I. RECOGNITION

The Hempfield Area School District, hereinafter called the employer, recognizes the Hempfield Area Education Association, hereinafter recognized as the exclusive bargaining agent, to include, but not limited to the athletic trainer, classroom teachers, home and school visitors, long-term substitutes*, school guidance counselors, school librarians, school nurses, school psychologists, school speech and language pathologists, staff development instructor, and teachers of the gifted as defined by law, hereinafter called the Bargaining Unit, and for all other members properly included in the Bargaining Unit under the provisions of Pennsylvania Law (Act 195) providing for collective bargaining for public employees, and all other applicable laws and/or decisions of the Pennsylvania Labor Relations Board.

Both parties aver that this agreement sets forth the terms and conditions to which each party agrees to be bound, and that such agreement has been reached voluntarily without undue or unlawful coercion or force by either party.

*Provisions of this contract applicable to long-term substitutes are contained in Addendum I, page 51.

II. TERM OF AGREEMENT

The term of this agreement shall begin on August 1, 2020 and shall continue in full force and effect until July 31, 2026 or until such later date as the two parties may hereinafter agree is to be the extended ending date. Any such extended date shall be evidenced by an amendment to this agreement, to which amendment both parties shall signify their approval by affixing their signatures.

III. SEVERABILITY

In the event that any provision of this Agreement is or shall at any time be held to be contrary to law by a court of last resort of Pennsylvania or of the United States all other provisions of this Agreement shall continue in effect.

IV. SUCCESSOR AGREEMENT

The parties agree to enter into collective bargaining over a Successor Agreement by January 10 preceding the expiration date of the existing agreement after receiving notification from either of the two parties involved. Notification shall be in writing and shall be delivered to the Board or its legal representative or to the Association or its legal representative. Any agreement so negotiated shall be reduced to writing after ratification by both parties.

V. SAVINGS CLAUSE

Except as this Agreement shall otherwise provide, all terms and conditions of employment applicable on the signing date of this Agreement as established by the rules, regulations, and/or policies of the Board in force, shall continue to be so applicable during the term of this Agreement, subject to the proviso that the Board retains the rights preserved to it by Section 702 of Act 195. Unless otherwise provided in this Agreement, nothing contained herein shall be interpreted and/or applied so as to eliminate, reduce, or otherwise detract from any teacher benefit existing prior to its effective date.

VI. NO STRIKE-NO LOCK-OUT PROVISION

Both parties agree to faithfully abide by the provisions of the Pennsylvania Public Employee Bargaining Law (Act 195). As a condition of the various provisions of this Agreement to which the parties have agreed, the bargaining agent pledges that members of the Bargaining Unit will not engage in a strike (as that term is defined in Act 195 or the Public School Code of 1949 as amended) during the term of this Agreement; and the employer pledges that it will not conduct, or cause to be conducted, a lock-out during the term of this Agreement.

VII. ASSOCIATION - BOARD – MEETINGS

A. Regular Meetings

The Association shall have the right to meet with the School Board, or a designated subcommittee of the Board to discuss matters of mutual concern no less than once every two months during the school year. Upon mutual agreement, such meetings may be held more frequently.

B. Study Committee Meetings

Apart from the regular Board-Association meetings, committees of the Board and members and/or their designees and Association representatives shall be formed to study issues in an effort to:

1. Establish and enforce consistent building policies with respect to such matters as lesson plans, bus duty, replacement of absent teachers, professional and non-professional job duties, and other similar matters.
2. Investigate the possibility of providing additional benefits for retirees.
3. Investigate the possibility of reassigning employees on the salary schedule.
4. Investigate any other matters of concern to employees which may be assigned as a result of discussion between the Board and the Association.

VIII. GRIEVANCE PROCEDURE

A. Basic Provisions

The parties agree that an orderly and expeditious resolution of grievances arising out of the interpretation of the terms of this agreement is desirable and shall occur as a result of the four (4) step procedure set forth herein.

-
1. A grievance is hereby defined as: a complaint by a teacher or teachers regarding the meaning, interpretation, or application of any provisions in this agreement.
 2. The parties agree to use a grievance form approved by both parties which may be obtained from the School District or the Association or their agents. All decisions rendered during the grievance procedure shall be in writing.

