EXTRACT FROM BY-LAWS REGARDING TOWN MEETING PROCEDURES

QUORUMS. At all Town Meetings one hundred (100) registered voters of the Town shall be necessary to constitute a quorum for the transaction of Town business; but a lesser number may from time to time adjourn any such Meeting. Notwithstanding the above, whenever an article at a Special Town Meeting involves only the transfer of funds within Town accounts, forty (40) registered voters of the Town shall be necessary to constitute a quorum for the transaction of such article or to postpone an article requiring a quorum of one hundred (100) to a time certain. For the purposes of this Section "free cash" shall not be considered a Town account.

ORDER OF ARTICLES. All articles in the warrant shall be taken up in the order of their arrangement unless otherwise decided by a two-thirds (2/3) vote of the voters present and voting.

LENGTH OF SPEECHES. Except in the discretion of the Moderator, no person shall speak more than two times or more than a total of fifteen (15) minutes upon any question without obtaining leave of the Meeting unless to correct an error or answer a question.

MOTIONS. Any action taken by a Town Meeting shall be by vote upon a motion. All motions, if required by the Moderator, shall be reduced to writing before being submitted to the Meeting. Any motions included in the Finance Committee Report on the warrant shall be considered as motions presented to the Meeting, but any registered voter may present a different motion on a question and this motion shall take precedence over any prepared motion in the Finance Committee Report.

MOVING THE QUESTION. A motion to move the question need not be recognized by the Moderator unless the Moderator is satisfied that various views on the subject have had an opportunity to be heard. A motion to move the question shall not be made by the last speaker on the question under debate.

RECONSIDERATION. Any voter may make a motion to reconsider. No vote shall be reconsidered unless the motion to reconsider is made at the same session and within one-half hour of the original vote. No question shall be twice reconsidered except by a two-thirds (2/3) vote of the voters present and voting. If a motion to reconsider passes, the subject question must be voted upon at the same session as the original vote.

VOTING PROCEDURE. After the voters have had the opportunity to be heard on a motion, the Moderator may call for a voice vote, hand vote and/or secret ballot. A hand vote shall be used if requested by three (3) or more voters. Notwithstanding the above, a secret ballot shall be used if so voted by a majority prior to the initial vote on the motion or if requested by three (3) voters after a preceding hand vote on the motion is decided by five percent (5%) or less of the total votes cast. Any vote tellers required shall first be selected from the members of the Board of Registrars present and then from such other registered voters appointed by the Moderator who have not previously spoken at the Meeting on the subject to be voted. The Town Clerk shall have ready at each Town Meeting an up-to-date voter registration list and a sufficient supply of ballots. All ballots used on any vote shall be identical. Ballots used on subsequent votes shall be easily distinguishable from ballots used in a previous vote.

ADJOURNMENT. No new article or line item may be considered at any Town Meeting after 11:00 p.m. unless two-thirds (2/3) of the voters present and voting, vote to continue the session. Any adjournment shall be to a date, time and place specified by vote of the Meeting unless the warrant is completely acted upon or unless otherwise provided by these By-laws.

NOTES

To the Citizens of Holliston:

The Finance Committee submits this warrant for your consideration of the FY17 Omnibus Budget and associated articles.

Financial Overview

This report is based on current revenue and expense projections and a balanced understanding of Holliston's town services. As we look towards FY17, the economy remains steady but governments at all levels (federal, state, and local) continue to face funding challenges. For Holliston, this translates into continued low growth in general local aid and monies for statutory mandates. Locally, better than expected growth in the town's tax base helped improve the overall bottom line as we developed a balanced budget for FY17. As a result, the budget presented here results in **no service reductions** in FY17. In order to give the Finance Committee maximum flexibility, for FY17 budgeting the committee utilized the latest local aid recommendation from the Governor's budget recommendation.

