SECTION I - INTRODUCTORY SECTION

March 28, 2022

To the Honorable Mayor, City Council Members, and Citizens of the City of Washington:

We are pleased to present the Annual Comprehensive Financial Report of the City of Washington, Missouri for the fiscal year ended September 30, 2021. The Finance Department prepared this report and responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the financial information and disclosures of this report are accurate in all material aspects and is presented in a manner designed to fairly present the financial position and results of operations of the City. We have included all disclosures necessary for the reader to understand the financial condition of the City.

The City's financial statements were audited by Sikich LLP. The goal of the independent audit was to plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor has issued an unmodified opinion on these financial statements for the year ended September 30, 2021. The independent auditor's report is presented as the first component of the financial section of this report.

Generally accepted accounting principles (GAAP) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report.

Profile of the City/Local Economy

Lucinda Owens officially founded Washington on May 29, 1839. A charter was granted to the town by the State Legislature on February 15, 1841. Washington is a third class city duly organized under Missouri State laws, with a Council/Administrator form of government. The Council consists of eight members representing four wards plus a mayor that is city selected on a non-partisan basis. The City Administrator is appointed by the Council and is responsible for daily operations.

The City provides its citizens with typical services, such as street maintenance and construction, dispatching services, police and fire protection, code enforcement, planning & zoning, facilities inspections, parks and recreation, and an airport and library facility. These services are financed from general revenues of the City. The City also, provides water, sewer, and solid waste services derived from revenues from user fees.

The City of Washington sits along the Missouri River and is located 55 miles west of St. Louis. Highway 100 and Highway 47 are the two state highways leading to the City. Construction converting Missouri State Highway 100 to four lanes from I-44 to Washington and was completed in 2010. The second phase of this widening extended the four lanes to High Street and was completed in 2013.

Amtrak and the Union Pacific Railroads also serve the City. The City's Washington Memorial Airport is located in Warren County, approximately two and a half miles North of Washington on Missouri State Highway 47. The airport is home base for 36 airplanes. The City completed the addition of another 12-hangar unit in 2013. Ameren UE provides the City with electricity and Spire, Inc. provides gas service. Both traditional and cellular phone service is provided by several companies. The Missouri Public Service Commission regulates these companies.

Census population figures for the City in 2010 and 2020 were 13,982 and 14,500, respectively. The City now serves a shopping population of over 150,000. With more than 300 retail stores, it is the largest shopping center between St. Louis and Jefferson City.

Phoenix Center II Community Improvement District was established in 2006. This component unit of the City receives 50% of the County and City of Washington's share of sales tax collected in the District. Anchor stores for this District are Target and Kohl's. Since established, the shopping area in Phoenix Center has expanded by adding additional retail stores including Marshall's, Joanne's Fabric, Ulta Cosmetics, and Ross Dress for Less, Dicks's Sporting Goods, Aspen Dental, Petsmart, Fazoli's and Cato Dress store.

Over 60 industries are located in Washington, employing an estimated 7,000 people. The City has a growing visitor industry, attracted by the boat access to the Missouri River, historical buildings, and wineries located in the general area.

Washington School District operates seven elementary schools, one middle school and a high school in the City and the surrounding area. There are several parochial schools including Immanuel Lutheran School, Our Lady of Lourdes, and St. Francis Borgia Grade School and High School. Four Rivers Career Center provides technical training. Total student attendance at these schools is approximately 4,800 students.

There are currently six banks with combined assets of approximately \$1.4 billion dollars.

Mercy Hospital has been serving area residents since 1926. Part of the Sisters of Mercy Health System, the 187 bed non-profit facility is a Level III Trauma Center that has received numerous state and national honors over the years.

In 1989, much of the downtown area was placed on the National Register of Historical Places. Washington was designated as a DREAM community in 2006. This initiative will help the community to more efficiently and effectively engage in downtown redevelopment and revitalization efforts.

In 2006, the Washington Downtown RPA-1 TIF District was established. This District receives 100% of the property tax and 50% of the sales taxes collected in this district above the base amounts established in 2006. In 2010, the Rhine River RPA-2 TIF District was established. This District also receives 100 % of the property tax and 50% of the sales taxes collected in this district above the base amounts established in 2010. In 2017, the Front & Main RPA-3 TIF District was established. This District receives 100% of the property tax and 50% of the sales taxes collected in this district above the base amounts established in 2016.

Major Initiatives

The City continued to improve its facilities and infrastructure to serve its citizens. This includes the following projects being funded by a ½% capital improvement sales tax and ½% transportation sales tax funds:

- CIPP Lining of Storm water pipes with \$100,000 budgeted annually for this program.
- Circle Drive Overlay was done for approximately \$430,000.
- New aquatic center/pool remodel project was completed for approximately \$4.5 million.

Long-Term Financial Planning

The City adopts a ten-year capital improvement plan annually. Estimating project costs and projecting revenues for the next ten years enables the City to prioritize and prepare for its future capital needs more effectively, and assist management in addressing and estimating future needs.

The City adopted a Fund Balance policy on September 6, 2011 in accordance with GASB 54. The City's primary objective is to maintain a prudent level of financial resources to protect against reducing service levels, raising taxes and fees due to temporary revenue shortfalls or unexpected expenditures. The policy states the City will maintain a reserve level with a minimum 15% of projected annual operating expenditures in the General Fund. As of September 30, 2021, the unassigned fund balance in the General Fund is in compliance with the City's policy. City management also strives to maintain a 25% reserve in its enterprise funds although not required under this policy.

Economic Condition/Factors Affecting Financial Condition

Sales Tax Revenue: The City's sales tax has remained steady and constant even through the challenging two years that we had due to the COVID pandemic. In 2021, sales tax increased from 2020 by \$358,000 or 8%. The City feels that sales tax will remain steady in 2022 and budgeted a 3% increase over 2021 actual.

Housing & Construction Permits: The City issued approximately 1102 permits in 2021 and 1118 permits in 2020. However, the estimated valuation of these permits increased from \$53.5 and \$62 million from 2020 to 2021 respectively. These factors are still a strong indicator that the economy is stable with slight growth.

Property Values: The City has experienced slight to modest growth in the last few years. From 2020 to 2021, assessed valuation increased \$35.6 million or 10% which is a strong indicator of a stable local economy.

The COVID-19 pandemic is ongoing, and the duration and the severity of the crisis is uncertain. The City can not predict future events and there can be no assurances that there will not be any material effects or impacts that could directly or indirectly impact the City's future financial position. However, to date, the impact has been minimal and at this time the City does not anticipate any significant adverse impacts in the near future.

Financial Information

Management is responsible for establishing and maintaining an internal control structure designed to ensure the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- The cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgments by management.
- All internal control evaluations have been made within the framework described above. We believe the internal accounting controls meet the material standards for audit, adequately safeguard the City's assets, and provide reasonable assurance that financial transactions are properly reported.

The ten-year annual budget serves as the foundation for the City's financial planning and control. Legal level of budgetary control is determined at the fund level and all funds are budgeted. Transfers of appropriations and any fund level changes require City Council approval through the budget amendment process. Budget to actual schedules, which are required for each individual governmental fund with an adopted annual budget, are included in this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Washington, Missouri for its annual comprehensive financial report for the fiscal year ended September 30, 2020. This was the twelfth year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgement

Sincere appreciation is extended to the Mayor and City Council for their continued support. This Annual Comprehensive Financial Report was prepared by the Finance Department with the efficient and dedicated services of City staff. Special acknowledgement is extended to Sikich LLP for their service in conducting the annual audit and assistance with this report.