3. Procedure:

Step I: Person, or persons, initiating the grievance shall present the grievance, in writing on the approved form, to the building principal or immediate supervisor within twenty (20) calendar days after its occurrence or such time as the grievant should have reasonably known it occurred. At this step the parties shall meet and orally review the issues of the situation prior to the decision being rendered in writing. Such failure to meet shall neither extend nor otherwise affect succeeding steps as provided in this article.

The building principal or immediate supervisor shall reply to the grievance within five (5) days after initial presentation of the grievance.

Step II: If the action in Step I above fails to resolve the grievance to the satisfaction of the affected parties within five (5) school days, the grievance shall be referred to the Superintendent of Schools or his/her designee who shall reply to the grievance within ten (10) school days.

Step III: If the action in Step II above fails to resolve the grievance to the satisfaction of the affected parties within five (5) school days, the grievance shall be referred to the Board of Education who shall reply to the grievance within three (3) school days of the next regularly scheduled Board meeting.

Step IV: If the action in Step III above fails to resolve the grievance to the satisfaction of the affected parties, the grievance shall be referred to binding arbitration as provided in Section 903 of Act 195. The decision of whether or not to refer a grievance of an employee to binding arbitration shall be at the discretion of the Association.

If the grievance fails to meet the criteria of Section 903 of the Act, the decision of the Board in Step III shall be final.

B. Grievance Progress

In the event that the Board or Administration personnel fails to reply by specified times, the grievance will automatically move to the next step of the grievance procedure.

C. Grievance

If, in the judgment of the Association, a grievance affects a group or class of Bargaining Unit members, the Association may submit such a grievance in writing to the Superintendent of Schools or his/her designee, and the processing of such grievance shall be commenced at Step II. The Association may process such a grievance through all levels of the grievance procedure even though the aggrieved person does not wish to do so.

D. Waiver of Step I

In the event that an employee has a grievance situation which does not directly involve a building principal or the employee's immediate supervisor, the individual may submit the grievance initially to the Superintendent of Schools or his/her designee.

E. Teacher and Association

Any aggrieved person may be represented at all stages of the grievance procedure up to the Board level (Step III) by himself/herself, or at his/her option, by a representative selected or approved by the Association. When a teacher is not represented by the Association, the Association shall be notified of the grievance by the Administration and shall have the right to be present and to state its views at all stages of the grievance procedure.

F. Meetings and Hearings

All meetings and hearings under this procedure shall not be conducted in public and shall include only such parties in interest and their designated or selected representative(s), heretofore referred to in this article. The Administration may request an official representative of the Association to be present when a member of the Bargaining Unit is to appear before a member of the Administration in regard to a complaint.

IX. ASSOCIATION RIGHTS AND PRIVILEGES

A. Use of School Buildings

The Association and its representatives shall have the right to use school buildings at all reasonable hours for meetings. The principal of the building in question shall be notified in advance of the time and place of all such meetings in accordance with existing school policy. There shall be no charge to the Association for this use of the buildings.

B. Use of School Equipment

The Association shall have the right to use school facilities and all technological equipment, at reasonable times, when such equipment is not otherwise in use. The Association shall pay for the reasonable cost of all materials and supplies incidental to such use, and for any repairs necessitated as a result thereof. This must be arranged through the building principal.

C. Mail Facilities and Mail Boxes

The Association shall have the right to use the inter-school mail facilities and school mail boxes when it does not interfere with the business of the School District.

D. Public Address System

The Association shall have the right to use the public address system and daily bulletin for Association business announcements as long as there is not interference with regular school procedures.

E. Right to Speak at Meetings

The Association president or an appointed representative may hold an Association meeting during any faculty or other professional meeting for a maximum of fifteen (15) minutes to be placed at

the end of the agenda by the Administration. Non-Bargaining Unit members shall leave prior to such Association business.

F. Released Time for Meeting

Whenever any representative of the Association or any teacher at the request of an arbitrator, Administrator, or Board of Education participates during work hours in negotiations, grievance proceedings, conferences, or meetings, he/she shall suffer no loss of pay.

G. Bulletin Boards

The Association shall have, in each school building, the use of a bulletin board or other means of group information.

H. Membership Dues Deduction

The Board agrees to deduct dues from the salaries of members of the local Association, the Pennsylvania State Education Association, and the National Education Association in as nearly equal monthly installments as practicable as said members authorize the Board to deduct and transmit the monies by check to the Hempfield Area Education Association within five (5) days of the date on which employees receive their calculated pay.

