ADJOURN

MINUTES
VILLAGE OF ROUND LAKE
COMMITTEE OF THE WHOLE MEETING
February 3, 2020
442 N. Cedar Lake Road
To Follow the Regular Board Meeting
The Regular Board Meeting is 7:00 P.M.

CALL TO ORDER

The Committee of the Whole Meeting of the Village of Round Lake was called to order by Dan MacGillis, Village President at 7:06 p.m.

1. ROLL CALL

Present: Trustees Foy, Kraly, Mandelman, Patel

Absent: Trustees Frye, Newby

2. APPROVAL OF MINUTES

2.1 Approve the Minutes of the Committee of the Whole Meeting of January 20, 2020

Motion by Trustee Mandelman, seconded by Trustee Patel to approve the Minutes of the Committee of the Whole Meeting of January 20, 2019. Upon a unanimous voice vote, the Mayor declared the motion carried.

3. PUBLIC COMMENT

4. COMMITTEE OF THE WHOLE

- Community Development

- 2020 Zoning Map

Community Development Director Katie Parkhurst recommended approving the Ordinance to Adopt the Official 2020 Zoning Map.

The Mayor and Board agreed to move to the next Consent Agenda

- Police

- Parking Violation Fines and Penalties

Police Chief Michael Gillette recommended adopting Ordinance revisions to the Illinois Vehicle Code Chapter 5. Between the day of issuance of notice of violation up to and including the 15th day the fine shall be fifty dollars \$50.00. Beginning day 16 past the violation and on, the fine shall be \$100. 00. Any existing Ordinance of this village which provides a minimum fine of \$25 or less and a maximum fine of not more than \$500 is amended to provide a minimum fine of \$50 and a maximum fine of \$750 and the costs of prosecution, as aforesaid, for each day during or on which a violation occurs or continues under any other Ordinance of this Village. All violators shall be notified in writing of the initial ordinance violation and of the delinquency date causing the increased fine. The notices required hereunder need only be issued at the location of the Violation. The Adjudication Hearing process will be served at the time of the initial issuance of the violation notice.

The Mayor and Board agreed to move to the next Consent Agenda

- Human Resources and Finance
- Public Works, Facilities and Capital Assets, and Engineering
 - Fiscal Year End 2015 MFT Allocation Resolution
Public Works Director Adam Wedoff recommended authorizing \$150,780.00 of Motor Fuel Tax (MFT) funds to be allocated for 2015 General Maintenance work that included gravel, liquid de-icer, asphalt patching, pavement marking, day labor and sidewalk repairs. Staff and Baxter & Woodman have been self-auditing MFT projects to make sure all required paperwork has been submitted to IDOT.

The Mayor and Board agreed to move to the next Consent Agenda

- Administration

5. EXECUTIVE SESSION

ADJOURN

Trustee Foy moved, seconded by Trustee Mandelman to adjourn. Upon a unanimous voice vote, Mayor MacGillis declared the motion carried and the meeting adjourned at 7:16 p.m.

APPROVED: February 18, 2020

VILLAGE OF ROUND LAKE

AGENDA ITEM SUMMARY

TITLE: COMPLETE STREETS POLICY

Agenda Item No. COTW

Executive Summary

Staff recommends adopting the attached Complete Streets Policy. A Complete Street is defined as one that provides safe and convenient access for all users of the road, including pedestrians, bicyclists, transit users, and vehicular traffic. Numerous jurisdictions in the United States have adopted Complete Streets Policies, including the State of Illinois, and the Counties of Cook, Lake and McHenry.

Recommended Action

Discuss adopting a Complete Streets Policy.