SECTION II - FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Washington, Missouri
Washington, Missouri

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City of Washington, Missouri (the City), as of and for the year ended September 30, 2021, and the related notes to financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing

an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City of Washington, Missouri as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplemental information and introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Sikich LLP

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

This section of the City of Washington, Missouri's (the City) annual comprehensive financial report presents our review of the City's financial performance during the fiscal year that ended on September 30, 2021. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report and the City's financial statements which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$81.6 million (net position). Of this amount, \$9 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased approximately \$5.7 million. Governmental activities net position increased by \$5.6 million, while the business-type activities net position increased by approximately \$100,000.
- General revenues for governmental activities were \$16.8 million, an increase of \$1.1 million from the prior year. Revenues included \$13.4 million (81%) in sales, franchise and tourism taxes. Property taxes accounted for \$2.8 million (17%).
- Net expenses from the various functions of governmental activities were \$11.2 million. More specifically, general government was \$1.9 million (18%), public safety was \$3.9 million (35%), highways and streets was \$2.2 million (20%) and culture and recreation amounted to \$2 million (19%).

OVERVIEW OF THE FINANCIAL STATEMENTS

This management's discussion and analysis is provided as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information and other supplementary information.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, including component units, in a manner similar to a private-sector business. The government-wide financial statements exclude fiduciary fund activities.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Increases or decreases in net position serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* represents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected special assessment charges and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, highways and streets, airport, culture and recreation, and economic development. The business-type activities of the City include water operations, sewage treatment system, and solid waste collection including a landfill and a recycling center.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Three separate organizations are considered component units of the City - the Industrial Development Authority (IDA), the Phoenix Center II Community Improvement District (the District), and the Washington Public Library. The IDA is organized to develop and promote commercial industrial, agricultural, and manufacturing facilities in the City. The financial activity of the IDA is insignificant in relation to the City and the component unit has been excluded from the accompanying basic financial statements. The District is organized to construct public infrastructure improvement projects to serve as a new commercial redevelopment project in the City. The Washington Public Library provides a full-range of library services for all library patrons. Both the CID District and the Washington Public Library financial activity is discretely presented in the City's basic financial statements.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the balance sheet and the statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Improvements Sales Tax Fund, Transportation Sales Tax Fund, and COPS Fund, all of which are considered to be major funds. Due to similarity of purpose, the revenue and expenditures of the Storm Water Improvement Fund, Volunteer Fire Fund and the General Fund are combined and reported in the General Fund. Data from the four other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the Other Supplemental Information Section of this report.

The City adopts an annual appropriated budget for all of its funds. Budgetary comparison statements have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

Proprietary funds. The City maintains *Enterprise funds* to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sewage treatment, and solid waste operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund statements provide separate information for the Water Fund, Sewage Treatment Fund, and Solid Waste Fund operations, all of which are considered to be major funds of the City.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Other information. In addition to the basic financial statements and accompanying notes, this report contains certain *required supplementary information* regarding budgetary information. The combining and individual statements for the non-major governmental funds are presented as other supplemental information and immediately follow the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City presents its financial statements as required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Therefore, a comparative analysis of government-wide data is also included in this report.

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. As of September 30, 2021, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$81.6 million. The largest portion of the City's net position, \$60.2 million (74%) reflects its investment in capital assets (e.g. land and permanent easements, construction in progress, buildings, improvements, machinery and equipment, and infrastructure); less any related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets may not be used to liquidate these liabilities.

The following table reflects the condensed Statement of Net Position for the years ended September 30:

		Condensed Statement Of Net Position					
		Governmental Activities		Business-Type Activities		Total	
		2021	2020	2021	2020	2021	2020

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

The City is able to report the following positive balances in all categories of net position.

- \$60.2 million Net investment in capital assets
- 12.4 million Restricted
- 9 million Unrestricted

The City's combined net position increased \$5.7 million. This is due to several factors but mainly sales tax was \$800,000 higher, intergovernmental grant revenues and charges for services was \$1.2 million higher and expenditures were lower as a result of conservative spending, timing of projects and some one-time revenues that were not spent in prior year. Governmental activities reflect net position of \$62 million while business-type activities reflect \$19.6 million.

Restricted net position for governmental and business-type activities is \$10.2 million and \$2.2 million, respectively. Restricted net position equals 15% of total net position. The restricted net position is for capital projects, debt service, TIF Districts and pension. Governmental activities restricted net position decreased by \$1.9 million in 2021 due to payments of debt service and timing of capital projects. In addition, \$1.1 million which was previously classified as restricted for debt service in prior year was reclassified as unrestricted in 2021 due to the fact that these funds could if needed be used for other purposes. Business-type activities restricted net position increased by \$400,000 in 2021 due to pension expenses.

The remaining portion of the City's net position represents *unrestricted net position*. Total unrestricted net position of \$9 million is available to meet the City's ongoing obligations to citizens and creditors. Governmental activities unrestricted net position was \$9.4 million, which increased \$2.7 million from prior year due mainly from higher sales tax revenues, conservative spending, and the \$1.1 million reclassification mentioned above from restricted fund balance. Business-type activities unrestricted net position reflects a deficit balance of \$453,000 which is a decrease of \$600,000. These fluctuations are mainly due to a full year of increased cost of the City switching its refuse services to an outside vendor for refuse and recycling services and an increase of \$200,000 in closure/post-closure annual fee for the landfill.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

CHANGES IN NET POSITION

The following table reflects the revenues and expenses for the City's statement of activities for the years ended September 30:

	Changes in Net Position					
	Governmental Activities		Business-type Activities		Total

GOVERNMENTAL ACTIVITIES

For the fiscal year ended September 30, 2021, total combined revenues are \$27.9 million (governmental and business-type). Governmental activity revenue totaled \$20.1 million or 72% of the total City revenues while revenues from business-type activities totaled \$7.8 million or 28% of total revenue.

Sales tax, the largest governmental category, generated \$11.2 million or 56% of governmental revenue resulting in an increase of \$800,000 or 8% over prior year shows a growing tax base. Property taxes was slightly higher than prior year at \$2.8 million or 14% of governmental revenue.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Governmental activities expense decreased approximately \$1.4 million to \$14.6 million mostly due to conservative spending and reclassification of allocation of \$700,000 of expenditures between departments. Business-type expenses increased approximately \$200,000 due to the outsourcing of refuse and recycling services.

Certain revenues are generated specific to governmental program activities. These direct revenues totaled \$3.4 million. The following table shows expenses for program activities and the effect of these direct revenues to program costs.

	Total Cost of Service		Net Cost of Service	
	2021	2020	2021	2020
General government	\$ 2,346,107	3,274,581	(1,925,008)	(2,398,716)
Public safety	4,726,802	5,433,034	(3,852,197)	(4,900,679)
Airport	642,570	588,578	(269,463)	(347,738)
Highway and streets	3,454,414	3,390,229	(2,178,710)	(2,608,410)
Culture and recreation	2,450,936	2,185,208	(2,027,820)	(1,882,921)
Economic development	9,518	11,627	8,482	(11,627)
Interest on long-term debt	948,951	1,086,436	(948,951)	(1,086,436)
Total	\$ 14,579,298	15,969,693	(11,193,667)	(13,236,527)

Net costs of these services were \$11.2 million and \$13.2 million in 2021 and 2020 respectively. The main reason for difference is due to timing of grant related projects between the two years. Taxes and other revenues of \$16.8 million were generated to cover these net costs.