I. Association Leaves of Absence

The Association may have a maximum accumulation of thirty (30) days per school year to be used to attend to Association business. Such days shall be used at the discretion of the Association President and shall be arranged with the Administration five (5) days in advance.

J. Right to Information

The School Board agrees to make available to the Association in response to reasonable requests all public record information concerning the educational program and financial resources of the District.

K. Association Identification

No teacher shall be prevented from wearing pins or other identification of membership in this Association or its affiliates.

L. Safe Working Conditions

If work areas and/or buildings are proven unsafe or endanger the health and safety of members of the bargaining unit, they shall not be required to work in that area and/or building and may be assigned to other buildings.

X. RIGHTS OF PROFESSIONAL EMPLOYEES

A. Just Cause

No member of the Bargaining Unit shall be discharged, disciplined, suspended, reprimanded, adversely or unsatisfactorily evaluated without just cause.

B. Statutory Savings Clause

Nothing contained herein shall be construed to deny or restrict to any professional employee such rights as he/she may have under the Public School Code of 1949 as amended, or the Public Employee Relations Act, Act 195, or other applicable laws and regulations. The rights granted to professional employees under the before mentioned laws shall be in addition to those provided in this agreement.

C. Evaluation of Students

The teacher shall have the primary right and responsibility to determine grades and other evaluations of students. In the event that a student or parent requests a change of such grade or evaluation, the parent shall schedule a conference with the teacher(s) involved and the principal at which time the teacher(s) shall explain the criteria on which the grade or evaluation was based. If, after the conference, the parent continues to demand a grade or evaluation change, the matter shall be referred to the Superintendent or his/her designee who shall schedule a meeting with the parties (including teachers) involved. In the event that the grade or evaluation is changed over the teacher's objection, this objection shall be properly recorded on the student's permanent record card and signed by the administrator who authorized such change.

In addition, when the grade is changed or retention overruled, the teacher or teachers involved shall be notified in writing prior to parent notification as to who made the change and the reason for the change. A copy of such notification shall be forwarded to the Superintendent.

D. Evaluation of Teachers

All evaluations and observations of professional staff members shall follow applicable school law using the established PDE evaluation instruments. Both Instructional I and Instructional II employees shall continue to be rated "satisfactory" or "unsatisfactory". A committee of appropriate professional employees, co-chaired by the Assistant Superintendents, shall be selected jointly by the Administration and Association. The committee shall include one representative named by the Association for each administrator. This committee shall recommend changes in the evaluation techniques and procedures presently established. Any revised format shall be made available to employees before it shall be used to evaluate them. Any recommended changes shall be approved by the Board no later than the general meeting of the Board scheduled for the month of August prior to the start of each school year.

If either a temporary professional employee (Instructional I) or a professional employee (Instructional II) receives an unsatisfactory rating, a plan of assistance will be devised by the School District for that employee, and the employee has the right to have the Association made aware of the contents of the plan.

E. Maintenance of Professionalism

1. The Administration, during regular school hours while acting in an official capacity, has the responsibility to both the public and the School District for maintaining discipline, public relations, and for the efficient operation of the schools. The parties agree that no professional employee, including administrators, shall be criticized or reprimanded in a classroom, hallway, faculty room, or other area where students, parents, or others may be present. The parties also agree that no criticism or reprimands shall be directed at any individual in a group email or other written distribution. However, this does not in any way restrict the Administration's ability to implement and communicate changes to avoid the recurrence of similar or potential issues in the future. Any such criticism or reprimand shall occur in a private conference where either party is entitled to representation.
2. Any complaint regarding a professional employee made to the Administration by a student, parent or other proper person shall not form the basis of any disciplinary action or adverse evaluation of a teacher unless it is promptly called to the attention of the teacher. An administrator receiving such complaints shall neither agree with the charges nor make any concession or promises to the complainant(s) until such time as a private conference has been held with the employee.
3. When possible, employees called to such meetings should be given reasonable notice including the subject matter of the meeting.

