11. A MOTION to APPROVE the one-year contract extension for Building

**Renovation, Restoration, and Reconstruction Services for use by all departments
with Abcore Restoration Company, Inc., at their quoted and adjusted bid prices.**

The Town utilizes two separate contracts for general construction work. The first contract, General Construction Services is for typical routine and emergency building trades work at all Town buildings. This bid for “Building Renovation, Restoration, and Reconstruction Services” is for specialty projects and buildings of historical or other noteworthy significance (like the Towers). The bid encompasses carpentry, painting, flooring, and roofing trades at fixed hourly labor rates (State prevailing wage minimums) on a regular and emergency response basis.

Please note that State law requires the payment of prevailing wages for all public contracts in excess of \$1,000.00. Response times, equipment mark-ups, and material mark-ups are also included in the bid. The contract may be used as needed by all Town departments. Town Council awarded the original bid on March 7, 2016. Abcore has agreed to extend the contract for one year at the adjusted hourly rates to meet the State of Rhode Island prevailing wages requirements as follows: Carpentry: \$62.43; Painting: \$53.17; Flooring: \$62.43; and Roofing: \$58.37. The one-year contract extension is March 7, 2017 – March 6, 2018 with all of the same terms and conditions as the original bid specifications. Any project initiated under this contract with a value exceeding \$4,000.00 requires prior Town Council authorization. In addition, work under this contract will be limited to a value of less than \$50,000.00 unless further Town Council approval has been granted. Funding is available in the respective

departmental operating account for building maintenance and repair or in the appropriate capital projects account.

Matthew M. Mannix moved, Patrick Murray seconded to APPROVE the one-year contract extension for Building Renovation, Restoration, and Reconstruction Services for use by all departments with Abcore Restoration Company, Inc., at their quoted and adjusted bid prices.

James Manni, Town Manager addressed the council on the item. He explained that two weeks ago he did not have the answers for Councilor Moretti. He explained that this contract was for specific services for restorations. He said the question was why the matter was before the council if the contract had expired nine months earlier. Mr. Manni said it was an oversight and the town will be going out to bid

Councilor Mannix questioned why was the motion on if the town was going out to bid. It was noted that because it was on the pervious agenda it had to be on the agenda for clarification.

It was also noted that Abcore had not received any proceeds and no work was done on that contract in the past nine months.

Matthew M. Mannix moved, Patrick Murray seconded and it is unanimously so voted to withdraw the motion to APPROVE the one-year contract extension for Building Renovation, Restoration, and Reconstruction Services for use by all departments with Abcore Restoration Company, Inc., at their quoted and adjusted bid prices.

Beach for the second year from the awarded bidder, R & S Rubbish at
\$36,250.00 annually, and authorizes staff to solicit new bids for a two-year (2)

On February 6, 2017, Town Council awarded the bid for Rubbish Removal at the Beach to the lowest bidder, R & S Rubbish for a two-year period. This vendor completed their service for the summer season of 2017 (Year 1).

Since then, the vendor has requested to withdraw their bid without prejudice due to personal reasons, as they are unable to fulfill their service obligations in Year 2 of this bid. The Town wishes to solicit new bids for a two-year period (2018 and 2019).

Matthew M. Mannix moved, Jill A. 14. A MOTION to APPROVE the addition of a new Beach Security Officer position for the Town beach for the 2018 season.

The Parks and Recreation Department is requesting the addition of a new seasonal position for the beach as a “Beach Security Officer” to replace the Community Service Officers presently performing security responsibilities during the day shift at the beach. The Beach Security Officer Position proposed wage range is \$12.00 to \$15.00 and will be hired to work days 11:00 am to 7:00 pm. from the third Saturday in June through Labor Day reporting directly to Beach Management. Three Beach Security Officers will be hired, one for weekdays and two for weekends and holidays. The wage for each beach security officer will be based on the applicant’s background and ability. The Community Service Officers would continue to work the night shift from Memorial Day through Labor Day to provide security responsibilities at the beach to check buildings and close the parking lot gates while reporting directly to the Police Department. Beach Police Protection Account # 0034-50216 is presently \$42,000.00. The Department will utilize up to \$15,000.00 to cover costs related to daytime beach security officer shifts at the beach.