**Governmental Activities
Expenses and Program Revenues**

**CITY OF WASHINGTON, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2021**

BUSINESS-TYPE ACTIVITIES

Business-type program revenues remain constant at \$7.4 million.

The following table shows expenses for program activities and the effect of these revenues to program costs.

	Net Cost Of Business-Type Activities			
	Total Cost Of Service		Net Cost Of Service	
	2021	2020	2021	2020
Water	\$ 1,691,895	1,740,449	257,016	(134,356)
Sewage treatment	2,798,613	2,939,781	(90,379)	(178,666)
Solid waste	3,184,043	2,777,207	(475,308)	210,946
Total	<u>\$ 7,674,551</u>	<u>7,457,437</u>	<u>(308,671)</u>	<u>(102,076)</u>

Net cost of service increased \$200,000 over prior year due to outsourcing refuse and recycling service.

FINANCIAL ANALYSIS OF THE CITY'S MAJOR FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City's fund statements can be found in the basic financial statements. Reconciliation to the government-wide financial statement is provided with these fund statements.

Governmental Funds. The focus of the City's governmental funds is to provide information on inflows, outflows, and balances of available expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. In 2011, the City established a fund balance policy in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions which establishes clearer fund balance classifications that can be more consistently applied and clarifies existing governmental fund types. For all governmental funds, fund balance is classified into the following five categories with the most restrictive listed first: Nonspendable, Restricted, Committed, Assigned and Unassigned.

General Fund -- The General Fund is the primary operating fund of the City. At the end of the current year, the unassigned fund balance of the General Fund was \$2,787,477, while the total fund balance was \$13.3 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 21% of total General Fund expenditures and transfers out of \$13.2 million; while total fund balance represents 101% of total General Fund expenditures and transfers out. The City's General Fund balance increased approximately \$1.8 million from the prior year. The change of the current year's fund balance is due to conservative spending, and one-time revenues received from sale of property for approximately \$300,000. In addition, sales tax and property taxes were approximately \$500,000 higher than previous year.

The City recognizes the need for a fund balance that can absorb an economic downturn or natural disaster to avoid changes and reductions in service levels. In accordance with the City's fund balance policy adopted in 2011, a fund balance amount equal to 15% of operating expenditures in the General Fund should be maintained. For September 30, 2021, 15% of operating expenditures (excludes debt service and capital outlay) is \$1,665,393 and unassigned fund balance is \$2,787,477 resulting in compliance with the City's resolution.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Capital Improvements Sales Tax -- At the end of the current fiscal year, the total fund balance of this capital project fund was \$1.4 million, a decrease of \$1.9 million over prior year. Pool construction accounted for the majority of this decrease.

The Capital Improvement Sales Tax initially was approved in July 1989 and after several successful renewals is scheduled to expire in 2026.

Transportation Sales Tax -- In April 2006, the voters passed a ½-cent sales tax for the purposes of transportation, including, but not limited to, payment of the local share of the cost of expanding Highway 100 from Interstate 44 to High Street from two lanes to four lanes. This was a 50/50 cost-sharing project with the Missouri Highways and Transportation Commission. All phases were completed by 2014. In addition, the City has a ten-year plan for upgrading and improving local roadways. This tax was effective October 1, 2005 and expires June 30, 2030. The fund balance at September 30, 2021 was \$2.1 million, a decrease of \$295,000 from prior year mainly due to the timing of various capital projects.

COPS – As of September 30, 2021 total fund balance of this debt service fund is \$2.3 million which is a decrease of \$200,000 due to annual debt service payment reductions.

Proprietary Funds. The City's proprietary funds statements provide the same type of information found in the government-wide financial statements, but in more detail. Change in net position for these funds increased by \$90,000 from prior year. Individual fund changes were as follows:

- Water increased by \$340,000 or 7%.
- Sewage Treatment increased by \$176,000 or 2%.
- Solid Waste decreased by \$428,000 or 19%.

A review of the operations of the enterprise funds indicates water, sewage treatment, and solid waste operations reflect a net change in operating income of \$264,000. Specific reasons for fluctuations in individual funds are outlined below.

The Water Fund showed operating income of \$358,000 with a change in net position of \$342,000. This is mainly due to the water rate increase effective October 2020. Conservative spending also contributed to the positive change in net position.

The Sewage Treatment Fund reported operating income of \$381,000 with a change in net position of \$176,000. The increase is due to normal operating variances from year to year.

Solid waste operations consist of residential solid waste collection, landfill operation, and a recycling center. Solid waste operations reported an operating loss of \$475,000 with a change in net position of (\$428,000) due to outsourcing refuse and recycling service and an increase in the annual landfill closure/post-closure expense.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original and the final amended budget can be summarized as follows:

- Total original revenue was budgeted at \$12.6 million which was increased to \$13.5 million. The budget was amended for an increase in sales taxes of \$400,000, tourism tax of \$85,000, intergovernmental of \$300,000, licenses of \$80,000 and charges for services of \$140,000 with an offsetting decrease in franchise taxes (\$60,000).
- The total original expenditure budget of \$12.2 million increased to \$13.3 million. This increase was mainly due to timing of capital projects and purchases of capital.

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Differences between the final amended budget and actual can be summarized as follows:

Final budgeted revenues were estimated at \$13.5 million while actual revenues were \$13.3 million. This difference was due to mainly from sales tax coming in \$190,000 higher than anticipated.

Final budgeted expenditures were estimated at \$13.3 million. Actual expenditures were \$1.8 million less than projected. This was primarily due to items being purchased but due to shipping delays and shortages everyone is facing as a ripple effect of the pandemic, these items were not received as of September 30.

- Public Safety reported \$520,000 under budget which was mainly due to vacancies in some positions, timing of small tools purchases between years, and overall monitoring of expenses.
- Parks reported \$142,000 under budget due to an overall decrease in expenses due to vacancies in some positions and overall monitoring of expenses.
- Capital outlay- Highways and street was \$240,000 under budget due to timing of equipment purchase delays and Culture and Recreation was \$70,000 under budget due to timing of capital projects.

The General Fund ended the year with actual revenues exceeding actual expenditures by \$1.8 million and a net increase in change in fund balance of \$1.8 million.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. Total capital assets for the City as of September 30, 2021, is \$89.7 million, net of accumulated depreciation. Capital assets (net), increased by approximately \$1.3 million due to the following:

- Non-essential spending limitation
- Disposal of surplus capital assets and annual depreciation fluctuations
- Only essential capital assets constructed/purchased—see list following for capital asset transactions.

The following chart breaks down the City's capital assets into the various categories of assets:

	(Net Of Depreciation)					
	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020

Total Capital Assets, Net	\$ 59,516,486	57,348,226	30,180,330	31,093,291	89,696,816	88,441,517

CITY OF WASHINGTON, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Some of the major capital asset transactions during the year include the following:

- Pool construction was completed for approximately \$4.5 million.
- High Street and Circle Drive Overlay construction was done for \$1 million and several other streets included in the Asphalt Overlay & Sidewalk Project was complete-\$800,000.
- Began water tower refurbishing at Clay Street and Enduro facilities. Estimated cost \$550,000.
- Replaced several trucks and priced of equipment for approximately \$900,000.

Capital assets are funded by user charges, sales tax and intergovernmental revenues. Additional information on the City's capital assets can be found in Note D of this report.