F. Personnel File

1. An employee shall have access to all information comprising his/her official personnel file(s) by making an appointment with the Superintendent or his/her designee. The appointment shall be granted within forty-eight (48) hours, exclusive of weekends and holidays. This official file shall not include pre-employment information such as letters of reference and recommendation. Employees shall have no right to such pre-employment information.
2. The employee may duplicate, at his/her own expense, any material contained in his/her file(s), but shall not be permitted to remove the file from the office.
3. No material derogatory to an employee's conduct, service, character, or personality shall be placed in his/her file unless said employee has first had an opportunity to review the material. Said employee shall acknowledge the opportunity to review by signing the file copy. This signature in no way indicates agreement with the contents. Said employee has the right to submit a written reply which shall be attached to the file copy. Any material referred to in this section shall be removed from the employee's personnel file after a period of three (3) years, provided however, there has been no reoccurrence of the same.
4. The Association shall have access to the official personnel file(s) of any employee in the Bargaining Unit (within two (2) days, exclusive of weekends and holidays, after

notification to the Superintendent, and provided it first shall have obtained the express written approval of the employee.

5. Any review shall be noted in writing showing signature of reviewer, date, and reason for review, and shall be placed in the file.

G. Job Security

1. The Hempfield Area School Board shall maintain the right to reduce the number of professional employees covered by this agreement in accordance with the provisions of the Pennsylvania School Code covering furloughs (suspensions) of school professional employees. The recall of furloughed (suspended) professional employees shall be in accordance with the provisions of the School Code covering recall of furloughed (suspended) professional employees.
2. In the event that Bargaining Unit members are suspended pursuant to this article, the Board shall realign the total staff in order to keep the most senior employees.
3. The District shall attempt to recall the most senior person on the suspension list in accordance with the provisions of the Vacancies and Transfers Article of this agreement.
4. The District shall agree to provide, to the extent practicable, all available substitute work to employees on the suspension list who wish to work prior to the recruitment of substitutes who are not suspended employees.

H. Seniority

1. The parties agree to comply with the provisions of the Pennsylvania School Code and other applicable state and federal laws as regards to the seniority of Bargaining Unit members.
2. Seniority shall be defined as the relative status of a temporary professional, professional or other promoted professional employee with respect to total length of service within the District from the first day worked since the most recent date of hire. It shall not include time employed in a substitute status or as a non-contract employee or in a supplemental position. Seniority shall not be broken for any reason including any periods of lay-off except for termination of employment with the school district.
3. In the event that two or more employees began work on the same day, their seniority rank shall be determined by lottery. The rules of the lottery are as follows:
 - a. Employees who have previously worked as LTS in the district shall be placed into a separate lottery from employees who have not previously worked as a LTS in the district. Those former Hempfield LTS shall have their lottery drawn before the employees who did not serve as LTS in Hempfield.

- b. Of those employees who have worked as LTS in the District, they shall be further separated into different lotteries by the length of service time that they have been employed in a LTS position in the District. The longest serving LTS group shall have their lottery drawn first, followed by additional lottery(ies) for each service length group. Those additional lotteries, if needed, shall be drawn in order from the longest length of service to the shortest length of service.
 - c. In any lottery, employees who are hired with a half time contract shall be placed into their own lottery which shall immediately follow fulltime employees of the same service length.
- 4. In the event that contract employees must be placed on lay-off, employees shall be recalled in inverse order.
 - 5. District seniority shall be the sole applicable criterion to be applied in any lay-off in accordance with the School Code of Pennsylvania and any other applicable laws.

I. Vacancies and Transfers

1. Voluntary Transfer List (VTL)

Prior to April 1 of each school year, every member of the Bargaining Unit shall complete the "Professional Status Questionnaire," which shall then become part of the current official Voluntary Transfer List of the District, a copy of which shall be supplied to the Association. A new Voluntary Transfer List shall be compiled each year, and it shall be the responsibility of the employee to submit a request each year if he/she wishes the request to appear on each year's list. An employee should list any position for which he/she wishes to be considered even if no known vacancy exists in those positions at the time the questionnaire is completed.

2. Voluntary Transfers

In addition to the completion of the "Professional Status Questionnaire," Bargaining Unit members may request, in writing at any time, a transfer to a different class, building, or position. This request shall be added to the current VTL. Such request shall be given full and fair consideration, including consultation with the employee if requested.

3. Proper Certification

No person should request a transfer to a position for which he/she would not be properly certified at the time the transfer would take effect.