Committee: PW/F&CA and Engineering Meeting Date(s): 02/18/20

A RESOLUTION ADOPTING A COMPLETE STREETS POLICY

WHEREAS, transportation, quality of life, and economic development are all connected through well-planned, well designed, and context sensitive transportation solutions; and

WHEREAS, a Complete Street is defined as one that provides safe and convenient access for all users of the road, including pedestrians, bicyclists, transit users, and vehicular traffic; and

WHEREAS, the Village of Round Lake views all transportation improvements as an opportunity to connect neighborhoods, calm traffic and improve safety, provide greater access and mobility for users of the public way, and recognizes bicycle, pedestrian, and transit modes as integral elements of the transportation system; and

WHEREAS, the Village of Round Lake's mission is to promote a transportation principle that Round Lake residents should be able to drive, walk, or bike safely and conveniently throughout the Village for daily needs and activities; and

WHEREAS, numerous jurisdictions in the United States have adopted Complete Streets Policies, including the State of Illinois, the Counties of Cook, Lake and McHenry; and

WHEREAS, the Village strives to provide transportation options to maximize the independence and mobility of its aging population;

NOW THEREFORE BE IT RESOLVED by the Village President and Village Board of Trustees of the Village of Round Lake, Illinois that the Village of Round Lake hereby adopts a Complete Streets Policy, the goals, elements, and procedures of which are as follows:

SECTION 1: Goals. Complete Streets can be achieved through network level improvements, through integration into single location projects, or incrementally, through a series of small improvements or maintenance activities. Decisions regarding the public right-of-way shall consider use by pedestrians, bicyclists, public transit and motor vehicles, in a safe and effective manner taking into account the surrounding community context and land uses. The Village shall strive to create a comprehensive, integrated and connected network of transportation options for all modes of conveyance, designed and operated to enable appropriate and safe access for all users.

SECTION 2: Applicability. The Complete Streets policy shall be applied to all projects involving roadway improvements and the movement of people when feasible. It is understood that there may be circumstances in which it may not be practical or feasible to apply the Policy. Such circumstances include the following:

- a. The scope of the relevant project is limited to maintenance activities intended to keep the roadway in serviceable condition.
- b. There is sufficient documentation that there is no feasible way to accommodate improvements for non-vehicular traffic with a project's scope.
- c. There is no documented current or anticipated need for accommodations of non-motorized roadway users or the road is not a current or planned transit route.
- d. The cost for a particular Complete Streets design recommendation would be excessively disproportionate to the need of that particular improvement, with due consideration given to future users, latent demand, and the social and economic value of providing a safer and more convenient transportation system for all users.
- e. Documented environmental constraints or unsafe transportation issue.

A "fee in lieu of" by the applicant to the Village may be considered so that other areas in the community could benefit from Complete Streets elements. However, a written request justifying the reasons why a project cannot incorporate Complete Streets elements must be reviewed and approved by the Complete Streets Committee.

SECTION 3: Development Review Process. The following procedures shall be used in order to ensure that the various projects within the Village advance the goals of the Complete Streets Policy.

- a. ***Village of Round Lake Projects:*** During the planning and design phase of any public transportation improvement project, the Complete Streets Committee, which shall consist of the Village Administrator, Village Engineer, Director of Public Works, Director of Community Development, Chief of Police or their designee, shall conduct a review of the project relating to the incorporation of Complete Streets elements into the project. The review shall be made with reference to current best practices.

A Complete Streets project checklist shall be developed and used to assist with and to document the Complete Streets review.

- b. ***Other Public Agency Projects:*** The Village shall coordinate with external agencies, including the Illinois Department of Transportation, Lake County Department of Transportation and Avon, Fremont and Grant Township Road Districts to provide such Complete Streets technical assistance as is accepted by the other agency.

As with the review process for the Village of Round Lake projects, outside agency projects will be reviewed by the Complete Streets Committee for comments.

- c. ***Private Development Projects:*** The Village shall review all private development proposals with reference to the incorporation of Complete Streets elements and general consistency with the Complete Streets Policy.

The Village shall establish a Complete Streets project checklist, which shall be used to assist with and document the Complete Streets review process. Any private development that is unable to incorporate complete street elements and does not meet the applicability standards as outlined in Section 2, may seek relief by providing written justification that must be reviewed by the Complete Streets Committee.