Debt Administration. As of September 30, 2021, the City had a total of \$32.6 million of outstanding obligations. This is a decrease of \$3.6 million from the previous year.

In December 2007, the City issued Sewerage System Revenue Bonds, Series 2007 for \$20,000,000 for the construction of the sewage treatment facility. A principal payment of \$1,010,000 was made in 2021 resulting in a principal balance of \$8,960,000.

The City has \$11,365,000 in 2010 certificates of participation outstanding. In 2010, the City issued these certificates to finance the City's share of the Route 100 widening project-Phase 3, the Library renovation projects, fire training center and other various City projects to be funded from the capital improvement sales tax renewal. A principal payment of \$1,305,000 was made in 2021 which paid off this bond.

The City has \$21,300,000 in 2019 certificates of participation outstanding. In 2019, the City issued these certificates to refund the 2012B COP issue which in 2012 was issued to refund the 2008 and 2012 COP issues. This issue is divided into \$18,073,049 original principal for governmental activities and \$3,226,951 for business-type activities. A principal payment of \$1,166,688 was made in 2021 resulting in a principal balance of \$15,849,980,. A principal payment of \$208,313 was made in 2021 for business-type activities resulting in a principal balance of \$2,830,020.

The Tax Increment Revenue outstanding balance is \$4,918,628. Principal payments of \$71,089 were made in 2021.

Additional information on the City's long-term debt can be found in Note G of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Combined General Fund revenues for fiscal year 2022 are projected to total \$13.4 million. This represents an increase of \$1.4 million over the prior year budget mainly due to an increase of \$1 million in anticipated donations related to real estate development and the remaining difference due to increases in tax revenues.

General Fund expenditures are projected to total \$14.3 million which represents an increase of \$3 million from fiscal year 2021 due mainly to a real estate purchase for a new industrial park.

Health insurance premium increases were budgeted with a 6% increase due to the upward spiral in health insurance costs as evidenced in the last few years. In addition, the City has a deductible plan in which the City is currently paying 100% of all deductibles. Salaries and wages increased by approximately 7% due to implementation of pay plan update in addition to 3% merit increase that employees were eligible for based on performance.

By making both revenue and expenditure adjustments as listed above and maintaining a conservative approach, the City feels confident that it will be able to meet the needs of its citizens and services will remain relatively unchanged.

CITY OF WASHINGTON, MISSOURI
RECONCILIATION OF THE BALANCE SHEET - GOVERN-
MENTAL FUNDS TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2021

Total Fund Balances - Governmental Funds \$ 20,798,868

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. The cost of these assets are \$108,216,237 and the accumulated depreciation is \$48,699,751. 59,516,486

Certain items are not financial resources and, therefore, are not reported in the governmental funds. These items consist of:
mental funds. These items consist of:

Net pension asset	8,236,569
Deferred outflows related to pensions	345,936
Deferred inflows related to pensions	(4,065,617)
Total OPEB liability	(547,064)
Deferred outflows related to OPEB	158,033
Deferred inflows related to OPEB	(11,600)

Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:

Certificates of participation	(15,849,980)
Notes payable	(4,918,628)
Accrued compensated absences payable	(241,766)
Accrued interest payable	(174,315)
Unamortized bond deferred charges	927,977
Unamortized bond premium	(2,165,764)

Total Net Position Of Governmental Activities \$ 62,009,135

CITY OF WASHINGTON, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2021

Net Change In Fund Balances - Governmental Funds \$ (648,357)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets are allocated over estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays over the capitalization threshold (\$5,961,110) exceeded depreciation (\$3,751,771) in the current period. 2,209,339

The net effect of various miscellaneous transactions involving capital assets:

Capital Assets reassigned to business-type activities	(14,060)
Cost of disposals, net of accumulated depreciation	(27,019)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consume the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, the governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Unpaid interest added to principal	(111,614)	
Repayments:		
Certificates of participation	2,471,688	
Tax increment revenue notes	71,089	
Amortization	137,532	
Compensated absences	17,015	
Net Adjustment	2,585,710	

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Pension expense	1,479,610	
Accrued interest on bonds	25,959	
OPEB expense	(49,923)	1,455,646

Change In Net Position Of Governmental Activities \$ 5,561,259

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the **CITY OF WASHINGTON, MISSOURI** (the City) in the preparation of the accompanying basic financial statements are summarized below:

1. Reporting Entity

The City was founded in May 1839, chartered by the State in February 1841, and established a mayor/council/city administrator form of government. The City's operations include general administrative services, public safety, street maintenance and improvements, airport, city library, and recreation activities. Enterprise operations owned by the City include water, sewage treatment, and solid waste collection.

The financial statements of the City include the financial activities of the City and any component units. The criteria used in determining the scope of the reporting entity are based on the provisions of Governmental Accounting Standards Board Statements. The City is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the City appoints a voting majority of the component unit's governing body or because the component unit will provide a financial benefit or impose a financial burden on the City.

Industrial Development Authority (IDA) -- The Industrial Development Authority (IDA) of the City is organized to develop and promote commercial, industrial, agricultural, and manufacturing facilities in the City. All of the directors of the IDA are appointed by the Mayor of the City and confirmed by the City Council. The IDA is a component unit of the City; however, the financial activity is insignificant in relation to the City and the component unit has been excluded from the accompanying basic financial statements.

Phoenix Center II Community Improvement District (CID) -- The Phoenix Center II Community Improvement District (the District) was incorporated in 2006. All directors of the District are appointed by the Mayor of the City and confirmed by the City Council. The District is also included in the City's reporting entity because of the City's ability to impose its will on the District as the City provides administrative support to the District. The District is organized to construct public infrastructure improvement projects to serve a new commercial redevelopment project in the City. The District is a component unit of the City and is discretely presented as such in the basic financial statements. The District issues a separate financial statement which may be obtained from the Finance Manager at the City.

Washington Public Library -- The Library Board is appointed by the Mayor of the City and confirmed by the City Council. The City also maintains a fiduciary responsibility for the Library as the City provides administrative services for the Library, including processing payroll and recording cash receipts and disbursements. The City adopts through ordinance the Library District's property tax levy. The City also issues the Library's debt and makes payments on the debt. Therefore, the Library is a component unit of the City and is discretely presented as such in the financial statements. The Library does not issue separate financial statements.

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City. For the most part, the effect of interfund activities have been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the City is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Following the government-wide financial statements are separate financial statements for governmental funds, proprietary funds, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All other governmental funds are reported in one column labeled "Other Governmental Funds". The total fund balances for all governmental funds is reconciled to total net position for governmental activities as shown on the statement of net position. The net change in fund balances for all governmental funds is reconciled to the total change in net position as shown on the statement of activities in the government-wide financial statements.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences are recorded only when payment is due (i.e., matured).

Property taxes, franchise taxes, licenses, fines, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund -- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

Capital Improvements Sales Tax Fund -- The Capital Improvements Sales Tax Fund, a Capital Projects Fund, is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and agency funds).

Transportation Sales Tax Fund -- The Transportation Sales Tax Fund, a Capital Projects Fund, is used to account for financial resources to be used for purposes of transportation projects. This includes, but not limited to, payment of the local share of the cost of expanding Highway 100 from Interstate Highway 44 to High Street from two lanes to four lanes.

COPS Fund -- The COPS Fund, a Debt Service Fund, is used to account for debt service payments for the City COPS issues.