The Finance Committee continues to focus on fiscal discipline and a series of fiscal objectives:

1. Encourage cost effective management while maintaining the quality and level of services that the town's residents expect, with a focus on fiscal sustainability.
2. Address ongoing capital needs. A comprehensive capital plan is being developed with the help of funds received from a recently signed community compact.
3. Build the Town's overall reserves (the sum of the stabilization fund and free cash) to a level of 8.1% of the annual budget appropriation. This level is considered 'strong' according to the credit rating agencies, provided the town is addressing its long term liabilities.
4. Address the town's future benefit liabilities (pensions, health care, etc).

The Finance Committee has made significant progress in each of these areas. There is now an annual appropriation for capital expenditures (\$800,000 for FY17) included in the budgeting process to insure that capital needs can be at least partially addressed. Assuming Town Meeting approval of the Finance Committee recommendations, reserves will stand at 8.1%, right at the target, and we will be continuing to fund Holliston's Other Post-Employment Benefits (OPEB) liability by adding \$1,500,000 to our OPEB Trust Fund per the adopted funding schedule. With help from the community compact the town is finally beginning the detailed work needed to create a master capital plan. Although there is still more work to do, based on these measures Holliston's fiscal health is improving.

At the start of the budget process, the Finance Committee, with the help of the Town Administrator, reviewed the fiscal picture at the state level and determined that it is likely that Holliston will be receiving the same amount in local aid for FY17 as we received in FY16. With this backdrop, the Finance Committee set a budget guideline of 1.5% growth for each department, with compensation adjustments of 2.5%. Over the past five months the Committee has met with all Town departments and committees to consider how to best allocate our limited resources. We have worked with the departments and committees to understand how to respond to service needs. We have updated our revenue modeling based on the latest information to give

us the most accurate fiscal picture we could have heading into Town Meeting. The omnibus budget recommendations in Article 14 reflect implementation of the funding guideline with limited exception.

The Finance Committee also recognizes that it is sometimes difficult to digest all the fiscal information presented in this warrant, and that many citizens would like to understand more of the financial details prior to Town Meeting. For this reason, the Finance Committee will hold a “Q&A” meeting on May 3 at 7pm in Town Hall room 105 where anyone can come to ask questions about the budget or the Finance Committee recommendations. It is our hope that this will allow Town Meeting to proceed more efficiently than it has in the past.

As always, we welcome and encourage public attendance at our meetings. Our meetings (weekly during the budget season) are televised on HCAT whenever possible and are available on-demand through the HCAT web site www.hcattv.org. We also have a web page with all the department budget request information on the town’s web site; look for “Finance” under “Boards and Committees” on www.townofholliston.us.

Capital Reserve/Stabilization/OPEB Trust Funds

The Finance Committee, in Article 15, is recommending an appropriation of \$800,000 to the Capital Reserve to meet the town’s ongoing capital needs. This year the recommended appropriation has been raised due to initial projections that show an increased need for capital replacement and several capital requests that require immediate funding. The recommendation for the Employee Benefits budget includes the annual OPEB trust contribution and continues our commitment to reach full funding by 2040. The recommendation for article 32 uses partial funding from the stabilization fund to perform the hazardous material abatement at the Flagg school as a required first step for its eventual demolition. At this time no money is being added to the stabilization fund—the Finance Committee expects any addition to reserves to take place in October when the revenue picture is clearer.

Capital Budget Highlights

The Finance Committee is currently recommending capital expenditures only for seasonally-sensitive projects that require funding ahead of our normal fall capital reviews. These recommendations are detailed in Article 17 and include state-mandated replacement of our fuel storage tank, replacement of a dump truck / plow, Chromebook purchases for the schools, and construction of a new parking lot and associated safety improvements at the senior center. Any other capital purchases will be addressed at the October Town Meeting.

The Finance Committee is indebted to the many dedicated and talented Town employees whose efforts make this process and report possible. We would like to commend the committees and departments for their spirit of cooperation in formulating this budget. Their continued efforts on behalf of the town are appreciated.