SECTION 4: Standards. To create a connected network of facilities accommodating each mode of travel that is consistent with and supportive of the local community, recognizing that all streets are different and that the needs of various users will need to be balanced in a flexible manner.

The Village will generally follow accepted or adopted best practice design standards when implementing improvements intended to fulfill this Complete Streets Policy, but will also consider innovative or non-traditional design options to fit within the context of the community, provide the needed flexibility based on the characteristics of the corridor, and provide a comparable level of safety and connectivity.

The Village will provide training opportunities to staff and elected officials tasked with implementing the Complete Streets policy as needed. All relevant Village staff shall review and update as necessary their plans, manuals, rules, regulations, and programs to reflect the principals of this Complete Streets Policy.

SECTION 5: Implementation and Monitoring. In order to evaluate the Village's progress towards implementation of the Complete Streets approach, the Village will use the following performance measures:

- a. The Village shall incorporate Complete Streets into budgeting processes, work plans and staffing projections and consider Complete Streets as one of the priorities in roadway planning and funding decisions.
- b. Staff shall prioritize the safe movement of pedestrians, bicycle and public transportation traffic in decisions regarding the use of limited public right-of-way, with consideration given to roadway context and land use.
- c. Improvements in safety for all roadway users; increased capacity for all modes of transportation; miles of new and repaired bicycle facilities; blocks of new and repaired sidewalks; number of new and repaired marked street crossings; amount of new and repaired signage; number of new and repaired curb ramps. Such measures shall be incorporated into relevant plans, manuals, policies, processes and programs. Such plans, manuals, rules, processes, and programs shall be reviewed no less than every five years.
- d. Staff will review and revise as necessary plans, manuals, policies, processes and programs to encourage the implementation of Complete Streets.
- e. Annual progress meetings of the Complete Streets Committee.

VILLAGE OF ROUND LAKE

AGENDA ITEM SUMMARY

TITLE: PARKWAY TREE PLANTING

Agenda Item No. COTW

Executive Summary

Staff recommends approving spending up to the proposed FY 2021 budgeted amount of \$65,000 for Acres Group to supply and plant trees in Village parkways. The Village signed a contract with Acres Group in 2017 for this work and the contract can be extended for up to two years. This would be the final extension.

Acres Group did a good job the last few years supplying and planting parkway trees. Staff is requesting permission to have the nursery inspect and tag trees for the Village for spring planting. This reserves the trees for the Village and is important because nurseries can run out of stock.

The tree planting is expected to all be completed in the spring. Staff recommends planting as many trees as possible without exceeding the proposed budgeted amount of \$65,000 for FY 2021. This will be enough to plant approximately 225 trees. Staff estimates there will be 825 trees that still need to be replanted after this spring.

Recommended Action

Discuss spending up to the proposed FY 2021 budgeted amount of \$65,000 for Acres Group to supply and plant trees in Village parkways.

VILLAGE OF ROUND LAKE

AGENDA ITEM SUMMARY

TITLE: ADMINISTRATION REORGANIZATION

Agenda Item No. COTW

Executive Summary:

With the recent resignation of the Director of Finance, staff used the vacancy as an opportunity to review the Administration Department structure. As part of the review, job descriptions for all positions were reviewed, an outstanding project list was compiled, operating tasks listed, and areas of possible consultant duties were gathered.

With the recent efficiencies in processes due to software advances and streamlining practices, staff also discussed future methods of service delivery. Finally, the cost impact of any changes to the department structure was considered. Based on our evaluation, staff is recommending that the Village Board agree to creating a Director of Administration Position, adding an Accounting Specialist Position, and outsource certain financial functions. Attached to this memorandum is an Amended Compensation Plan for the position changes.

Staff believes that the options presented will move the Administration Department in a direction that enables optimal delivery of services (internal & external) and commits to building a more effective and efficient operating process without an undue cost burden to the Village.