The other governmental funds of the City are considered nonmajor. They are Special Revenue Funds, which account for the proceeds of specific revenue sources (other than special assessments or major capital projects) that are legally restricted to expenditures for specified purposes and a Capital Projects Fund, which accounts for financial resources to be used for the acquisition of vehicles and equipment. The nonmajor funds of the City are the Rhine River TIF Fund, Downtown TIF Fund, Front and Main TIF Fund, and Vehicle and Equipment Replacement Fund.

The City reports the following major proprietary funds:

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Water Fund -- The Water Fund accounts for the billing and collection of charges for water service for the City's residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Sewage Treatment Fund -- The Sewage Treatment Fund is used to account for the provision of sanitary sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

Solid Waste Fund -- The Solid Waste Fund is used to account for solid waste collection, operation of the landfill, and operation of the recycling center.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule include charges between the City's business-type activities/Enterprise Funds, as well as some Special Revenue Funds and the General Fund. The City allocates charges as reimbursement for services provided by the General Fund in support of those functions based on levels of service provided. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. These charges are included in direct program expenses.

Amounts reported as program revenues include: 1) charges to customers or applications for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments, identifiable with a particular function. Taxes, investment income, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

4. Cash and Investments

Cash and cash equivalents include cash on hand, demand deposits, and money market mutual funds. The City considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents. Cash and investments of the City are stated at cost, which approximates fair value. State statutes authorize the City to invest in obligations of the U.S. Treasury, federal agencies, commercial paper, corporate bonds, and repurchase agreements.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements on the consumption method. Prepaid items are recorded as expenditures when consumed rather than purchased.

6. Capital Assets

Capital assets, which include land, permanent easements, buildings, other improvements, vehicles, machinery and equipment, and infrastructure (e.g., streets, sidewalks, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life of two years or more. Infrastructure assets are reported when costs are \$25,000 or more.

In accordance with GASB Statement No. 34, infrastructure assets constructed, purchased, or donated effective October 1, 2002 are reported in the government-wide financial statements. All major general infrastructure assets prior to this date will be retroactively reported beginning in the fiscal year after September 30, 2007 or earlier at historical or estimated historical cost.

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of donation. Capital assets acquired under lease/purchase agreements are capitalized.

The costs of normal maintenance and repairs, except for any substantial betterment, are not capitalized. "Betterment" is defined as an addition made to, or change made in, a capital asset, which is expected to prolong its life or to increase its efficiency over and above that arising from maintenance. Betterments to general assets should have a cost of \$10,000 or greater to be included as a capital asset. Betterments to infrastructure assets should have a cost of \$25,000 or greater to be included as a capital asset. The cost of which is added to the property records as a separate item and depreciated over the remaining useful lives of the related capital assets, if applicable.

Capital assets are depreciated using the straight-line method over the estimated useful lives of the various classes of assets. The estimated useful lives of depreciable capital assets are as follows:

Asset	Years
Infrastructure	20 - 40
Buildings	10 - 50
Improvements other than buildings	10 - 50
Machinery and equipment	2 - 15

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Restricted Assets

Assets restricted for debt service are segregated on the government-wide statement of net position and the proprietary fund statement of net position.

8. Receivables and Payables

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and payable by December 31. Taxes paid after December 31 are subject to penalties. City property taxes are recognized when levied to the extent they result in current receivables. Property tax receivables are shown net of an allowance for uncollectibles.

Assessment revenues and receivables are recognized at the time property owners are assessed for the property improvement. Assessment receivables are offset by deferred revenue for those property owners who have extended payment plans.

The City records as accounts receivable in the Enterprise Fund's financial statements the amount of accrued, but unbilled revenue for the Water Fund, Sewage Treatment Fund, and Solid Waste Fund determined by prorating actual subsequent billings.

9. Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

10. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, a total of 10 to 20 days of vacation and 5 to 15 days of sick leave per year depending on years of service. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A maximum of 20 days of vacation and 180 days of sick leave may be accumulated by each employee. The current portion of compensated absences is estimated at 50% as of September 30, 2021.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. The bond discounts on the Sewage Treatment Fund bonds are being amortized on the straight-line method over the life of the bonds. There is no significant difference between the straight-line method and the present-value method required by accounting principles generally accepted in the United States of America for the bond discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

12. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

13. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary integration in the General Fund, Special Revenue Funds, and Capital Projects Funds. Encumbrances outstanding at year-end amounted to \$424,865, \$275,291, \$743,478, and \$315,089, for the General, Capital Improvements Sales Tax, Transportation Sales Tax, and Nonmajor funds, respectively.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Fund Balance Policies

The fund balance amounts are reported in the following applicable categories listed from the most restrictive to the least restrictive:

Nonspendable -- The portion of fund balance that is not in a spendable form or is required to be maintained intact.

Restricted -- The portion of fund balance that is subject to external restrictions and constrained to specific purposes imposed by agreement, through constitutional provisions, or by enabling legislation.

Committed -- The portion of fund balance with constraints or limitations by formal action (ordinance) of the City Council, the highest level of decision-making authority. Intent can be expressed by City Council by passing an ordinance.

Assigned -- The portion of fund balance that the City intends to use for a specific purpose as determined by the City Council, City Administrator, or Finance Manager.

Unassigned -- Amounts that are available for any purpose; these positive amounts are reported only in the General Fund. In other governmental funds other than the general fund; if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When both restricted and unrestricted resources are available, the City will spend the restricted amounts and then the least restricted - committed, assigned, and then unassigned.

The fund balance of the City's General Fund has been accumulated to provide stability and flexibility to respond to unexpected adversity and/or opportunities. The target is to maintain a rolling beginning fund balance of not less than 15% of annual operating expenditures (excluding debt service and capital outlay) for the current fiscal year. Should the balance fall below the 15%, the City will identify a plan to restore the fund balance to its targeted amount as part of the budget proposal.

15. Capital Contributions

Capital contributions represent government grants and other aid used to fund capital projects. Donations by developers are recognized as revenue when final subdivision plats are accepted by the City. Other capital contributions are recognized as revenue when the expenditure is made and amounts become subject to claim for reimbursement.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

16. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

17. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS' fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. LAGERS' investments are reported at fair value.

18. Adopted Accounting Pronouncement

During the current year, the City adopted GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. GASB Statement No. 87, *Leases* has been postponed 18 months and GASB Statement No. 91, *Conduit Debt Obligations* have been postponed one year.

NOTE B - CASH AND INVESTMENTS

1. Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation.

As of September 30, 2021 the City's bank balances were entirely secured or collateralized with securities held by the City or by its agent in the City's name.

As of September 30, 2021, the discretely presented component units' bank balances were entirely insured or collateralized with securities by the discretely presented component units or by their agents in the discretely presented component units' name.

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE B - CASH AND INVESTMENTS (Continued)

2. Investments

As of September 30, 2021, the City had the following investments:

Investments	Fair Value	Maturities			Credit Risk
		Less Than One Year	1 - 5 Years	6 - 10 Years	
Primary Government					
Negotiable certificates of deposit	\$ 1,647,477	487,140	1,160,337	-	N/A
Federal Home Loan Banks	740,572	-	499,742	240,830	AAA
Total Primary Government	\$ 2,388,049	487,140	1,660,079	240,830	

Investments Policies

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City minimizes credit risk by only investing in “investment grade” securities and when feasible, diversifying the portfolio so that potential losses on individual securities will be minimized.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City minimizes interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and investing primarily in shorter-term securities, money market funds, or similar pools.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City’s investment in a single issuer. The City minimizes concentration of credit risk by diversifying the portfolio.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party.