Respectfully submitted,

Revenue Planning

The Finance Committee annually reviews and analyzes historical revenue and expense information through the current fiscal year and attempts to project out over the next three to five years. Certain basic assumptions are used in this process:

- real estate tax revenues will increase at the rate of 2.5% per year;
- revenue from new growth will further increase real estate tax revenues at the rate of approximately 1% to 2% per year (or less, depending on ongoing monitoring of construction activity); and
- State aid revenue will remain unchanged in many categories; the total of all State aid will be adjusted upward or downward based on economic analysis and guidance from state leaders.

In fact, general state aid decreased by 1.5% overall from FY02 to FY14. A modest increase in state aid in FY15 brought the total state aid back to the same level as in FY02. We built our budget assumptions for FY17 on no change in State aid. New growth, as determined by the Board of Assessors, has been variable over the last decade and is a strong function of macroeconomic conditions. We have estimated new growth for FY17 at \$325,000, which is consistent with the “low water mark” we have seen in the past.

Each year, the Committee also reviews projected available revenues from restricted funds such as water surplus and the Capital Expenditure Fund. Water surplus funds are available to cover capital projects specific to the water distribution system. The Capital Expenditure Fund can be used for capital projects, acquisitions and improvements in general.

The use of the projected revenues to support expenditures was then based on a few general assumptions:

- employee benefits will increase an aggregate of 8%, primarily due to health insurance and retirement system increases;
- at least \$800,000 will be dedicated to capital projects;
- current and proposed debt is fully funded; and
- we will continue our annual \$1.5 million contribution to our OPEB trust fund.

This is a basic framework within which we began the annual budget deliberation process.

FY17 Budget Requests

We issued an initial guideline for departmental budget requests suggesting an overall 1.5% increase in expenses from FY16 to FY17. Departments were also asked to identify any changes for FY17 in the schedule of capital projects which was originally developed in 1994 and has been updated annually since then (pending completion of the new capital plan).

The Finance Committee reviewed the various capital and operating requests with the individual departments from January through April. Our specific budget recommendations appear in the column headed *Recommended Fiscal Year 2017* in the Omnibus Budget. Our recommendations concerning special article appropriations appear after each of the articles.

The following is a summary of our omnibus budget recommendations.

EXPLANATION OF TERMS

The following terms are frequently used in Finance Committee Reports, and during Annual and Special Town Meetings. These definitions are provided in order to give everyone a better understanding of these terms.

Capital Expenditure Fund – an account created by a special act of the legislature allowing Holliston to set aside funds in reserve for capital expenditures. As of March 31, 2016, the balance was \$1,192,592 (see page 56).

Community Preservation Fund – a fund generated by a 1.5% surcharge on real estate taxes, after allowable deductions, and matching grants from the state. This fund is administered by the Community Preservation Committee for the purpose of preserving and expanding community assets in open space, historic resources, recreational land and community housing. As of March 31, 2016, the undesignated Community Preservation Fund balance was \$1,341,597.

Conservation Fund – a fund managed by the Conservation Commission which can be used to purchase property or interests in property for conservation purposes or to prepare plans or studies. As of March 31, 2016, the Conservation Fund balance was \$12,413.

Free Cash – a fund certified annually by the Massachusetts Department of Revenue by deducting from surplus revenue all uncollected taxes for prior years. As of March 31, 2016, the Town's Free Cash was \$0 (see page 54).

Golf Course Capital Account – funds realized from the operations at the golf course are placed into this account for future improvements, after obligations for debt service and contributions to the General Fund are met. As of March 31, 2016, the unencumbered balance in the Golf Course Capital Account was \$154,495.

OPEB Trust Fund – this fund was created through special legislation in 2013 for the purpose of setting aside money to cover the future costs of other post-employment benefits for former Town employees. As of March 31, 2016, the balance in the OPEB Trust Fund was \$6,443,846.

Open Space Acquisition Fund – this fund was created by the Town for the purpose of funding acquisitions of property to be preserved as open space. The balance in this fund was \$143,050 as of March 31, 2016.

Overlay – the amount annually raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and to avoid fractions in the tax rate. As of March 31, 2016, the balance in the FY16 Overlay was \$202,167 (see page 55).

