PUBLIC COMMENT

Council President Reed stated that there are four (4) citizens registered to address Council; one (1) on agenda matters and three (3) on non-agenda matters, as no topic was provided. Councilor Daubert read the public speaking rules adopted by ordinance in City Code Section 5-209.

Ann Marie Wolfe, of Franklin St., spoke about the need to create programs that address violence which will bring about positivity. She questioned how to find a teammate that can assist her with a demonstration about how this concept will work.

Sheila Perez, no address provided, stated that when she registered she thought the Parking Stall program was an agenda topic. Council President Reed stated that the Parking Stall topic is not included on tonight's agenda and as there is no topic listed where Ms. Perez registered to speak, she will be provided with three (3) minutes to comment.

Ms. Perez expressed the belief that District 5 residents disagree with the parking stall initiative and believe that this initiative will not resolve the parking stress. She stated that State law prohibits parking fines where a remedy, such as a garage parking, is not available. She noted that Reading's fines and fees are significantly higher than other Home Rule cities.

Evelyn Morrison, no address provided, expressed her point of view on Council's inability to make an appointment to the vacant District 5 seat. She described her conversations with various City officials about the need to correct the 2023 General Fund and Capital budgets through ordinances. She stated that Bill 24 has a number of entries and one of them corrects an \$11M error. She questioned how that large amount was not identified during the budget review process. She noted that these budgets were not balanced when they were adopted. She thanked the Auditor and Controller for identifying these errors and working to correct them.

Tyler Simmons, of Penn Street, stated that his sneaker business "The Plug" started in the 200 block of Penn Street and recently relocated to a larger venue in the 500 block of Penn Street. He explained that he believed that moving to a larger store in the heart of the commercial core would be beneficial but he quickly learned about the drawbacks created by the lack of parking, the homeless population and the City's lack of initiative to improve the commercial core. He expressed the belief that although the mayor has interest in driving business to the downtown, the Parking Authority is driving business and customers away. He expressed the belief that there is too much talk and too little innovation. He noted the importance small businesses have on the economy and he expressed the belief that the City is not supporting businesses by being satisfied with an environment that is stuck in the 1990s.

The auditor described her discussion about Bill 24 with Ms. Morrison.

The finance director stated that the errors in the General Fund and Capital budgets were identified a week after the budgets were adopted.

Councilor Ventura noted her recognition of the problems experienced by small businesses and the need to provide support to businesses, especially those in the downtown.

The finance director stated that a draft plan of Downtown initiatives will be reviewed with Council in late March, after a Downtown Coordinator is hired.

The Council President suggested that the City conduct a downtown summit to provide all stakeholders with the ability to identify potential solutions for the downtown. She noted that the City-owned properties at 5th and Penn that have been vacant for over 10 years are a major part of the problem. She stressed the need for the administration to address the reuse of these building to restore the vibrancy of the downtown. She added that Council has not been updated on the RFP to sell the properties for quite some time. She noted the need for the administration to address these vacant properties and obtain public input about the restoration of the downtown including an innovative solution to the parking issues. She asked the Council Solicitor and City Solicitor to compare our parking regulations for the downtown against those in Lancaster and Allentown, as those downtowns are thriving. That research can help drive a solution.

Councilor Ventura suggested considering a 20 minute grace period or a one (1) hour parking limit.

Councilor Miller noted that Mr. Simmons' business is in District 6 and he invited him to meet to discuss the downtown. He stated that several downtown business owners have been in contact with him about their viewpoints for downtown solutions.

Councilor Goodman-Hinnershitz noted her appreciation for input on downtown solutions, noting that she has worked in the downtown since she began her career. She stressed the need to obtain input from all those who own businesses and work for downtown employers. She noted the need to identify solutions that will inspire downtown workers to leave their offices during their lunch periods.

Councilor Butler thanked Mr. Simmons for stepping forward to speak at tonight's meeting.

G. Motion – In accordance with Administrative Code Sections §5-204 Meetings, Section F and §5-207 Conduct of Business, Section C both regarding the absence of the President and Vice President, approving the Council President's designation of Council member Chris Daubert as the Presiding Officer and President Pro-tem for any meetings of City Council that she is not in attendance at, until a Vice President of Council is elected

Councilor Goodman-Hinnershitz moved, seconded by Councilor Miller, to approve the motion to appoint Councilor Chris Daubert as President Pro-tem

Council President Reed explained the need to make the Pro-tem appointment until the District 5 seat is filled by the Court of Common Pleas and a Council Vice President can be appointed. She explained that delaying the appointment will avoid a tied vote. She noted that former Council President Cepeda-Freytiz undertook the same approach prior to the appointment of a Council Vice President during the search for a District 6 appointee.

Councilor Ventura expressed the belief that the body of Council does not believe that she has the experience to handle the Vice President position; however, she questioned how she could gain the experience when the body refuses to consider her for the position. She explained that due to her position on this issue she will not support this motion.

Councilor Butler expressed the belief that the sitting body of Council should make the Vice President appointment regardless of the appointment of the District 5 representative. He noted that until the vote occurs no one can absolutely predict if a tied vote will occur.

In response to a question from Council President Reed, the Council Solicitor stated that no one is precluded from nominating a Council Vice President. He explained that appointing a Pro-tem prior to the appointment of a Vice President would prevent a potential problem as Council will be unable to meet and conduct business if the Council President is absent for some reason.