To limit its exposure, the City’s investment policy required all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third-party acting as the District’s agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the City’s name.

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE B - CASH AND INVESTMENTS (Continued)

3. Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Matrix pricing is used to value investments based on the relationship to benchmark quoted prices. The inputs and methodologies used for valuating investment securities are not necessarily an indication of risk associated with investing those securities. The City has the following recurring fair value measurements as of September 30, 2021: the negotiable certificates of deposit and the Federal Home Loan Banks are valued using quoted matrix pricing models (Level 2)

NOTE C - RECEIVABLES

Receivables as of September 30, 2021, including the applicable allowances for uncollectible accounts, are as follows:

	Governmental Activities				Business-type Activities				Component Units	
	General	Capital Improve-ments Sales Tax	Trans- portation Sales Tax	Total	Water	Sewage Treat- ment	Solid Waste	Total	Library	CID
Receivables:										
Taxes	\$ 1,388,222	391,810	473,966	2,253,998	-	-	-	-	6,572	211,995

Interfund transfers were used to: 1) move unrestricted revenues collected in the General Fund to finance other funds in accordance with budgetary authorization and 2) make debt service payments.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE F - PLEDGED REVENUES

The City has pledged a portion of future tax revenues to repay tax increment revenue notes issued to finance certain improvements in the City. The notes are payable solely from the incremental taxes generated by increased sales and assessed property values in the improved area. Incremental taxes were projected to produce 100% of the debt service requirements over the life of the notes. Total principal and interest remaining on the notes per Note G is payable through July 2033. For the current year, principal and interest and incremental tax revenues were \$203,471 and \$473,355, respectively.

In May 2006, the City, the County, and Phoenix Center II Development Co., LLC (the Developer) entered into a Development Agreement, whereby the City and the County agreed to use a portion of their sales tax revenues from a shopping center being constructed by the Developer to pay for bonds for roads and other public improvements associated with the shopping center.

The sales bonds are payable solely from the sales taxes generated in the improved area. Taxes were projected to produce 100% of the debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds per Note G is payable through November 2037. For the current year, principal and interest and sales tax revenues were \$1,305,208 and \$1,507,887, respectively.

NOTE G - LONG-TERM DEBT

Debt payable was comprised of the following:

	<u>September 30 2021</u>
Governmental Activities	
\$18,073,049 certificates of participation, under the terms of the refinancing agreement, Series 2019, due in annual installments through March 1, 2030; interest payable at 5%.	<u>\$ 15,849,980</u>
Business-type Activities	
\$20,000,000 Sewerage System Revenue Bonds, under the terms of the refinancing agreement Series 2007, due in annual installments through January 1, 2029; interest payable at 4% to 5%. The bonds are secured and to be repaid solely through sewer system net revenues. The bond covenants, which require 110% coverage of the debt service for each fiscal year, were met. In the event of continuing default, the agreement includes the right for whatever action may appear necessary or desirable to collect amounts due and to become due.	\$ 8,960,000
\$3,226,951 certificates of participation, under the terms of the refinancing agreement Series 2019, due in annual installments through March 1, 2030; interest payable at 5%.	<u>2,830,020</u>
Total Business-type Activities Debt Payable	<u>\$ 11,790,020</u>

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE G - LONG-TERM DEBT (Continued)

In March 2019, the City issued \$21,300,000 of certificates of participation (Series 2019) to refund the Series 2012B certificates of participation. The Series 2019 debt bears an interest rate of 5% and are due September 1, 2030.

For the certificates of participation, the terms of the debt include that if an event of default occurs, the trustee of the debt shall have the right to possession of certain premises of the City for the remainder of the term of the debt and shall have the right to sublease the premises or sell its interest in the premises and in the base agreement. In addition, the terms of the debt have certain optional redemption provisions which allow the City to redeem the debt.

The annual debt service requirements for debt payable is as follows:

For The Years Ending September 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2022	\$ 1,289,720	760,256	1,260,280	540,932
2023	1,416,995	692,588	1,308,005	480,634
2024	1,552,755	618,344	1,357,245	417,331
2025	1,697,000	537,101	1,408,000	350,930
2026	1,849,730	448,432	1,460,270	282,018
2027 - 2030	8,043,780	812,015	4,996,220	413,791
Total	<u>\$ 15,849,980</u>	<u>3,868,736</u>	<u>11,790,020</u>	<u>2,485,636</u>

The City has tax increment revenue notes which are special limited obligations of the City, payable solely from payments in lieu of taxes attributable to the increase in assessed value of real property and incremental increases in economic activity taxes in the project area. The notes do not constitute a general obligation of the City.

Notes outstanding at September 30, 2021 are as follows:

	Date Issued	Date Of Maturity	Original Amount	Balance September 30 2021
Tax increment revenue notes:				
Bank of Washington - Series A	6/10/2010	2/19/2030	\$ 2,941,137	\$ 3,115,390

Includes unpaid interest compounded and added to principal semi-annually.	18,877,699
Series 2014 sales tax revenue bonds, authorized \$1,150,000 interest rate of 5.35%; interest payable semi-annually May 1 and November 1, due per the trust indenture with final maturity on May 1, 2026.	804,000
Series 2016 sales tax revenue bonds, authorized \$640,000 interest rate of 5.70%; interest payable semi-annually May 1 and November 1, due per the trust indenture with final maturity on May 1, 2027.	<u>561,000</u>
Total Long-term Debt	<u>\$ 24,662,699</u>

In May 2006, the City; Franklin County, Missouri (the County); and Phoenix Center II Development Co., LLC (the Developer) entered into a Development Agreement, whereby the City and the County agreed to use a portion of their sales tax revenues from a shopping center being constructed by the Developer to pay for roads and other public improvements associated with the shopping center.

On March 1, 2013, the Series 2013A refunding revenue bonds in the amount of \$10,150,000 were issued to refund the Series 2006 sales tax revenue notes (principal and accreted interest). The Series 2013B subordinate refunding revenue bonds in the amount of \$11,801,153 were also issued to refund the Series 2006 sales tax revenue notes (principal and accreted interest).

On November 1, 2014, the Series 2014 sales tax revenue bonds \$1,150,000 were issued for the purpose of providing funds to finance additional project costs.

On December 28, 2016, the Series 2016 sales tax revenue bonds \$640,000 were issued for the purpose of providing funds to finance additional project costs.

The refunding revenue bonds, which are limited obligations of the District, are payable solely from sales tax revenues and special assessments as provided in the indenture. The bonds do not constitute a general obligation of the District, the City, or the Missouri Highways and Transportation Commission.

The following is a summary of the changes in the District's long-term debt:

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE G - LONG-TERM DEBT (Continued)

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE I - EMPLOYEE RETIREMENT SYSTEM

1. LAGERS

Plan Description

The City's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo 70.600-70.755. As such, it is LAGERS' responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS' Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplemental information. This report may be obtained by accessing the LAGERS' website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police) with 5 or more years of service or whose combination of years of age and years of service equals 80 or more are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police) and receive a reduced allowance.

	<u>2021 Valuation</u>
Benefit multiplier	1.6% for life plus 0.4% to age 65
Final average salary	3 years
Member contributions	Noncontributory for employees

Benefit terms provide for annual post-retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered by Benefit Terms

At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	93
Inactive employees entitled to but not yet receiving benefits	46
Active employees	<u>121</u>
Total	<u>260</u>

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE I - EMPLOYEE RETIREMENT SYSTEM (Continued)

1. LAGERS (Continued)

Contributions

The City is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the City do not contribute to the pension plan. The City contribution rates are 6.2% (General), and 9.2% (Police) of annual covered payroll.