4. Involuntary Transfers

When an involuntary transfer of any employee is made by the District, the affected person will be provided with written notice specifying the reason for the transfer. No transfer shall be made for arbitrary or capricious reasons.

5. Vacancies

- a. When a permanent vacancy occurs, the District shall consult both the current VTL and the list of suspended employees. The District shall attempt to recall the most senior person on the suspension list. When this may be accomplished by transferring someone on the VTL into a requested position, the District may do so. In the event that no employee has requested such position and no person on the suspension list is properly certified for such position, the District shall post such vacancy on school district email for a period of seven (7) calendar days. A copy of such posting shall be promptly furnished to the Association. Such notice shall be provided prior to active recruitment of candidates from within or outside the Bargaining Unit. All qualified candidates from within the Bargaining Unit shall be offered the opportunity to be interviewed for the position.
- b. If a vacancy is not to be filled, the Association shall be so notified in writing.
- c. In filling all vacancies by transfer or recall, the District shall take into account the best interests of the students and the educational program of the District.
- d. Notification of all vacancies, transfers and recalls shall be promptly furnished to the Association.
- e. It is understood that if a vacancy occurs after the school year has started, the District is under no obligation to make re-adjustments.
- f. Whenever a newly created position in the Bargaining Unit (one that requires a new job description) occurs during the months of June, July, and August, the district will post the position on school district email for at least seven (7) calendar days.
- g. In the event that a Bargaining Unit position becomes available, and all qualified suspended teachers have been recalled, and all qualifications among Bargaining Unit members requesting the position are considered equal, then seniority will be considered.
- h. In the event that a Bargaining Unit position closes and a bargaining unit member must be involuntarily transferred, and all other qualifications are considered equal, seniority will be considered.
 1. In elementary this will occur by building and grade level.
 2. In middle school this will occur by area of certification and by grade level.
 3. In high school this will occur by areas of certification.
- i. An employee who is hired for a Special Education position and who has additional certifications shall not be permitted to request other positions until they have served at least three (3) years as a Special Education Teacher in the district.

J. Teacher Involvement in Professional and Curriculum Development

1. Professional employees shall have the right to be involved in the selection of the following: textbooks and supplemental materials, standardized achievement tests, aptitude tests, pupil data forms, pupil progress reports, criteria used to evaluate students, and courses of study at the elementary and secondary level.

Professional employees shall also have the right to be involved in the development of a student retention policy, discipline policy, student dress code policy, student attendance policy and in-service programs. Committees of appropriate professional employees shall be selected jointly by the Administration and the Association. Professional employees will be notified of the membership of such committees.

2. When a vote of the Board is required to implement a decision of any such committee, the Association shall be notified and shall have the right to be present and to take part in the explanation to the Board of the decision of the committee.

K. Insurance (Automobile Liability)

1. The Board shall arrange for and maintain appropriate insurance to cover all damages, losses, and expenses incurred by a teacher against whom any action shall be brought for any act or omission arising out of the authorized use of their own automobile in the performance of school duties. Under existing Pennsylvania automobile insurance laws, the driver's primary coverage must come from his/her personal insurance policy and the school district's insurance policies are always secondary coverage.
2. Teachers shall be responsible for obtaining written authorized permission for use of their own automobile in connection with school duties. This requirement may be met by the periodic publication by the Administration of a list of employees who are authorized.

L. Video/Audio and Electronic Surveillance

1. Open areas and common areas which are defined as stairwells, hallways, parking areas, general offices, entrances, playgrounds, gyms, athletic facilities, libraries, computer labs, cafeterias, and storage areas may have video only coverage. Unless agreed upon by all parties, no video/audio recording or other electronic monitoring equipment will be placed in faculty lounge(s), Union offices or personal offices of bargaining unit members.
2. No video/audio recording or other electronic monitoring may be used in any way without prior notification.
3. No meetings between bargaining unit members or between bargaining unit members and the District will have video/audio recording without mutual agreement of the parties.

XI. PROFESSIONAL QUALIFICATIONS AND ASSIGNMENTS

A. Certification

No new teacher shall be employed by the Board for a regular teaching assignment who does not have a Bachelor's Degree from an accredited college or university. From the time of original employment, teachers shall not be assigned outside the scope of their teaching qualifications and certification except by mutual agreement between teacher and Administration.