The motion to appoint Councilor Daubert as President Pro-tem was approved by the following vote:

Yeas: Butler, Daubert, Goodman-Hinnershitz, Miller, Reed, President - 5

Nays: Ventura - 1

Councilor Butler asked that the appointment of a Council Vice President be added to next meeting agenda.

The Council Solicitor noted that the topic can be considered at the COW and any nominations can be considered at the regular meeting that follows.

 - 2020-2 – found that the City may issue a cash prize to the winner of the City's logo contest
 - 2021-1 – found that there is no conflict of interest for a sitting Council member whose business is located within the DID to vote on the re-establishment of DID
 - 2021-2 – found that members of the community who work for organizations that compete with the City may serve as members of a BAC but that the member must be aware of potential conflicts of interest
 - 2022-1 – found that City officials and employees may not receive Royals tickets due to the relationship between the City and the Convention Center Authority

- 2022-2 – found that there is no prohibition against the hiring of a sitting Council member’s immediate family as long as no Council action is required as part of the hiring process. The Board noted the potential for conflicts of interest.

Ms. Eggert stated that the Board recommended an amendment to the Ethics Code requiring the filing of the annual local Statement of Financial Interest form and added questions regarding the use of City vehicles, City credit cards, the ownership or management of businesses that do business with the City, and donations made to City election campaigns. The local form is distributed with the PA Ethics Commission’s annual Financial Interest statement. Both forms are to be completed and returned to the City Clerk’s office by May 1.

Ms. Eggert noted that the Board has adopted a policy limiting the scope of investigations to the information contained in the complaint and is currently drafting policies to begin enforcement of required campaign finance reports and enforcing the non-filing of the Supplemental Statement of Financial Interest. She thanked its Solicitor, Ed Stock; Investigative Officer, Jim Smith; and staff liaison, Shelly Smith for their dedication and professionalism.

In response to a question from Councilor Goodman-Hinnershitz, Ms. Eggert stated that the best way to assure that employees and officials are properly trained on ethics is to have training sessions. She recalled the training session done by the last administration which was a joint project with the Greater Reading Chamber Alliance.

Council President Reed thanked Ms. Eggert and the Board for their work.

COUNCIL REPORT

Councilor Ventura stated that she attended a meeting on the new STEM School at 9th and Windsor Streets and she met with the project manager about identifying an alternative parking plan in close proximity to the neighborhood. She congratulated the RHS Boys Basketball team for winning the County championship and the Dominican Association for the successful event at the Lincoln on Saturday evening.

Councilor Miller stated that he has had several meetings with downtown business owners and he made lodging arrangements for the delegates coming to the City for the anniversary celebration. He reminded everyone to purchase their tickets to the March 15th gala event at the Museum at [275th Anniversary \(readingpa.gov\)](#). He stated that he attended the Dominican Independence Flag raising and the Gospel Jubilee at the Berks History Center, organized by the NAACP on February 26th.

Councilor Goodman-Hinnershitz stated that she virtually attended the Rec Commission meeting, noting that the Commission will be requesting an increased contribution from the City and School District, as the amount currently received no longer covers the Commission's operational expenses. She noted that UGI has recently posted No Parking signage on both sides of Cotton Street for several contiguous blocks. The initial full week period was extended to additional weeks. She stated that this causes great turmoil in an area that is already experiencing parking stress. She noted the need to find some method of coordination with the administration.

Council President Reed noted that Councilor Ventura experienced a similar problem in District 3. She stated that the signs are issued by the Parking Authority, not the administration and she suggested inviting the Authority to the March 13th COW to discuss this issue.

Councilor Reed stated that she attended several meetings regarding the City's upcoming 275th Anniversary which will be celebrated the week of March 12th. She noted that the fireworks display has been rescheduled for Thursday, March 16th.

ADMINISTRATIVE REPORT

The finance director read from the report attached to the agenda.

Council President Reed noted that the lack of proper lighting on the West Shore Bypass (Route 422 running parallel to the Schuylkill River) and the Warren Street Bypass (Route 12) is expanding. There are burned out lights and lights that have been knocked over by vehicles. She stated that these lights are the County's proprietary issue. She noted the need to fix this public safety issue.

As far as practical, this work day shall conform with the established hours of business. This conformity shall not interfere with the special schedules governing departments operating more than eight (8) hours in each calendar day or shall this provision for an eight (8) hour day be construed as prohibiting the creation of part-time employment or the establishment of rotative, staggered or shortened work periods.

Section 2. Except in seven (7) day a week City operations, the normal work week shall be for full-time employees Monday thru Friday, forty (40) hours, modified as above. However, nothing in this Agreement shall be construed as a guarantee or limitation of the number of hours to be worked per week.

However, in any emergency, the City may deny employees the right to refuse overtime.

An employee with approved time off both before and after a weekend will not be charged for hours during the weekend. In cases when time off is approved for an entire work week, an employee will not be charged hours for the weekend preceding or following the scheduled time off.

For Police Dispatch mandatory overtime will follow reverse seniority where the lowest person will not be mandated two (2) days in a row and no more than two (2) days in a ten (10) day time span. For overtime purposes the person with the least amount of hours on the current shift shall be assigned overtime. In the event an employee is already working overtime he/she will be at the bottom of the mandatory overtime list. If all employees are already working overtime, the employee with the least amount of hours shall be mandated. Every 90 days the overtime list shall reset to zero (0).