Overlay Reserve – the accumulated amount of Overlay for various years not used or required to be held in the specific Overlay accounts for a given year, and which may be used by a vote of the Town for any lawful purpose. As of March 31, 2016, the Overlay Reserve balance was \$339,327.

Reserve Fund – this fund is established by the voters at the Annual Town Meeting and may be composed of (1) an appropriation not exceeding 5% of the tax levy of the preceding year; or (2) money transferred from the Overlay Reserve. Transfers from the Reserve Fund are within the exclusive control of the Finance Committee. The purpose of the Reserve Fund is to fund extraordinary and unforeseen items. It is not intended as a supplement to departmental budgets. The Reserve Fund balance as of March 31, 2016, was \$192,914.

Revolving Funds – these are raised primarily by the School and Park departments, and are kept separate from all other funds received by the Town. Such funds are kept under exclusive control (by state statute) of the receiving department, and are expended without further appropriation by the Town. Please see page for a breakdown of the funds.

Stabilization Fund – a special account created originally to provide a reserve for capital expenditures but recently changed by State law to allow its use for any purpose. As of March 31, 2016, the Stabilization Fund balance was \$4,862,427 (see page 56).

Water Surplus – Water Surplus is comprised of water department revenue, realized from fees, found to be in excess of operating costs. Use of these funds is limited to water capital projects and water system development. Water Surplus was \$2,120,131 as of March 31, 2016.

ABOUT PROPOSITION 2 1/2

Proposition 2 1/2 contains two separate, distinct levy limits. The first limits the tax levy to 2.5% of the full and fair valuation of the Town each year. The second levy limit confines the annual increase in levy authority to 2.5% of the prior year's authorized levy with new growth added. Proposition 2 1/2 allows overrides to expand the annual increase in levy authority by more than 2.5% in a given year. The law does not allow an expansion of the overall levy limit of 2.5% of the Town's valuation except by vote of the Town Election for past or future debt and one-time capital exclusions.

ABOUT THE FINANCE COMMITTEE

The Finance Committee is an elected body, consisting of seven members. Its responsibilities, functions, and organization are defined in Article IV of the Town's General By-laws. The ultimate authority governing the conduct of the Committee is derived from Chapter 39 of the General Laws of the Commonwealth. Section 16 of Chapter 39 sets forth the role of the Committee. According to Chapter 39, the Committee shall consider any or all municipal questions for the purpose of making budgets, recommendations and/or reports to the Town at all town meetings.

Each department furnishes the Finance Committee with detailed estimates of expenses for the ensuing year. After consideration, the Finance Committee determines the amounts which, in their opinion, should be appropriated, and submits its recommendations, with such explanations and suggestions as they may deem desirable, to the citizens of the Town. Final appropriation is made by an action of town meeting.

The Finance Committee controls the Reserve Fund and may, from time to time, make transfers from this fund to other accounts by vote of the Committee.

In addition to its own meetings, the Finance Committee is present at all town meetings, and, when requested or necessary, the Committee or individual members attend meetings of other Town boards, committees or departments.

The following is the text of Article IV of the Holliston General By-laws describing the duties and responsibilities of the Finance Committee:

Section 1. The town shall have a Finance Committee, consisting of seven members, elected for a term of three years each, and so elected that the term of no more than three nor less than two shall expire in any one year.

Section 2. No person holding any other elected or appointed office and no person employed by the town shall be eligible to serve as a member of the Finance Committee, except that, any member of the Finance Committee, who holds another appointed office on the effective date of this amendment shall be allowed to continue in such appointed office for so long as he or she remains a member of the Finance Committee. Any person so exempt must abstain from any decisions or vote of said Committee and also refrain from any action which will or appear to create a conflict of interest.

Section 3. The Finance Committee shall consider any and all municipal questions for the purpose of making reports or recommendations to the town, including but not limited to matters relating to the appropriation, the borrowing and the expenditure of money, municipal debt, property valuations and assessments, and the administration of the town offices and departments.