B. Notification of Teaching Assignments and Schedules

All teachers shall be given notice of their tentative teaching assignments for the forth-coming school year no later than eight (8) calendar days prior to the last day of the school year. Prior to this notification of tentative teaching assignments a meeting shall be held with the Association to discuss these assignments. All teaching assignments and schedules for secondary teachers shall be given by August 10. Elementary teachers will be notified by August 10 only if their assignment was changed from their tentative teaching assignment. If changes are necessary after such date, the teacher shall be notified promptly in writing and given the opportunity to discuss the change with the appropriate school official.

XII. EMPLOYEE HOURS

A. School Calendar and Year

1. The calendar shall consist of:

Years	Days	Instructional	In-service	Clerical
2020-2026	189	180	6	3

2. No in-service or clerical day shall be scheduled on a weekend.
3. Neither the Administration nor Board may schedule meetings on clerical days.
4. Two (2) in-service days and one (1) clerical day shall be scheduled immediately prior to the first day of instruction.
5. Staff will not be reimbursed for mileage on in-service or clerical days.
6. At the elementary level, one and one half (1 1/2) days will be scheduled for parent-teacher conferences. This will be scheduled no sooner than five (5) work days after the close of the first grading period. Activities for elementary staff not required to hold conferences shall be determined by the Administration with input from the Association. If this day is reserved for an in-service day at the secondary level, activities for staff will be determined by the Administration with input from the Association.
7. One (1) clerical day shall be scheduled within the last seven (7) work days of the school year and prior to the date for issuing report cards.

8. The remaining in-service day/s will be scheduled at the discretion of the Administration.
9. A Calendar Committee consisting of three (3) representatives appointed by the Association (one per level – elementary school, middle school, high school) shall meet by January 15 of each year. The Central Administration shall provide pertinent information regarding the calendar guidelines in advance of this meeting to the Association Calendar Committee. One calendar, developed by the Association's Calendar Committee, will be shared with the Central Office Administrators. The Administration will review this proposal, and if changes are necessary, they will notify the Association of the reason why changes are required. The proposed calendar will then be presented by the Administration to the School Board for final approval. The Association Calendar Committee will be informed of the date that this calendar will be presented to the School Board. In the event that this calendar is rejected by the Board, the Administration will notify the Association Calendar Committee of the reasons why additional changes are needed.

B. Employee Day

1. Employees may be required by the Administration to be present in their respective buildings for a total consecutive period not to exceed seven and one-half (7 1/2) hours per day Monday through Friday on every Monday, Wednesday, and Friday, and for eight (8) hours per day on every Tuesday and Thursday beginning the week of Labor Day and concluding on Memorial Day. The month of December will remain 7 1/2 hours per day. B. Extra-Curricular Activities

1. General Statements

The Association and the Board agree that the physical and mental well-being of the students in the District require that they be supervised by teachers or other qualified persons in various activities, and that additional compensation shall be paid to those employees who assume such duties. To fulfill the physical and educational need of the students and to provide a fair basis for evaluating the supplemental compensation to be paid to employees for said activities, the parties hereto agree to put into effect and implement the following provisions:

- a. Extracurricular activities and responsibilities shall be of purely voluntary nature and in no case shall an employee be assigned an extra-curricular activity, responsibility, and/or supplemental contract without the employee's consent.
- b. The Board shall adopt a schedule of approved activities and Supplemental Contracts to be awarded during the term of this agreement. Additional activities may be added and existing activities deleted according to the provisions of this Agreement.

C. Re-evaluation for Remainder of Contract

The Supplemental Contract Committee shall convene as needed to evaluate supplementals and recommend changes.

D. Supplemental Vacancies

Nothing contained herein shall prevent the Board from hiring persons not in the Bargaining unit to conduct or supervise any activity provided that person is more qualified than the bargaining unit applicant. If applicants are equally qualified, the bargaining unit member will get the contract. The Board shall first post any open position by sending an email to the Bargaining Unit members for a period of not less than seven (7) calendar days. However, the Board shall not be required to post positions if the Board plans to retain the incumbent person in the position. A copy of all vacant supplemental positions shall be given to the Association.

No person who is not a member of the Bargaining Unit shall receive compensation in excess of that provided in this agreement. Upon request, the Association may review the list of applicants from the Bargaining Unit.

