alice and Jim Wells County jointly operate the airport and the two parties each hold an undivided interest in the assets and liabilities related to the airport. The City and County are each responsible for reporting separately their one-half share of individual assets, liabilities, revenues and expenses of the airport operations.

ACTUAL BUDGET – Actual amount of revenue or expenditure for the last completed year.

AD VALOREM TAX – General property taxes levied on an assessed valuation of real and or personal property.

APPROPRIATION – A legal authorization granted by a legislature body to make expenditures and to incur obligations for specific purposes.

APPROPRIATION ORDINANCE - An ordinance by means of which appropriations are given legal effect

ASSESSED VALUATION – A valuation set upon real estate or other property by a government as a basis for levying taxes.

AWA - Alice Water Authority.

BEGINNING BALANCE – The net working capital of a fund on the first day of the fiscal year.

BUDGET – A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

CAPITAL OUTLAY – Expenditures that result in the acquisition of or addition to fixed assets.

CAPITAL BUDGET – Plans of proposed capital outlays and the proposed means of financing them.

CHARTER – The authoritative document that provides for the incorporation of our City form of government and other general provisions as approved by a majority of the qualified voters.

CITY COUNCIL – A mayor and four councilmen who shall be elected by the majority of qualified voters in an election held and governed by the General Laws of the State of Texas.

DEBT SERVICE – The payment of general long-term debt principal and interest.

DEBT PER CAPITA – The share of net bonded indebtedness of each citizen in the City of Alice.

ENDING BALANCE – The net working capital of a fund on the last day of the fiscal year.

EFFECTIVE TAX RATE – The tax rate when applied to the current assessed valuation will generate the same tax levy as the previous year.

FUND – A fiscal and accounting entity with a self-balancing set of accounts which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND TYPES – The eight generic fund types and three broad fund categories.

GOVERNMENTAL FUNDS

General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specific purposes.

Debt Service Funds – Debt Service Funds are used to account for accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Fund – Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds, Special Assessment Funds, and Trust Funds).

Special Assessment Funds – Special Assessment Funds are used to account for the financing of public improvements or services deemed to benefit the properties against which special assessments are levied.

PROPRIETARY FUNDS

Enterprise Funds – Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises-where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charge; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds – Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments to agencies of the City or to other governments, on cost-reimbursement basis.

FIDUCIARY FUNDS

Trust and Agency Funds – Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include Expendable Trust, Nonexpendable Trust, Pension Trust, and Agency Fund. Nonexpendable Trust and Pension Trust Funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature (Assets equal liabilities) and do not involve measurements of results of operations.

FRANCHISE – A special privileged granted by a government permitting the continuing use of public property, such as city streets, usually involving the elements of monopoly and regulation.

FUND BALANCE – The fund equity of governmental funds and trust funds.

FISCAL YEAR – A 12 month period to which the annual operating budget applies.

GENERAL OBLIGATION BOND – Bonds for the payment of which the full faith and credit of the issuing government are pledged.

INTERGOVERNMENTAL REVENUES – Revenues from other governments in the form of grants, entitlements, shared revenues, or payment in lieu of taxes.

LETTER OF TRANSMITTAL – Introduces reader to the budget document.

NET WORKING CAPITAL – A fund's current assets less its current liabilities.

OPERATING BUDGET – Plans of current expenditures and the proposed means of financing them.

PROPOSED BUDGET – Estimated amount of revenue and expenditures to be realized for the proposed budget year.

REVISED BUDGET – Estimated amount of revenue and expenditures to be realized at current year end; the revised budget estimates are calculated using a least six months of actual revenues and expenditures data.

RESERVE – (1) an account used to earmark a portion of fund balance to indicate that it is not appropriate for expenditure (2) an account used to earmark a portion of fund equity as legally segregated for a specific future use.

SALES TAX – A tax imposed upon the sale of consumption of goods or services generally with a few or limited exemptions.

SPECIAL ASSESSMENT – A compulsory levy made against certain properties to defray part of the cost of a specific improvement or service deemed to primarily benefit those properties.

RETAINED EARNINGS – An equity account reflecting the accumulated earning of an enterprise or internal service fund.

TAX LEVY – The total amount of taxes or special assessments imposed by a government.

TAX ORDINANCE – An ordinance by means of which taxes are levied.

INTERFUND TRANSFER – Legally authorized transfers from a fund receiving revenues to the fund through which the resources are to be expended.

USER CHARGE – Payment of a fee for direct receipt of a public service by the party benefiting from the service.