Section 4. The various town boards, officers and committees involved with the expenditure of money shall, on or before a date specified by the Finance Committee, prepare detailed estimates of the amounts deemed by them necessary for the administration of their respective offices and departments for the ensuing fiscal year, with explanatory statements of the reasons for any changes from the amounts appropriated for the same purpose in the preceding year.

Section 5. All officers, boards, or committees of the town, elected or appointed shall on request, furnish to the Finance Committee or to any delegated member or authorized agent thereof, any desired information about town affairs and town funds under their control relevant to financial matters.

Section 6. The Finance Committee shall submit, at least seven days prior to any town meeting, a printed report of its recommendations to the voters including a copy of the warrant and an explanation of its recommendations. The report submitted prior to the annual town meeting shall also contain an appropriate form which would encourage citizen participation in town boards and committees. No appropriation shall be made until a report thereon has been received from the Finance Committee.

THE FINANCE COMMITTEE RECOMMENDS FAVORABLE ACTION, SIX IN FAVOR, MS. NERSESSIAN ABSENT.

ARTICLE 2. HEAR REPORT OF THE FINANCE COMMITTEE

To hear and act on the report of the Finance Committee. **(Finance Committee)**

ARTICLE 3. AUTHORIZE TREASURER TO SELL FORECLOSED TAX TITLE PROPERTIES

To see if the Town will vote to authorize the Town Treasurer, subject to the approval of the Selectmen, to sell property acquired through foreclosure of tax titles by the Town and other real estate, after first giving notice of the time and place of the sale by posting such notice of sale in some convenient place in the Town, by publishing such notice of such sale in a newspaper having general circulation in the Town and by posting such notice on a Holliston Cable Access Television (HCAT) bulletin board and on the Town's website at least fourteen (14) days before the sale. The Treasurer shall also give notice of such sale to the Executive Director of the Holliston Housing Authority, the Chair of the Holliston Housing Trust and the Chair of the Holliston Housing Committee or its subsequent equivalent by first class letter at least forty-five (45) days before the sale. The Treasurer may hold a public auction and may reject any bid which she/he deems inadequate, and any such advertisement, notice or indication that real property is to be offered for sale by the Town of Holliston, or any department, commission, or other subdivision of the Town shall include the following statement: "Buyers should be aware that the Town of Holliston does not guarantee this property to be in conformity with existing zoning bylaws."

The proceeds of a sale in excess of five hundred dollars of any park land by the Town shall be used only by the Town for acquisition of land for park purposes or for capital improvements to park land; or take any action relative thereto.
(Board of Selectmen)

COMMENTS: From time to time, the Treasurer/Collector takes personal property (mostly real estate) with the approval of the Land Court due to delinquency to make property tax payments. This article would allow the Treasurer/Collector to dispose of those properties.

THE FINANCE COMMITTEE RECOMMENDS FAVORABLE ACTION, SIX IN FAVOR, MS. NERSESSIAN ABSENT.

**ARTICLE 4. AMEND CONSOLIDATED PERSONNEL BY-LAW
SECTION 29, JOB CLASSIFICATION PLAN**

To see if the Town will vote to amend the Consolidated Personnel By-law Section 29, Job Classification Plan, by reflecting those revisions, deletions and/or additions to be effective as of July 1, 2016; or take any action relative thereto. **(Town Administrator)**

1.) SECTION 29, JOB CLASSIFICATION PLAN (Full-time permanent positions)

POSITION	GRADE	POSITION	GRADE
Administrative Assessor	400	Head Dispatcher	400
Assistant Clerk	200	Head of Circulation, Library	400
Assistant Director, Library	400	Library, Page	50
Assistant, Town Clerk	400	Matron, Police	100
Assistant, Treasurer/Collector	400	Outreach Manager	400
Cataloger, Library	300	Principal Clerk	300
Children's Librarian	400	Program Coordinator	200
Clerk to a Board/Committee	100	Reference Librarian	400
Crossing Guard	100	Technician, Library	100
Custodian	100	Van Driver	100
Dispatcher	200		