Net Pension Liability (Asset)

The City's net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of February 28, 2021. The pension liability was then rolled forward to the measurement date of June 30, 2021, utilizing procedures incorporating the actuarial assumptions.

Actuarial Assumptions

The total pension liability in the February 28, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75% wage inflation; 2.25% price inflation
Salary increase	2.75% to 6.75% including wage inflation
Investment rate of return	7.00%, net of investment expenses

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table. For males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire and Public Safety groups.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE I - EMPLOYEE RETIREMENT SYSTEM (Continued)

1. LAGERS (Continued)

The discount rate decreased from 7.25% to 7.00% during the year ended June 30, 2021.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-term Expected Real Rate Of Return</u>
Alpha	15.00%	3.67%
Equity	35.00	4.78
Fixed income	31.00	1.41
Real assets	36.00	3.29
Strategic assets	8.00	5.25
Cash/leverage	(25.00)	(0.29)

Discount Rate

The discount rate used to measure the total pension liability is 7.00%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2021, the City recognized a negative actuarial pension expense of (\$1,546,713). Reported deferred outflows and inflows of resources are related to pensions from the following sources:

	<u>Outflows</u>	<u>Inflows</u>	<u>Net</u>
Differences in experience	\$ 255,736	(324,543)	(68,807)
Assumption changes	-	(544,905)	(544,905)
Excess (deficit) investment returns	-	(4,473,605)	(4,473,605)
Contributions subsequent to the measurement date*	118,766	-	118,766
	<u>118,766</u>	<u>-</u>	<u>118,766</u>
Total	<u>\$ 374,502</u>	<u>(5,343,053)</u>	<u>(4,968,551)</u>

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability (asset) for the next fiscal year.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

**For The Plan
Years Ending
June 30**

2022	\$ (1,442,058)
2023	(1,053,943)
2024	(1,131,257)
2025	<u>(1,460,059)</u>
Total	<u>\$ (5,087,317)</u>

Component Unit - Library

The amounts for the Library component unit are included in the above totals as the separate amounts are not available by the Plan. The allocation of the net pension asset, deferred inflows of resources and deferred outflows of resources based on its proportionate share of employer contributions. The contribution for the Library for the year ended September 30, 2021 was \$13,229 which is 3% of the total employer contribution for the year. There was no significant change in this rate from the previous year.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE J - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The City's OPEB plan (the Plan) provides OPEB for all full-time employees of the City. The Plan is a single-employer defined benefit OPEB plan administered by the City. The Plan, as established by City resolution, assigned the authority to establish and amend the benefit terms and financing requirements to the City. No assets are accumulated in a trust for the Plan. The Plan does not issue a stand-alone report. The OPEB liability is generally liquidated by the General Fund.

Benefits Provided

The Plan provides healthcare benefits to employees defined as employees who are eligible to retire once they have attained age 55 (police) plus the number of years of service to equal the rule of 80. This benefit terminates at age 65 for both employees and spouses. Employees and their family must be on the plan at the time of retirement to be eligible to participate in the plan after retirement. Medical and dental benefits are available to retirees in the City's insurance plan.

Employees Covered by Benefit Terms

At September 30, 2021, the following employees were covered by the benefit terms:

Actives	123
Retirees and Surviving Spouses*	7
Spouses of Current Retirees**	<u>4</u>
Total	<u>134</u>

*Includes 4 with medical and 7 with dental coverage.

**Includes 1 with medical and 4 with dental coverage.

Total OPEB Liability

The City's total OPEB liability was measured as of September 30, 2021, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the September 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Inflation	2.30%
Salary increase	3.00% including inflation
Discount rate	2.26%
Healthcare cost trend rates	Medical cost trend rate of 5.30% for 2020, gradually decreasing to an ultimate rate of 3.70% for 2073 and beyond.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE J - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

The discount rate was based on the 20-year bond GO index at the end of the fiscal year. The rate for the prior fiscal year was 2.26%.

Mortality rates were based on the Pub-2010 Public and Safety Mortality for Employees and Health annuitants, with generational projection per Scale MP-2020.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at September 30, 2020	<u>\$ 699,038</u>
Changes for the year

Interest	16,035
Changes in assumptions or other inputs	(3,120)
Benefit payments	<u>(28,904)</u>
Net Changes	<u>24,910</u>
Balance at September 30, 2021	<u><u>\$ 723,948</u></u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 2.26%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% point lower (1.26%) or 1% point higher (3.26%) than the current discount rate:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Total OPEB liability	<u>\$ 789,354</u>	<u>723,948</u>	<u>664,676</u>

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the City, calculated using the healthcare cost trend rates of 5.30% decreasing to 3.70%, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% point lower (4.30% decreasing to 2.70%) or 1% point higher (6.30% decreasing to 4.70%) than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Total OPEB liability	<u>\$ 641,079</u>	<u>723,948</u>	<u>822,720</u>

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE J - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2021, the City recognized negative OPEB expense of \$83,384. Deferred outflows and inflows of resources related to OPEB are from the following sources:

	<u>Outflows</u>	<u>Inflows</u>	<u>Net</u>
Differences between expected and actual experience	\$ 142,382	-	142,382
Changes of assumptions or other inputs	<u>66,749</u>	<u>(15,349)</u>	<u>51,400</u>
Total	<u>\$ 209,131</u>	<u>(15,349)</u>	<u>193,782</u>

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Component Unit - Library

The amounts for the Library component unit are included in the above totals as the separate amounts are not available by the Plan.

NOTE K - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance for other risks of loss, general liability, property and casualty, and workers' compensation benefits. Health insurance is provided by a third-party insurance company. Settled claims have not exceeded commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from the prior year.

NOTE L - CLOSURE AND POST-CLOSURE CARE COST

State and federal laws and regulations require the City to place a final cover on its Steutermann and Struckhoff landfill sites when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$6,607,408 reported as landfill care liability at September 30, 2021, represents the post-closure care estimate for the Steutermann landfill closed in 1994 and the cumulative amount reported to date based on the use of 77% of the estimated capacity of the Struckhoff landfill. The landfill capacity was revised in fiscal year 2002 to 1,692,800 cubic yards, an increase in capacity of 112,900 cubic yards because of improved compaction methods in 2019 an additional cell was opened. The City will recognize the remaining estimated cost of closure and post-closure care

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE L - CLOSURE AND POST-CLOSURE CARE COST (Continued)

of \$6.2 million as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care. Actual cost may be higher due to inflation, changes in technology, and/or changes in regulations. The current portion of the liability is minimal, therefore all considered long-term.

The City is required by state and federal laws and regulations to make annual contributions to a reserve account to finance closure and post-closure care.

NOTE M - ASSET RETIREMENT OBLIGATIONS

The City has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation to seal and abandon various water wells at the end of their estimated useful lives in accordance with federal, state and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated remaining useful lives of the water wells is 100 years. The City had \$900,000 in asset retirement obligations and \$891,000 in deferred outflows as of September 30, 2021 for the business-type activities.

NOTE N - COMMITMENTS

The City had commitments for water, sewer and solid waste engineering services and other contracts totaling \$515,225.