Jill A. Lawler moved, Patrick W. Murray seconded and it is so voted to APPROVE the addition of a new Beach Security Officer position for the Town beach for the 2018 season.

The Town Manager addressed the position explaining that the current program with the use of CSO (Community Service Officers) did not work out as well. He said many times they were called away from the beach for other duties. He noted that this would be a security officer would answer to Steve Wright.

He said the person would not have any arrest powers however would have security background and the individual would be at the beach full time.

Councilor Mannix suggested a work session on the CSO programs with the Chief and the Director of Parks and Recreation.

Councilor Murray said if the Parks and Recreation Director were fine with it, he would support it.

15. A MOTION to ADOPT the policy to restrict the purchase of resident/taxpayer transferrable beach passes for the 2018 season to five (5) per resident/taxpayer.

The Parks and Recreation is requesting to amend the policies at the beach for the 2018 season to restrict the purchase of resident/taxpayer transferrable beach passes to five [5] per resident/taxpayer. Under extenuating circumstances the five [5] transferrable passes per resident/taxpayer can be increased at the discretion of the Parks and Recreation Director.

This new policy will provide the Parks and Recreation Department the ability to monitor the purchases of these passes per individual and avoid any potential misuse. The policy was discussed at the November 20 Town Council meeting for future consideration.

Matthew M. Mannix moved, Jill A. Lawler seconded to ADOPT the policy to restrict the purchase of resident/taxpayer transferrable beach passes for the 2018 season to five (5) per resident/taxpayer.

Michelle Kershaw from the Parks and Recreation Director advised that the staff discussed the number of passes and believed five was a reasonable number and that any more than that number may be abused and there could be the potential of selling the passes at a higher cost. She noted that there was a great amount of discussion on the number of passes and five felt as the most reasonable number.

Councilor Mannix said he thought the decision was going to be made in the springtime after seeing how many people were interested in purchasing the passes. He said that maybe the council should give more discretion to the Department of Parks & Recreation as it was uncharted territory.

Matthew M. Mannix moved, Patrick Murray seconded and it was so voted to amend the policy to give the discretion on the number of resident taxpayers transferrable passes to the Parks & Recreation Department.

16. A MOTION to ADOPT a RESOLUTION authorizing the Town Manager to submit a request for a 2017 Community Development Block Grant for \$75,000 from the State set-aside for local housing rehabilitation and RECEIVE and PLACE on file the recommendation from the Planning Board.

Due to constraints on funding availability, at this time, the RI Office of Housing and Community Development is soliciting local CDBG submittals limited to housing rehabilitation grants only, to be funded from the State “set-aside”. Unique to this request for “set-aside” funds is that there are no specific applicants for the funds. If awarded, the State will make available these funds on a case-by-case basis to assist income-qualified homeowners, dependent upon local criteria.

After conferring with the Town’s CDBG consultant, Geoff Marchant of the East Greenwich Housing Consortium, the Town staff suggests a request of \$75,000. If received this grant will not detract from the Town’s allowance to request up to \$150,000 when the general grant application period opens.

Under State law a public hearing is required before a Town may apply for a CDBG housing rehab grant. A hearing for all eight communities represented by the East Greenwich Housing consortium was coordinated and conducted by Mr. Marchant on November 1, 2017 at the Richmond Town Hall. On December 12, 2017, the Planning Board considered the application and recommended its approval. Town Council has final authority to consider if this program is worthy of support. Your final decision must be made via resolution in order that the staff may promptly assemble and submit the Town’s request to the State Office of Housing and Community Development.

Jill A. Lawler moved, Patrick Murray seconded and it is so voted to ADOPT the a RESOLUTION authorizing the Town Manager to submit a request for a 2017 Community Development Block Grant for \$75,000 from the State set-aside for local housing rehabilitation and RECEIVE and PLACE on file the recommendation from the Planning Board.

Community Development Director, Michael DeLuca noted that it was money held by the state for any community in Rhode Island. He said the way to access the funds was on a base by base case. He noted there is no applicants on hand however, the applicants can file any time.

He noted a public hearing was regional and held in Richmond on November 1st.

Resident Catherine Celeberto spoke.

A discussion was held on notification of the program.