Recommended Action:

Discuss for future staff and Village Board action.

February 12, 2020

To: Mayor Daniel MacGillis

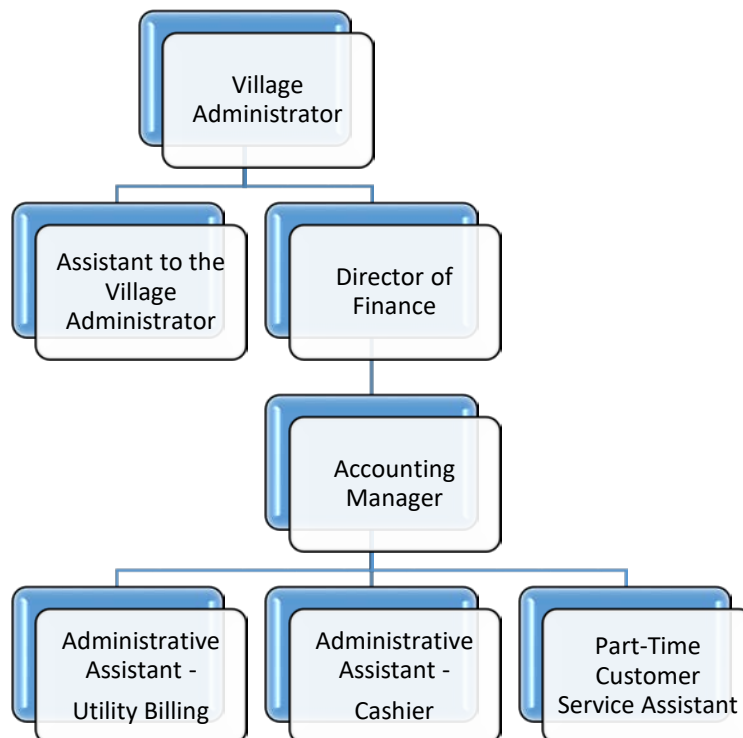

From: Village Administrator Steven Shields

Subject: Administration Department Evaluation

Purpose of the Evaluation:

With the recent resignation of the Director of Finance, staff is using the vacancy as an opportunity to review the Administration Department structure. At the start of the fiscal year, there were 6.5 full-time equivalent positions authorized in the 2020 Salary Ordinance and in the Fiscal Year End 2020 Budget as shown in the chart below.

**Village of Round Lake
Administration Organizational Chart**

It should be noted that, although budgeted, the Administrative Assistant - Cashier retired in June. At that time, staff requested and were authorized to advertise for two part-time positions to replace the full-time position vacated. Staff also amended the 2020 Salary Ordinance adding two part-time Customer Service Assistant positions at Grade 1 and eliminating one full-time Administrative Assistant position at Grade 2.

Background

As part of the overall analysis staff reviewed and/or discussed:

- Current Job Descriptions
- Department Operating Tasks
- Outstanding Project List
- Position Workload Balance
- Short Term and Long Term Needs

With the recent efficiencies in processes due to software advances and streamlining practices, staff also discussed future methods of service delivery. Finally, the cost impact of any changes to the department structure was considered.

Recommendation

Staff is recommending the following:

- Create a Director of Administration Position
- Create an Accounting Specialist Position
- Outsource Certain Financial Functions
 - Eliminate the Director of Finance Position

Create a Director of Administration Position

The position would be responsible for the day to day direction and leadership of Administration staff, which includes planning, developing, and supervising all aspects of the Administration Department. It would also include working with the Village Administrator and consultants to support finance operations. Based on the completion of a Job Analysis Questionnaire (JAQ), it is recommended that the new position be slotted in at Grade 8 in the Compensation Plan, a range of \$88,434 to \$123,808.

It is recommended that the Assistant to the Village Administrator be promoted to the Director of Administration position.