COMMENTS: This is a standard Article in that it places full-time and part-time employees into the Job Classification Plan based on paygrade and position title. The Clerk of the Board or Committee has been added to the Job Classification Plan at Grade 100. This is not an additional new employee, it just puts the current position on the Classification Plan. These positions are typically temporary and part-time, hourly employees. For example, the position of Clerk to the Finance Committee and Clerk to the Community Preservation Committee are tasked to take their minutes. The Library Page position has been added to the Plan at Grade 50. There are currently three employees in the classification that have never been part of the Plan. The position is part-time and hourly. By adding the position to the Plan, it will allow the Pages to receive step increases. All other library personnel are part of the Plan and receive step increases on their anniversary date. The Program Coordinator has been added to the Plan at Grade 200. There is currently one person in the position. This is an hourly position at the Senior Center. By adding the above positions to the Plan, all non-union, town positions are now on the Job Classification Plan which will allow Department Heads to know exactly what a position is to be paid and allow for proper budgeting.

THE FINANCE COMMITTEE RECOMMENDS FAVORABLE ACTION, SIX IN FAVOR, MS. NERSESSIAN ABSENT.

ARTICLE 5. AMEND CONSOLIDATED PERSONNEL BY-LAW

SECTION 30, JOB CLASSIFICATION PLAN

To see if the Town will vote to amend the Consolidated Personnel By-law Section 30, Job Compensation Plan, to reflect the rates listed below, and the inclusion of any new rates resulting from reevaluation or new or revised positions to be effective as of July 1, 2016; or take any action relative thereto. **(Town Administrator)**

COMMENTS: The Town normally purchases capital items at the October Special Town Meeting. However, from time to time, departments need to purchase capital items in advance of that date, usually due to seasonal issues.

1 Utility Rack Body Truck: If approved, this Article would fund the replacement of an old utility truck which has exceeded its life expectancy.

Purchase and Install Gasoline Tank: The existing underground gasoline storage tank is a steel, single walled tank and it must be removed. This is pursuant by a directive from the Massachusetts Department of Environmental Protection.

Chromebooks: Teachers are delivering a modern, digitally-rich curriculum that fosters critical thinking, creativity, collaboration, and communication. Chromebooks are currently provided for each middle school student to use as a learning tool. ARTICLE 21. AMEND ZONING BY-LAW, SECTION I-C

To see if the Town will vote to amend the Zoning By-Law by making the following changes: Delete Section I-C in its entirety and substitute the following therefor:

I-C PRE-EXISTING NON-CONFORMING USES, STRUCTURES AND LOTS

1. Applicability.

This By-law shall not apply to structures or uses lawfully in existence or lawfully begun, or to a building or special permit issued before the first publication of notice of the public hearing required by G.L. c. 40A, s. 5 at which this By-law, or any relevant part thereof, was adopted.

Construction or operations under a building permit or special permit shall conform to any subsequent amendments to this By-law, unless the use or construction is commenced within a period of not more than six months after the issuance of the permit and in any case involving construction, unless such construction is continued through to completion as continuously and expeditiously as is reasonable.

2. Nonconforming Uses.

The Zoning Board of Appeals may award a special permit to change a nonconforming use in accordance with this Section only if it determines that such change shall not be substantially more detrimental than the existing nonconforming use to the neighborhood.

2.1 Permissible Changes. The following types of changes to nonconforming uses may be considered by the Zoning Board of Appeals:

1. Change or substantial extension of the use.
2. Change from one nonconforming use to another, less detrimental, nonconforming use.

2.2 Reversion to Nonconformity. No nonconforming use shall, if changed to a conforming use, revert to a nonconforming use.

3. Nonconforming Structures.

The Zoning Board of Appeals may award a special permit to change a nonconforming structure in accordance with this Section only if it determines that such change shall not be substantially more detrimental than the existing nonconforming structure to the neighborhood.

3.1 Permissible Changes. The following types of changes to nonconforming structures may be considered by the Zoning Board of Appeals:

1. Reconstruction, extension or structural change.
2. Alteration to provide for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent.