If the Board wishes to terminate a supplemental contract, they may do so under the following provisions:

1. The Board must terminate the contract in writing within sixty (60) calendar days prior to the first practice, game, event, or activity of a seasonal supplemental, or before July 1 for activities which are not seasonal.
2. Persons terminated shall be given the opportunity to appeal their dismissal to the Board, and shall, upon request, be given the reason for their termination.

3. Notification of termination shall be given before the resultant vacancy is posted and prior to any active recruitment of a replacement.

E. Supplemental Contract Committee

A Supplemental Contract Committee comprised of three members appointed by the Association and three members appointed by the Board shall meet within 30 calendar days of either party requesting such meeting to perform those duties enumerated in this agreement and any other duties which may be assigned to it jointly by the Board and the Association.

The duties of the Committee shall be to:

1. Devise or cause to be devised a job description for each position covered by the Supplemental Contract Article of this Agreement. Such job description shall be devised in cooperation with those individuals involved with the activity and shall be submitted to the Board.
2. Investigate problems arising from any existing position or from the lack of a position.
3. Investigate complaints from any person regarding his/her supplemental position.
4. Receive suggestions from any teacher, administrator, student, parent or other person relevant to a new position, combined position, assistants, etc.
5. Determine additional compensation for any individual who puts in additional time in an activity or sport because a team or individual student goes on to play-off games, districts, finals, etc.
6. Recommend any additional compensation for a position if circumstances warrant such.
7. Determine the pro-rata compensation for any individual who begins working under a supplemental contract and is unable to finish that job.

Any individual who wishes a review (excluding monetary issues) or consideration of any supplemental position shall submit a request in writing to the Committee via the Superintendent. A copy of such request shall also be sent to the Association President. The committee shall begin meeting following receipt of the request.

A minimum of two Association representatives and two Board representatives shall constitute a quorum for conducting meetings where any vote is to be taken. All decisions shall require the affirmative vote of at least four members of the Committee. In the event that the Committee continues to be at impasse after two (2) votes, then the decision shall be determined by an advisory Tripartite Committee composed of one representative of the Association, one representative appointed by the Board, and one impartial person mutually agreeable to the other two. The decisions of the Committee shall be submitted to the Board for final approval.

XXIX. ADDENDUM I PERTAINING TO LONG-TERM SUBSTITUTES

The Hempfield Area Board of School Directors (hereinafter referred to as the Board) and the Hempfield Area Education Association (hereinafter referred to as the Association) have reached certain understandings relevant to compensation and other benefits for full-time substitute teachers (also known as long-term substitute teachers) which are enumerated below.

LONG-TERM SUBSTITUTE STATUS

An employee shall receive the status of long-term substitute immediately upon being hired to work for ninety (90) consecutive days or more in a temporary vacancy, or when, after being hired for less than ninety (90) days, the length of employment shall be extended for ninety (90) consecutive days or more.

COMPENSATION

The salary of a non-suspended employee who serves as a long-term substitute shall be negotiable, but shall in no case be lower than step one of the salary schedule for the year for which the employee is hired.

A suspended employee who serves as a long-term substitute shall be placed on the salary step to which said employee would have been entitled if said employee had not been suspended, with the provision that a suspended employee who has repeatedly refused to be available for substitute work for four (4) years or more may not, if recalled to either a long-term substitute or permanent position, be entitled to be placed on the salary schedule any more than four steps beyond where said employee was during the last year of employment.

Long-term substitutes shall be covered by other provisions of this agreement as follows:

1. The term of this agreement shall be concurrent with the master collective bargaining agreement.
2. The Severability and Successor Agreement articles shall apply to this agreement.
3. The provisions of the Savings Clause shall be applicable to long-term substitutes to the extent that they do not conflict with this agreement or any relevant laws.
4. Long-term substitutes are covered by the provisions of the No Strike-No Lockout clause.
5. The concerns of long-term substitutes shall be appropriate for discussion with the Board as provided in Association-Board Meeting, Article VII.
6. Long-term substitutes are entitled to the provisions of the grievance procedure.
7. Long-term substitutes who join the Hempfield Area Education Association are entitled to the same rights as other members as provided in Article IX.
8. Long-term substitutes shall be entitled to the provisions of the Just Cause article to the extent permitted by law.
9. Long-term substitutes are entitled to the provisions of the Statutory Savings Clause.