Create an Accounting Specialist Position

This position would primarily focus on accounts payable, accounts receivable, and contract management. The position would also research pricing for a variety of services/products, process department PO's, and provide backup for other functions within the department as needed. Based

on the completion of a JAQ, it is recommended that the new position be slotted in at Grade 2 in the Compensation Plan, a range of \$42,500 to \$57,376.

It is recommended that the position be advertised as soon as possible so that finance operating needs are addressed immediately.

Outsourcing Certain Financial Functions

Staff met with Lauterbach & Amen, LLP to discuss financial services activities. The cost of the services is dependent on the amount of use staff believes is needed to perform normal operating duties, larger program involvement (audit prep), and any other support necessary to manage financial activities. A proposal has been requested of Lauterbach & Amen, LLP for financial services functions.

It is recommended that Lauterbach & Amen, LLP perform certain finance functions (dependent on proposal costs) and the Director of Finance Position be eliminated.

Financial Information

The chart below shows the total savings of the two full-time positions that are now vacant. The numbers in red are the reduction in the savings should the Village Board approve the recommended changes to the Administration Department structure. The remaining \$136,336 are the funds that can be used for outsourcing certain duties and functions of the department.

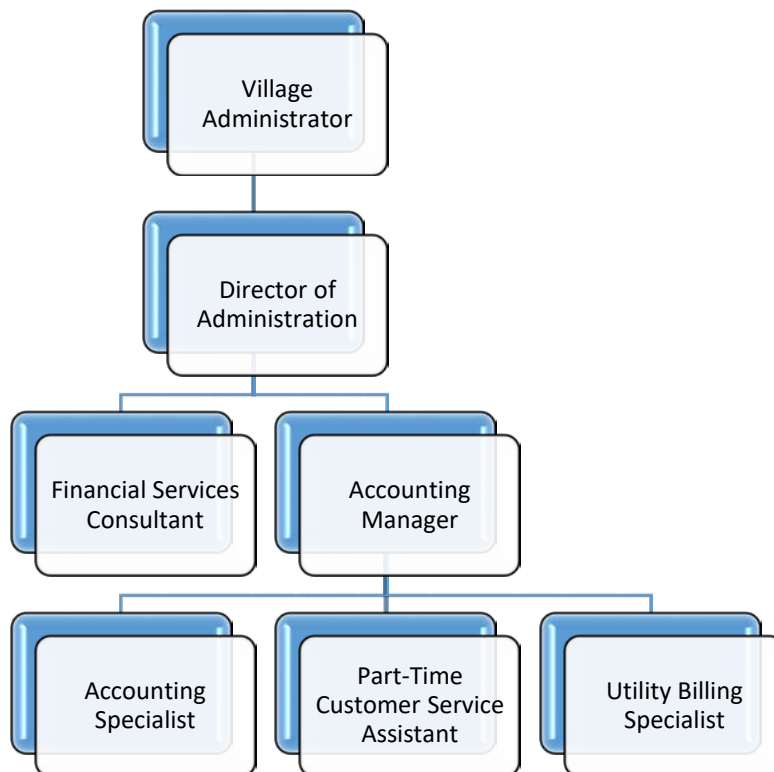

Description	Director of Finance Cost Savings	Administrative Assistant Cost Savings	Total Savings	Director of Administration Changes	Accounting Specialist Amounts	Net For Outsourcing
Salary	\$104,750	\$57,663	\$162,413	(\$10,374)	(\$42,500)	\$109,539
Social Security	\$6,495	\$3,575	\$10,070	(\$643)	(\$2,635)	\$6,791
Medicare	\$1,519	\$836	\$2,355	(\$150)	(\$616)	\$1,588
Vision Insurance	\$95	\$48	\$143	\$0	(\$95)	\$48
Dental Insurance	\$1,040	\$446	\$1,486	\$0	(\$1,040)	\$446
Life Insurance	\$111	\$111	\$222	\$0	(\$111)	\$111
Health Insurance	\$12,339	\$6,485	\$18,824	\$0	(\$12,339)	\$6,485
IMRF	\$9,029	\$4,995	\$14,024	(\$980)	(\$4,016)	\$9,027
IGFOA Dues	\$350	\$0	\$350	\$0	\$0	\$350
GFOA Dues	\$200	\$0	\$200	\$0	\$0	\$200
IGFOA Conference	\$1,750	\$0	\$1,750	\$0	\$0	\$1,750
Total Annual Cost	\$137,677	\$74,160	\$211,837	(\$12,148)	(\$63,353)	\$136,336