3.2 Changes Resulting in Increased or New Nonconformity. Except as provided below, the change of a nonconforming structure in such a manner as to increase an existing nonconformity, or create a new nonconformity, shall require the issuance of a dimensional variance; the extension of an exterior wall at or along the same nonconforming distance within a required yard shall also require the issuance of a dimensional variance from the Zoning Board of Appeals.

3.3 Nonconforming Single and Two Family Residential Structures. Nonconforming single and two family residential structures may be changed upon a determination by the Building Inspector that such proposed change does not increase the nonconforming nature of said structure by more than 50% of the existing gross floor area.

3.3.1 Permissible Changes. The following circumstances shall **not** be deemed to increase the nonconforming nature of said structure and a building permit may be issued:

1. Alteration to a structure located on a lot with non-conforming area, provided that the structure and any alterations thereto comply with all current setbacks, building height, and percent building coverage requirements. See Section IV-B.
2. Alteration of a structure on a lot with non-conforming frontage, provided that the structure and any alterations thereto comply with all current setbacks, building height, and percent building coverage requirements. See Section IV-B.
3. Alteration to a structure which encroaches upon one or more required yard or setback areas, where the alteration will comply with all current setback, building coverage and building height requirements. See Section IV-B.
4. When an existing residence does not meet the minimum required side yard setback, an addition may be constructed on the same line as the existing residence.

If the Building Inspector determines that proposed change exceeds the one or more of the criteria set forth above (including the 50% cap), the Zoning Board of Appeals may, by Special Permit, allow such change where it determines that the proposed modification will not be substantially more detrimental than the existing nonconforming structure to the neighborhood. For the purposes of this subsection only, the term “reconstruction” shall not include the voluntary demolition of such structure and its rebuilding. See Section 3.5 below.

3.4 Abandonment or Non-Use. A nonconforming use or structure which has been abandoned, or not used for a period of two years, shall lose its protected status and be subject to all of the provisions of this zoning by-law; provided, however, that by special permit the Zoning Board of Appeals may reestablish a nonconforming use or structure otherwise abandoned or not used.

3.5 Reconstruction After Catastrophe or Demolition. Any nonconforming structure may be reconstructed after a catastrophe or after demolition in accordance with the following provisions:

3.5.1 Procedures.

1. Reconstruction of said premises shall commence within two years after such catastrophe or demolition.
2. Building(s) reconstructed as of right shall be located on the same footprint as the original nonconforming structure and shall be only as great in volume or area as the original nonconforming structure.
3. In the event that the proposed reconstruction would (a) cause the structure to exceed the volume or area of the original nonconforming structure or (b) cause the structure to be located other than on the original footprint, a Special Permit shall be required. In the case of voluntary demolition, the Special Permit shall be obtained from the Zoning Board of Appeals prior to such demolition.

4. Non-Conforming Lots

4.1 Changes to Nonconforming Lots. A lot that does not currently comply with the dimensional requirements set forth in Section IV-B may be changed provided that such change reduces or does not increase the extent of the existing nonconformity and does not create a new

nonconformity. Such change shall not cause the protected status of the lot to be forfeited and the lot shall be considered a nonconforming lot.

4.2 Government Acquisition. If government acquisition of land causes a lot to be rendered nonconforming, or more nonconforming, it shall not cause the protected status of the lot to be forfeited and the lot shall be considered a nonconforming lot; or take any action relative thereto.
(Zoning Board of Appeals and Planning Board)

HAVE YOU READ ME CAREFULLY?

Here are a few suggestions until we meet at town meeting:

- look to where the majority of the money will go;
- look at material and significant changes from year to year;
- reread prior year's reports if you see something unusual which is not clear in this year's report;
- write down exactly what your questions will be; be clear and precise;
- bring a pencil to make notes at town meeting;
- be alert to what is said so the same questions are not repeated;
- discuss issues with friends and neighbors; come prepared to talk about facts.

GOOD GOVERNMENT STARTS WITH YOU