10. Long-term substitutes are entitled to the provisions of the Evaluation of Students clause.
11. If long-term substitutes are observed by the Administration they shall be observed in the manner provided in Article X. If the District rates them, such evaluation shall be done the same as for other members of the Bargaining Unit.
12. Long-term substitutes shall be covered by the provisions of Maintenance of Professionalism and Personnel File clauses of this Agreement.
13. Long-term substitutes who are suspended employees shall be covered by the applicable provisions of Maintenance of Professionalism and Personnel File clauses of this Agreement.
14. The Seniority article, as written, protects the seniority of suspended employees. Long-term substitutes who are not suspended employees shall have no right to seniority unless mandated by law.
15. Long-term substitutes who are suspended employees are covered by the provisions of the Vacancies and Transfers Article as specified herein. Long-term substitutes who are not suspended employees are not covered by this provision.
16. Long-term substitutes may be considered to serve on committees during any year in which they are employed.
17. Long-term substitutes are covered by the provisions of the Automobile Liability Insurance, Article X.
18. Long-term substitutes must meet the requirements of Certification, Article XI.
19. Long-term substitutes shall not be entitled to notification of teaching assignments of schedules as are regular employees, Article XI.
20. Long-term substitutes shall work the same school year and hours and be entitled to the same preparation time and Extra Pay For Extra Services as regular employees as specified in Article XII.
21. Long-term substitutes shall not be required to perform duties which would not have been required of the employee whose position they are filling.
22. Long-term substitutes shall be required to conduct parent conferences as specified in Article XIV. In the event that a long-term substitute is hired for first semester only and the conferences are to be conducted after the first semester, the Long-term substitute may be required to return for the day of those conferences and shall be paid a per diem salary for that day.
23. Long-term substitutes who are responsible for I.E.P.'s shall be covered by the provisions of Article XV.
24. Long-term substitutes shall be entitled to the same teaching conditions as regular employees as provided in Article XVII, Sections A thru G.

25. The method of paying salary shall be the same for a long-term substitute who works a full year as for a regular employee. The method of paying salary shall be adjusted for a long-term substitute who works less than a full year.
26. Long-term substitutes shall receive the following benefits:
- a. Medical, dental, and vision benefits will be accorded to the long-term substitute subject to meeting the requirements and procedures of the business office. If an employee attains the status of long-term substitute after the beginning of the month, the employee cannot be enrolled in the hospitalization program until the beginning of the next month. The employee is responsible for initiating this coverage through the Area Office and to modify the coverage when necessary.
 - b. Bereavement Leave according to the provisions of the negotiated contract.
 - c. Sick Leave according to the provisions of the contract on a pro rata basis. Sick leave for long-term substitutes who are suspended employees may accumulate.
 - d. Personal Days according to the provisions of the contract.
 - e. Life Insurance according to the provisions of the contract.
 - f. Legal Leave as provided in the contract.
 - g. Occupational Disease coverage as provided in the contract.
 - h. Assault benefits as provided in the contract.
 - i. Payroll deductions for credit union or additional insurance coverage.
27. Suspended employees who are unavailable or become unavailable for substitute work because of pregnancy, disability, long term illness, adoption of a child, professional study, participation in International or Federal programs, military duty, or service in Association or political office shall not lose the right to recall or other benefits provided the time period of such unavailability and the circumstances under which the period of unavailability arose do not exceed or conflict with the provisions of the negotiated contract covering such leaves for regular employees. Suspended employees must notify the District promptly in writing of any circumstance which would make them unavailable for work and must provide the District with any verification which would be required of a regular employee requesting a leave. The suspended employee must notify the District in writing when he/she is willing to resume availability for work. Notification of resumed availability during the course of a school term shall not result in the displacement of another long-term substitute.
29. Long-term substitutes may apply to attend conferences according to the provisions of the contract.
30. Long-term substitutes may apply for and be awarded supplemental contracts according to the provisions of the contract. The awarding of such contracts, however, shall be from year to year and shall not be subject to guaranteed extension.

31. Suspended employees who take another job and who are recalled after August 10 for a long-term substitute position shall not lose the right to recall for refusing that long-term substitute position provided they inform the District of their resumed availability for the following year.
32. Suspended employees who are still eligible for credit reimbursement may, upon being recalled for a long-term substitute position, submit credits for payment, at the rate and to the maximums provided in the contract, Article XXIV.