Although monetary considerations are necessary due to the financial implications facing the Village in the near future, the evaluation also considered how the Administration Department should be positioned for the future. We also reviewed immediate concerns such as Police Pension Fund financial activity, coverage at the front counter, current operating programs, such as budget preparation, and in general, support for normal financial activities.

Other

As with any changes, should the Village Board approve restructuring, staff will continue to review operations, duties, and functions of Administration staff to be sure we continue to provide the services expected in an efficient manner.

The following would be the new organizational chart for the Administration Department.

Finally, as mentioned previously, job descriptions for all positions were reviewed, an outstanding project list was compiled, operating tasks listed, and areas of possible consultant duties were gathered. Should information deemed necessary for future Board action, such documents can be submitted for review.

Attached to this memorandum is an Amended Compensation Plan adding the Director of Administration position, the Accounting Specialist position, and removing one Part-time Customer Service Assistant. In addition to the Amended Compensation Plan, should the Village Board approve the restructuring, the following two items staff will work on and present at a future date:

- The Lauterbach & Amen, LLP Contract Needs Board Approval
 - Staff will work with them for specific responsibilities
- A Village Treasurer Appointment is Needed

There will also be minor expenses for new business cards, name plates, and other such expenses with new hires and promotions.

In conclusion, staff believes that the options presented will move the Administration Department in a direction that enables optimal delivery of services (internal & external) and commits to building a more effective and efficient operating process without an undue cost burden to the Village.

Respectfully submitted,

Steven J. Shields

Steven J. Shields
Village Administrator

ORDINANCE NO. 20-O-XX

AMENDING AN EMPLOYEE COMPENSATION PLAN

WHEREAS, in December 2016, the Village Board approved a compensation study and staffing analysis to review current job classifications and provide the Village with recommendations regarding internal and external pay equity; and

WHEREAS, the Village Board deemed it appropriate at the June 19, 2017 Village Board meeting to accept the recommendations in the Employee Classification and Compensation Study Report that included a new classification and compensation plan that is internally equitable and externally competitive; and

WHEREAS, such compensation plan applicable to Village employees shall be confirmed by the yearly budget approved by the Village Board and further conditioned in this ordinance; and

WHEREAS, the Metropolitan Alliance of Police bargaining unit employees have an agreement which specifies a compensation plan for such members; and

WHEREAS, the International Union of Operating Engineers, Local 150, AFL-CIO bargaining unit employees have an agreement which specifies a compensation plan for such members; and

WHEREAS, the fiscal year end 2020 compensation plan was approved on May 6, 2019 and amended on August 5, 2019 and January 20, 2020; and

WHEREAS, changes to the fiscal year end 2020 compensation plan includes the addition of one (1) Accounting Specialist, one (1) Director of Administration and the reduction of one (1) Part-time Customer Service Assistant, attached as Exhibit #1.

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ROUND LAKE, LAKE COUNTY, ILLINOIS as follows:

SECTION 1: The foregoing findings and recitals, and each of them, are hereby adopted as Section 1 of this Ordinance and are incorporated by reference as if set forth verbatim herein.

SECTION 2: That the Guidelines for Employee Compensation are hereby confirmed as the applicable guidelines to be confirmed yearly by approval of the Village Budget, or as set forth in a duly approved collective bargaining agreement.

SECTION 3: All Ordinances in conflict with this Ordinance, to the extent of such conflict are hereby repealed.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form.