NOTE O - CONDUIT DEBT

The City issued industrial revenue bonds to provide funds for the purpose of carrying out industrial development projects by the City providing loans to private corporations pursuant to loan agreements between the City and the private corporation. The loan agreements call for the private corporations to repay the loans in the principal amount of the bonds plus related interest thereon. The City's conduit debt amounts are as follows:

	September 30 2021
\$4,000,000 Taxable Industrial Revenue Bonds (Series 2016A), due December 1, 2027; interest payable at 5%.	<u>\$ 8,914,814</u>

NOTE P - RELATED PARTY TRANSACTIONS

The City purchased various goods and services from Washington Fence Company, Inc., which is owned by a member of the City Council. The expenditures totaled \$2,875 for the year ended September 30, 2021.

CITY OF WASHINGTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE Q - TAX ABATEMENT

In Missouri, a municipality can issue industrial development revenue bonds (Revenue Bonds) pursuant to Chapter 100 of the Revised Statutes of Missouri (RSMo). Under the Act, the municipality may issue Revenue Bonds to finance the cost of the purchase, construction, extension and improvement of warehouses, distribution facilities, research and development facilities, office industries, agricultural processing industries, service facilities which provide interstate commerce, and industrial plants, including the real estate either within or without the limits of such municipality, buildings, fixtures and machinery. Under the Chapter 100 Revenue Bonds, the City has three tax abatement projects. Total property taxes abated under these agreements totaled \$200,578 in fiscal year ended September 30, 2021.

NOTE R - RESTRICTED NET POSITION

The government-wide statement of net position reports \$10,172,867 of restricted net position, none of which is restricted by enabling legislation.

NOTE S - FUTURE ACCOUNTING PRONOUNCEMENT

The Governmental Accounting Standards Board (GASB) had issued several statements not yet implemented by the City. The statements which might impact the City are as follows:

- GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.
- GASB Statement No. 91, *Conduit Debt Obligations*. The objective of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with: 1) commitments extended by issuers, 2) arrangements associated with conduit debt obligations, and 3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.
- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.
- GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs). This Statement: 1) defines a SBITA; 2) establishes that a SBITA results in a right-to-use subscription asset--an intangible asset--and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and 4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.

CITY OF WASHINGTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE T - SUBSEQUENT EVENT

On October 27, 2021 the City sold a piece of land to the Washington Redevelopment Corporation for \$3,421,250. The Washington Redevelopment Corporation signed a promissory Note for \$2,419,547. This is to be paid back on demand and bears an interest rate of 0.51%.

On November 24, 2021, the Component Unit (CID) issued \$9,735,000 sales tax refunding revenue bonds Series 2021.

Management has evaluated subsequent events through March 28, 2022, the date which the financial statements were available for issue.

CITY OF WASHINGTON, MISSOURI
REQUIRED SUPPLEMENTAL INFORMATION - NOTES TO
SCHEDULE OF REVENUES, EXPENDITURES, AND CHANGE IN
FUND BALANCE - BUDGET AND ACTUAL
FOR THE YEAR ENDED SEPTEMBER 30, 2021

Budgetary Information

The City follows these procedures in establishing the budgetary data:

- a. Prior to October 1, the City Finance Director submits to the City Council a proposed operating budget for the fiscal period. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings and open council meetings are held to obtain taxpayer comments.
- c. Prior to October 1, the budget is adopted by the City Council.
- d. Formal budgetary integration is employed as a management control device during the period for all funds. The legal level of budgetary control defined as the budgeted appropriation amount at the fund level of expenditures.
- e. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America except that budgets do not include economic development and debt proceeds related to the tax increment financing projects.
- f. Current year budget includes amendments. Budget amendments must be approved by the City Council.
- g. Unencumbered appropriations at the end of the period are reconsidered for subsequent budgets.

Notes:

Information is not available for fiscal years prior to 2015.

The amounts noted above are as of the measurement date which is June 30 prior to the end of the fiscal year.

This schedule is intended to show ten years worth of information, information will be displayed as it becomes available.

The discount rate decreased from 7.25% to 7.00% during the year ended June 30, 2021.

CITY OF WASHINGTON, MISSOURI
REQUIRED SUPPLEMENTAL INFORMATION - SCHEDULE OF EMPLOYER'S PENSION CONTRIBUTIONS
LAST TEN FISCAL YEARS

	For The Years Ending September 30									
	2021	2020	2019	2018	2017	2016	2015	2014	2013	2012
Actuarially determined pension contribution	\$ 448,291	374,721	414,010	393,600	516,747	581,380	737,070	726,427	767,593	758,279
Contributions in relation to the actuarially determined contribution	448,291	374,722	412,365	393,600	516,747	581,380	737,070	726,428	742,325	653,571
Contribution Deficiency (Excess)	<u>\$ -</u>	<u>(1)</u>	<u>1,645</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>(1)</u>	<u>25,268</u>	<u>104,708</u>
Covered Payroll	\$ 6,302,471	5,719,537	5,569,280	5,122,504	5,104,642	5,229,099	5,429,468	5,472,670	5,501,231	5,229,513
Contributions as a Percentage of Covered Payroll	7.11 %	6.55	7.40	7.68	10.12	11.12	13.58	13.27	13.49	12.50

Notes to schedule:

Valuation date:

Actuarially determined contribution rates are calculated as of February 28/29 prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method
Amortization method

Entry age normal and modified terminal funding
A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.

Remaining amortization period

Asset valuation method

Inflation

Salary increases

Investment rate of return

Retirement age

Mortality

Multiple bases from 9 to 15 years
5 years smoothed market; 20% corridor
2.75% wage inflation; 2.25% price inflation
2.75% to 6.75%; including wage inflation (general) and 2.75% to 6.55%; including wage and inflation (police)
7.00%, net of investment expenses

Experience-based table of rates that are specific to the type of eligibility condition
The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General Groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire and Public Safety groups. Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables.

Other information:

The discount rate decreased from 7.25% to 7.00% during the year ended June 30, 2021.
There were no benefit changes during the year.

---	------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. The cost of these assets are \$5,000,430 and the accumulated depreciation is \$2,195,861.	2,804,569
--	-----------

Certain items are not financial resources and, therefore, are not reported in the governmental funds. These items consist of:
mental funds. These items consist of:

Net pension asset	426,843
Deferred outflows related to pensions	4,142
Deferred inflows related to pensions	(185,221)
Total OPEB liability	(25,229)
Deferred outflows related to OPEB	7,288
Deferred inflows related to OPEB	(534)

Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:

Accrued compensated absences payable	(12,584)

OTHER SUPPLEMENTAL INFORMATION - RECONCILIATION
OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES - COMPONENT UNIT - LIBRARY -
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2021

Net Change In Fund Balance - Component Unit - Library	\$ 54,478
---	-----------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets are allocated over estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$108,117) exceeded capital outlay over the capitalization threshold (\$0) in the current period.	(108,117)
---	-----------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consume the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, the governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayments:

Compensated absences	(1,184)
----------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Pension expense	88,982
OPEB expense	(4,086)

Change In Net Position Of Component Unit - Library	\$ 30,073

SECTION III - STATISTICAL SECTION

This part of the City's ACFR presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the City's overall financial health.

Contents	Pages
Financial Trends	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	77 - 82
Revenue Capacity	
These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	83 - 89
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	90 - 92
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	93 - 94
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	95 - 99

Sources: Unless otherwise noted, the information in these schedules is derived from the ACFRs for the relevant year.
